HEAT TAKES HIGH TOLL

Wave in East Kills Scores

Sixty-five Victims Perish on Atlantic Seaboard; Suffering Intense

Rains Cool Middle West But Sun-Baked Pasturage Cuts Milk Supply

BY JOHN P. GALLAGHER
Times Staff Correspondent

CHICAGO, July 21. (Exclusive)—While rains throughout various sections of the Middle West brought some relief from the most intense heat wave in decades the East today lay stifled under an oven-like blanket of humidity that caused more than two-score deaths, innumerable prostrations and widely spread suffering.

The rains over parts of the Central States today were described as inadequate to stay the damage to crops, while dried-up pastures had cut the milk flow from dairy herds in the Chicago region to the danger point, according to Don Gayer, manager of the Pure Milk Association, whose former members supply Chicago and eleven near-by cities.

MERCURY DROPS

Meanwhile, although cool lake breezes fanned Chicago, sending the mercury down about 20 deg., to the upper 70's and lower 80's, eight deaths from Sunday's terrific heat were reported. Leading the country in the number of deaths attributed to it last this year, the total victims of St. Louis was raised to 110 when four more persons succumbed. There were also eight drownings reported over the week-end.

Over the East, however, that suffered most. Forty-five deaths and scores of prostrations were reported from the larger cities along the Atlantic seaboard. In New York, Philadelphia, Boston and Atlantic City mercury fell before a murky, baking sun.

DEATHS IN NEW YORK

In New York the official Weather Bureau thermometer registered 90 deg. at 4 p.m., giving the city its hottest day of the year and the hottest July 21 in every had to endure. Many persons died from the heat, and forty-two prostrations were reported. In the sun in Central Park a medical thermometer registered 110 at 4 p.m.

In Philadelphia the temperature soared to 103 deg. at 3 p.m., giving the city its hottest day in twelve years. Seven persons there died from the effects of the heat.

Atlantic City reported a temperature of 102 deg. at 2 p.m., but the ocean breeze began to cool off toward evening. No deaths were reported.

HEAT WAVE FATAL

Nine deaths from heat were reported from New England and the cool temperature in Boston at 4 p.m. was 96. Varying winds brought some relief in Boston this afternoon, according to press dispatches.

There were three deaths and twenty prostrations in Maryland. The

SALMON BY BOATLOAD REFUSED BY PACKERS

SEWARD (Alaska) July 21. (AP)—Facing prospects of the greatest salmon yield in Cook Inlet's history, packers are refusing boatload after boatload of fish, according to reports arriving here today with the first carload from anchorage canneries. Seventeen carloads were packed during the last few days, a record for Inlet city packers, and the run has not diminished, the reports say.

Will Rogers Remarks:

BEVERLY HILLS, July 21.—[To the Editor of The Times:] The treaty passed as we knew it would. Wish they would have adopted the following reservation:

"We sign this treaty because we sent a fine delegation over and they did the best they could, and we will back 'em up, but this is the last one we will sign. While the whole idea sounds fine, it's a lot of hooey. In practice you can no more tell a nation what inch gun he is to shoot you with than you can tell him what he is to wear while shooting you, so we hereby plead with all nations—let's quit holding conferences, stop conferring and just be friends again."

Yours,
WILL ROGERS.

TCHITCHERIN RESIGNS HIS SOVIET POST

Red Foreign Affairs Chief Quits Due to Ill Health; Litvinoff Successor

MOSCOW, July 21. (AP)—Georges Tchitcherin, soviet commissar for foreign affairs, resigned today and his resignation was accepted by the Central Executive Committee. He has a brilliant record as a statesman.

The resignation has been reported imminent for many months because of the commissar's ill-health. After treatment at Wiesbaden, Germany, he returned to Moscow early in June. His retirement then was definitely forecast.

A new line-up is presented at the commissariat for foreign affairs as a result.

Maxim Litvinoff, who for some time has been acting commissar, was appointed to succeed M. Tchitcherin by the Central Executive Committee.

Nikolai Nikolaevich Krestinsky, present soviet Ambassador to Berlin, was appointed first vice-commissar, in place of M. Litvinoff, and Lev Mikhailovich Karakhan second vice-commissar.

The board at the commissariat will consist of M. Krestinsky, M. Karakhan and M. Boris Stomoniako.

Chinese Pirates Exterminated

HONGKONG, July 21. (AP)—Word was received today of the extermination of a band of pirates near Canton by government troops after a day-long fight.

More than 100 pirates were killed or wounded and seventeen government troops were lost in the battle.

SKY BLAST KILLS SIX

British Nobility in Tragedy

Distinguished Group Victims of Mishap on Way from France to Croydon

Villagers See Huge Air-Taxi Blown Apart and Bodies Hurtled Earthward

MEOPHAM (Kent, Eng.) July 21. (AP)—Six persons, including the Viscountess Ednam, a woman of rare beauty and a close friend of the Prince of Wales, plunged to death today when a midair explosion tore to shreds an air-taxi speeding a party of distinguished society folk to Croydon from a week-end at Le Touquet, France.

Mrs. Henrik Loeffler, another woman famed alike for her beauty and the receptions she gave at her elaborate home in Grosvenor Square, Mayfair, was a victim. Mrs. Loeffler's receptions were among the most important events of the London society season.

The Marquis of Dufferin and Ava and Sir Edward Ward, who moved in the same exclusive circles, Lieut.-Col. George L. P. Henderson, an airman with an excellent flying record, the plane's chief pilot, and a Mr. Shearing, 28 years of age, assistant pilot, completed the death roll.

VILLAGERS SEE TRAGEDY

Late this afternoon this picturesque hamlet four miles south of Gravesend was startled by a roar in the sky and a terrific detonation. Villagers who looked skyward saw the Junkers plane, a machine owned by the Henderson flying school, and lent to the Walcot Air Lines, Ltd., suddenly fly into bits.

The bodies of all the occupants hurtled earthward and fell in a cluster in a garden next to a cottage.

The rest of the outfit—wings, engine and cabin—were flung about for hundreds of yards.

TWO DISASTERS IN ROW

Today's crash was one of the worst disasters in the history of British commercial aviation, because of the prominence of its victims as well as their number. It follows closely on another grewsome tragedy of the air which occurred on the 7th inst., when a German Dornier-Wal flying boat in the Steppin - Kalmar - Stockholm service was forced down in the Baltic near Bornholm and broke into bits in a stormy sea. In that disaster two Americans lost their lives, Dr. John L. Burkholder of Mt. Pleasant, Pa., and Miss Ruth Patricia Northrup of Philadelphia, whose body was found last week.

Eyewitnesses are agreed that today's disaster was a mysterious one but that it occurred, not from a mishap after a forced landing, but from some accident taking place while the machine actually was in flight. A queer feature was the finding of one of the plane's wings fully two miles from the scene where the bodies and engine came down.

It was stated here tonight that Assistant Pilot Charles Shearing had done much flying in America. He returned from there a year ago last October. Shortly before leaving the United States he had become involved in an accident when attempting to land in a fog on Long Island. On one occasion, it was stated here, his plane caught fire over Los Angeles. Shearing escaped mishap by using a parachute.

TWO MORE CIRCUS FOLK LISTED HURT

Girl and Man Added to Roster of Injured When Check-up is Made

MONCTON (N. B.) July 21. (Exclusive)—The City Hospital of Moncton has announced that two more injured are being listed as inmates following the wreck Sunday at Canaan Station, fifteen miles north of here, where the Al G. Barnes circus special was derailed with the loss of four lives and a score injured.

Cliff McDougall, Los Angeles, and Miss Rhea Jack, Cadiz, Cal., are the additional names. Of the severely injured three are Negroes and one a white man. The Negroes are Eugene F. Fillmore, Florida; James B. Rogers, Bakersfield, Cal.; Charles Holt, Phillipsburg, N. J. The white man is William Delzell, Ottumwa, Iowa. All are in serious condition. The original list of thirteen are suffering minor injuries, the hospital authorities state.

Manager Cronin estimates the loss at about $75,000. The inquest will take place Tuesday morning.

Rome Criticises Methodist Trip

VATICAN CITY, July 21. (AP)—Observatore Romano, in an editorial today called the forthcoming pilgrimage of American Methodists to Italy aboard the steamship Conte Grande, which left New York Saturday, a "mistaken pilgrimage."

The paper, which frequently is used by the Vatican for official notices, commends La Tribuna, which published an editorial Saturday criticising the pilgrimage.

HEAT SENDS ENDURANCE FLYER DOWN

Pilot Andling in New York "Green" Plane Overcome; "Red" Ship Continues

ROOSEVELT FIELD (N. Y.) July 21. (AP)—The Green plane, one of the two ships seeking to break the refueling endurance record of almost 553 hours, landed late today after E. S. Andling, one of the pilots, was overcome by the heat. The Red plane remained aloft. Both ships took off last night.

Andling, who comes from Rosebud, Tex., is not in a serious condition, physicians said. He and Jack Charleson of Ottawa hopped off at 7:35 (eastern standard time) last night. They came down after less than twenty-three hours in the air.

Fifty-five seconds before they took off the Red plane, manned by Louis Reichers and Robert J. Black, army reserve pilots, took the air in an assault upon the record held by the Hunter brothers of Chicago.

Today the two crews chatted with each other by radio as they circled over the field.

The Green plane will take off again tomorrow, piloted by John Charleson and another pilot not yet selected.

O'BRINE AND JACKSON GO UP FOR NEW RECORD

ST. LOUIS, July 21. (AP)—Forrest O'Brine and Dale Jackson, former holders of the world's endurance refueling championship, took to the air at 7:11 a.m. today in an attempt to regain the title, now held by the Hunter brothers.

Fire in Merced Threatens City

MERCED, July 21. (AP)—This city was threatened for a time today when fire, which destroyed several buildings, including a lumber plant and warehouses, showered burning cinders on residences.

The fire department, aided by volunteers, however, confined the blaze to the burned buildings. Damage is estimated by department officials at $75,000.

Senate Passes Jardine's Name

WASHINGTON, July 21. (AP)—The Senate today confirmed the nomination of William M. Jardine, former Secretary of Agriculture, to be Minister to Egypt.

Filipino Senate Hits Choice for Vice-Governor

MANILA, July 21. (AP)—The Philippine Senate today unanimously adopted a resolution protesting against the nomination by President Hoover of Nicholas Roosevelt as Vice-Governor of the islands.

The resolution cited portions of his book, "The Philippines: A Treasure and Problem," and charged Roosevelt is prejudiced against Filipinos and orientals generally.

Quick action was taken by the Senate in an effort to forestall Roosevelt's confirmation by the United States Senate. The insular House also is expected to adopt the same resolution.

Electric Shock Fatal to Two

MERCED, July 21. (AP)—Two are dead, one believed fatally injured and two others in the hospital critically burned as the result of an electric shock received today while they were attempting to erect a radio aerial at the J. R. Gaffery ranch, four miles north of here.

The electrocution occurred when a wire the five were holding for the aerial came in contact with a 11,000-volt transmission line of the San Joaquin Light and Power Corporation.

Those killed were Mrs. J. R. Gaffery and Jean Gaffery, her niece.

Allan Gaffery, Mrs. Gaffery's nephew; J. W. Gaffery, her son, and Eileen Gaffery, her niece, were injured.

Hoover Merges Soldier Bureaus

WASHINGTON, July 21. (AP)—President Hoover today issued an executive order consolidating the Veterans' Bureau, the Bureau of Pensions, and the National Home for Disabled Volunteer Soldiers.

The order followed closely the confirmation by the Senate of Brig.-Gen. Hines as head of the consolidated veterans' administration which was authorized by Congress recently.

CHILEANS DIE IN SNOW

SANTIAGO (Chile) July 21. (AP)—The heavy winter snow near San Gabriel, about forty-four miles from here, caused the death of four persons in the wreck of an excursion party. Another was gravely injured.

HERE'S HOW TO EAT WELL

Family of Four Can Live on Good Things at Cost of Only $13.72 Per Week

CHICAGO, July 21. (AP)—A family of four may eat well this summer for $13.72 a week, according to a summer food budget based on current prices, made public today by the American Research Foundation.

Here it is:

Vegetables, including cabbage, potatoes, spinach, radishes, lima beans, peas, celery, asparagus and onions, to cost $1.32.

Fruits, including peaches, apples, pineapples, bananas, rhubarb and dried apricots, costing 78 cents.

Meats, including pork, bacon, lamb chops, ham and beef, costing $2.77. Margarine, two pounds, 50 cents. Canned goods, including soups, tuna fish, figs, salmon and grapefruit, $1.36. Dairy items, including cream, milk and eggs, $3.50.

Staples, including bread, tea, coffee, cocoa, flour, sugar, rice, cereal, gelatine and cheese, $3.28.

The housewife is urged by the foundation to buy in as large quantities as possible and to watch newspaper advertisements closely.

RECORD SET IN BLIND AIR NAVIGATION

Flyer of Marine Corps Makes Trip from Omaha to Washington

WASHINGTON, July 21. (AP)—Capt. Arthur Page, Marine Corps flying officer, today completed the longest blind flight on record—from Omaha, Neb., to Washington.

Leaving Omaha at 6 o'clock this morning, Page flew entirely by instruments and following radio controlled airways to Chicago, where he brought his plane to within 200 feet of the ground. Lieut. V. M. Guymon, also a marine, whose cockpit was uncovered, executed the landing.

At 1 o'clock the flyers left Chicago, pausing briefly at Cleveland and arriving at 6:40 o'clock at the naval air station here. All the piloting except the landings was done by Page, whose covered cockpit prevented him from seeing anything but his instrument board.

Page, one of the outstanding marine flyers, won the Curtiss Marine Trophy in air races here June 7, last.

RUMANIAN MINISTER WOUNDED

Dr. Angelescu, Disliked by King Carol, Shot Twice as Youth Invades Office

BUCHAREST (Rumania) July 21. (AP)—Dr. Constantin Angelescu, acting Minister of the Interior in place of Dr. A. Vaidavoevod, was shot and gravely wounded today by a youthful student who invaded his office and fired two revolver shots into his body. The condition of the minister is precarious.

Dr. Angelescu, who headed a special Rumanian mission to the United States in 1917 in the capacity of Rumanian Minister to Washington, long occupied a high position in the Bucharest government. He had been Minister of Public Instruction, Minister of the Interior and of Public Works and was a conspicuous figure throughout the war.

He came into disfavor when King Carol returned and was ordered prosecuted on June 9 for asserted disrespectful utterances, but the charges later were dropped

Bandit Killed in Auto Crash

NEW YORK, July 21. (AP)—A bandit attempting to escape after a $50 hold-up was killed and his companion was seriously injured today when their automobile hit a vegetable truck and a ten-ton sand truck. Isidor Cohen, driver of the vegetable wagon, was critically hurt.

The two robbers, unidentified, held up a chain store grocery in South Brooklyn, slugged the manager and made off with $50.

DAM REQUEST APPROVED

WASHINGTON, July 21. (AP)—The War Department today approved the application of the Imperial Irrigation District of California to repair and rebuild its temporary diversion dam in the Colorado River at Hanlon's Heading and to maintain it until July 1, 1931.

SENATE RATIFIES NAVAL PACT BY 58-TO-9 VOTE

All Reservations Except Minor One by Norris Rejected; Session Adjourned

WASHINGTON, July 21. (AP)—The London treaty limiting all classes of ships in the American, British and Japanese navies was ratified today by the Senate by a vote of 58 to 9.

The final roll call came quickly after a dozen reservations were overwhelmed in rapid order. The militant band of opponents under Senator Johnson, Republican, California, saw the inevitable and yielded to the heat and dominant majority.

One reservation was adopted but it requires no new negotiations among the signatory powers and with the formal ratification of the treaty by Great Britain and Japan the document will go into effect. Two of those who helped frame the agreement at London early this year participated in the two weeks' debate and were present to see the formal ratification—Senators Robinson, Democrat, Arkansas, and Reed, Republican, Pennsylvania.

HOOVER SILENT

News of the ratification was quickly flashed to the White House but President Hoover, who had called the special session for consideration of the treaty, withheld any statement.

With the treaty contest ended, the Senate adjourned the special session sine die. It will reassemble in December along with the House for the three months' short session. The next four months will be the longest time Congress has not been in session since President Hoover took office more than sixteen months ago.

Seven Republicans and two Democrats voted against the treaty, while five others were paired against it, including one Republican, three Democrats and the Farmer-Labor member, Shipstead of Minnesota.

RESERVATION'S TERMS

The one reservation which was accepted by the Senate was offered by Senator Norris, Republican, Nebraska, which stipulated that in ratifying the treaty the Senate withheld approval of any secret agreements or understandings which might exist in relation to the pact.

This disposed of one of the big fighting points in the treaty controversy. After President Hoover had refused to give the Senate all the papers and documents relating to the London negotiations, Senator Norris introduced his resolution.

Mr. Hoover invited the Senate to inspect the papers confidentially and assured the Senate there were no secret understandings but when he refused to send the documents to the legislators, Senator Norris, backed by a considerable group, insisted upon the reservation of protection.

TREATY'S MAIN POINT

Senator Reed, one of the delegates, again assured the Senate today there were no secret understandings and he agreed to acceptance of the reservation.

The heart of the treaty was regarded as the cruiser provision. Since the Washington conference of 1922, when a limitation was placed on battleships, Great Britain and Japan have far outdistanced the United States in construction of cruisers.

Under the treaty further construction in cruisers by these other two maritime nations is stopped while America builds up her fleet of cruisers to an allowed limit of eighteen eight-inch gun ships and eighteen six-inch gun ships.

BASIS OF FIGHT

Supported by the Navy General Board, Senators Johnson and Hale, Republicans, Maine, the chairman of the Naval Committee, waged a vigorous assault upon this provision. They insisted this country be allowed to construct more of the eight-inch gun cruisers which they argued are the only cruisers adaptable to American naval needs.

Senator Swanson, Virginia, the ranking Democrat of the Foreign Relations and Naval committees, led the debate for the pact, supported by Senators Reed and Robinson of Arkansas.

Chairman Borah of the Foreign Relations Committee was in charge of the contest. He joined in arguing against some of the many reservations directed at the pact.

GALLERIES CROWDED

The vote of ratification was reached at 4 o'clock. There had never been any doubt of the outcome and the whole question was when the roll call would be taken.

Sensing the end, the largest number of Senators yet to attend the special session was on the floor.

(Continued on Page 2, Column 2)

BLOOD RUNS IN EGYPT

Four Rioters Die, 100 Injured

Five Hundred Others Seized at Cairo During Fierce Fighting in Streets

Alexandria, Port Said and Suez Also Have Trouble With Rowdy Groups

CAIRO (Egypt) July 21. (AP)—Four persons were killed, 100 injured and 500 arrested in the course of today's riots here. In Port Said, Suez and Alexandria minor riots occurred.

The Wafd party made Cairo the storm center of its protest against suspension of Parliament and against the manner in which Premier Sidky Pasha is running the country.

MOB MEMBERS SLAIN

The four killed were members of the mob which barricaded a street near Abdin Palace and the public buildings. Among those arrested were various members of the local Wafd committee.

The rioters were dispersed by local police and Egyptian troops only after firearms had been used on two occasions. Police and military casualties numbered two officers and twenty-eight men wounded.

Cause of the disorders was the announcement that followers of former Premier Nahas Pasha had called off their proposed "outlaw" Parliament session. The mob vented its fury by ripping up lamp posts, barricading a street and setting fire to an escaping gas column.

OTHERS INJURED

From Port Said it is reported twenty rioters and sixteen police were injured in the course of a clash. Although there were demonstrations at Suez also, nothing of a serious nature occurred. The situation tonight is reported quiet.

Alexandria remained quiet most of the day, but most of the shops were closed. As an extra precaution troops and police drew a cordon around the Arab quarter, cutting it off from communication with the European section.

Having learned stones were freely employed during the riots there, the Alexandria police appeared with wicker shields as a protection.

Premier Ismail Sidky Pasha, commenting on the rioting, declared "the revolutionary plans miscarried in all parts of Egypt, and nothing unusual took place, except at Cairo, Port Said and Suez.

"At these three places there have been demonstrations in which the lowest class of the mob took part. The demonstrations had no intelligible aim whatever and have no reference to the constitution, the meaning of which is entirely lost on the mob."

Women Injured in Train Panic

NEW YORK, July 21. (AP)—Smoke from a blown-out fuse that stifled several hundred passengers homeward bound from the beaches in an elevated train last night caused a panic in which more than twenty-five women were trampled and cut.

The smell of smoke in the hot and darkened cars started a cry of fire. The passengers milled about, breaking windows and rushing toward the doors.

"LAST MAN" TOASTS SHADES

Survivor of Civil War Club Drinks Stirrup-Cup to Comrades Gone Ere Own Turn Comes

STILLWATER (Minn.) July 21. (AP)—A weary old soldier sipped a toast in bright Burgundy today, faithfully fulfilling his covenant with the dead and writing the final chapter in the saga of the Last Man Club. About the long table with Charley Lockwood at its head stood thirty-three vacant chairs, each with a bow of black, as the 87-year-old veteran of the Civil War drank wine in memory of his comrades, fulfilling a vow of forty-five years' standing.

His thin face was touched with an expression of deep solemnity as Lockwood repeated a bit of verse and poured from the bottle set aside at the organization meeting of the club a swallow of the amber liquid. He quaffed it as the members decreed when they first met July 21, 1885, to observe the anniversary of the battle of Bull Run, in which they fought together.

Each year there was a reunion and each year there were more vacant chairs, but today was the first when only one veteran appeared.

His promise kept, Lockwood closed the records of the club and prepared to return to his home at Chamberlain, S. D., for no longer will there be reunions—the destiny of the organization has been reached.

But Lockwood made one unexpected discovery as he drank from the prize set aside for the winner of the race with death. The Burgundy tasted as it should. It was neither sour nor vinegar-like as it was supposed to be. Peter Hall, who was next to the last man, could not restrain his curiosity and sampled the wine three years ago. He announced it had turned to vinegar.

Lockwood had concluded the Burgundy, like the honor which he and his comrades had looked forward to so long, had turned sour. But after the ceremony he said, instead, he found it excellent. He turned over

SENATE ADOPTS LONDON TREATY

Opponents of Pact Muster Only Nine Votes

Crowded Galleries Witness Closing Session

All Reservations Except Minor One Killed

(Continued from First Page)

Equipped with a refrigerating system, it was about the coolest place in the heat-enveloped capital city. Crowds were in the galleries.

Rear-Admiral Hilary P. Jones, retired, the white-haired veteran of the American Navy, who disagreed with his country's delegation as an expert at London, sat in the gallery.

Just before the roll call was taken, Senator Johnson took the floor to laud those who fought with him in the losing battle against the agreement.

"It has not been a useless fight," he said. "Out of it only good can come. In bidding good-by to it I say good-by to it with my head in the air. God bless these men who fought with me."

ROLL-CALL VOTE

The roll call follows:

For: Republicans—Allen, Borah, Brookhart, Capper, Couzens, Dale, Deneen, Fess, Gillett, Glenn, Goldsborough, Gould, Greene, Hastings, Hatfield, Hebert, Howell, Jones, Kean, Keyes, La Follette, McCulloch, McMaster, McNary, Metcalf, Norris, Patterson, Phipps, Reed, Robsion of Kentucky, Schall, Shortridge, Smoot, Steiwer, Sullivan, Thomas of Idaho, Townsend, Vandenberg, Walcott and Watson—40.

Democrats—Black, Brock, Caraway, Fletcher, George, Glass, Harris, Harrison, Kendrick, King, Overman, Robinson of Arkansas, Sheppard, Swanson, Thomas of Oklahoma, Trammell, Wagner, and Walsh of Montana—18.

Total—58.

Against: Republicans—Bingham, Hale, Johnson, Moses, Oddie, Pine and Robinson of Indiana—7.

Democrats—McKellar, and Walsh of Massachusetts—2.

Total—9.

It was announced the following members not voting were paired against the treaty:

Republican — Waterman. Democrats — Broussard, Pittman and Copeland. Farmer-Labor — Shipstead, Minnesota.

The following were paired for the treaty: Republican—Blaine. Democrats—Ashurst, Tydings, Bratton, Dill, Wheeler, Hayden, Stephens, Hawes and Simmons.

Of the other absentees it was announced the following would have voted for the treaty: Republicans—Baird, Cumming, Frazier, Goff, Grundy, Norbeck and Nye. Democrats—Barkley, Connally, Ransdell, Steck and Smith.

No announcement was made respecting Senators Blease and Heflin, Democrats.

Senator Walsh, Democrat, Massachusetts, enrolled among the opponents to the pact after the Senate refused to accept his reservation declaring it to be the policy of the Senate that all ships provided by the treaty to give the United States parity with Great Britain shall be built.

ALL CLASSES OF SHIPS LIMITED FOR FIRST TIME

WASHINGTON, July 21. (AP)—The London naval treaty of 1930, to which the Senate today voted its consent to ratification by President Hoover, will limit for the first time in history all categories of fighting ships for the three major powers of the world.

Outstanding so far as the American navy is concerned is the recognition of the theory of parity, or naval equality in all classes of ships, between the British and American navies. Japan secures parity in submarines with Great Britain and the United States and higher ratios than the five-five-three of the Washington arms treaty in categories of auxiliary vessels.

REPLACEMENTS BANNED

The London treaty provides for the nonreplacement of capital ships permitted the three major naval powers under the Washington agreement. France and Italy, however, are permitted the replacement tonnage they were entitled to lay down in 1927 and 1929.

Great Britain shall dispose of five capital ships, the United States three and Japan one under the terms of Article II to reach the parity of the Washington pact at once instead of in 1942.

Each, however, may retain one vessel for training purposes. Aircraft carriers, partly limited under the Washington agreement, will now also be limited under 10,000 tons. The Washington limitation applied only to carriers of above 10,000 tons.

SUBMARINE SIZE LIMITS

The size of submarines, with the exception of three for each power which may total 2800 tons, are limited by the treaty to 2000 tons. Small ships of under 600 tons, and ships, the fitting of which make them of little combat value, are exempted from limitation.

A considerable part of the treaty is given to citation of rules for replacement of ships, disposals, scrapping and dismantling to provide ships for training purposes.

Insisted upon as a rule by the United States, the treaty provides only for a division of cruiser sizes as between those carrying guns of more than 6.1-inch caliber and those carrying guns of less than 6.1-inch caliber, rather than by tonnage in the sub-category. Destroyers are limited to 1850 tons with a gun-caliber maximum of 5.1 inches.

"ESCALATOR CLAUSE"

Destroyers are further limited to 1500 tons except for 16 per cent of the total tonnage in the category of each nation which may be over this figure. In the larger type of cruiser usually referred to as "eight-inch cruisers," the United States is limited to eighteen, Great Britain to fifteen and Japan to twelve, with an additional provision the United States shall not complete the last three larger cruisers before 1936.

One of the most important provisions of the treaty is contained in Article XXI, the so-called "escalator clause," stipulating the contingencies under which one of the contracting parties may exceed the limitations of the treaty. The clause was written mainly at the request of Great Britain, which feared the possibility of excessive building by France.

The clause provides when any signatory finds its security threatened by such building it may notify the other signatories of the amount which must be built to overcome the advantage and may then proceed with construction. The other two powers shall then be entitled to construct, within the limits of their ratios, ships in the same category.

MacDONALD VICTORIOUS ON NAVAL ESTIMATES

LONDON, July 21. (AP)—A Labor back-bench motion for reduction of the naval estimates was rejected today by 239 to 27, a signal victory for the MacDonald forces.

The motion, which was introduced by Commander J. M. Kenworthy in the House of Commons, sought a formal reduction of £100, expressing the disapproval of the "small navy" contingent of the MacDonald estimates.

DEATHS BY HEAT MOUNT IN EAST

(Continued from First Page)

deaths occurred in Baltimore, where the mercury flirted with the 100-mark. A few miles further inland at Washington the capital city suffered its third day of record-breaking heat. At the White House and in the Senate there was some relief for refrigerating plants cool both edifices.

In New York Mayor Walker ordered all city parks and beaches thrown open to the public day and night as long as the extremely hot weather lasts.

The heaviest rains in the Middle West were in Eastern Iowa, Nebraska, South Dakota and Indiana. In the latter State it is not yet certain whether the rainfall, which in some places amounted to as much as one inch, will enable any sizable salvaging of the sun-baked farm crops. In parts of Indiana there has not been any worth-while rainfall since last February.

Reports to the Illinois Agricultural Association today indicate serious "firing" of corn fields, particularly south of Springfield.

Chicago's market milk supply dropped during the hot spell at least one-fifth, officials reported tonight. Lyons, Wis., which shipped 40,000 pounds a day during June, dropped to 26,000 pounds Saturday. The Peagarden, Indiana milk plant, shipping 67,480 pounds June 1, sent in slightly more than 50,000 pounds today, while a large Chicago dairy dropped from 152,980 to 121,000 pounds in the same period.

HEAT CAUSES RECESS FOR FEDERAL WORKERS

WASHINGTON, July 21. (Exclusive)—Virtually all government employees were excused from work this afternoon as the extreme heat of the last few days continued unabated during the morning hours. Later in the day the temperature moderated somewhat, the mercury dropping from 103 deg. at 3 o'clock to 102 at 4 o'clock. Yesterday's reading of 106 was a Washington record. Many of the local government offices were closed and policemen were granted permission to work in shirt sleeves. A cooling system established in the White House kept the temperature in the President's office to below 80 deg. and White House employees worked in comfort.

HEAT IN NEW YORK EXPANDS DRAWBRIDGE

NEW YORK, July 21. (Exclusive) Believe it or not—two drawbridges over the Harlem River expanded so much from the 99 deg. heat today that a quarter of an inch of their steel work had to be burned off with acetylene torches before they could be closed again.

The phenomenon caused a two-hour delay to thousands of motorists waiting to cross the bridges.

EX-DETROIT EDITOR HEAT WAVE VICTIM

DETROIT, July 21. (Exclusive)—Philip Joseph Reid, former managing editor of the Detroit Free Press, died suddenly in his home at 6:30 this evening, a victim of the heat wave.

TUESDAY MORNING, JULY 22, 1930. VOL. XLIX. NO. 231

COURT GRANTS BILLINGS PLEA

Supreme Tribunal Unit on Rehearing Order

Governor May "Sit in" to Get Mooney Information

Recanting Witness Ready to Recite New Story

SAN FRANCISCO, July 21. (AP)—While John MacDonald, recanting witness in the 1916 Preparedness Day bombing case, awaited the opportunity of telling Gov. Young he had perjured himself, the State Supreme Court today decided to reconsider the new pardon application of Warren K. Billings, convicted with Thomas Mooney of the outrage.

Gov. Young expected to confer with MacDonald's attorneys tomorrow to work out a method of procedure in examining the Baltimore night watchman, who came 3000 miles to refute testimony which helped send Mooney and Billings to prison for life. It had not been decided whether the Governor could question MacDonald privately or in conjunction with the Supreme Court justices.

In connection with their decision to consider Billings's new pardon plea the seven justices voted unanimously to have MacDonald appear before the court for questioning. The court previously had recommended to the Governor that he deny Billings a pardon.

Attorneys Hilary Gans and Charles Ruzicka of Baltimore, representing MacDonald; Frank P. Walsh, attorney for the Mooney Defense Committee, and Edwin McKenzie, attorney for Billings, planned to have MacDonald repeat to the Governor and the court assertions that he had been "coached" to identify Mooney and Billings as the men who planted the bomb.

The blast killed ten persons and injured a score during the Preparedness Day parade.

Tomorrow will be the fourteenth anniversary of the bombing, which occurred July 22, 1916.

ATTORNEYS PARTICULAR WHO SEES AFFIDAVIT

SACRAMENTO, July 21. (AP)—Gov. Young in trying to work out a method of procedure for examining John MacDonald, recanting witness in the Mooney-Billings cases, he said here today. No date has been set for interviewing MacDonald, and it is not known whether the Governor will question him privately or act in conjunction with the State Supreme Court.

MacDonald, with his attorneys, Charles Ruzicka and Hilary Gans, reached San Francisco yesterday from Baltimore.

Gov. Young explained he wanted to examine an affidavit made recently by MacDonald in which he repudiated his testimony in the Preparedness Day bombing case in San Francisco in 1916, which played a large part in convicting Warren K. Billings and Thomas J. Mooney of murder. MacDonald's attorneys refused to allow the Governor's secretary to examine the affidavit, the Governor said. This refusal caused delay in the Governor's plans for handling the case.

SOLE SURVIVOR DRINKS TO DEAD

(Continued from First Page)

the bottle with most of its contents intact to the Stillwater Library for preservation.

Completing the pattern for the ceremony, so carefully laid long ago, Lockwood addressed his simple toast to "My comrades," and then repeated a verse read at its first meeting, his voice ringing out clearly in the dining-room, which stands on the site of the banquet hall where the initial meeting was held.

"The campfire smoulders—ashes fall;
The clouds are black athwart the sky;
No tap of drums, no bugle call;
My comrades all, good-by."

Then he took up the bottle and drank as cheers arose from the roomful of pioneers, friends, widows of former club members and relatives. Next to him sat Mrs. Samuel Bloomer, widow of the color-bearer of Company B, First Minnesota Volunteer Infantry, of which the club members all were former members.

It was with this unit they all volunteered in answer to Lincoln's first call in April, 1861, serving through four years of warfare, losing more than half of their number at Gettysburg.

CATHOLICS REGAIN CHURCHES

MEXICO CITY, July 21. (AP)—Treasury officials said today 3000 churches had been returned to Catholic authorities since settlement of the government-church conflict in June a year ago.

PILES AND FISTULA

During the past several years the Pacific Coast Proctological Clinic, 1117-1124 Loew State Bldg., Los Angeles, have permanently relieved thousands of Hemorrhoids (piles) sufferers without surgery or interference with their daily activities.

Probably no other group of diseases are so prevalent and common to people of all ages, in all walks of life, as those of the rectal region. And although many do not know it, these troubles are the primary cause of many others which can be eliminated only by removing the cause.

VALUABLE BOOKLET FREE

A written, telephone or personal request will provide the sufferer with a valuable booklet which will be easily understood. No charge is made for consultation or examination.

TRIBES OPEN DEVOTIONS TO SUN GOD

Indians Will Dance at Idaho Ceremony Until Stopped by Fatigue

POCATELLO (Idaho) July 21. (AP) To the monotonous throbbing of tom-toms, fifty Indians of the Bannock, Shoshone and Lemi Indian tribes begun this evening their annual devotions to the sun god.

To retain health and vitality for themselves and their aged tribesmen, the young braves will continue their measured stamping for seventy-two hours, or until hunger and fatigue compel them to drop out of the circle of dancers.

About the spot west of the agency buildings of the Fort Hall Indian reservation, twelve miles north, 250 members of the three tribes pitched their tepees ready for the ceremony.

PIER AT BALTIMORE DESTROYED BY FIRE

BALTIMORE, July 21. (AP)—A 150-foot pier of the Pennsylvania Railroad was destroyed by fire which broke out this afternoon after an earlier blaze in the structure was thought to have been extinguished. Fireboats and land apparatus kept the flames from spreading to adjoining waterfront property.

FATHER DROWNS THREE CHILDREN

Bodies Found in Quarry Hole in West Virginia

Parent Says Mother Could Not Care for Them

Police Discredit Story on Basis of Autopsy

MARTINSBURG (W. Va.) July 21. (AP)—State and county officials today said Taylor Hott, Martinsburg laborer, had confessed to them he killed his three small children because his wife was unable to take care of them.

The bodies of the children, Gertrude Virginia, 7 years of age; Calvin W., 6, and Boyd Preston, 5, were found today in a quarry hole.

The authorities said, however, they discredit Hott's assigned motive. They also said an autopsy on Boyd Preston Hott indicated he was not drowned, but had died of a fractured skull.

The confession, stated C. N. Campbell, assistant prosecuting attorney of Berkeley county, said that Hott took the children to the quarry hole on the pretense of letting them go in swimming. There, Hott said, he bound the mouths of the children to muffle any outcries and then pushed them into the water.

Hott is under arrest on charges of murder.

Nash value greater than ever

EIGHTS and SIXES

Recent developments stress the fact that Nash gives more for the money

Amid all new claims and counter-claims, one fact stands out as clear and as strong as sunlight.

That is the unmistakably greater value which you get when you buy a Nash.

No other car at anywhere near the Nash price affords the pronounced advantages of Nash—including such features as twin ignition, with its greater power, speed, smoothness, and saving of oil and gas.

Such a feature as twin ignition is highly important—but it is even more important as *indicative* of the superior engineering and in-built value which distinguish every Nash car.

You know Nash beauty. You may be familiar with Nash performance; Nash comfort and convenience; Nash thorough-going quality.

But until you compare what the Nash *is* and what it *does* with the *remarkably low cost at which it may be purchased today*—you cannot appreciate its *wholly unexampled value*. Come in and drive a Nash today.

Let us appraise your present car—*Now*

Hard, Large Pimples on Face and Neck. Healed by Cuticura.

"The trouble began with pimples breaking out on my face and neck. The pimples were hard, large and red and caused disfigurement. They spread and burned and when I scratched them it only made them worse. The trouble lasted about two or three years.

"I tried other remedies without success. I began using Cuticura Soap and Ointment and they afforded relief in about two weeks, and in two months I was completely healed." (Signed) Miss Florence Zinkhofer, Cowdrey, Colo., April 5, 1930.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. H, Malden, Mass."

SCIENCE SITS FOR SOLOMON

Two Infants Become Mixed in Hospital Nursery

Specialists Must Decide Which Belongs to Who

Comparisons to be Made of Skin, Blood and Hair

CHICAGO, July 21. (AP)—Science scratched its head and wrinkled its brow over the identity of two babies today and after it was through the conclusion was it will have to do some more scratching and wrinkling tomorrow.

Eight distinguished specialists took part in the parley and outlined tomorrow's program of experiments after perfunctory examinations failed to throw light on the identification mix-up caused by conflicting labels placed on babies born to Mrs. William Watkins and Mrs. Charles Bamberger at Englewood Hospital June 30, last.

The program calls for a composite test on which Health Commissioner Arnold Kegel will base his findings as to parentage.

SKIN TO BE TESTED

Dr. Cleveland White, associate professor of dermatology at Northwestern University, will apply ultra-violet rays to specimens of the skin of the four individuals to determine the similarity of pigment.

Dr. Hamilton Fischbach, associate professor of pathology at Northwestern, will make a blood test, utilizing the photometric system in which blood cells are measured by photography.

Dr. Emil Deutsch, oculist, who figured in the solution of the Loeb-Leopold case, is to examine the eyes of each to determine if there are similar defects such as astigmatism.

Dr. Gerhardt Von Bonin, anatomist, will make a study of head and body formations and facial characteristics.

Dr. Ferdinand Watzek, Vienna criminologist, and A. J. Mulvaney, Northwestern University scientist, will examine foot-and-finger prints of each. Mr. Mulvaney explained there are similar characteristics in fingerprints of persons who are related. Others who will collaborate in the tests are:

Dr. Davis S. Hillis, obstetrician, Passavant Hospital, and Chief Justice Harry A. Olson of Municipal Court.

TAPE CAUSES MIX-UP

Nurse Schultetus of the Englewood Hospital was questioned by the conference behind closed doors.

She said she put identification tape on the infants within four minutes after birth.

It was these bits of lettered adhesive tape that raised the question of whether baby George Edward Bamberger might not be baby Charles Evan Watkins, for one morning Watkins saw a strip lettered "Bamberger" on the back of the infant he and his wife had taken home as theirs.

Search in the Bamberger household brought forth a similar tape lettered "Watkins."

ICING GASES GIVEN TEST FOR SAFETY

Public Health Service Gives Report on Vapors Used in Refrigerators

WASHINGTON, July 21. (AP)—Gases used in household refrigerators today were said by the United States Public Health Service to be dangerous only in cases of lengthy exposure to the concentrated vapors.

A service report based on recent experiments with guinea pigs says that for single exposures and periods of an hour or more the toxicity of ethylene dichloride is comparable to the effects of gasoline, benzine, carbon tetrachloride and chloroform.

Warning, the report said, is furnished by the distinct odor of the refrigerator gas and danger symptoms are produced by relatively safe concentrations.

The symptoms produced in guinea pigs by inhalation of ethylene dichloride were eye and nose irritations, vertigo, static and motor ataxia, retching movements, semi-consciousness and unconsciousness, and even death when the exposure was continued.

Western Sales Director Named

BRIDGEPORT (Ct.) July 21. (Exclusive)—B. C. Bowe, radio sales manager of the General Electric Company, today appointed H. C. Gerster western representative covering ten States of the Pacific and intermountain belt. C. W. Griffin will be district representative in charge of Southern California and Arizona.

The new radio, which has been perfected in the General Electric laboratories, will be ready for distribution about September 1, Mr. Bowe said.

English Mine Bill Revised

LONDON, July 21. (AP)—The House of Commons tonight unanimously accepted, at the appeal of the Labor government, an amendment by the House of Lords to the widely debated coal mines bill.

Members agreed to the so-called "spread-over" clause, permitting a fortnight of ninety working hours instead of the seven and one-half-hour working day advocated by the government for all mines.

EAST AFRICAN LIONS KILL TWENTY NATIVES

NAIROBI (British East Africa) July 21. (AP)—The lions which frequently menace parts of Uganda have been unusually bold lately, devouring twenty natives in the Ankole and Masaka districts in the last three weeks.

The government has sent hunters after the beasts.

DECEMBER ROMANCE MEETS OPPOSITION

[A. P. photo]
Princess Amedo De Broglie

KIN FIGHT MARRIAGE OF PRINCESS

French Noblewoman 74 Years of Age Would Wed Young Spanish Prince

(Copyright, 1930, by Press Publishing Company.)

PARIS, July 21. (Exclusive)—At 74 years of age, one of the most respected women in French society, the bearer of a proud title, Princess Amedo De Broglie, wants to marry, but is finding difficulties in her way in the opposition of her children and grandchildren.

Her choice has fallen on one of the King of Spain's cousins, Don Luis Fernando, who is officially unwelcome both in France and in the dominions of his royal relative. He is only 40. Two years ago Don Luis was reported to be engaged to Mabelle Gilman Corey, the steel king's widow. Last week his marriage with Princess De Broglie was erroneously announced.

Both, however, are at San Remo and the Princess seems bent on spending her remaining days with the dashing young Prince, but her family so far has prevented what they consider a folly, especially as they complain the "grandmother" is squandering her properties and is likely to pawn her jewels, worth millions. Some of her estates is historic Chateau Chaumont.

A legal family council consisting of the Duc De Brissac, the Duc De Broglie, Princess Francis and Princess Ameda's sons and grandsons has been formed to obstruct the romance. A trustee is said to have been appointed pending other measures for frustrating the Princess' wedding plans.

Don Luis, whom the Princess has known since he was a little boy, is the son of the Infanta Eulalia, aunt of King Alfonso of Spain.

Parley Called in Irish Strike

DUBLIN, July 21. (AP)—The Irish Free State government suddenly intervened tonight in the dispute between railway and omnibus workers and the Great Southern Railway with its affiliated Irish Omnibus Company.

Through its influence a call for a country-wide railway strike at midnight tonight was temporarily suspended. A conference will be held tomorrow.

Murder Frenzy Blamed on Heat

DETROIT, July 21. (AP)—A 40-year-old man attacked his wife and three children with a hammer and an ice pick today and then hanged himself in his home.

Physicians expressed the opinion his mind was affected by the intense heat. The man, Fred Brandel, had been out of work. The only one of his victims injured seriously was a son, Otto, 12, who was stabbed near the heart.

PILOT AND PASSENGER KILLED IN AIR CRASH

CHATTANOOGA (Tenn.) July 21. (AP)—T. J. May and William Morris, both of this city, were killed and their bodies burned here late today when their airplane fell from a height of about 300 feet. Morris was at the front controls and May was a passenger. Cause of the crash was undetermined.

CALIFORNIA WOMAN KILLED

DENVER, July 21. (AP)—Mrs. Sera Hovey, 72 years of age, of Huntington Park, Cal., died today from injuries suffered last night when she was struck by a hit-and-run driver here.

LEE GEHLBACH LEADS DERBY

Arkansas Flyer Ahead in First Two Legs

Air Race of 5500 Miles Starts in Detroit

Sixteen of Eighteen Planes at Roosevelt Field

ROOSEVELT FIELD (N. Y.) July 21. (AP)—Lee Gehlbach, Little Rock, (Ark.) entry, finished the first day of the all-American air derby with a twenty-three-minute lead toward the first prize of $15,000 for the fastest elapsed time over a 5500-mile swing around the country.

The race started at Detroit this morning with a stop at Buffalo. Gehlbach came in first at both stops. At Buffalo, Robert T. Quinby of Moline, Ill., was a close second with Herman Hamer of Chicago a close third.

By the time they got here, however, Quinby had dropped back to twelfth place, Hamer moving up to second, and L. R. Bayles of Springfield, Mass., edging into third.

TWO SHIPS DAMAGED

In landing at Buffalo, the official derby plane and an entry piloted by John Kruttschnitt of San Mateo, Cal., nosed over in a gusty wind, but no serious damage was done and both ships continued after repairs.

There was almost an accident just north of New York City, when the engine in the entry piloted by S. T. Stanton, of Blackwell, Okla., faltered. Stanton was about to go over the side and release his parachute when the motor picked up. On landing, a broken oil line was found and repaired.

Sixteen of the eighteen derby planes landed here in a period of an hour and twenty-five minutes. The other two had difficulties.

Edgar B. Todd, Pueblo, Colo., flew off his course and ran out of gas, necessitating an emergency landing at 6:20 p.m. at Norwich, Ct. Todd hoped to arrive later at Roosevelt Field.

ONE "CRACKS UP"

Harvey C. Mummert, Hammondsport, N. Y., telegraphed the derby committee he had "cracked up" at Kingsley, Pa., but escaped injury.

Tomorrow the flyers leave for Cincinnati at 8 a.m., (eastern standard time) and the next day go to Little Rock.

Thirteen flyers reached this field in the following order:

Gehlbach, Hamer, Bayles, J. R. Wedell of New Orleans, B. B. Smith of Portland, Or.; Stanton, Charles Meyers of Cleveland, H. H. Ogden of Inglewood, Cal.; Joe Meehan of Ironton, O.; R. A. Houser of Detroit, William Cahill of Cleveland, Quinby, Harry Brown of Los Angeles, C. H. Cofdin of Brooklyn, H. H. Holladay and Kruttschnitt.

LOS ANGELES LISTED ON ROUTE OF RACERS

Los Angeles is one of the important airports on the route of contestants in the All-American Flying Derby, which is to fly 3500 miles around the continent. The twenty flyers, who are well known, are scheduled to reach Los Angeles next Sunday and to remain over Monday next.

G.O.P. PROMISES HELD FULFILLED

Tilson Lists Major Pledges Made in 1928

Tax Cut, Tariff, Farm Board and Pensions Cited

Disposal of Muscle Shoals Only Exception

WASHINGTON, July 21. (AP)—Representative Tilson of Connecticut, House Republican floor leader, said today Congress, in co-operation with President Hoover, had fulfilled every major promise to the people made in the 1928 Presidential campaign. He said the Republican party had been in power "with comparatively brief exceptions, for a period of seventy years, because when it makes promises, it keeps them."

Tilson added that every specific recommendation made by President Hoover in his annual message to Congress had been complied with, except for the disposal of Muscle Shoals.

"These specific party pledges," Tilson said, "have been redeemed by, first, reduction of taxes collectible during the current year in the amount of $160,000,000; second, enactment of the new tariff law, the revision being a modified revision, exactly along the lines promised; third, creation of the Federal Farm Board, with a $500,000,000 revolving fund and increased tariff protection for agricultural products; fourth, approval of the French debt settlement, and fifth, increase of pensions and compensation for veterans and widows of veterans since and including the Civil War."

Better Teeth for Everybody at Prices Within Reason
By DR. PAINLESS PARKER
Founder of the E. R. PARKER SYSTEM

Dentists using the E. R. Parker System have done for the masses what old-style dentistry did only for the few. They have made it possible for everybody to have their teeth skillfully cared for at prices they can afford to pay.

When you pay a dentist's bill, you should pay for but two things—material and time.

There is only one way to make moderate prices, and that is to do much work, and to employ every known method of cutting out needless waste and saving precious time.

There are 31 dental offices in the United States and Canada in which dentists use the E. R. Parker System. Collectively these dentists have the largest dental practice in the world.

The E. R. Parker System is to dentistry what the Henry Ford System is to the manufacture of automobiles—a method of giving a fine quality product at prices which the average person can afford to pay.

Savings in cost thru the use of System and the elimination of wasted time and materials are shared with their patients by dentists who use the E. R. Parker System.

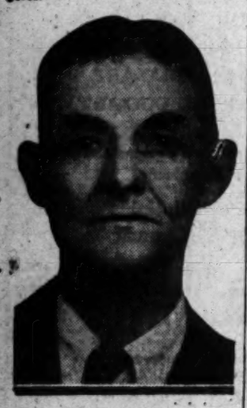
"It's Great to Have Appetite Again," He Says

"My one regret is that I didn't listen to my friends and take Sargon earlier, for it is the one and only medicine that ever brought me relief," recently stated Alonzo Burdg, 260 E. 30th St., Los Angeles.



ALONZO BURDG.

"I was very thin, had no appetite, and when I forced myself to eat, nothing tasted right or agreed with me. I was terribly bloated after meals, and had such smothering spells I couldn't sleep lying down. My liver was sluggish and I'd suffered from constipation for years. Medicines soon lost their effect on me, and never gave more than slight temporary relief. I felt weak, sick and nervous all the time. Many of my friends had been helped by Sargon and urged me to try it. Finally I decided that if only half of what they said was true, Sargon would still be a wonderful medicine. I've taken twelve bottles, and it has certainly made a well man out of me! I feel like I did years ago before I was ever taken sick. It's great to have an appetite once more, to eat what I want and know it won't upset me. I'm gaining in weight; am no longer bothered with nervousness, and my sleep is sound and restful.

"Sargon Pills are marvelous! No other laxative ever regulated my liver and bowels, and they did it easily and naturally. Sargon has benefited me so wonderfully that it's a pleasure to recommend it to others."

Sargon may be obtained at all Owl Drug Stores and Liggett Drug Stores in Los Angeles and other cities.—[Advertisement.

BISHOP CANNON WEDS SECRETLY

Virginia Churchman Takes Widow as Bride

Marriage Rites Performed Quietly in London

Wife Reported to be His Former Secretary

LONDON, July 21. (AP)—Bishop James Cannon, Jr., of the Methodist Episcopal church, was married at Christ Church, Mayfair, last Tuesday afternoon to Mrs. Helen Hawley McCallum, of New York, it was made known today. Rev. Dr. Ferram was the officiating clergyman. None but a few intimate friends knew of the wedding at this time.

Bishop Cannon and his bride now are en route to Brazil by way of Madeira.

A friend of the bishop, Sir Henry Lunn, editor of the Review of the Churches, was instrumental in obtaining through the Archbishop of Canterbury the special license required for the wedding.

Mrs. McCallum was reported to have been Bishop Cannon's secretary for about a year. She came over with him recently and stayed at the home of Sir Henry and Lady Lunn.

The bride is said to be between 40 and 45 years of age.

FRIENDS IN VIRGINIA SURPRISED BY REPORT

RICHMOND (Va.) July 21. (AP)—Reports from London that Bishop James Cannon, Jr., of the Methodist Episcopal church, South, was married there last Tuesday to a Mrs. MacCallum came as a surprise to his associates and friends here today.

Rev. J. Sydney Peters, a close associate of the veteran churchman and prohibition worker during the anti-Smith campaign of 1928, said he had not heard of the marriage.

BRIDEGROOM CABLES TO CHURCH PAPER

NASHVILLE (Tenn.) July 21. (AP) Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, today cabled the Christian Advocate, Methodist publication here, he was privately married July 15 to Mrs. Helen McCallum, widow of H. C. McCallum, Jr., of Detroit, at Christ Church, London.

ROMANCE DEVELOPED ON HOLY LAND TOUR

CHARLOTTE (N. C.) July 21. (AP) Jake F. Newell, Charlotte attorney and intimate friend of Bishop James Cannon, Jr., revealed today the prelate's romance with Mrs. Helen Hawley McCallum developed last year during a tour of the Holy Land.

News of the culmination of that romance in their marriage in London last week was received by Mr. Newell today in a radiogram.

Hetch-Hetchy Safety Urged

SAN FRANCISCO, July 21. (AP)—Drastic revisions in safety regulations throughout San Francisco's Hetch-Hetchy water project were recommended to the San Francisco Supervisors today by S. H. Ash, engineer for the United States Bureau of Mines.

Ash termed the Hetch-Hetchy project one of the most dangerous in the nation and said numerous changes must be made if a repetition of last week's Camp Mitchell disaster, in which twelve men were killed, is to be avoided.

MAN'S MANGLED BODY FOUND ON HIGHWAY

SAN MATEO, July 21. (AP)—The mangled body of an unidentified man about 50 years of age was found today on the Bayshore highway near here. Several automobiles apparently had passed over the body, police said.

No marks of identification were found except the label of George Lethe, Seattle tailor. He wore a blue coat and vest, overalls, and a green overcoat. Two fingers were missing from his right hand.

KLAN FORMING IN NEW GUISE

"Caucasian Crusade" Title of Latest Venture

Secrecy Surrounds Work of Organization

Sponsor Line-up Indicates Nature of Body

ATLANTA (Ga.) July 21. (Exclusive)—With the utmost secrecy an undetermined number of men, "sovereign, white and of true blood," are being invited to affiliate with an organization called the "Caucasian Crusade." It is supported, ostensibly, by seven widely known Atlantans whose past activities and known sympathies indicate the organization is intended as a vast, new edition of the Ku Klux Klan.

The seven sponsors whose names are signed to a printed letter include a reputed founder of the original Ku Klux Klan, a Georgia Congressman, a former Congressman and noted criminal lawyer, a veteran Atlanta editor, a physician who operates a private sanatorium, a sheriff and a wealthy undertaker.

The Klan itself, revived with flourishing auspices eleven years ago by William Simmons, has virtually expired as a going concern because of adverse public sentiment and unfavorable publicity over the nation.

Simmons, under a contract with the Klan, which was to provide him with a substantial salary for life, sold out his contract for $100,000. Since then the Klan has declined steadily in prestige, leaving conditions ripe for a successor organization embracing the requisite emotional attractions, yet offering fresh banners.

"Caucasian Crusade" is believed by those familiar with its organic leadership to be ready to step into that place.

Mrs. Morgan's Rites Conducted

Funeral services for Mrs. Sarah A. Morgan, last of the founders of Mt. Olive Methodist Episcopal Church, were conducted yesterday at Strothers mortuary, Hollywood, followed by burial in Hollywood Cemetery. Mrs. Morgan died Saturday at her home, 4601 Kingswell avenue. She had lived in Los Angeles for more than thirty years.

She was born in Ohio March 21, 1842, and was married first in Mississippi. Widowed, she came to Los Angeles and for many years was known to customers of the Blackstone store as Mme. Purnell of the women's clothing department. In 1908 she married John M. Morgan, who died several years ago. She leaves a son, Roy Purnell.

KING GREETS LEGISLATIVE CONFEREES

Interparliamentary Union Meeting in London Shaken by Egyptian's Speech

LONDON, July 21. (AP)—Leading delegates of all nations attending the interparliamentary union conference were received at Buckingham Palace by King George today.

In the historic throne room, where important receptions are held, His Majesty greeted them after their introduction by the Duke of Sutherland, who is president of the conference.

This afternoon's session of the conference with the theme, "the present evolution of the parliamentary system," was featured by a striking reference to the present Egyptian troubles by Prof. Makram Ebeid, former Egyptian Minister to France, who said in his country, "A heroic though pathetic struggle now is raging between a disarmed democracy and a brutal autocracy" which already had led to the shedding of innocent blood in Egypt.

"The Egyptian people, goaded beyond endurance, are defending their constitutional liberty at the price of their blood," he said. "The reactionaries, however, would do well to remember parliamentarism in Egypt is a creed that has come to stay."

South Carolina Increase Small

CHARLESTON (S. C.) July 21. (Exclusive)—Census figures made public today show that South Carolina has grown only 2.9 per cent in the last decade. The 1930 count for the State is announced as 1,732,271, an increase of 48,547.

CHAIRS BOUGHT BY MRS. HOOVER

They're Tiny Ones, Gifts for Her Grandchildren

Purchases Made at Factory in Hills in Virginia

Furniture Plant in Operation More Than Century

CULPEPPER (Va.) July 21. (AP)—The grandchildren of President and Mrs. Hoover are to have tiny chairs of their own, selected by their grandmother from a mountain chair factory in existence for 100 years.

James Osborne Clore could not have known when he started making hand-made furniture in a mountain hollow near Madison, Va., in 1830 that a century later the wife of the President of the United States would come to his descendants for gifts.

But two of the little walnut chairs made by the founder's great-grandson, E. B. Clore, soon are to be the playthings of Peggy Hoover and Herbert Hoover, III, called Peter, and footstools from the same factory now are part of the furnishings of President and Mrs. Hoover's mountain lodge on the headwaters of the Rapidan River.

The present owner of the little chair factory recently was busy turning out furniture for surrounding mountaineer homes when two large cars came slowly down the rough, winding road which leads from the State highway a mile away from his factory. In one of the cars rode two secret service men; in the other Mrs. Hoover and her niece, Janet Large.

In the home

Every American household should have a bottle of this richest malted milk. A deep draft at night makes sound slumber. A drink in the morning sets the world aright. Safest milk for children—and always tempting. Send ten cents today for sample and mixer.

HORLICK'S
RACINE, WISCONSIN

NEW in Cereals!

A "VEGETABLE EFFECT"

(New-type, mild, natural bulk-and-roughage)

Yes, this is absolutely new in cereals!

Oven-toasted, crunchy, crisp, delicious rice flakes with all of *vegetable's best effects* are offered you by HEINZ of "57" fame.

Every child and adult will welcome them at breakfast. A *new charm*—new to flaked foods of any type—makes them a lasting favorite.

Serve them daily for one week (in the morning and as a dessert for lunch or dinner) to *start* the benefits; once daily thereafter to maintain them.

Mild, gentle, natural bulk and roughage is formed by vegetable-cellulose such as vegetables themselves contain—not bran. The cellulose increases in bulk *four to six times* when moistened and absorbed after eating. See your whole family enjoy this new cereal—see them brighten and improve.

A patented HEINZ process is required to produce it, so you get these fine advantages in *HEINZ Rice Flakes alone.*

Don't take any other kind and expect the same results. If not delighted with the flavor—if health-habits are not soon regulated in one week, your grocer will refund your money.

CHILDREN CAN'T RESIST THEIR FLAVOR SO THEY DON'T RESIST THEIR BENEFITS

CHILDREN FALL VICTIM TO REDS

Thousand Deaths by Typhoid Reported

Colonists Interned in Concentration Camp

Seeking Communists' Favor, Ignores Plight

[Copyright, 1930, by Chicago Tribune.]

RIGA (Latvia) July 21. (Exclusive)—The horrifying report of the death of 4000 children from a typhoid epidemic in a concentration camp in the Ural Mountains for German colonists has been confirmed by letters received by many of the Germans who are closely related to the colonists in Russia.

Many Lutheran churches with large German and Lettish pastors today offered prayers for the repose of both German and Russian colonists from the anti-Christian Communist government in Russia.

HOPELESS VICTIMS

The church press has been filled for months with letters from all parts of Russia giving details of the hopeless plight of these highly cultured people whom the Slavs found impossible to assimilate and who today the victims of Communist persecution.

The German and Lettish colonists were mostly settled in the Volga and Ural provinces where their well-ordered farms, which were models for the surrounding half-savage population, have been completely destroyed by the Red Russians, whose atrocities include shooting and complete destroying families, outdoing the savagery of the Indian wars which followed the settlement of the Middle West by American pioneers.

GERMAN INTRIGUE

The hopeless anger of the Baltic Germans against the persecution of their relatives in Russia has caused an interesting development in politics in the Baltic States, where the German government has been spending large sums to insure the loyalty of the Baltic Germans to the fatherland.

Through subsidizing the Baltic German press and social organizations, Berlin has been trying to obtain support here for a friendly policy toward Moscow. But the notorious double-crossing policies of Russia, beginning with the currency inflation swindle in the Baltics and ending with a refusal to protect the Germans in Russia, has caused a wave of furious disgust among the 800,000 Germans settled in Lithuania, Latvia and Esthonia, who are pledging their support to the new governments against Mos-

FIRE FIGHTERS HOLD LINE

Force of 500 Men Battles Blaze in Three Rivers Area Which Has Swept Over 2400 Acres of Brush

PORTERVILLE, July 21. (Exclusive)—Except for a small portion of the fire line on Homer's Nose, the top of a mountain, control had been established this morning around the grass and brush fire which broke out above Three Rivers, yesterday morning, according to word received by Sequoia National Forest officials at headquarters here this morning. A force of about 500 men, recruited from hill communities and various valley towns, is battling the blaze, which has burned over 2400 acres.

Chief effort of the fire fighters has been directed toward protection of the Salt Creek pinery, toward which the flames were eating last night. Thus far they have prevented the flames from entering the valuable pine timber, and officials believed the line will hold.

Forestry officials here reported that indications point strongly to incendiarism, not only in this fire, but in the Punkin Hollow blaze, which broke out Saturday morning, and two other small fires which started Saturday evening. The Punkin Hollow fire started on a dry hill in an opposite direction from a point where the State fire truck had been burning roadside grass the night before. The two small blazes which broke out Saturday night were a quarter-mile from the Punkin Hollow fire, across the river, and with the breeze blowing against it.

The present fire started at the base of Cahoon Mountain, above the Maxon ranch, ten miles above Three Rivers. It is now burning within the 1926 fire boundary in that region.

A number of Indians were taken from the Tule River Reservation, east of here, last night, with horses, as well as men on trucks from various valley points.

State Fire Warden Cecil Metcalf, with headquarters here; R. V. Wood, fire inspector with headquarters in Bakersfield; Kenneth Savage and Charles Rice of the Three Rivers Fire Association; Lawrence Cook, chief ranger of Sequoia National Park; Ranger Snider from Springville for the Sequoia National Forest, assisted by other rangers and wardens, are directing the work. The Park Service men are working on the north and west side of the fire, the Forest Service on the south and Metcalf's men on the east.

EXECUTION FEARED BY MINISTER

Ukrainian Priest's Story of Danger, if Deported to Russia, Under Inquiry

OKLAHOMA CITY, July 21. (AP)—Immigration officials at Fort Worth, Tex., will begin an investigation in the case of Rev. Gregory Onyschenko, a priest living near Harrah, Okla., who asserts if he is deported to Russia he will face a firing squad for opposing soviet occupation of the Ukraine.

The priest, now a leader of the Ukrainian church near Harrah, is asserted to have violated the immigration laws by remaining in the United States after leaving a New Jersey school. He was admitted temporarily to attend the school.

He is one of four brothers sentenced to death. The other three have paid the penalty, and for months Onyschenko has been seeking a loophole through which to escape return and the firing squad.

Onyschenko already has attempted to enter an English possession, but was unsuccessful. Permission to enter another country might be granted if he had two years of priesthood, he said, but he has had only one. He fears, he said, that the United States may deport him before the end of this year.

Johnston Fights Health Battle

ROSS, July 21. (AP)—William (Little Bill) Johnston, one of the world's leading tennis players ten years ago, is making the same fight in his battle for health as characterized his net game, attaches of Ross General Hospital reported today.

Johnston had a nervous breakdown in San Francisco in April. Today physicians permitted him to take a twenty-minute stroll around the hospital grounds.

SUN'S HEAT STARTS COAL MINE BLAZE

BELLEVILLE (Ill.) July 21. (AP)—A fire supposedly caused by spontaneous combustion in coal dust due to the hot weather burned to the ground seven buildings of the Superior mine of the Perry Coal Company at Belleville today. The loss was estimated at $200,000. Eighteen miners were caught 160 feet below the surface but made their way for a mile and a half underground to emerge safely through a rear air shaft.

GIRL PROSTRATE IN ROAD KILLED

Two Men Pass Her and Go Back to Investigate

Signals Confuse Woman Who Drives Over Body

Reports Fail to Show Why Victim Was There

BAKERSFIELD, July 21.—Mystery today surrounded the death of Mrs. Leona May Slagle, 23-year-old local woman, who is believed to have met almost instant death early yesterday on the Kern Canyon Road when an automobile, driven by a frightened woman, fleeing from supposed bandits, drove her machine over the body of Mrs. Slagle, prostrate on the mountain road.

Mrs. Slagle, wife of Dennis L. Slagle, salesman for the Karpe Implement Company, here, was an employee of the El Tejon Drug Company and well known. She died from a crushed chest and internal injuries, believed to have been caused by the automobile's wheels passing over her body.

Jumbled stories of the camping party, of which she is said to have been a member, did not disclose definite reasons for her strange presence on the highway, traffic officials and deputy sheriffs reported. According to the story of several witnesses to the death, and those elicited from members of the party, the girl started to walk to Bakersfield from her party's week-end camping grounds in the Kern Canyon hills, late Saturday night.

About 2:30 a.m., Jack Hogue and Mickey McFadden, Kern County Land Company employees, swerved their truck to avoid passing over the body of a woman lying on the highway. Hogue reported to officials that he stopped his machine within 100 yards and he and his companion started back on foot to investigate.

As they approached the woman a second car, said to have been driven by Mrs. Louise Parone of 221 Twenty-first street, Merced, approached from the opposite direction. Fearing that the oncoming machine would pass over the woman on the highway, Hogue and McFadden waved their arms and attempted to signal the automobile to a halt. The woman driver, she reported to deputy sheriffs, thought they were hold-up men, forced her car to greater speed and ran over the woman. She kept her car at increased speed and later was notified that her machine had run over Mrs. Slagle.

The men took the injured girl in their car and rushed her to the County Hospital here but examination proved she was dead. Mrs. Parone today was prostrated with grief over the tragedy.

MAN, WOMAN, CHILD HURT IN KERN COUNTY

BAKERSFIELD, July 21.—A local man and a Los Angeles woman and her young son were injured in automobile accidents here over the week-end, traffic officials report.

Joe Lancioni, local resident, was hurt when his automobile crashed into the Service Drug Company's cigar stand at the corner of Nineteenth and K streets early today. Mercy Hospital attaches reported that he received head cuts and bruises. The car was demolished and the cigar stand wrecked.

Mrs. J. E. Figuerdco of Los Angeles and her son Eugene, 14 months old, were hurt, when the automobile in which they were riding, being driven by the husband and father, struck a roadside embankment on the Grapevine grade and fell back upside down on the highway. The father and four more children were not injured. All of them were brought here to Emergency Hospital. Mrs. Figuerdco suffered eye burns when the car's battery burst and spread acid over her face and head. The child incurred minor cuts and bruises. The family was en route to Pixley in Tulare county to visit an uncle, J. P. Epperson.

Water Division in Upper Basin States Started

DENVER, July 21. (AP)—A definite program for division of Colorado River water among the four States of the upper basin was started at a meeting here today.

Representatives of Colorado, Utah, New Mexico and Wyoming attended. Dr. Elwood Mead, chief of the Federal Reclamation Service, was present.

Engineers of the four States were instructed to start work at once preparing data on water needs of the upper basin. They will meet here August 22 to compile their report. This will be followed by a meeting of representatives of the four States in Denver on August 25, when an attempt will be made to settle the Colorado River allocation.

War Hero and Poloist Brings Divorce Action

CHICAGO, July 21. (Exclusive)—Attorney Robert Cantwell, Jr., revealed tonight that Capt. Christian Gross, clubman, polo player and a World War hero, has filed suit for divorce against Mrs. Virginia Harrison Gross, daughter of Burton Harrison, former Governor of the Philippines. The two were married there in 1926. He names a co-respondent, "a Spaniard Alberita, who promised to put her in grand opera in six months."

Capt. Cross, at present secretary of the American Legation in Berne, Switzerland, also seeks to have set aside a separation agreement he made with Mrs. Cross in Paris in 1928 which purports to give her $250,000 of an $830,000 trust fund and custody of their son Peter.

Women Held in Drug Plot

LEAVENWORTH (Kan.) July 21. (AP)—Arrest of two women today raised to nine the number of persons asserted by Federal agents to have been supplying narcotics to prisoners in the Leavenworth Federal prison.

Mrs. John W. Ford of Louisville, Ky., and her daughter, Mrs. Paul Webster, are the women in custody. Mrs. Ford was arrested in Leavenworth and Mrs. Webster was taken in Kansas City. J. A. P. Flynn, a government agent, said a quantity of narcotics was found in Mrs. Ford's room.

SUGAR COST INQUIRY REQUEST MODIFIED

WASHINGTON, July 21. (AP)—The Senate today modified its request for a Tariff Commission investigation of costs of production of sugar to cover only the refined product.

The modification was at the request of Senator Copeland, Democrat, New York, who offered another resolution. It was adopted without discussion.

As a result, the Tariff Commission will not investigate costs of production here and in Cuba of raw sugar, a subject of controversy for months during the tariff debate.

ARMY MUST BUY BEEF FROM LOWEST BIDDER

WASHINGTON, July 21. (AP)—Secretary Hurley ruled today that in buying beef for consumption in Philippine and Hawaiian stations the Army must do so on the basis of lowest bids, and not upon consideration of whether the bids are submitted by Americans or foreigners. In a statement Hurley pointed out the difficulties of supplying meats in the Philippine and other distant stations, and said the use of cheaper beef obtained through lower bids saved some $300,000 annually.

MEXICAN FRUIT HELD INFESTED

Inspectors in Arizona Seize Fly-Tainted Plums

Menace to Southwest Shown, Department States

California Authorities Say Condition Long Known

WASHINGTON, July 21. (AP)—The seizure at Nogales, Ariz., of two lots of plums from Mexico infested by the fruit fly was reported today by the Department of Agriculture.

Reports outlined the belief that the fly had passed the "zone of defense" set up within Mexico by the Mexican government and infested the State of Sinaloa.

"It now presents," the department said, "an increasing threat to the fruit centers of the Southwest. "Indications that the fruit fly is established in Sinaloa," the report continued, "several hundred miles closer to the orchard and trucking districts of our Southwest than hitherto known, illustrates forcibly the increasing risk of the introduction of this pest through border ports near the fruit centers of Arizona and California."

CONDITION NO NEWS TO CALIFORNIANS

SACRAMENTO, July 21. (AP)—California has had a ban on the Mexican fruit fly for many years, and has succeeded in keeping it out, State Department of Agriculture officials said here today, in commenting on a Washington report that Mexican plums infested with the fly had been seized at Nogales, Ariz.

The Mexican fruit fly differs from the Mediterranean fruit fly, it was explained. Officials here attached little importance to the Nogales seizures, declaring such cases were routine matters at California border inspection stations.

CIGARETTE STUB COSTLY

EXETER, July 21.—Doss Luton of Tulare paid $25 for carelessness in throwing a lighted cigarette stub from a moving vehicle Saturday evening while motoring in the hill country east of here. He was fined by Justice of the Peace Sico of Exeter.

AUSTRIAN BLAMES KLAN IN SUICIDE LETTER

VIENNA, July 21. (AP)—Richard Jerabit, 48 years of age, recently returned from the United States, committed suicide Saturday night by drowning in the Danube River.

Jerabit's statement to the police said his mind was disturbed by "persecutions by the Ku Klux Klan."

Jerabit, or Jerabek, as the police also listed him, was said to have lived in New York, Charleston and Miami. He was reported to be a scenic adviser at Hollywood.

WANT-AD NEWS OF REAL ESTATE

Party offers to dispose of portion of his oil rights leases on land near Yates Pool, Pecos county, Texas.

Room for 400 chickens is feature of suburban place for sale, with four-room house and two-car garage on the premises.

Advertiser seeks residence lot valued at about $5000 in exchange for clear five-room home.

CONGRESSMEN BOOED BY REDS

House Committee Pays Visit to Communist Camps

Jeers and Catcalls Greet Investigating Group

First Contact With Men Proves Noisy One

NEWBURGH (N. Y.) July 21. (Exclusive)—The Congressional committee investigating Communists today visited two camps situated in this vicinity and for the first time since the beginning of the inquiry came in contact with the people they are investigating.

At both Camp Nitgetdaigeta, which means "Don't Worry," some three and a half miles to the south of here, and at Camp Unity, forty miles to the north, members of the committee, of which Representative Hamilton Fish, Jr., is chairman, were met with boos, jeers, catcalls and floods of denunciation as hundreds of Communists conducted what they termed "protest demonstrations" against the "Fascist fishing expedition."

LINEMAN ELECTROCUTED

MISSOULA (Mont.) July 21. (AP) R. D. Patterson, Tacoma, Wash., lineman for the Milwaukee Railroad, was electrocuted seven miles west of here today. Patterson came in contact with three wires while moving them.

Light as a Handkerchief

THIS is a brand new idea in a hat—an invention—the new "Fether-Crush" fresh at DESMOND'S. Feels old the first day. Sit on it, jump on it, and it still looks new. Weighs 1½ oz. Many colors. Only $6. Good for golf, beach, motoring, horseback riding, slouch or street. Good for men and women both. Ask for "Fether-Crush" today at DESMOND'S.

Saves Steps and Soap, 35c

HERE'S a peach of a plate for hot weather because it looks cool, and saves walking and dishwashing. A whole meal, hot or cold, can be served on this one-trip glass grill or luncheon plate (rose or green) which Parmelee-Dohrmann (Flower at Eighth) are offering special at 35 cents for a few days—third floor. One section may be used for meat, one for vegetables, and one for potatoes or salad, or what have you?

?TROUGH WALKER

I'M going to speak mainly to men, for a minute!

Most shoe soles are curved, cross-wise, inside, like the inside of a 4-inch water pipe. In them, your toes are squeezed down together like five children in a saggy bed. Nerves and blood-vessels jammed.

The ground is flat and YOUR FOOT IS MADE TO WALK ON A FLAT SURFACE. So the soles of Arch Preservers (sold by Gude's, 725 S. Broadway) are flat inside, cross-wise—just one of several fine things about these stylish shoes.

I Gained 9 Lbs. in 3 Weeks. Pimples Gone, Look Younger

"I was run-down, complexion all pimples. Since taking Ironized Yeast I gained 9 lbs. in 3 weeks, complexion lovely, look younger. —Mrs. M. H. Harvey.

Thousands of "skinny" people write new Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Ugly hollows fill out. Bony limbs get graceful roundness. Blotchy skin clears like magic. Nervousness, indigestion, constipation, vanish overnight. Sound sleep, new pep first day.

Two great tonics in one—special weight-building Brewer's Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated yeast. Results in ½ time. No yeasty taste, no gas.

Quit being "skinny," tired, unattractive. Get Ironized Yeast from druggist today. Feel great tomorrow. Money back from manufacturer if not delighted with results. —[Advertisement.

THREE IN ONE FAMILY SLAIN

Man, Wife and Son Killed in Home With Axes

Police Theory Puts Blame on Dead Woman

Neighbors Frustrate Attempt to Burn House

GENEVA (Ill.) July 21. (AP)—Three persons were found slain with axes early today in the home of Charles A. Anderson, one of the victims. His 18-year-old son also had been hacked to death while his wife, thought by police to have slain her husband and son, was found on the floor with her throat and wrists cut with the sharp edge of a handax.

The home had been set on fire, but the flames were extinguished by neighbors.

A long-handled ax had been used to dispatch Anderson and his son. The neighbors were aroused by Charles Larsen, a brother of Mrs. Anderson, who had been awakened, he said, by smoke, and descending by an outside stairway was breaking in the windows to get at the fire.

Larsen and the neighbors forced an entrance and after putting out the fire discovered the bodies. Anderson, 55 years of age, lay across a bed, his head and body gashed with the long-handled ax which lay beside him. The son, Willis, also cut and beaten with the ax, was in another room. He still was alive but died without regaining consciousness.

The body of Mrs. Anderson, 48, was on the living-room floor. Beside her lay the handax.

The beds of Anderson and his son had been set afire. The flames were put out before they had spread to any great extent.

Sheriff Urch and the Chief of Police said the position of the bodies and the weapons and the manner in which the three were killed indicated the two men were killed by the woman, who then took her own life.

HEAP BIG BOOT BOOSTS RED MAID OUT OF PLANE

CHICAGO, July 21. (AP)—Princess Red Feather, a comely Indian maiden, made a parachute jump yesterday under sudden circumstances.

It was her own idea. She told Maj. R. W. Schroeder, manager of Curtis Flying Field, that she was a parachute jumper of long experience. She had jumped, she said, all over Texas.

Pilot Jimmy Van Cise took her up. He started to tell her how—but decided not to because the Princess was such a grand jumper that it would be like carrying coals to Pittsburgh.

Up about 2000 feet the pilot opened the door of the cabin and pointed suggestively down. The Princess arose and stood poised in the doorway. Then she decided she would not jump.

In the meantime, however, she hap pulled the rip cord and the parachute began fillinñ up, being blown around and endangering the control of the plane.

The craft began acting up. Pilot Van Cise saw stringent action was needed.

He reached out his foot and gave the Princess a sudden and determined shove. In a few minutes she wafted right side up and drifted down to land.

Maj. Schroeder then suggested she confine further traveling to birch-bark canoes.

RESORT HOTEL BURNS

NARRAGANSETT PIER (R. I.) July 21. (AP)—The four-story Surf Hotel, a rambling wooden structure on this famous resort's main street, was destroyed by fire late today. Damage was estimated at $50,000.

FIRST INCENSE BELIEVED DRUG

Professor Asserts Ancients Burned Narcotics

Early Religionist Soothed by Smoke in Cavern

Alcohol Similarly Placed in Savage Rites

CHICAGO, July 21. (AP)—The incense that curled lazily heavenward from the altars of the early religionists was not incense at all, a University of Chicago journal suggested today, but narcotics.

Prof. Allen H. Godbey of Duke University concluded in the journal that narcotics are far earlier in human experience than bread and that the bizarre visions and frenzies of the narcotic-crazed ancients were accepted as revelations from their gods.

SMOKE EFFECTS NOTED

"The primeval savage discovered the smoke in his chimneyless cavern produced queer physiological effects," the article said, "and a little experimentation soon taught him that certain weeds or sticks were responsible. That learned, he took to praying to this kind of gods for more beautiful visions of the world."

Hebrew prophets who warred upon the incense rituals of their time were not simply championing monotheism but were waging a fight against narcotization that civilization is still carrying on, the professor said.

ALCOHOL DISCOVERED

The problem of more intelligent religious leaders in all ages, Prof. Godbey said, has not been to find acceptable incense but to get rid of it.

Comparing the discovery of alcohol to that of incense, he wrote:

"Some plutocrat of paleolithic days, having one day gathered more berries than he could eat, stored the residue in a convenient container. Returning a few days later he devoured the fermented mass and speedily saw things of whose existence he had not known. So alcohol, the assembler of spirits, was promptly enthroned as one of religion's greatest gods and still resists the efforts of religion and science to oust him."

AUTO DRIVER ACCUSED IN RAIL WRECK

New Jersey Man Charged With Manslaughter for Leaving Car on Track

ELIZABETH (N. J.) July 21. (AP)—A. M. Allcroft, whose stalled automobile caused the derailment Saturday o a Pennsylvania Railroad train resulting in the death of one person and injury to sixty-eight, was charged with manslaughter today and held in $1500 bail. He pleaded not guilty.

His companions, James W. Allcroft and William E. McNair, were held in $500 bail as material witnesses.

Previous to his arraignment on the manslaughter charge Allcroft pleaded guilty in Police Court to a charge of leaving the scene of an accident and was fined $50.

Prosecutor David said he is considering charges of negligence against the railroad for failure properly to guard the street crossing where the accident occurred.

Unemployment Total Compiled for All Europe

WASHINGTON, July 21. (AP)—The total number of unemployed persons in Europe, excluding the territory of soviet Russia, from which no figures are available, is currently estimated by official compilation as just above 5,000,000.

R. M. Stephenson, Commerce Department agent who made up the figures from official reports of twenty nations, commented that while the totals made unemployment Europe's most pressing concern at present, it was probable general adoption of government relief measures, greater preoccupation of governments with welfare work than in pre-war years, all combined to exaggerate the appearance of unemployment.

Impersonator Gets Jail Term

For impersonating a Federal narcotic agent, Roy Elmer Paul, 42 years of age, was sentenced to the County Jail for seven months yesterday by United States District Judge James. Paul pleaded guilty.

The government charged that Paul represented to Louise McCullough that he was a government officer and that he was allowed $10 a day for an assistant. It was stated that he induced the woman to advance him $200, which was spent in a trip to Tia Juana by him and the woman upon the understanding that the money would be returned from his supposed expense account.

GERMAN PARTY HEADS PLAN PEACE PACT

BERLIN, July 21. (AP)—The Berliner Zeitung today in an article says negotiations between Adolph Hitler, leader of the Fascist organization in Germany, and Dr. Alfred Hugenberg, Nationalist leader, resulted in an agreement to avoid hostilities between themselves in the forthcoming political campaign and to concentrate instead against the left wing party.

NATIONAL DODGE DEMONSTRATION MONTH

TRUE ECONOMY is more than price deep

Total cost, not merely purchase price, determines the economy of a motor car. And so great are the ownership economies of Dodge cars that in final cost they actually prove less expensive than many cars lower in purchase price.

The Dodge Six and Eight-in-Line are deliberately built better than just good enough. The chassis is extra sturdy. Bearings are extra fine and extra large. Every material and every manufacturing operation is gauged to an excess margin of excellence. Less wear, longer life, lower upkeep are the natural results.

Sturdy, efficient Dodge engines get the most out of fuel and oil. The safe, silent Mono-Piece Steel Bodies require no maintenance expense. The internal hydraulic brakes are self-equalizing—need no adjustments nor lubrication—increase the life of tires.

If you want a car to do something more than merely take you places, if you want to motor with comfort, pride, peace of mind and lasting satisfaction and economy, a Dodge Six or Eight-in-Line is the car you should own. Drive one and learn that Dodge economy goes hand in hand with brilliant performance.

Dodge Six—$ 835 to $ 935, f. o. b. factory
Dodge Eight—$1095 to $1145, f. o. b. factory

ON AND ON GOES THE MILEAGE MARATHON

Back and forth from coast to coast goes the Dodge Mileage Marathon car—continuously piling up miles to give the world a new conception of dependability, economy and long life. Already, in the first three weeks of the run, this car has covered more than 12,000 miles.

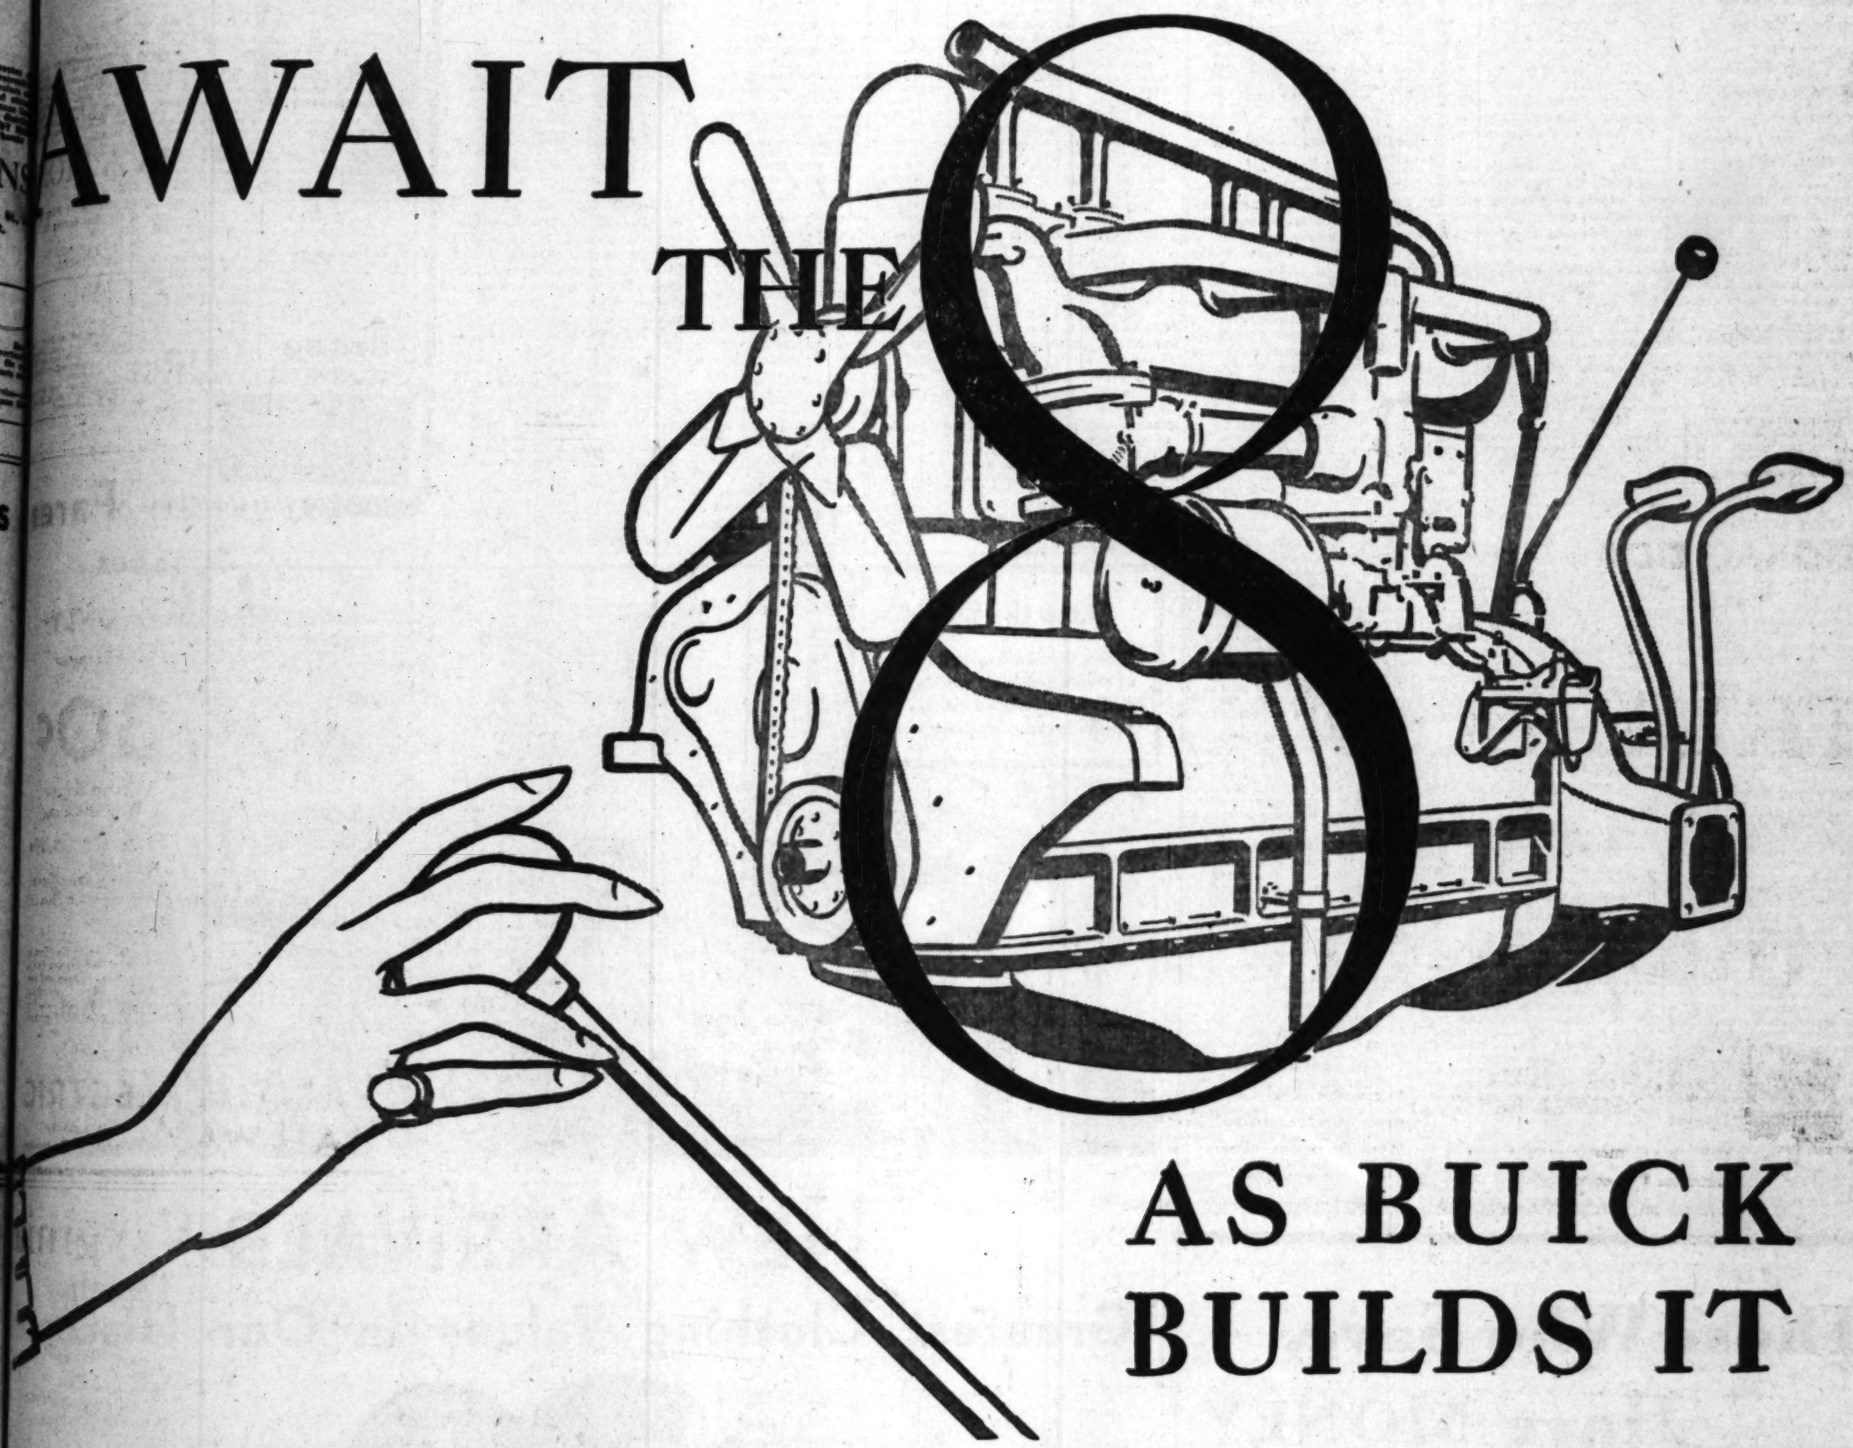
AWAIT THE



AS BUICK BUILDS IT

FOUR NEW SERIES OF STRAIGHT EIGHTS
. . . VALVE-IN-HEAD, OF COURSE . . . .
NEW SYNCRO-MESH TRANSMISSION*

One of Buick's four new series—with new Valve-in-Head Straight Eight Engines and new Insulated Bodies by Fisher—is priced $200 lower than last year's Buick six. It is the world's lowest priced Valve-in-Head Straight Eight!

Buick, winner of more than twice as many buyers as any other maker of fine cars, will soon present the most brilliant creations in Buick's twenty-seven years of fine car building—

Four series of Straight Eights providing twenty ultra-luxurious models! With masterly new engines—all Valve-in-Head, all Straight Eights—revealing performance far surpassing even the finest previous Buicks! With new Syncro-Mesh Transmissions* assuring the highest degree of smooth, silent, non-clash gear-shifting! With new Insulated Bodies by Fisher endowed with characteristic Buick beauty and protected, like a fine home, against heat, cold and noise! Together with a host of other important improvements!

Buick is building eights exclusively. The Eight as Buick Builds It is fundamentally a better engine. Every unit has been carefully designed to assure uniform excellence throughout. The entire chassis reveals increased size and strength to conform with the increased power of the new engines. And the result is an entirely new degree of roadability—a train-like sureness and steadiness of flight heretofore unknown in Buick's field.

You are familiar with Buick's twenty-seven year record of leadership. . . . You have hoped for greater goodness and greater value in straight eight manufacture. . . . Await the Eight as Buick Builds It!

BUICK MOTOR COMPANY, FLINT, MICHIGAN
Division of General Motors Corporation
CANADIAN FACTORIES: McLAUGHLIN-BUICK, OSHAWA, ONT.

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

* *Buick alone, of all cars at or near its price, provides the famous Syncro-Mesh Transmission. This ultra-fine, ultra-luxurious feature assures smooth, silent, non-clash gear-shifting through all gears and at all speeds. It is employed in three of the new Buick series, with Buick's fine standard transmission in the series of lowest price.*

LEGGE LASHES BOARD CRITICS

Democrats and Chamber of Commerce Scored

No More Wheat Buying to Aid Farmer Planned

Curtailments in Acreage Held Best Remedy

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, July 21. (Exclusive) — Alexander Legge, hard-hitting chairman of the Federal Farm Board, returned from his western trip today and immediately issued a statement as sizzling as the weather, heaping denunciation upon critics of the board's efforts to induce wheat farmers to reduce their acreage as a means of wiping out overproduction and stimulating prices.

At the same time orally he expressed confidence that the greater portion of the wheat belt through which he has just made a two weeks' swing, is in sympathy with the Farm Board program and will support it "in spite of the activities of the politicians and selfish interests."

BREATHES DEFIANCE

Legge came back to the capital breathing defiance to politicians in both parties, chambers of commerce and various and sundry public officials and private individuals and organizations seeking to defeat the Farm Board's plans for solving the wheat problem. Asserting that "the board was created to assist the farmer and not for politics," he added characteristically:

"From now on until November, politicians will be so busy saving the farmer it might be just as well to take a vacation, although if we are expected to resume that burden after election, perhaps a little progress can be made to carry on in the meantime."

WON'T BUY WHEAT

Chairman Legge said his visit to the wheat section convinced him more than ever that reduced acreage is the "only possible solution" of the wheat problem. He declared the board has no intention of buying up an additional 100,000,000 bushels of wheat as demanded by Senator Capper of Kansas, but that he would "be glad to see the Senator" if he should call. "It is true," Legge said, "that we might apply the pulmotor and give some temporary aid, but what we are after is a permanent remedy."

Asked if the situation could be helped by increased consumption of wheat products, Legge shook his head and explained this in his opinion would only result in less usage of some other foods and the new problems would be as bad, if not worse, than that now confronted.

SCORES DEMOCRATS

"I notice," said Mr. Legge, "that the Democratic National Committee has adopted as a slogan, 'The failure of the Farm Board.' This seems to be copied almost word for word from the grain dealers and the Chamber of Commerce of the United States. Concurrently I notice that certain of the chambers of commerce, particularly in some of the grain States, are making an effort to increase substantially their dues for the avowed purpose of propaganda to protect their present position. Certain interests which seem to feel they have a God-given right to handle the products of the farmers, and who have accumulated immense fortunes in doing so, may be depended upon, to continue their fight against most any program directed toward improving the farmer's position, and doubtless will be easy picking for any politician of any party who is willing to play their game.

ECONOMIC PROBLEM

"However, farmers as a class are doing a lot of thinking for themselves these days and many of them seem to be aware that their present unhappy condition is a result of long years of unregulated production, while they listened to gigantic schemes that high-powered statesmen have had to offer, rather than of any action of this board.

"The farmer's problem is an economic one that will never be solved by any political remedies."

INTERNATIONAL CONFERENCE ON WHEAT CURB ASKED

WASHINGTON, July 21. (AP)—The calling of an international conference of representatives of wheat-growing countries to consider methods for bringing about a world-wide curtailment of wheat production was suggested in a letter to President Hoover today by Senator Thomas, Democrat, Oklahoma.

WILLIAMS PREDICTS LARGE COTTON LOANS

WASHINGTON, July 21. (AP)—Carl Williams, Farm Board member representing cotton, said today cotton co-operatives will advance to their members the largest amounts possible on the 1930 crop, adding that will be not less than 65 per cent of the market value of the cotton and perhaps more.

Williams said his attention had been called to statements that cotton co-operatives will not be able to advance more than 6 cents a pound this fall.

He said cotton co-operatives in Texas are advancing 9 cents on unclassed cotton at the time of delivery and added all co-operatives will advance the largest possible amount consistent with safety.

CORN ON STALK POPS IN HEAT

Southern Gardener Finds It All Ready for Eating, Thanks to Sun

ATLANTA, July 21. (AP)—The heat wave in the South has brought a story of pop corn popping on the stalk in a garden baked by the sun's torrid rays.

Mrs. Claude Phillips of Quitman, Ga., says she went to inspect her garden and found the corn popped and ready for eating, in a parched shuck.

FRESNO KEYED TO HIGH PITCH

Whole City Will Join Today in Grape Campaign

Stores to Close and Staffs Will Take Field

Contracts for 25,000 More Acres Required

FRESNO, July 21. (Exclusive)—Confronted by a crisis upon which hinges the success or failure of the Federal Farm Board's program for a revival of prosperous conditions in the fresh grape and raisin industry, all Fresno will engage tomorrow in an intensive effort to place under contract a sufficient amount of the county's grape acreage to complete the 85 per cent control of the vineyard industry required before the plan can be placed in operation.

In a movement headed by the Fresno Merchants' Association, virtually every business house in Fresno will close its doors throughout the day that the proprietors and employees may take the field and canvass those growers of grapes who have no yet signed a grape-control contract.

MASS MEETING CALLED

Campaign leaders assert that contracts covering 25,000 acres of producing vineyards must be signed before midnight tomorrow if the farm board is to extend its aid to the grape industry. With the County Assessor's rolls showing 158,000 acres of vineyard property taxed in Fresno county, and the campaign organization's records showing less than 75 per cent of the acreage under contract, the last-minute drive will be concentrated in this area.

A mass meeting of growers at Roeding Park at 8 p.m. will be the final move in the drive. The meeting will be exclusively for the purpose of signing contracts and it will be continued until every grower in the audience has been given a last chance to sign up.

UNUSUAL ACREAGE

Wylie M. Giffen, chairman of the general campaign committee, said today that there are approximately 100,000 acres of the State's total vineyards unsigned and that 70,000 acres is in the San Joaquin Valley. Approximately a dozen growers control about 12,000 acres of this total, he said, leaving the fate of the campaign at this time in the hands of but a few "key" growers.

It is these large owners of vineyard property at whom the final hours of the campaign will be directed, it was indicated today.

RAIL SERVICE APPROVED

WASHINGTON, July 21. (AP)—Approval for maintenance for another year of joint passenger train service by the Northern Pacific and Great Northern railways and the Oregon-Washington Railroad and Navigation Company between Puget Sound cities and Portland, Or., was granted today by the Interstate Commerce Commission.

FERRYBOAT'S SKIPPER CHATS WITH PRESIDENT

WHITE'S FERRY (Md.) July 21. (AP)—The weather was hot. It was Saturday and the ferryman who pilots the scow across the Potomac between Virginia and Maryland here was a busy, perspiring and grease-spattered man.

An automobile, traveling toward Virginia, nosed down the dirt road leading to the flat-bottomed barge and crept upon the boat. The ferry engine began to sputter and the cable took up its task of guiding the scow across.

One passenger, a middle-aged man, seemed to have some knowledge of machinery. He asked several questions about the operation of the craft. The interview was brief and very little information passed. The ferryman was busy with his motor, transplanted from an old automobile.

The ferryman has just learned the inquisitive passenger has some slight reputation as an engineer. He was President Hoover who with Mrs. Hoover and their son Allan was seeking relief from the heat of the capital.

COMMONS MEMBER AND WARRIOR DIES

LONDON, July 21. (AP)—Lieut.-Col. the Honorable Cuthbert James, M.P., died today. His death ends a colorful and varied career. He was 58 years of age.

Col. James joined the Egyptian army in 1899. He served in the first White Nile expedition against the Khalifa and subsequently became administrator of Wadi Halfa. In 1904-05 he was assistant Financial Secretary to the Egyptian army.

During the World War he saw service in France with the East Surrey Regiment and with the marines. He was a Conservative member of the House of Commons for Bromley.

RATES ON MUNITIONS ASKED OF RAILROADS

WASHINGTON, July 21. (AP)—Failure to publish rates on shipments of ammunition and explosives for military forces was charged today in a complaint filed by the government before the Interstate Commerce Commission against all railroads operating in the country but the New York Central. The failure to establish definite charges for munitions, the complaint said, made it impossible for the Army and Navy to determine in advance what expenses would be necessary and led to "prolonged special negotiations" between officials and railroads.

GRACE REVEALS BONUS FIGURE

Bethlehem President's Bit Given as $1,623,753

Amounts to 135 Times His Salary of $12,000

Total Compensation in Five Years $5,497,684

YOUNGSTOWN (O.) July 21. (AP) As president of Bethlehem Steel Corporation during 1929, Eugene G. Grace received a bonus of $1,623,753 in addition to his annual salary of $12,000, he testified today on cross-examination in the suit to enjoin merger of Youngstown Sheet and Tube Company with Bethlehem.

On direct examination by his own attorneys, the Bethlehem head testified he received $4,729,716 in bonuses for the five years ending December 31, 1929. So far this year, he said, his bonus amounted to $701,-968, making his total compensation from January 1, 1925, to date $5,497,684. The latter figure includes his salary.

Grace said his bonus is paid on a sliding scale beginning at 1½ per cent. During the last five years, he explained, earnings have been high enough to assure him 3.319 per cent.

Those Who Save, Have MONEY

MEN have taken fortunes from real estate and other investments bought at a low figure.

Others might have profited too, but for lack of money.

The difference in foresight was not in failure to recognize the opportunity, but in having failed to be ready for it.

Other opportunities will come.

Will you be ready for them? Will you have money to invest?

You will—if you save it.

The Fortune Foundation plan of saving—definite amounts at definite intervals—will remind you to save.

Ask about the plan—at any of our 34 conveniently located banking offices throughout the city

NIGHT BASEBALL WILL BE ON AIR

Broadcast Set for This Evening Over KFWB

KTM to Carry Contests for Remainder of Week

Operatic Presentations on Schedule for KHJ

The Times Forum, KHJ, at 1:30
Dr. Frank McCoy, editor
and Health in The Times.
Dutree, instrumentalist.

BY JOHN S. DAGGETT

At the beginning of night baseball the theater of the house disappears and to secure more fresh and natural than the threadbare "lodge night" for his evening away from home, with the broadcasting of baseball games in Los Angeles, father is going to think up a better one. Beginning tonight KFWB at 8 o'clock will broadcast the Coast baseball games held in Los Angeles each Tuesday night. And station KMTR will broadcast the games every Wednesday, Thursday and Friday. Oscar Reichow, announcer at Wrigley Field, will handle the microphone.

Wrigley Field has been flood-lighted and it is asserted that this will nearly triples the existing made by Sacramento and Seattle, where night baseball has been a great success.

The Associated Oil Company is paying for the broadcast of this most interesting sports event. Tonight it will be the clash between the Angels and the Senators. Baseball fans of the air will accompany a host of fans and we believe they will be disappointed.

WHAT DIAL FOR TODAY

Baseball fans may dial KHJ at 8 o'clock tonight when New York sends "The Barber of Seville," while at 8 Raymond Paige and his symphony orchestra will offer selections of these presentations in miniature, embracing the most beautiful of the composers. At 8:30 o'clock tonight you will be another S. & W. Forum half-hour with music, song and political talk by James Rolph, Jr., in his race for the governorship. At 9:30 o'clock tonight, Charles Frederick Lindsley will be the director and a player in the cast of "Good Medicine." Dramatic sketches are gaining in favor, and Elvia Allman will be in the cast will be Elvia Allman and Alley Turner.

Tomorrow evening is to bring the Goldman Concert Orchestra and Nathaniel Taylor's Metropolitans in a program of concert music and song. Beginning tonight, Maurine Dyer, contralto, will be heard in song recitals. At 9 o'clock is to find the Three Keys, Three Sisters and Blue in an hour of variety. For the music fans, dial the Wurlitzer organ recital at 10 p.m.

VARIOUS OFFERINGS

KHJ at 3:30 this afternoon will present Frank Black's Singing Violins interpreting the "Indian Love Lyrics" from "Rose Marie." Jack Fulton, tenor of the male trio, will sing "When Day Is Done." At 8 o'clock the Royal Hidalgos Orchestra will present thirty minutes of the music of Old Spain, while 9 o'clock will find Ray Van Dyne's Orchestra, with Jeanne Dunn, soloist, in all shades of blue.

KNX at 8 o'clock tonight again will present Horsefly and His Wranglers. They say the boys are getting better and better and want the fans to write in and make any suggestions that occur to them. At 9 o'clock the Royal Vagabonds, Hap and Sap, will be heard again, still in Agua Caliente. They are placing their last money on a horse race.

KFWB at 7 o'clock tonight will bring Cecil and Sally—and the boy is going to try his first chew of tobacco. Poor Cecil. At 8 o'clock tonight there will be the first night baseball game from Wrigley Field.

KMTR at 11 o'clock this morning is to broadcast the arrival of the Hunter Brothers' endurance flyers, at the Municipal Airport. A reception committee of prominent Angelenos will greet them and they are expected to speak over the microphone. At 8:30 o'clock tonight there will be the premiere of "Dixiana" at the Orpheum Theater. It is rumored that Amos 'n Andy may step out of character at that time and say hello, as well as Bebe Daniels and others.

BUTTE AGAIN NORMAL WITH CLOSE OF STRIKE

BUTTE (Mont.) July 21. (AP)—Business activity was normal today after a week of idleness caused by a strike of teamsters and auto mechanics which involved the clerks' union.

Under an agreement signed last night by representatives of employers and labor, stores and wholesale houses opened. They had been closed since the 12th inst.

SECOND CRASH VICTIM DIES

REDDING, July 21. (AP)—Claude Sabourin of Vallejo died today of injuries suffered yesterday when his automobile crashed over an embankment near Castella, Shasta county. His wife, Stella, was killed and their 8-year-old son Junior was injured.

ACTRESS TO DEFY BAN ON STAGE WORK

Jean Aubert Will Sail to New York Despite Edict of Husband and Courts

[Copyright, 1930, by Press Publishing Co.]

PARIS, July 21. (Exclusive)—Jean Aubert, French music hall actress, whose husband, Nelson Morris, Chicago millionaire, recently was upheld by the French courts in his contention that a husband has a legal right to forbid his wife to appear on the stage, is sailing for the United States August 6, determined to appear in New York in "Princess Charming."

Meanwhile the Swiss courts are faced with the same question on which a Paris tribunal already has passed judgment. Mlle. Aubert was billed to appear last week at the Kursaal at Geneva, but her husband notified the management of the casino of his formal opposition to her appearance. He notified the Kursaal authorities that he would hold them responsible for damages he might eventually claim.

The management did not relish the risk. The French courts had fixed a penalty of $200 for every infringement of their judgment forbidding Mlle. Aubert to appear contrary to her husband's wishes, so the Kursaal canceled the engagement.

Paul Boncour, brilliant French Socialist leader and for long France's representative at the League of Nations, who is Mlle. Aubert's legal adviser, announced today that his client will bring a case before the Swiss courts to determine whether Mr. Morris has a legal right to prevent her fulfilling a theatrical engagement in that country.

MEXICO TO PLAN AID FOR BORDER JOBLESS

MEXICO CITY, July 21. (AP)—The question of relief for Mexican workers left jobless as a result of depressed business in American States along the border will be taken up at a Cabinet meeting next week.

The method of aid suggested most often would be to provide transportation to the colonization developments in Chiapas and Quintana Roo for those laborers who wish to return to Mexico.

To provide more work for natives, the Department of the Interior said today stricter immigration regulations, directed especially at Chinese, will be put into effect soon.

BAR GROUP URGES RADIO ACT CHANGE

WASHINGTON, July 21. (AP)—Repeal of the Davis amendment to the Radio Act requiring equal distribution of radio facilities between States according to population was advocated in a report of an American Bar Association committee filed today with the Federal Radio Commission.

The report suggests distribution of broadcasting facilities among the different States and communities so as "to give fair, efficient and equitable radio service to each."

STORE COLLECTORS ROBBED

KANSAS CITY, July 21. (AP)—Robbers held up two collectors for Piggly-Wiggly Stores, taking receipts estimated at $10,000 to $15,000 and robbed a store of $700 in three widely separated parts of the city today. Police believed the robberies were carried out by one bandit gang.

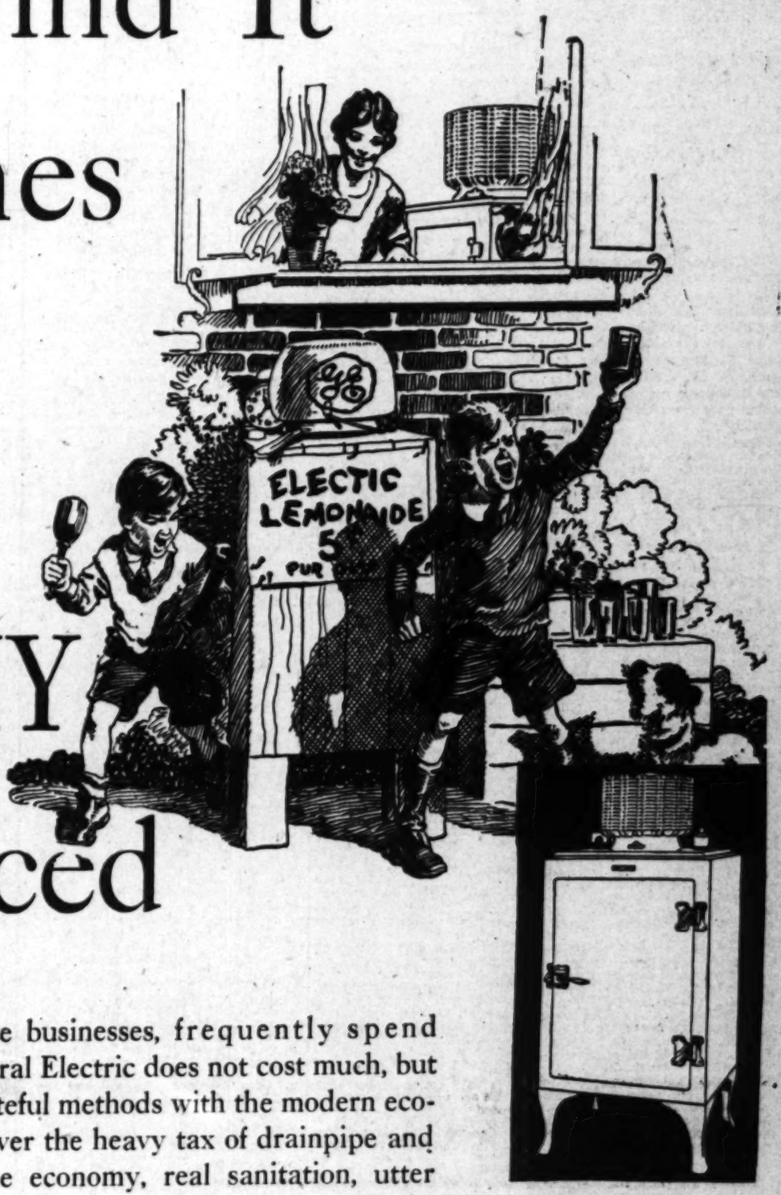
You'll Find It In Homes where TRUE ECONOMY Is Practiced



MODERN homes, like progressive businesses, frequently spend money to save money. A General Electric does not cost much, but it saves a great deal. It replaces wasteful methods with the modern economy of electricity. It abolishes forever the heavy tax of drainpipe and garbage pail. It brings instead, true economy, real sanitation, utter dependability. It creates new leisure hours for the home-maker.

EASY to BUY!

This model costs only 33c a day to buy on budgeted payments. Actually, it adds little, if anything, to your monthly expenses because of the economies it brings to the home. It is true economy to own a General Electric.

What Owners Think of this refrigerator

In June, this company mailed a letter to 12,000 of the General Electric Refrigerator owners in Southern California. More than 2,000 of these owners graciously answered. Only 3 had complaints to make and none of these complaints concerned the operation of the General Electric. The following excerpts are typical of letters received:

Mrs. J. F. W., So. Pasadena:
"You have sold about 6 refrigerators upon my recommendation and I shall continue to send my friends to you";

Mrs. H. W. D., Banning:
"I have told many of my friends of my wonderful General Electric and several of them have purchased";

Mrs. W. C. M., Hollywood:
"3 of my friends have already bought refrigerators on my recommendation";

Mrs. R. B. D., Palos Verdes:
(enclosing the name of one friend): "All my other friends have one";

Mr. A. M. G., Balboa:
"I do not wait for a special invitation to boost for the General Electric, but pass the good word along wherever opportunity offers, with the result that most of my friends are already satisfied owners of your splendid machine. I am strong for it";

Mrs. R. L. G., Los Angeles:
"Our General Electric is more than satisfactory and we recommend it on every possible occasion".

The originals from which these quotations are taken are on file in our office, together with thousands more. Any General Electric Refrigerator store will be glad to give you a printed list of owners or you may call FAber 2233 and one will be mailed to you. Call up some of your friends who are shown on this list and ask them about the savings their General Electric have brought. It is true economy to own a General Electric Refrigerator.

Yes, and it does far more, particularly in this hot weather. There's a magic chef inside a General Electric. He takes ordinary foods and makes them tempting to even the most jaded appetite. He puts new zest in sparkling drinks. He prepares rare treats to top off a wholesome meal. His deft touch is a revelation to all who meet him the first time. Nothing ever spoils under his watchful care. From odds and ends of this and that he prepares delightful luncheons and suppers, thus making the food bill smaller than ever before.

The General Electric Refrigerator is made by the largest electrical manufacturer, a company whose monogram is known throughout the world as a symbol of quality and the initials of a friend. So efficient is the mechanism of this refrigerator that it costs but a few pennies a day to operate. It is sealed in steel so that no dirt or moisture may ever enter to impair this efficiency. The cabinets are likewise made of steel to stand wear and tear for all time. Noticeably thick are the walls so that heat may be excluded. The doors are faced with bakelite strips so that no odors may be retained. The super-freezer is porcelain from front to back so that you need never question its cleanliness.

You will enjoy a visit to a General Electric Refrigerator store, where you may examine these features, and scores more; where you can visualize better what this refrigerator means to your home and family; where you can find out the budgeted cost of the model best suited to your needs.

Some day you will probably have a General Electric Refrigerator. As soon as it comes into your home it will start savings which rapidly return its cost. Thousands of Southern Californians will buy their General Electrics this summer.

NEWS OF SOUTHERN COUNTIES

CONSERVATION PROGRAM URGED

Engineer Recommends Early Choice of Dam Sites

Verne M. Freeman in Annual Report to District

Santa Clara River Valley Water Supply Dwindles

VENTURA, July 21.—Recommendation that a preliminary investigation of available check-dam sites in the Santa Clara River valley and its tributaries be undertaken as soon as possible was made today by Verne M. Freeman, engineer for the Santa Clara Water Conservation District, in his annual report to the board of directors of the organization.

Freeman's recommendation came after an exhaustive study of the water situation, in which he found that the water supply in the Santa Clara River valley is materially decreasing every year.

Fear for Oxnard's water supply from wells is expressed by Freeman, who states in his report:

WELLS BELOW SEA LEVEL

"The hydrographs of some of the wells in the Oxnard plain show the static level reduced to a point below sea level during the year 1929. Draft below sea level on the Oxnard plain may eventually prove serious, as water movement to the wells will be from the ocean as well as from up river. If there is a connection between the ocean and the fresh-water strata, ultimate ruination of the Oxnard wells will result. In an earthquake region this interconnection is to be expected rather than the contrary."

Cause of the decrease in water supply Freeman lays to past dry years and to the fact that the use of water in the district is increasing at a rapid rate. Of the former, the engineer declares: "An inspection of the rainfall record at Santa Paula for recent years discloses the fact that during this time we have had two seasons of above average, one season of average and nine seasons of less than average rainfall.

"Large underground reservoirs are furnishing an irrigation water supply for approximately 62,000 acres of land in the district at the present time. The highest utilization of these underground reservoirs is one of the most important factors contributing to the continued prosperity of the valley," the engineer reports.

The investigation of the water resources of Ventura county, undertaken by the State Division of Water Rights, with county financial cooperation, is now entering its fourth year, according to the report.

INVESTIGATION EXTENDED

This investigation was originally intended to extend over a period of three years. But the past three seasons have been unusually dry so arrangements for an extension of this investigation for another year have been made, the statement points out.

Total amount of water spread on the various spreading grounds this year was 9592 acre feet, the amounts of water put in the ground at the various spreading grounds were as follows: Santa Clara River south of Camulos Ranch, 1426; Santa Clara River below Torrey Crossing, 588; Sespe Creek test pit, 22; Santa Paula Creek debris cone, 135; Santa Clara River Saticoy spreading grounds, the balance.

A summary of a survey of the increase in irrigated acreage in the county, as given by the engineer, following conferences with most of the property owners in the district, follows: Area irrigated—1920, 40,037 acres; 1925, 55,510 acres; 1930, 65,942 acres. Additional irrigable area totals 8822 acres, according to the report.

Child Lost in Woods Played With Baby Quail

GLENDALE, July 21.—While his frantic parents hunted through Gen. Grant National Park for Robert McGee, 7 years of age, the child was seated on the floor of a little canyon playing with three baby quail that had made friends with him when he wandered away from their camp.

Accounts of the recovery of the child and his restoration to his parents were received here today at the offices of the Verdugo Hills Council of the Boy Scouts, and told of three members of Eagle Rock Troop No. 1, finding the child and restoring him to his family.

The Scout party, consisting of Fred Axe, Don Kutsch and Robert De Journette, came through the canyon and found the lad playing with the quail. When they returned him to camp his parents were on the point of turning out the park rangers to hunt for him.

VANDALS STRIP LEAD FROM PHONE CABLE

BANNING, July 21.—C. P. Peters of San Francisco, special investigator for the American Telephone and Telegraph Company, has reported to Banning and Redlands police the wholesale theft of lead cable with which the Bell System has been laying an underground line between San Bernardino and Whitewater. Thieves using axes chopped lead off the immense spools of cable east of Redlands, ruining considerable valuable equipment, he said.

"These spools had been distributed along the route of the new underground conduit, which parallels the Ocean-to-Ocean Highway," said Peters. "Hoping to obtain a few cents a pound for equipment that costs the telephone company a thousand times that much to reproduce, vandals stripped the lead off several hundred feet of the cable, discarding the copper wire."

HAY-WAGON NAP ENDS IN PAIN

Cucamonga Youth Sleeps and Legs Hang Over Side; Car Crushes Foot

CUCAMONGA, July 21.—It doesn't pay to sleep while riding on a hay wagon, in the opinion of Roy Chappell, local youth.

Chappell was riding on the hay wagon driven by his father. The day was warm. The lad's legs hung over the side of the wagon. No wonder he dropped to sleep.

An automobile driver essayed to swing his car past the hay wagon, which it sideswiped, crushing the youth's right foot. The driver halted and Chappel was rushed to the San Antonio Community Hospital.

Pasadena Will Keep Children Out of Theaters

PASADENA, July 21.—An ordinance providing that no child under the age of 12 years shall be allowed to attend any public indoor gathering, including theaters, until October 1, will be passed by the Board of City Directors tomorrow morning, a complete canvass of the Directors indicated tonight.

Dr. J. D. Dunshee, city health officer, stated at a conference between theater officials and the city board late today that in his opinion the recent wave of infantile paralysis can be stamped out by adoption of the ordinance.

Representatives of local theaters asserted their belief that the proposed ordinance amounted to class legislation against the theaters, and that if such a measure were passed it should also exclude children from stores and miniature golf courses. They declared that the air in theaters is "washed" and has been found to be purer than dust-laden air on streets.

Budd Lollier, vice-president of the Fox-West Coast Theaters, asserted that his organization has co-operated with the health authorities. He proposed that instead of a drastic ordinance, all theaters should do as is being done in Los Angeles, and allow children only when accompanied by parents, and segregate all children in the audience.

Although the City Directors agreed to postpone passage of the ordinance on first reading, a majority of the members stated that they favored the ordinance and would vote for it tomorrow morning unless assured by Dr. Dunshee that the prohibition of children would be carried out voluntarily.

Quarter Century Since Explosion of Bennington

SAN DIEGO, July 21.—A double explosion twenty-five years ago today turned the gunboat Bennington lying in San Diego Harbor into a seething cauldron from which bodies of fifty-one men were removed during the day. The final toll was sixty-six dead and approximately fifty seriously injured. Ninety-one members of the ship's complement, including Capt. Lucien Young, who was ashore at the time, escaped serious injury.

According to Mrs. A. F. Anderson of 140 Arbor Drive, who nursed the injured, the victims were piled into spring wagons and hauled to the old Agnew Hospital at Fifth and Beech streets. So excited was the populace, according to Mrs. Anderson, that the hospital had to be roped off.

Theaters and stores were closed the day of the blast and the entire city went into mourning. A mile-long procession followed the funeral cortege conveying the dead to their final resting place in the special Point Loma Cemetery.

A shaft on Point Loma today marks the spot where many of the victims lie.

Final Tribute to be Paid to Mrs. McFadden

SANTA ANA, July 21.—Pioneer residents today prepared to pay final tribute to one who came to this city in 1872 and for more than two score years played a part in the community's life, Mrs. James McFadden, who died yesterday at the age of 83 years, at her home at Altadena. They will gather at Fairhaven Cemetery Wednesday at 12:15 p.m., where Mrs. McFadden will be laid in her final resting place.

Mrs. McFadden was the widow of one of four brothers, who in the early days contributed much to the upbuilding of this section of the West.

James, Robert, Jonn and Archie McFadden established the Newport Wharf and Lumber Company, which built and operated what years later became the Southern Pacific Line between here and Newport Beach. The firm engaged extensively in the lumber business, conducting a yard on what is now Fruit street, in the railroad district.

CHIEF'S WIFE'S ARM INJURED IN WRINGER

LAGUNA BEACH, July 21.—Caught in the wringer of an electric washing machine in her home, Mrs. Abe Johnson, wife of the Chief of Police here, suffered severe injury to her arm and wrist. Neighbors rushed to her assistance, cut off the power, and with much effort released her arm.

YOUTH'S DROWNING SIFTED

Inquest to Be Held Today Into Death of William Brown, Whose Body Was Found in San Diego Bay

SAN DIEGO, July 21.—An inquest will be held tomorrow into the death of William Brown, 16-year-old Los Angeles schoolboy, whose body was found floating in the bay yesterday, Coroner Kelly announced. An autopsy performed on the body today revealed that the youth was a victim of drowning.

There were no external or internal marks of violence on the body, Dr. E. G. Colby, deputy county autopsy surgeon, said. Mystery surrounds the manner in which the boy's body got into the bay, police declare.

Last Thursday the lad disappeared from the home of his aunt at 3765 Kettner Boulevard. He was dressed with a shirt, trousers and shoes. When the body was taken from the bay yesterday, these articles of clothing were missing.

A theory was advanced by authorities that the youth may have taken his own life. He recently learned that his mother in Los Angeles was ill and that his father's wages had been reduced at the establishment where he worked. The boy seemed despondent shortly before his disappearance here last week, friends said.

UNMASKED BANDIT IN HOLD-UP

Huntington Beach Service Station Operator Robbed of Watch and Cash

HUNTINGTON BEACH, July 21. An unmasked bandit drove into a service station at Seventh street and Ocean avenue here last night, held up George T. Ballard, the operator, and escaped with $20 in cash and Ballard's watch, according to police. The hold-up occurred about 10 p.m. just as Ballard was preparing to close for the evening.

The bandit was described as being a young, well-dressed man, wearing black-and-white shoes, a tan suit and a light hat. He carried a small automatic revolver and proceeded with the hold-up in a calm manner, according to Ballard.

One Negro Kills Another, Trying to Save Woman

BLYTHE, July 21.—George Sims, Negro, shot and killed James Manheim, another Negro, last night at a ranch thirteen miles south of Blythe, as Manheim pursued a Negro woman, knife in hand.

Sims shot Manheim with a 12-gauge shotgun. Manheim was not killed instantly but ran fully a hundred yards in pursuit of the woman before falling.

Immediately after the murder Sims calmly went to the telephone, called for the Blythe officers, and informed them what he had done. He waited until their arrival and made no attempt to escape.

Aside from saving the woman, no motive has been given for the murder. Manheim received the charge in the shoulder and his lungs were punctured. He was shot from the back. All three principals in the affair were said to have been drinking. Manheim, who had been living with the woman, according to officers, had quarreled with her early in the day. She had hid in the woods near the ranch when Manheim found her and started to attack her. Sims is said to be but a casual acquaintance of the pair, having come here three months ago from Oklahoma.

Expedition to Guadalupe Not Yet Under Way

SAN DIEGO, July 21.—Members of this year's Zo-ological Society expedition to Guadalupe Island and Scanlon's Lagoon, all packed up and ready to go aboard the navy tug Koka and the yacht Seaflower, today await notice that negotiations between the United States and the Mexican government have achieved completion.

Late reports last week indicated a start at noon yesterday, but a last-minute delay in the issuance of necessary permits has postponed the expedition.

The personnel of the party consists of President Wegeforth, Secretary Belle Benchley, representatives of the Bureau of Forestry, and others. The group hopes to verify rumors that Guadalupe fur seal, long believed extinct, still lives, and to collect specimens and observational data on shore birds now nesting at the locale. The forestry observers are interested in moisture-resisting properties of the Guadalupe type of cypress trees.

Autopsy Shows Cause of Death

SANTA ANA, July 21.—Fred W. (Dutch) Schultz, 35 years of age, employee of Sparks & McClelland, Newport Beach dredging company, met his death by drowning, an autopsy conducted over his body revealed today. Schultz's body was found in two and one-half feet of water in Newport Bay Saturday morning by fellow-workmen.

An inquest is scheduled to be held at the Grooms & Reisenberg funeral parlors at 10:30 a.m. tomorrow. Funeral arrangements have been delayed pending word from relatives in the East.

WOMAN SUCCUMBS TO INFANTILE PARALYSIS

HUNTINGTON PARK, July 21.—There has been some increase in infantile paralysis cases in this district during the past few days, according to Dr. George M. Malkin, district health officer, with one death recorded. Mrs. Hettie Taylor of San Luis street, South Gate, was a victim of the disease, having died in a Los Angeles hospital last week. Her little daughter Helen had contracted the disease and she was removed to a hospital. A week later Mrs. Taylor became ill with the disease.

Dr. Malkin states that the total number of cases of this disease this month has reached twelve, as compared with seven for the entire month of June. Nine of these nineteen cases in June and July have been in South Gate, while others are scattered throughout the large district which includes several cities and unincorporated sections of the county. There have been a total of twenty-three cases since January 1.

Angeleno Will Buy New Shirts For Patrolmen

SAN DIEGO, July 21.—M. H. Sohlden of Los Angeles does not belong to the State Highway Patrol detachment in San Diego county, but today he promised to buy two new uniform shirts. It seems he showed his disapproval when Officers F. W. Moy and H. H. Waite arrested him at the border yesterday, "for drunkenness" and ripped their shirts from their shoulders.

"Why isn't this a charge of resistance?" inquired Township Justice Arthur L. Mundo.

"Well, you see, when he sobered up, he promised to get us new shirts, and, Your Honor knows we're pretty well accustomed to handling these drunks at the border and a little thing like getting socked in the jaw or losing a shirt doesn't affect our feelings any more," Waite explained.

Sohlden wore amber glasses over bruised eyes when he faced the court. He was fined $50.

Recital Given on New Organ

HERMOSA BEACH, July 21.—Celebrating the installation of its new organ, the congregation of St. Cross Episcopal Church here has arranged an elaborate organ recital for tomorrow night, with Sibley G. Pease, organist and choirmaster of St. James Episcopal Church of Los Angeles, at the organ. He will be assisted in the concert by the choir of St. Cross Church of which J. J. Sparge is choirmaster and James F. Howe, church organist.

Rev. C. H. Parleur, rector, has arranged the program and concert and a large attendance of members and friends is expected for the occasion. The address of the evening will be by Rev. D. F. Howe, D.D.

The organ was originally built by the Hill, Green and Lane Organ Company of Alliance, O., and was rebuilt for St. Cross Church by the Robert Morton Organ Company at Van Nuys. It is a two-manual organ with eight stops, including a beautiful set of chimes. Its acquisition follows a program begun a number of years ago and is a milestone in the progress of the local church.

VALLEY TOWNS GIVEN PROMISE OF BUS LINE

OWENSMOUTH, July 21.—The west end of San Fernando Valley is likely to get a bus line that will run from Owensmouth and Chatsworth to Van Nuys and San Fernando and other towns in the eastern end of the valley area.

Officials of the Bay Cities Transportation Company of Santa Monica, which operates a bus line north and south through the valley, will appear at the next meeting of the West End Associated Chambers of Commerce and give further details on whether the line is to be opened soon. If the line is established it will be on a schedule to connect with the north and south route through Santa Monica hills, via the university at Westwood, and on into the beach cities districts. The west end of San Fernando Valley is without transportation facilities other than the Pacific Electric which has a terminus here.

POSTOFFICE SHOWS GAIN

SOUTH GATE, July 21. — Total receipts at the local postoffice for the first half of 1930 as compared with the first six months of 1929 show a large increase, states Postmaster Carl G. Huntington. He gives out the information that the receipts for the first half of last year were $11,080.07, and that the receipts for the first six months this year were $17,142.95, an increase of $6,063.88, or a net increase of 54.7 per cent.

WRONG TIME TO GO TO SCHOOL

Negro Caught Riding "Rods" Pleads Studies to Keep Out of Hard Labor

SANTA BARBARA, July 21. "School days, school days; good old golden rule days" were forgotten for a while—just long enough for Ben Moore, Monrovia Negro, to get caught evading railroad fare and then he remembered those days without avail here.

"Twenty days in jail with hard labor," said Police Judge E. A. Rizor today, peering over the bar at the gangling prisoner, who had been caught riding the "rods" in a sort of free luxury.

"Judge, dat ain't right," pleaded Moore. "I can't spend all dat time in jail. I'se got to go to school."

"That's too bad," sympathized the judge, "but it is vacation time now and all work and no play makes Jack a dull boy. You need some work."

Many Arrests in County-Wide Liquor Raids

VENTURA, July 21.—Twenty-five persons were arrested, fifteen gallons of liquor and two stills were seized as evidence, and more than 400 quarts of intoxicants were dumped out in county-wide liquor raids staged by the Sheriff's office over the week-end.

Fines totaling more than $2000, with alternate jail penalties aggregating more than three years, have been meted out to several of those jailed. Eighteen of those arrested still were in jail today, while others had been released by payment of fines.

About 375 quarts of beer were dumped out at a Camarillo residence, while more than forty quarts of the same preparation went into the sewer mains of Ojai, the officers said today.

The raid covered Oxnard, Camarillo, Fillmore, Santa Paula, Ojai, Santa Susana, Simi and Ventura. Charges were filed against the various defendants on a variety of counts under the State Wright Act, including sale and possession of liquor and possession of stills.

Club Women Get Appointments

HUNTINGTON PARK, July 21.—With the regular summer vacation of the Woman's Club now taking place, Mrs. J. B. McDonald, president of the organization, has announced federation chairmen and committee heads for the club year, the regular sessions to begin early in the autumn.

Mrs. F. A. McClung takes the place of first vice-president and program chairman which was left vacant by the resignation of Mrs. Angus McDonald. Other officers either installed at the last club meeting or having finished their first year of a two-year term and who are to serve for the coming year are: Mrs. A. H. Johnson, second vice-president; Mrs. Robert A. Dunn, third vice-president; Mrs. H. H. Wagner, recording secretary; Mrs. R. D. Klinker, financial secretary; Mrs. N. M. Kemplin, corresponding secretary; Mrs. P. H. Baker, treasurer; Mrs. Sam Moch, auditor; Mrs. R. E. Squire, parliamentarian, and Mrs. F. J. Bluemle, curator.

Federation chairmen appointed are: Mrs. H. E. Gleason, federation extension; Mrs. K. A. Nagel, art; Mrs. R. A. Dunn, music; Mrs. R. H. Rodgers, drama; Mrs. J. A. Mosher, California history and landmarks; Mrs. F. A. McClung, program; Mrs. D. E. Lord, motion pictures; Mrs. W. H. Crocker, literature; Mrs. H. M. Rothwell, legislation; Mrs. J. V. Berggren, press and publicity; Mrs. A. M. Loomis, institutional and philanthropy, and Mrs. R. E. Squire, parliamentary law.

Standing committees will be in charge of Mrs. McClung, who will have assisting her Mrs. J. P. Nichols, Mrs. C. M. Webber, Mrs. H. M. Lough and Mrs. C. H. Cowgill. Mrs. R. A. Metz will be chairman of the ways and means committee, assisted by Mrs. Earl McClary and Mrs. Elmer Davis. Mrs. Robert A. Dunn will be membership chairman and Mrs. W. R. Coates hospitality chairman.

The house committee will be headed by Mrs. J. W. Baker and vice-chairman in this group will be Mrs. A. E. Paine, Mrs. Z. N. Nelson, Mrs. C. H. Townsend and Miss Bessie Jordan. Mrs. P. H. Baker will again head the junior advisory committee and will receive the assistance of Mrs. R. D. Klinker and Mrs. John Wood. Mrs. F. J. Bluemle has been appointed curator of the English section.

PIPE SMOKER "DISINFECTED"

He Enters Blythe Feed Store Being Fumigated Against Insects With Carbon Bisulphide and is Blown Into Street Just Ahead of Plate Glass Windows

BLYTHE, July 21.—A lighted pipe and a quantity of carbon bisulphide played havoc with one of Blythe's downtown business houses. Richard Williams of the Valley Hay, Feed and Grain Company had closed his store and had released a large quantity of carbon bisulphide for the purpose of fumigating the grain and feed against insect pests. The room was well saturated with the gas when in walked Jim Burke with a lighted pipe.

Suddenly Burke bounced out in the street at the head of a terrific explosion, and seven plate-glass windows followed suit. Several men in the store were knocked down, and part of Williams's clothing was burned away.

Glass was blown a block from the store and a fire followed the explosion. The grain store is next door to the fire hall, however, and the fire damage amounted to only a few hundred dollars, owing to prompt action on the part of the firemen.

PUBLISHER CRASH VICTIM

L. D. McGahan of 'Police Reporter' and 'Southwest Topics,' Killed in Collision at Long Beach

LONG BEACH, July 21.—Luther D. McGahan, 1038 West Eighty-third street, Los Angeles, publisher of the Police Reporter and of the Southwest Topics, a Los Angeles West Side community paper, was killed almost instantly in a collision between two automobiles here at the three-cornered intersection of Livingston Drive, East Second street and Quincy avenue. W. H. Mace of 800 East Ocean Boulevard, this city, was the driver of the other car.

Witnesses reported that Mace's car skidded about sixty feet before it struck McGahan's machine broadside. The victim's car was not upset, but McGahan, who was driving, was thrown from his car and fell almost directly underneath the wheels. He was rushed to Community Hospital, where he was pronounced dead.

An inquest will be held Wednesday at the B. W. Coon funeral home here at 2:30 p.m., after which the body will be removed to Los Angeles for interment, according to the son, L. S. McGahan. T. H. Eckerson of 1231 West Seventy-seventh street, Los Angeles, was a passenger in the car with McGahan, but was uninjured. They were returning to Los Angeles from the McGahan summer home at Laguna Beach.

DECLINE IN PARALYSIS CASES SEEN

Two Released and Only Four Under Quarantine in Orange County Now

SANTA ANA, July 21.—Indicating a gradual decline of the infantile paralysis infection in Orange county, the County Health Department today reported that with the release of two cases, only four remain under quarantine and no new cases have been reported within nearly a week.

The department renewed its plea for continued co-operation on the part of parents, by keeping children away from groups or gatherings and separated so far as is possible, in order to avert fresh outbreaks of the infection.

It was stressed that while the situation is taking on an encouragingly favorable appearance, the utmost caution must be observed to preserve the trend now becoming apparent.

One case at Orange and one at Costa Mesa were released from quarantine today. Of the four remaining cases originating in this county, one is in the Los Angeles Orthopedic Hospital and the other three are quarantined at the County Hospital. Two of the cases came from Laguna Beach, one from Costa Mesa and one from the Savanna district.

Yucaipa Votes Street Lights

YUCAIPA, July 21.—Yucaipa will have light. The election to determine whether the town should have street lights or not resulted in thirty-three being for and twenty-nine against. The sixty-two votes cast comprised nearly 80 per cent of the qualified voters in the townsite. There were seventy-eight registered votes which might have been cast.

The registration and vote would have been heavier, said observers, if the community had been given more adequate notice of the election. When the date was set for the 19th inst., it was already too late for unregistered voters to qualify for the election.

Election of officers were: Mrs. J. C. Fritts, Mrs. R. H. Arnett and Mrs. T. J. McDonald, who counted the ballots when polls closed at the D. M. Holsinger hardware store. The polls had been open since 1 p.m. The methods of lighting will be determined shortly by a committee composed of F. R. Davis, chairman; M. A. Dunham and D. M. Holsinger.

Three Measures to be Voted On

UPLAND, July 21.—Civic leaders today were confident the city's three measures up for special election the 24th inst. will carry successfully. The outstanding issue to be voted by the public concerns parks and parkways. The voters will be asked to express themselves whether the city shall continue pending money for the maintenance of Euclid avenue parkway, one of the Southland's beauty spots, and other parks.

The two other questions are whether the city shall continue to provide funds for weekly band concerts, and whether a fund shall be set aside for advertising and promoting the city.

To carry on the program as it is now in force means that a rate of 27 cents on each $100 of assessed valuation is needed. A two-thirds majority vote is necessary to win.

The plan as outlined to the voters would be a rate of 20 cents on each $100 valuation for the park program; 5 cents for music and entertainment, and 2 cents for advertising and promotion.

Delegates for Synod Chosen

GLENDALE, July 21.—Rev. W. E. Edmonds, pastor, and James Newton, elder, of the Glendale Presbyterian Church, will represent the church at the meeting of the church synod, to be held in Immanuel Church, Los Angeles, the 24th to 30th inst. The synod will be made up of representatives of congregations in California, Arizona and Nevada, almost half of which are situated in Southern California.

Other local churches to be represented are Tropico Presbyterian, that will send its pastor, Rev. A. E. Lucas, and Grandview Community Church, that will send Rev. Henry T. Babcock as its delegate.

GARDENER FALLS OFF HIGH GARDEN WALL

GLENDALE, July 21.—Falling ten feet from the retaining wall of a garden on which he was placing a row of flower pots, S. Manuyame, 50-year-old gardener, is at his home, 811 East Maple street, suffering from concussion and a possible skull fracture. Manuyame was working on the grounds of the Claude Andrews home at 1023 Mountain street at the time of the accident.

Training Ship Crosses Pacific Under Sail Only

SAN DIEGO, July 21. — After crossing the Pacific under "sail alone, being fifty days out from Kobe, Japan, the Japanese training ship Shintoku Maru will arrive here tomorrow for an eight-day stay. On a previous visit to this harbor the four-master attracted much attention, it being the custom at that time to use small sailing craft for shore boats. An extensive program has been arranged by the San Diego Japanese Association, starting with official calls tomorrow. The next stop on the schedule is Hilo, where the cadets and crew will visit September 19 to 26. San Diego and Hilo are the only two stops on the vessel's orders. For training purposes the Shintoku Maru is being handled under sail alone, and is due back at Kobe October 10. The vessel is under the command of Capt. Hayashi Hobuo.

Mother Returns From France

ONTARIO, July 21.—Mrs. N. L. Wood, the only local Gold Star mother to make the pilgrimage to France to visit the grave of her son who was killed in action, has returned to her home well pleased with the splendid care the graves in the war cemeteries of France are receiving.

Mrs. Wood's son was Lieut. Alton P. Wood. He and a patrol of ten men were ordered to go into the German trenches to obtain information. While in the trench Lieut. Wood was detected and German machine guns were turned on him. He was shot but managed to get his patrol back to safety, but died in a hospital.

The highest honors of the War Department and government were conferred upon Lieut. Wood posthumously.

Two days were spent by the Gold Star mothers in Paris and several in Verdun, from which point Mrs. Wood was taken to visit the battlefields and cemeteries. Each contingent of mothers placed a wreath on the tomb of the Unknown Soldier. Mrs. Wood's contingent elected a mother to have this honor whose two sons were killed the same day during the war.

PRISONER SAYS HE'LL WRECK JAIL NO MORE

REDLANDS, July 21.—Philip Gonzalez made a resolution this morning in Police Court when he told Judge C. G. Potter he never intends to get drunk enough to wreck a jail again. "Why, judge, do you know I wrecked the jail so that the lock on the big door was broken?" he asked. "Although I do not remember anything about it. And, then, when the police came to feed me this morning, they could not get the door open. I was in jail and there to stay, it looked like. They got a locksmith and it took him about an hour to get the door open." Gonzalez was crazy drunk, according to the police, and must have gone on a rampage during the night for the jail has the appearance of being hit by a cyclone this morning. There is no jailer at the City Jail.

LEGION PICKS DELEGATES

RESEDA, July 21.—Delegates, to attend the American Legion State convention to be held next month at Sacramento, were chosen today at the regular meeting of the Reseda post this week. Those elected were Harry Robinson, E. L. Parker and Dr. W. K. Hedrick. Alternates are A. M. Nelson, Charles H. Drum and Earl Radke.

POST TRAGEDY ECHOES HEARD

W. R. Coy, Former Bank Accused by Executor

Accounting Asked of Estate of Dead Actress

Charges Assertedly Based on Woman's Letters

SANTA ANA, July 21.—[illegible] the suspicion that W. R. Coy, former vice-president of the [illegible] Bank at Laguna Beach, has [illegible] cealed" jewelry belonging to the late Adele Ritchie Post, [illegible] of the stage, whose death [illegible] ing of her friend, Doris [illegible] mer, followed by acidic [illegible] art colony of the beach [illegible] eral months ago. Mother [illegible] Laguna Beach attorney and [illegible] tor of the Post estate, [illegible] the Superior Court to [illegible] an accounting.

White's sensational [illegible] the court, made through [illegible] ney, Carl C. Cowles of [illegible] clares his "suspicion" [illegible] possession of a diamond [illegible] sapphire ring, or both, [illegible] other property of the estate.

Action against the former [illegible] was taken through [illegible] of the Code of Civil [illegible] in connection with the [illegible] tion of the Post estate. [illegible] not formally named [illegible] the action, which was [illegible] clusively to the court, [illegible] Coy be required to appear [illegible] for questioning by the [illegible] cerning the [illegible] of valuables left by the [illegible]

Indirectly, the finger of [illegible] famous actress points [illegible] grave accusingly at the [illegible] according to the [illegible] by White in the document [illegible] today. He declared that [illegible] picion of Coy is based [illegible] ings of Mrs. Post herself, [illegible] in his possession, and which [illegible] cate that the rings and [illegible] other property are in the [illegible] of Coy.

Coy has failed to reply [illegible] tor White's letters of [illegible] garding the matter and [illegible] communicate with the [illegible] White charges.

Upland Plans Pioneer [illegible]

UPLAND, July 21.—[illegible] celebrate the passing [illegible] year that the statue "[illegible] of the Trail" has stood [illegible] tersection of Euclid [illegible] Foothill Boulevard, the [illegible] Commerce today announced [illegible] for an elaborate [illegible] to be staged here [illegible] the pioneers of Southern [illegible] are to be invited to [illegible] the ceremony of each [illegible] fornia. Members of the [illegible] ciety of San Bernardino [illegible] have received the [illegible] the celebration with [illegible] and will have a prominent [illegible] the occasion, according to [illegible] Kirk, secretary of the [illegible] Plans for the picnic [illegible] mulate when the [illegible] veiled one year ago. The [illegible] program and parade [illegible] that time was held in a [illegible] of rain, but undaunted [illegible] declared they would [illegible] later for a much larger and [illegible] colorful spectacle. Walter [illegible] has been named general [illegible] of the celebration. Mayor [illegible] McQuillen heads the [illegible] mittee; the D.A.R. Chapter [illegible] its celebration committee [illegible] man, Mrs. Frank L. Allen [illegible] by Gene Nisbet, public [illegible] len, transportation; C. E. [illegible] cessions, and Vernon Pease [illegible] licity.

Pony Express Aids McGroarty

TUJUNGA, July 21.—[illegible] prominent people, business [illegible] ical organizations and clubs [illegible] are co-operating with John [illegible] McGroarty in the production [illegible] new play, "El Dorado," [illegible] '49, known as the Pony [illegible] Museum, located in Hansen [illegible] come forward with an offer [illegible] less equipment of bales of [illegible] days, that the new play may [illegible] properly furnished with [illegible] accuracy.

Lyon has spent more than [illegible] 000 in the collection [illegible] Pony Express Museum [illegible] these articles adjacent to [illegible] great days of the past [illegible] made available to [illegible] "El Dorado" will be [illegible] the first time on any [illegible] evening of August 4, and [illegible] rustic theater among the [illegible] trees of the author's home [illegible] junga. Already large [illegible] advance reservations [illegible] made for the event, which [illegible] notable not only in the [illegible] the State but in the history [illegible] tive American drama.

BOY STRUCK BY AUTO DIES

John M. Trushein of Costa Mesa Succumbs to Injuries; Four Hurt in Orange County Week-end Traffic

SANTA ANA, July 21.—John Mervin (Jack) Trushein, [illegible] son of Mr. and Mrs. Earl Trushein of Costa Mesa, was killed late Saturday night when he was struck by an automobile driven by W. C. Davis of Pomona, on Newport Boulevard near Newport. The boy was riding a bicycle at the time. His skull was fractured and he died at the Newport Beach Hospital a few hours after the accident.

Ralph Best, Garden Grove, was [illegible] State highway between Santa Ana and Orange. They were [illegible] in the Santa Ana Valley Hospital today being treated for severe head injuries received Saturday in an automobile accident. Details of the mishap were not known at the hospital.

Mr. and Mrs. Clyde Bass, Los Angeles motorcyclists, were severely injured today when the motorcycle they were riding overturned on the [illegible] T. O. Paulson, of the Orange County Road Department, was at the Orange County [illegible] today recovering from [illegible] injuries received [illegible] night near [illegible] Paulson was repairing a [illegible] car when he was struck by a [illegible] machine, according to [illegible] cials.

POST TRAGEDY ECHOES HEARD

W. R. Coy, Former Banker, Accused by Executor

Accounting Asked of Ring of Dead Actress

Charges Assertedly Based on Woman's Letters

SANTA ANA, July 21.—Voicing the suspicion that W. R. Coy, former vice-president of the Citizens Bank at Laguna Beach, has "concealed" jewelry belonging to the late Adele Ritchie Post, Dresden diva of the stage, whose dramatic shooting of her friend, Doris Murray Palmer, followed by suicide, stirred the art colony of the beach resort several months ago, Moresby White, Laguna Beach attorney and executor of the Post estate, today asked the Superior Court to call Coy to an accounting.

White's sensational complaint to the court, made through his attorney, Carl C. Cowles of this city, declares his "suspicions" that Coy has in possession of a diamond ring or a sapphire ring, or both, or possibly other property of the estate.

Action against the former banker was taken through special provisions of the Code of Civil Procedure in connection with the administration of the Post estate. Coy was not formally named defendant in the action, which was addressed exclusively to the court, asking that Coy be required to appear in court for questioning by the executor concerning the suspected concealment of valuables left by the late actress.

Indirectly, the finger of the now famous actress points across the grave accusingly at the ex-banker, according to the situation depicted by White in the document he filed today. He declared that his suspicion of Coy is based upon writings of Mrs. Post herself, which are in his possession, and which indicate that the rings and perhaps other property are in the possession of Coy.

Coy has failed to reply to Executor White's letters of inquiry regarding the matter and will not communicate with the executor, White charges.

Upland Plans Pioneer Picnic

UPLAND, July 21.—To properly celebrate the passing of the [illegible] year that the statue "The Mission of the Trail" has stood at the intersection of Euclid avenue and Foothill Boulevard, the Chamber of Commerce today announced plans for an elaborate Pioneer Picnic, to be staged here September 8, at which the pioneers of Southern California are to be invited to participate in the ceremony of early days in California. Members of the Pioneer Society of San Bernardino county have received the announcement of the celebration with enthusiasm, and will have a prominent part in the occasion, according to Claire W. Kirk, secretary of the chamber. Plans for the picnic began to [illegible] simulate when the statue was unveiled one year ago. The elaborate program and parade arranged at that time was held in a downpour of rain, but undaunted, the pioneers declared they would gather again later for a much larger and more colorful spectacle. Walter W. Bimat has been named general chairman of the celebration. Mayor P. H. McQuillen heads the program committee; the D.A.R. Chapter has its celebration committee chairman, Mrs. Frank L. Allen, assisted by Gene Nisbet, parade; Walter Allen, transportation; C. E. Kirk, [illegible] sessions, and Vernon Payne, publicity.

Pony Express Aids McGroarty

TUJUNGA, July 21.—Among prominent people, museums, historical organizations and others who are co-operating with John Steven McGroarty in the production of his new play, "El Dorado," Porter Lyon, whose great museum of the days of '49, known as the Pony Express Museum, located in Pasadena, has come forward with an offer of priceless equipment of relics of the early days, that the new play may be properly furnished with historical accuracy.

Lyon has spent more than $100,000 in the collection housed in the Pony Express Museum. And all these articles salvaged out of the great days of the past have been made available to McGroarty.

"El Dorado" will be produced for the first time on any stage on the evening of August 9, next, in the rustic theater among the live oak trees of the author's home at Tujunga. Already large numbers of advance reservations have been made for the event, which will be notable not only in the history of the State but in the history of native American drama.

BY AUTO DIES

Mesa Succumbs to Injuries; County Week-end Traffic

Mervin (Jack) Tyuchein, 12-year-old of Costa Mesa, was fatally injured when struck by an automobile driven by [illegible] Boulevard near Fourteenth street [illegible] time. His skull was fractured and [illegible] a few hours after the accident. State highway between Santa Ana and Orange. They were treated at the Orange County Hospital.

T. C. Paulson, 46, Los Angeles, was at the Orange County Hospital today recovering from severe injuries received at midnight last night near San Juan Capistrano, when he was struck by another car when he was repairing a tire on his machine, according to hospital officials.

...Increase on 1929 Period Given as $80,888

...ew Outlook of Concern Declared Bright

...ducts of Electrical Products Corporation of California, wholly owned subsidiary of Claude Neon Electrical Products Corporation, Ltd., of Delaware, for the first six months of this year amounted to $283,113.06, after charges, as against $212,224.49 for the same period last year, an increase of $80,888, or more than 38 per cent, according to a report released yesterday by Fred D. Howes, president. Net earnings totaled $57,991.14, as compared with $48,114.19 for the same period last year, a gain of $9,876. The foregoing figures do not include profits of the Oregon subsidiary acquired January 1, last, Howes explained.

"Our collections are surprisingly good, and the fact that business is picking up generally just at present has not been reflected in our earnings," the report stated. "With the slowing up of business in general, many think more of economy and methods of increasing their sales than when business was going along on an even keel. Recently both the Oakland and Los Angeles factories are running full time with probably the largest number of inquiries we have had in the past two years."

The consolidated statement of earnings of Electrical Products Corporation, Ltd., of Delaware, for the six months of the year, is ready to mail to stockholders shortly after August 1, next, and shows a substantial increase in earnings over the same period of last year, Mr. Howes said.

Several plants have just been opened in San Diego and Long Beach [illegible] a small plant is to be opened in Alhambra.

...eral Foods ...poration in Income Report

Net Earnings of Beechnut Packing Sag

NEW YORK, July 21.—Net profits of the Beechnut Packing Company for the first six months of the year amounted to $1,438,814 after charges but before taxes, compared with $1,553,242 in the 1929 period, "according to the statement released today.

After allowing for estimated Federal tax and dividends on forty-five shares of class A stock outstanding, the net income was equal to $2.96 a share on 446,250 shares of common, compared with $3.24 a share in the previous year.

For the June quarter the profit before tax was $824,783, against $806,835 in the 1929 quarter. After estimated taxes and preferred dividends, the balance was equal to $1.72 a share on 446,250 shares of common, against $796,604, or $1.87 a share on 425,000 shares of common in the June quarter of 1929.

During the first half of this year the company reports the expenditure for special advertising and development work of $316,093, which has been charged against a special appropriation made for this purpose in 1928.

Trade Recovery Signs Reported

BOSTON, July 21. (Exclusive)—Thus far in July business has displayed the sluggishness characteristic of midsummer, after failing in June to attain its normal seasonal volume, the Harvard Economic Society in its current weekly letter states.

Some factors which have contributed to delay in business recovery, notably commodity price and stock price declines, seem at present to have about spent their force and no new adverse factors are in sight, the review adds. It is believed that foundations have been laid for the recovery and that substantial improvement will be in evidence during the present half year.

Shares of New Trust on Mart

An initial Pacific Coast offering of Public Service Trust Shares will be made today, C. M. Cryan, president of C. M. Cryan & Co., national syndicate managers for the investment trust, announced yesterday.

At the same time he announced that Harry Floydstead has been appointed manager of national distribution for C. M. Cryan & Co. Mr. Floydstead was formerly in charge of Southern California wholesale distribution for E. B. Palmer & Co., who represent in the West the United States Corporation and August Belmont Company. He will remain in Los Angeles for the next thirty days developing dealer distribution prior to going to New York to assume direct charge.

Net Profits of Chesapeake Off

NEW YORK, July 21.—Net income of the Chesapeake and Ohio Railway, including the Hocking Valley, totaled $2,725,809 in the month of June, compared with $2,903,062 in June, 1929. Both figures are after taxes, charges and sinking fund appropriations.

For the six months ended June 30, last, net income totaled $14,961,397, after charges, equal to $9.77 a share on 1,530,576 shares of common, after allowing for preferred dividends. This compares with $15,237,567 in the first half of 1929, or $9.95 on the same number of shares.

Smelting Unit in Foreign Deal

LONDON, July 21.—American Smelting and Refining Company has acquired a substantial interest in Mining Trust, Ltd., and has provided the necessary capital for further development and equipment of Mt. Isa property in Australia on an extended scale and for construction of the mining trust's silver-lead bullion refinery.

American Smelting agreed to place at the disposal of Mining Trust for a minimum period of ten years its technical assistance. H. A. Guess has been elected vice-chairman of Mining Trust.

WESTERN AIR TO RUN SET-UP

Hanshue Group Expected to Operate Los Angeles-Chicago Route if Fusion is Completed

BY EARLE E. CROWE

Harris M. Hanshue and the Western Air Express management are expected to dominate the projected union of T.-A.-T.-Maddux and Western Air. Formal announcement of the combination, according to information available here, will reveal terms under which the eminently successful Western Air management will operate the Los Angeles-Chicago route as well as its own 15,000 miles of lines now flown.

T.A.T.-Maddux operating officials will undoubtedly continue under the plan of joint operation. The magnitude of the Western Air Express system, which would include exclusive operations over the Los Angeles-Chicago route, would require substantial additions in trained personnel if the deal is concluded as reported.

ONE LINE ONLY

Agreement of the two companies to pool their activities in the transportation of passengers and express between Los Angeles and Chicago will eliminate one line, probably the one now operated by T.A.T.-Maddux. Conjecture here is that the Western Air route from Los Angeles to Kansas City will be retained as the fastest and most feasible to operate.

Western Air flies this route in about thirteen hours. Landing in Kansas City, passengers are able to to make fast train connections to Chicago, while the T.A.T.-Maddux schedule calls for air travel to Clovis, N. M., train to Waynoka, Okla., and air to Columbus, O. From various points along this route train connections are made to Chicago.

Much of the eastern route is virtually duplicated under the existing plan of dual operation. From Los Angeles to New Mexico and Texas points the two lines fly nearly the same route, which provides the opportunity for the elimination of duplicated facilities over a considerable expanse of territory.

CONTRACT EXPECTED

So far as the Los Angeles-Chicago air-mail contract is concerned, the unofficial information from the East is that the fusion of the two lines will immediately clear up the situation. The government, it is understood, has been in somewhat of a quandary over this contract, since both Western Air and T.A.T.-Maddux are pioneer operators over the route and thus entitled to preferential consideration. The proposed combination will leave one established company as the bidder.

Unofficial reports also state that Western Air Express has been assured the Los Angeles-El Paso contract, for which it is the only bidder as the single line operating over this route. The position of this company in respect to mail contracts is excellent because of the company's policy in devoting the major portion of profits to the extension of passenger routes. This program conforms to the government's basic ideas in promoting airline expansion through the award of mail contracts as a subsidy.

Western Air now flies approximately 15,800 miles daily. This is an increase of nearly 100 per cent over the 8000 miles flown a year ago.

New Tickers to Start Shortly

Ticker service from the Chicago Stock Exchange will be inaugurated to Los Angeles and other western cities about September 1, Gilbert M. Clayton, statistician for the exchange, announced here yesterday. Seven subscribers for the service have been signed in Los Angeles.

Included on the western circuit are Salt Lake, Denver, San Francisco, Oakland and Los Angeles, which will raise the number of cities served by Chicago tickers to forty-two, Mr. Clayton said. The Chicago Stock Exchange extended its service to New York in 1925 and plans soon to expand into Canada, according to Mr. Clayton.

BLAW-KNOX INCOME IN HALF-YEAR SAGS

NEW YORK, July 21.—Blaw-Knox Company reported today net profits for the six months ended June 30, last, of $1,684,002 after charges and taxes, equal to $1.27 a share on 1,322,395 no par common shares. The earnings include subsidiaries, and compare with net profits in the first half of 1929, including companies subsequently acquired of $1,392,366, equal to $1.05 a share.

COTTON MARKET

NEW YORK, July 21. (AP)—Cotton was lower today under realizing or liquidation by recent buyers, while demand was less active following the advance of last week.

Prospects for showers in some sections of the western and central belts and a possibility they might foreshadow a change in weather conditions seemed to be chiefly responsible for the decline which carried the more active new crop months about 30 to 35 points net lower. There was some covering and a little trade buying, but the market showed very little rallying power and prices at 2 o'clock were within a point or two of the lowest, with the new October selling around 12.99, or 32 points net lower.

RANGE OF PRICES

NEW YORK, July 21.—Cotton futures:

	High.	Low.	Close.
Jan., old	13.52	13.36	13.40
Jan., new	13.40	13.18	13.19

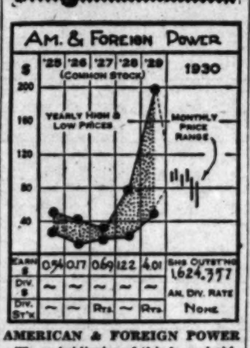
NEW YORK, July 21.—Spot, quiet; middling, 13.13.

NEW ORLEANS, July 21.—Spot cotton closed quiet, 30 points down. No sales; middling, 12.90.

COTTONSEED OIL

NEW YORK, July 21. (Exclusive)—Cottonseed oil was moderately active today and after displaying an easy tone practically throughout the session in keeping with the other markets closed with an irregular tone. This was due to a better demand for some new contracts which closed 15 points lower to 5 points higher, while old contracts were 10 points higher to 15 lower. Sales, 5200 barrels, including 3700 in the old contract and the balance in the new. Prime crude, nominal; prime summer yellow, spot, old, 8c; July closed 8.25c; September, 8.43c; October, 8.45c; December, 8.38c; new, December, 7.80c; January, 7.95c; March, 8.10c.

WHAT'S BEHIND YOUR STOCK



AMERICAN & FOREIGN POWER

The subsidiaries of this large holding company operate chiefly in the Latin-American countries of Cuba, Brazil, Mexico, Panama, Chile and Argentina, serving more than 700 communities with an estimated population in excess of 10,000,000. The Electric Bond and Share group holds a majority of the common and preferred stocks of the corporation. Expansion since organization of the company in 1923 has been very rapid and is being continued on a large scale in the undeveloped foreign field, where almost unlimited possibilities await exploitation. Substantial minority investments are carried in various utility properties in Italy, France, Germany, Japan, China and India.

Earnings of $4.01 per share in 1929 registered a remarkable expansion of 235 per cent over net for the previous year. No dividends have been paid on the common to date, but valuable rights are issued periodically in connection with financing the expansion of the company.

CAPITALIZATION

Funded debt	$73,827,127
Pref. stocks (no par) shares	2,650,218
Option warrants to buy common	3,434,000
Common stock (no par) shares	5,134,597

Current Data: Net income for the twelve months ending March 31, 1930, was $25,328,444. This compares very favorably with the $15,802,115 reported for the similar period a year ago.

(All rights reserved. Cambridge Associates, Boston.)

Standard Unit May Sell Tires

NEW YORK, July 21. (Exclusive) Standard Oil of New Jersey, Del., Inc., operating subsidiary of Standard Oil of New Jersey, has under consideration the sale of automobile tires at its service stations located in New Jersey, Virginia, West Virginia, Maryland, District of Columbia and North and South Carolina, it is reported here. If a favorable decision is reached on the proposition tires also may be sold by the Standard Oil Company of Pennsylvania, a subsidiary operating in Pennsylvania.

Colonial Beacon Oil Company, controlled by the Jersey company, already is marketing tires at its stations located in New York and New England. Tires are purchased from the Atlas Supply Co., Inc., of this city.

Hudson Motor Earnings Off

DETROIT, July 21. (Exclusive)—Hudson Motor Car Company reported today for the quarter ended June 30, net income of $1,075,067 after charges and Federal taxes, equal to 67 cents a share on 1,596,660 shares of no-par capital stock. This compares with a profit of $2,316,945, or $1.45 a share in the preceding quarter and $6,053,729, or $3.79 a share in the second quarter of 1929.

Net income for six months ended June 30, 1930, totaled $3,392,012, equal after the above charges to $2.12 a share on the stock, which compares with a profit of $10,621,512, or $6.65 a share in the first half of 1929.

DOBLE STEAM MOTOR REPORTS DEFICIT

SAN FRANCISCO, July 21.—Doble Steam Motors Corporation reported today deficit of $3472 during the five months ended May 31, last. Assets totaled $2,001,152 with current assets of $17,727, and current liabilities of $103,172. A letter to stockholders announces plans for the formation of the Doble Steam Motors Finance Corporation, for the purpose of raising capital sufficient to liquidate the company's current liabilities and mortgage debts.

CLUETT-PEABODY IN EARNINGS REPORT

NEW YORK, July 21.—Cluett, Peabody & Co., Inc., and subsidiaries reported today for the six months ended June 30, last, net profits of $418,041 after taxes and depreciation equal after preferred dividends to $1.33 a share on 192,391 shares of no-par common stock. This compares with $332,841 or 85 cents a share for the first six months of 1929.

EARNINGS OF OIL CONCERN POINTING UP

Net of Pacific Western for Second Half of 1930 Due to Show Gain

Pacific Western Oil Corporation will show a substantial increase in earnings for the second half of this year over the first half, if present conditions continue, W. C. McDuffie, president, stated yesterday. The earnings statement for the first six months of this year which will be issued soon will show net earnings of around $1.20 a share on 1,000,000 shares outstanding, as compared with $1.06 a share in the same period of last year.

Mr. McDuffie pointed out that the company had the benefit of increased crude-oil prices for only three and a half months of the six months' period just closed. Taking this into consideration, operations for the remainder of the year should show in the neighborhood of $2.50 a share for the full year 1930 on a conservative estimate. In 1929 the corporation earned $1.82 a share.

While earnings indicate the corporation is in a position to begin dividends, the policy has been to build up cash reserves to permit the company to take advantage of opportunities to acquire additional holdings, and this course will be continued, Mr. McDuffie added. No merger proposals are under discussion, according to the official.

The corporation has been able to increase its production of crude oil because of the increased potential production of the Elwood field. Daily crude-oil production in the first half of this year has averaged 19,900 barrels, as against 16,736 barrels in the like period of last year and 16,818 barrels in the last half of 1929.

With curtailment efforts in California and other sections of the country making progress, the oil industry is apparently well on its way toward stabilization, Mr. McDuffie said.

Procter-Gamble Profits on Soap Sales Point Up

CINCINNATI (O.) July 21.—Excluding James S. Kirk & Co., recently acquired, Procter & Gamble Company reported today for the year ended June 30, last, net profits of $22,450,600 including adjustment of prior year's tax reserve amounting to $240,282 and after depreciation, interest, taxes, etc.

After deduction of preferred dividends net income was equal to $3.37 a share on 6,410,000 no par common shares. In the previous year the company earned a total of $19,148,933, the equivalent to $2.89 a share on the same number of common shares.

Gross sales totaled $203,365,610, compared with $201,213,831. Current assets were $87,646,446 and current liabilities $6,452,495. At the close of the previous fiscal year current assets were $75,106,187 and current liabilities $6,499,431.

Twelfth Area Borrowings Up

Security loans of reporting member banks of the Twelfth Federal Reserve District for the week ending the 16th inst. were announced yesterday at $445,000,000, as against $432,000,000 in the preceding week, an increase of $13,000,000. The total as of July 17, 1929, was $411,000,000.

Principal assets and liabilities of the reporting member banks in millions of dollars follow:

	July 16, 1930	July 9, 1930	July 17, 1929
All loans	1327	1332	1333
Govt. securities	317	333	344
Other securities	289	288	332
Total investments	606	621	676
Total loans and investments	1904	1949	1932
Borrowings at Federal Reserve Bank	...	...	33

Intertype Net in Sharp Drop

NEW YORK, July 21.—For the quarter ended June 30, last, net income of the Intertype Corporation totaled $128,307 after depreciation and reserve for taxes, compared with $217,778 in the second quarter of 1929. The net income for the second quarter of this year is equal after preferred dividend requirements to 47 cents a share on 221,612 shares of no-par common, against 97 cents on 201,405 shares in the 1929 quarter.

Net income for the six months amounted to $303,797, equal to $1.16 on the common, compared with $413,476 in the first half of 1929, or $1.82 a share.

El Capitan Dam Bond Issue Sold

On its bid of par plus a premium of $32,713 for the $400,000 El Capitan Dam, San Diego county 5 per cent bonds, a syndicate composed of National Bankitaly Company, Angio London Paris Company and Eldridge & Co. yesterday were awarded the issue. The bid represents a 4.20 per cent basis.

Other bidders were R. H. Moulton & Co. with a premium of $32,528 and Weeden & Co. with a premium of $32,468. The first three bids were on a 4.20 per cent basis, the difference in premiums being represented by variation in the margin of profit.

PARAMOUNT ELECTS

Directors of the Paramount Publix Corporation, at its meeting yesterday in New York, elected as assistant secretaries of the company, Joseph H. Seidelman, assistant manager of the foreign department, and Walter B. Cokell, head of the budget and statistical division of the treasury department.

FARMER CASE IN NUTSHELL

Says Failure of Producers to Co-operate as Unit in Broad Sense Chief Trouble

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, July 21.—Alexander Legge states that the farm difficulty today comes in "getting producers to co-operate."

"With farmers organized," he says, "the adjustment of production and effective marketing of agricultural products would be comparatively easy. Unity of action is needed through every stage from planning and planting to marketing."

That's it. The opportunity is there. Farms are exempt from the provisions of the Sherman anti-trust laws. They can and should organize effectively as a unit in every process of their work.

But, being strong individualists, they hesitate. They live a life pretty much alone. Co-operation is one hard pill for the farmer to swallow.

Hence the Farm Board's emphasis and even pressure, in insisting that farmers organize co-operatively for results.

Until they do, no one knows better than Chairman Legge the hopelessness of his task.

Robert D. Sterling, editor of the Northwestern Miller, told Samuel R. McKelvie, member of the Federal Farm Board, that when wheat sells for $1 a bushel, a barrel of flour must be sold for approximately $4.50. When the price of wheat is $1.50 per bushel, the price of a barrel of flour must be, approximately, $7.50. The difference, distributed over 275 to 300 loaves of bread, baked from a barrel of flour, amounts to slightly less than 1 cent a loaf.

"Unless bakers are to be condemned as witless inviters of bankruptcy, that 1 cent must be passed along to the consumer," says Mr. Sterling, "and bread may continue at the higher price long after wheat has declined."

Mr. McKelvie, former Governor of Nebraska, replied that the miller hedges his purchases of wheat and bases his flour sales thereupon. The baker, too, hedges his purchases of flour. So the hazards of "price fluctuation of wheat and flour are removed, and the consumer of bread should not be obliged to wait a year for a share in the lower prices."

"I am not interested in averages or trends or prospects, but I am interested in the actual facts as they may be given to the millions of people in this country who consume bread," says Mr. McKelvie.

Mr. McKelvie insists that a big drop in the price of wheat during the last twelve months has not been followed by any change in the retail price of bread. Why?

The Farm Board believes that as the price of wheat drops, the price of bread should drop, too, and thus "enhance the consumption of wheat."

It's not quite so simple as that, but the idea is there.

Orange Market Stronger Since Start of July

Over the July 4 holiday and since that time a strong demand has obtained for California oranges and the supply has been more nearly normal than in the previous month, according to Dana C. King, orange sales manager of the California Fruit Growers' Exchange. Prices have been favorable, he reports, but slightly lower than in the previous month.

"The volume of exchange oranges and grapefruit sold during the past month has been quite satisfactory as compared with the total crop for the season," Mr. King said. "The demand for oranges during June was not as strong as the previous month when the total supply from all sources was considerably reduced due to the clean-up of the Florida crop, the light crop of California navels, reduction in the Central California Valencia crop, and the late maturing of Valencias in Southern California counties. Prices are now well in line with the more normal orange supply.

"The July estimate shows a reduction in the exchange orange crop of 1.8 per cent, as compared with the June 1 estimate. The proportion of the estimated 1930 exchange Valencia crop shipped to the 3rd inst. is 42.7 per cent, compared with 33.2 per cent in 1929, and 45.3 per cent in 1928. Exchange Valencias remaining will permit average shipments of 100 cars a day, or 600 a week, until about the middle of October. With the remainder of the California crop properly distributed in accordance with the demand throughout the summer and fall months, a very satisfactory market should prevail."

LONG ISLAND BANK MAY SPLIT STOCK

NEW YORK, July 21.—Directors of the Long Island National Bank, Queensboro, have recommended to stockholders that the stock be split up ten for one, reducing the par value to $10 from $100 a share. Rights will be issued to stock of record August 25 to purchase additional shares at $25 a share in the ratio of six new shares for each old share owned. The rights will expire September 26. Stockholders will vote on the proposition August 26.

METZLER RETURNS

Irving S. Metzler, president of Metzler & Co. of California, underwriters of bond issues, has just returned from a three weeks' vacation spent at Lake Tahoe.

REACTION TONE ON STOCK MART

Prices Sag on Bear Selling and Profit Taking

Gains Recorded in Previous Week Largely Lost

Last Hour Raid Feature of Market Sessions

NEW YORK, July 21. (AP)—Speculative sentiment and the thermometer moved in opposite directions in Wall street today. The former dropped sufficiently to cancel all of last week's gains in stock prices and to send wheat, corn and cotton tumbling. Bonds turned irregular.

Profit taking, followed by aggressive short selling, clipped an average, based on ninety leading issues of 5 points from share quotations compared with last week's advance of 4.9. It was the sharpest drop since June 24, when the market struck the year's bottom, and served definite notice that the professional bull operators still had a strong bear group to reckon with.

Most of the selling came in the last half hour when earlier moderate declines on realizing were extended into net losses of 2 to 6 points in many trading favorites. The volume, however, remained under 2,000,000 shares, although the market was sufficiently active during the bear raid to delay the ticker seven minutes at the close. Final prices were generally the day's lowest.

The weakness of commodities and the appearance of some unfavorable second-quarter earnings statements were disappointing to holders of the long position.

BREAK TECHNICAL

Today's reaction was not unexpected, for declines are normal after periods of steadily rising prices such as the market has just experienced. Furthermore, despite the increasing belief July will witness the low of the business depression, bullish activity had been confined to a comparatively small group of professional traders, so sentiment was by no means universally committed to an upswing.

With last spring's costly lesson still fresh in mind, few, if any, followers of the tape have expressed a desire to see an advance that in all probability could not be followed immediately by constructive developments in business activity.

News from the business world was largely in the form of earnings statements. Hudson Motor Car reported second-quarter net of 67 cents a share against $1.45 in the first three months. Westinghouse Electric's statement, announced after the close, showed first-half net for the common of $8,357,363 against $13,131,930 a year ago and $7,980,754 in the same 1928 period. On January 1, last, the company together with General Electric, trans-

5% Gold Debentures, due 1940	5.05

The company is the world's largest manufacturer of high-speed and tool steel and similar products. Consolidated net income for 1929 available for interest on funded debt was over 11 times entire interest requirements, including this issue, and for the past five years has been equivalent to over 8.8 times such requirements.

S. S. KRESGE CO.	
1st Mtge. 5% Bonds, due 1945	5.15

These bonds are the direct obligation of the company, one of the largest and most successful chain store systems in America, and are specifically secured by a first mortgage on the company's main office building in Detroit, Michigan. Net earnings for the past 5 years have averaged over 17 times interest requirements, including this issue.

MIDDLE WEST UTILITIES CO.	
5% Convertible Notes, due 1933-35	5.38 5.63

The company, through its subsidiaries, renders public utility service in 4405 communities with a population in excess of 6,000,000. This note issue represents the only funded indebtedness, and the indicated market equity of securities junior to this present financing is approximately 9 times this issue.

NEW ENGLAND GAS & ELECTRIC ASSOCIATION	
5% Debentures, due 1950	5.75

The company, through its operating subsidiaries, supplies gas and electricity to a diversified residential and industrial population in excess of 950,000 in New England and Canada. Net tangible assets are estimated at twice the total funded debt, while net earnings for the 12 months ended March 31, before depreciation, were 2.59 times interest requirements.

AUSTRIAN GOVERNMENT INTERNATIONAL LOAN OF 1930	
Sinking Fund 7% Gold Bonds, due 1957	7.40

These bonds are the direct and unconditional obligation of the Austrian Government and are secured by a charge upon the gross receipts of the customs and tobacco monopoly of Austria. A cumulative sinking fund is calculated to retire the entire issue at or before maturity through purchase at market or call by lot at 105.

Offering subject to prior sale and change in price.

We shall be pleased to send detailed circulars descriptive of these issues, together with our current offering list, on request.

Public Utility Bonds

Electric power and light companies continue to show marked stability and in many cases sharp gains in both operating revenues and net income in spite of the generally depressed business conditions which have adversely affected most industries.

The first mortgage bonds of public utility operating companies therefore, at this time occupy an enviable position, which is being reflected in many cases by advancing prices.

We recommend for conservative investment the following representative issues:

	Rate	Maturity	Approx. Yield
United Power & Light Corp. (Kansas) 1st Mtge.	5	1947	5.30
Missouri Public Service Corp. 1st Mtge.	5	1947	5.60
Texas Louisiana Power Co. 1st Mtge.	6	1946	6.15
Federal Public Service Corp. 1st Lien	6	1947	6.65

LOS ANGELES EXCHANGE

Transamerica Continues to Lead Activity; Oil Shares Generally Work to Lower Levels

Trading in Transamerica Corporation shares again dominated the activity on the Los Angeles Stock Exchange yesterday while the active oil stocks headed by Standard of California generally worked to lower levels. Opening at 24½, Transamerica under steady selling pressure declined to 22¾ and then reacted to 22⅞ on the close, showing a net loss of 2¼ from the previous closing quotations. The sales totaled 9200 shares.

Standard Oil of California on sales of 2200 shares ranged from 62½ to 61 5-8, off 1 point. Union Oil showed a net decline of 7-8 in its closing sale at 41 and Union Associates closed 1 1-4 off at 39 3-4. Richfield on a turnover of 700 shares finished at 17, off 5-8. MacMillan Petroleum was off 2½ to 15.

Bolsa Chica Oil A, Claude Neon of Delaware, Pacific Lighting and Western Air Express all scored gains in the face of the declining market. Bolsa Chica advanced to 9 5-8, up 1 5-8. Claude Neon moved up ½ to 31 3-4. Pacific Lighting gained 5 1-4 to 80 1-4 and Western Air, selling ex-dividend, closed up 3 points at 33.

Southern California Edison common selling 700 shares dropped to 57½, off 1½, and Security-First National sold 350 shares, closing at 102, off ½. Other active issues showed fractional losses.

Sales totaled 17,576 shares valued at $613,881; previous day, 9260 shares, valued at $306,565.

Invest in a Depression-Proof Industry

For the first quarter of this year, public utility earnings showed an increase over the similar period of 1929 in the face of an almost universal decline in the earnings of other industries in the same period. It is said on good authority that the electric light and power industry has shown an increase in revenues each year since 1882.

Through a single investment in United States Electric Light and Power Shares, you can participate in the growth and earnings of a group of public utility companies producing 80% of the electric power in the United States.

LOS ANGELES CURB

Intercoast Trading Corporation and Cord Corporation accounted for the bulk of trading in the dollar stocks on the Los Angeles Curb Exchange yesterday with most of the issues inactive. The price movements held to a narrow range, the closing quotations revealing only fractional losses for the most part.

On a turnover of 1300 shares, Intercoast Trading with the day's high at 13 1-2 closed at 11 7-8, the low for the day and off 1 3-4 points from the previous close. Cord Corporation sold 700 shares, opening at 8 3-8 and then working down to a close of 7 3-4, off 1 1-2.

Other issues among the dollar stocks to show losses included Banca D'Italia, off 5 cents; Cities Service, off 1 1-4; Claude Neon Lights, off 1-2; Fokker Aircraft, off 3-8; Hancock Oil, off 1-8, and Universal Consolidated, off 3-8.

In the cent stocks, Kinner Airplane continued active, selling 4100 shares with a high of 68 and a low of 61 and closing at 67, up 2 cents. Tom Reed Mining showed a gain of 10 cents, moving up to 80 cents on sales of 9643 shares.

Sales totaled 28,285 shares, valued at $59,361; previous day, 9250 shares, valued at $19,565.

Conservative First Mortgage Security

EXPERIENCED INVESTORS will recognize in Pacific Power & Light first mortgage and prior lien 5% bonds the true investment qualities which they have required for their funds in years past.

These bonds are secured by a direct first mortgage on the fixed properties of the Company.

Gross earnings for the year ended May 31, 1930, were $4,501,687 as compared with $4,319,939 for the previous year. Net earnings for the 1930 period were $2,258,176, which is equivalent to over 2½ times annual interest requirements of the entire bonded debt.

The Company operates under the efficient supervision of Electric Bond and Share Company by which it is indirectly controlled by stock ownership. Territory served includes 116 communities in Oregon and Washington.

We recommend Pacific Power & Light first mortgage and prior lien 5% bonds at 96 and interest to yield over 5¼% . . . Circular on request.

BLYTH & Co., INC.

NEW YORK BOSTON PHILADELPHIA CHICAGO SAN FRANCISCO PORTLAND SEATTLE

THE RISING TREND OF BOND PRICES

ACCORDING to Roger Babson and other well-known economic authorities, present conditions point clearly to a future rising trend of bond prices. Many persons are turning to fixed income securities for the greater stability they offer, and institutional buying is also increasing.

Call money rates now stand at 2%...approximately the lowest in 13 years and bond prices will tend to reflect cheaper money conditions. Likewise, lower prices for almost all commodities make the purchasing power of a 6% bond today equal to that of a 7% bond in 1926. At the same time the equities back of bonds are much higher than they were 5 years ago, and the buyer gets a far greater margin of protection.

In view of the upward tendency of the bond market the following seasoned issues are particularly attractive at present prices.

ISSUE	YIELD
Albers Bros. Milling Co. 1st Mtge. 6's, due 1948	6.00%
Marblehead Land Co. 1st Mtge. 6's, due 1948	6.16%

NEW YORK BOND PRICES

NEW YORK, July 21. (AP)—The underlying strength of the listed bond market was tested today, when midsummer dullness and weakness of equity issues influenced an irregular movement. On the whole, the market emerged from one of the dullest Monday trading sessions of the year with little impairment in the present high level of prices.

Fluctuations followed a narrow groove and few changes of any consequence were listed in prime investment issues at the close. The movement in the domestic section was sluggish and some unsettlement was influenced by the reactionary turn the stock market took, with the customary shading in stock privilege bonds. Most of the day attention veered to foreign bonds, with the principal governments selling close to the peak prices for the year under moderate accumulation.

Dullness was apparent in the trading in railroad issues. Little important selling cropped out and offerings of standard rails were meager. The trend was slightly upward. While Atchison lost 4¼ points, other convertible rails were fairly steady.

Bonds of Southern Pacific, Union Pacific, Pennsylvania, Denver and Rio Grande and Western, and Baltimore and Ohio were firm and some made good fractional gains.

Wider losses occurred among other classes of convertible and warrant bonds. International Telephone 4½s, and Philadelphia and Reading Coal and Iron 6s put nearly 2 points each. Warner Brothers' Pictures 6s sagged ½ point and Pathe warrant 7s dropped 1 point. Loew's 6s moved lower.

The movement of utility bonds was mostly upward. Chicago Gas, Light and Coke 5s, Duquesne Light 4½s, New York Telephone 4½s, and Tennessee Electric Power 6s advanced. American Telephone, Consolidated Gas, and International Telephone were steady. Utility Power and Light 5s with warrants yielded 1¾ points.

Among industrials, sugar company bonds were generally depressed as sugar futures reached a new low on the New York Exchange. Certainteed 5½s dropped 3½ points, and International Cement 5s, International Paper 5s, and United States Rubber 5s dropped a point or more.

The irregularity extended to foreign bonds. Government issues were the most active and tended upward. British 5½s sold at the year's high and both Belgian and French issues maintained a firm trend. Colombia Agriculture Bank 6s rose 6 points. City of Sao Paulo 6½s moved up 2¾ points.

United States governments were quiet with small gains.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission the close is omitted when the same as the low, and both low and close when same as high.

REACTION TONE ON STOCK MART

(Continued from Eleventh Page)

ferred its radio manufacturing business to the Radio Corporation, so that income from that source is now missing from the reports.

Chesapeake & Ohio, the largest railroad to report for June, disclosed a decrease of about 8 per cent in gross operating income and of about 6 per cent for the six months.

The money markets were unchanged from last week's closing. A development was the extension of Federal Reserve Bank of 1 7-8 per cent bill buying rate to maturities up to seventy-five days, representing a reduction of 1-8 per cent on forty-six to seventy-five-day paper.

The pressure against stocks was well distributed. American Can, Allied Chemical, Air Reduction, New York Central, Eastman Kodak, Westinghouse Electric and Worthington Pump lost 5 to 6 points. American Tobacco B, United States Steel, Standard Oil of New Jersey, American Telephone, Sears Roebuck, Coca Cola, Radio, Hudson Motors, Studebaker, Atchison, United Aircraft, Radio-Keith-Orpheum, Paramount and Loew's broke 2 to 4 net. Chesapeake & Ohio yielded 3 3-4 and J. I. Case 13.

The recent strength of Canadian exchange was reflected in the withdrawal of $2,000,000 in gold for shipment to Canada, the first exportation to the Dominion in two years. Foreign currencies were firm.

General American Tank Car Corp.

SAN FRANCISCO

SAN FRANCISCO, July 21. (AP)—Except for a weak rally by scattered issues, Saturday's reactionary trend was resumed on the San Francisco Stock Exchange today with the list yielding slowly from opening to close.

New 1930 lows were established by Home Fire and Marine at 36, Hawaiian Pineapple at 30½, and Hunt Brothers A at 19½. Transamerica moved erratically throughout the day to a low of 22¾ and closed at 23¼, off 1¼.

Utilities showed the largest losses at the close. Pacific Light common closed at 80, off 3¼; Pacific Telephone preferred at 106, off 2¼; at 128½ and Pacific Gas common was down 1¼ at 57¼.

In the industrials, Byron Jackson showed the only gain, up 1 at 13¼. Caterpillar opened at 62, but in the face of a 7,000-share turnover, slumped to 62¾. Fractional losses were shown by Crown Zellerbach at 14¾, California Packing at 52¾, Golden State Milk at 18 and Paraffine at 42¾.

Standard of California moved between narrow limits on good volume, with 62¾ as high and 61¾ low. Union of California was off 1 at 41. Richfield at 11¾ and Tidewater at 14¾ closed fractionally lower.

Which Industry Has the Most Promising Future?

Shall I Invest in UTILITIES INDUSTRIALS or RAILS—

A perplexing problem—

The solution of this problem lies in broad diversification embracing the leading corporations in these basic fields of industry. By following this plan, the investor obtains a high degree of security plus a satisfactory income and participation in the future prosperity of American business.*

Such an investment opportunity is afforded you by the purchase of a single security, CORPORATE TRUST SHARES—an opportunity to invest in 28 basic American industries including such corporations as the U. S. Steel Co., Intl. Harv. Co., Am. Tel. & Tel. Co., and the principal Standard Oils.

• • •

*On June 30 the cash distribution to holders of Corporate Trust Shares amounted to $1.31 per share. In addition holders received valuable reinvestment "rights."

• • •

Price: at the market about $8 per share

PUBLIC SERVICE TRUST SHARES

SERIES A

A FIXED TRUST

Certificates of Beneficial Interest in Common Stocks. Registered Certificates issued in denominations of 5 shares and multiples thereof. Distributions payable semi-annually on January and July 15th, to registered holders as of December 31st and June 30th respectively.

Empire Trust Company (of New York), Trustee

SECURITY DISTRIBUTORS CORPORATION, Depositor

Each Public Service Trust Share represents an undivided 1/2000th interest in a Unit of 180 shares of the Common stocks of 33 Public Utility Companies, as follows:

No. of Shares	Company
4	American Gas and Electric
4	American Light and Traction
4	American Power and Light
4	American Telephone and Telegraph.
4	American Water Works & Electric.
4	Brooklyn Union Gas
4	Cleveland Electric Illuminating
4	Columbia Gas & Electric
12	Commonwealth and Southern
4	Commonwealth Edison
4	Consolidated Gas Co. of N. Y.
4	Consolidated Gas Electric Light & Power Co. of Baltimore.
4	Detroit Edison
4	Duke Power
12	Electric Bond and Share
4	General Electric
4	International Tel. and Tel.
4	Long Island Lighting
12	Middle West Utilities
12	North American
4	Pacific Gas and Electric
4	Pacific Lighting
4	Pacific Tel. and Tel.
4	Penn. Water and Power
4	Peoples Gas Light and Coke
12	Public Service Corp. of N. J.
4	Public Service Co. of North. Ill.
4	Southern California Edison
4	Standard Gas and Electric
4	United Corp.
12	United Gas Improvement
4	Western Union Telegraph
4	Westinghouse Electric and Mfg.

Public Service Trust Shares represent a participating ownership in the common stocks of the 33 leading public utilities listed above. These companies, with their hundreds of subsidiaries, render diversified utility service to 80,000,000 people in 45 States. The stability and profitable character of such an investment have been amply demonstrated over the past decade.

Assuming the existence of Public Service Trust Shares for the years 1920-1929, inclusive, the average annual return would have been $2.21 per share, which is equivalent to an annual average return of over 22% on the average price per share.

Semi-annual distribution paid to shareholders for the six months ended June 30, 1930, amounted to $1.446206 per share, or approximately 14½% on the average market price.

Price, market (approximately $10 per share)

These shares may be purchased through your own bank or broker.

NEW YORK CURB STOCKS

NEW YORK, July 21. (AP)—Swift reaction in the last half-hour of trading on the curb market today climaxed a day of dull trading in which the market appeared frazzled and weary. Net losses of 2 to 4 points were numerous among the more popular trading issues. Aluminum Company broke 11½.

The reaction was regarded primarily as a technical correction of the market's position after the almost steady advance of the past fortnight. The recent advance had attracted negligible public participation, and the predominantly professional character of today's activity was indicated by a turnover of only 481,900 shares.

Electric Bond and Share dropped 4 points and Duke Power 8s. American Gas and Electric lost nearly 3, and American Superpower, Associated Gas A, and Niagara Hudson, about a point. Natural gas issues mostly sagged, although Dixie Gas shot up about 1.

Cities Service, which sold up above 20 last week, closed today at 28, off 1¼ net. Oils generally were under pressure, although losses were mostly small, except in Gulf, off 3 and Cosden, off 2. In the investment and holding company group, United Founders lost 1, Transamerica, and Goldman-Sachs nearly 3 points, while Insurrocast traded 200 strong.

Aviation issues were mostly steady, with New York, Rio and Buenos Aires a firm spot, gaining more than a point, but Aviation Corporation of the Americas dropped 5 points. Industrials were generally heavy. Deere dropped 4 points, and several of the low price issues reached new lows, including Nachman Spring, Zonite and Hartman Tobacco. The last named dropped 4½ to 5.

The closing price is omitted when same as the low and both low and close when same as the high.

Federal Water Service Corporation

Notice of Dividend on
CLASS A STOCK

The Board of Directors of Federal Water Service Corporation has declared a quarterly dividend of 60¢ per share on Class A Stock for the period ending August 31, 1930, payable September 1, 1930, to stockholders of record at the close of business on August 1, 1930.

Holders of Class A Stock may apply 50¢ per share of the quarterly dividend of 60¢ per share to the purchase of additional shares of Class A Stock at the rate of $27.00 per share.

A stockholder who does not request payment of entire dividend in cash, on or before August 11, 1930, will receive a full share certificate and/or a non-dividend-bearing scrip certificate and a check covering the cash dividend of 10¢ per share.

WALTER A. CULIN, *Secretary.*

KETTLEMAN HILLS

The Minimum Valuation of the Royalty Holdings Represented by KETTLEMAN HILLS ROYALTY SYNDICATE NO. 1 IS

$48,436,735.00

Metropolitan Trust Company of California, Transfer Agent

The appraised valuation is TWELVE FOR ONE of capitalization, and this valuation has been made by Messrs. Roy G. Mead, Merwin H. Soyster and Ralph Arnold, all three of whom are nationally known Petroleum Engineers and Geologists. Their opinion has been concurred in and is being concurred in daily by other prominent Geologists, Engineers and foremost heads of the Oil Industry.

A copy of this report, with maps, charts and complete information of KETTLEMAN HILLS OIL FIELD and the appraisal of this royalty, will be sent upon request.

METAL MARKETS

CLEVELAND, July 21. (Exclusive)—Daily Metal Trade today says: Steel demand continues restricted, but expectations of a pick-up are becoming more pronounced. Resumption of operations at many steel consuming plants following brief vacations is expected to be followed by a decided increase in specifications.

Steel mill operations are being kept in step with consuming demand and in some producing centers it is thought that operations are now at the bottom of the decline.

METAL PRICES

NEW YORK, July 21. (AP)—Copper, unsettled; electrolytic spot and future, 11, from, quiet; No. 2 f.o.b. Eastern Pennsylvania, 10.00@10.00; Buffalo, 16.00; Alabama, 12.00@14.00.

Tin, steady; spot and near-by, 30.12; future, 30.25.

Lead, quiet; spot New York, 5.25; East St. Louis, 5.15.

Zinc, steadier; East St. Louis spot and future, 4.30@4.35.

Antimony, 6.87.

Quicksilver, 119.00.

Departed: Point Loma, 7 p.m., Grays Harbor; Admiral Peoples, midnight, Seattle.

ASTORIA, July 21.—Sailed: Delight, 1:45 a.m., Mobile.

PANAMA CANAL, July 20.—Passed, bound east: Prince Rupert City, Los Angeles for United Kingdom; Cellina, San Francisco for Trieste; Zeriba, San Francisco for Baltimore; Roanoke, Los Angeles for Wilmington; China Arrow, Los Angeles for New York; C. O. Stillman, Los Angeles for New York.

Passed, bound west: Tuscaloosa City, New York for San Francisco; Meton, New York for Los Angeles; City of Lille, New York for Kobe; Santa Veronica, Baltimore for Los Angeles.

FISH POACHING CASE UP TODAY

Owner-Operator of Fishing Boat Accused

Illegal Entry of Catalina Preserve Charged

Action Believed to Herald Test of State Act

BY WALDO DRAKE

Interest of the Southern California fishing industry will center today on the Avalon justice court, where Paul Piamango, San Pedro fisherman and owner-skipper of the eighty-foot purse seiner Johnnie Boy, will appear on a charge of having illegally entered the Catalina Island fishing preserve. Both commercial fisheries and sport fishermen see in the case a test of the State law that designates the waters between Rocky Point and Point Ben Weston and to a line three miles offshore from Catalina between these points as restricted solely to sport fishing.

Piamango declares that he was en route home to San Pedro with twenty tons of tuna caught off San Clemente Island and was more than three miles from the east end of Catalina when the Avalon police boat, manned by Deputy Game Wardens Smith and Booth, overhauled him. He stopped the Johnnie Boy, he said. Booth came aboard and ordered him into Avalon Bay as under arrest. Having no ice for his valuable tuna cargo, however, he said he decided to proceed to port.

The big purse seiner quickly outdistanced the small police launch, but Smith returned to Avalon, secured a faster craft and gave chase. Approaching the Johnnie Boy he fired three shots at the fisherman but Piamango proceeded into port via Long Beach. The fisherman was finally rounded up at the Coast Fishing Company terminal, at Wilmington, where the game wardens arrested Piamango for operating within prohibited waters and for resisting an officer. Johnnie Boy's $5000 purse seine was confiscated to guarantee Piamango's appearance in court.

F. H. McGrath, Avalon harbor master, declared yesterday that the Johnnie Boy was first sighted by a lookout within a mile of the island shore and in prohibited waters.

FITZGERALD PAYS VISIT TO HARBOR

Gerald C. FitzGerald, newly appointed Harbor Commissioner, yesterday paid the port his first official visit and was shown about the harbor by Port Manager Burt Edwards and Harbor Engineer George F. Nicholson. He will attend his first meeting of the Board of Harbor Commissioners at tomorrow's weekly session.

Mr. FitzGerald said yesterday that he has always been deeply interested in the port's development and believes it to be the city's greatest asset. His first engineering experience at the harbor was in 1906, when he was assistant to the late Floyd Dessery, then harbor engineer of Wilmington.

The new commissioner, who is both a civil and hydraulic engineer, is a graduate of the technical schools of Stanford and Alabama universities. He was a captain of engineers with the A.E.F. during the World War and still holds a reserve commission of that rank in the Three Hundred and Eighty-sixth Engineers.

Capt. J. W. R. Thomson yesterday brought the British motorship Silverlarch, of the Kerr Line fleet, in from the East Indies with a cargo of rubber, carpets and spices, preparatory to her loading out a full cargo of 220,000 cases of kerosene for Calcutta and Bombay. She is being withdrawn for the voyage from the Kerr Line schedule, being under trip charter to the Richfield Oil Company. The Silverlarch will begin loading the stage oil cargo on the 25th inst., and is due to sail on August 2.

Panama Mail Line will maintain regular service to Buena Ventura, Colombia, beginning with the departure from Los Angeles Harbor on the 31st inst., of the motorship City of Panama, it was announced yesterday by Clay Hutchinson, district manager of the line.

Service will be maintained by the City of Panama and City of San Francisco, both with refrigerator space for perishable cargo.

Authority came from Washington yesterday for a twenty-four-hour weather station at Los Angeles Harbor, which will be maintained by Marine Exchange lookouts, atop the municipal warehouse in the outer harbor, under direction of Col. H. B. Hersey, forecaster at Los Angeles. The harbor department tomorrow will start moving the present eighty-foot steel tower at Point Firmin to the new location, and the new service will start August 1. Devices will include weather vanes, velocity and rain guages, thermometers, a barometer and flags and lights for display of storm warnings.

Los Angeles offices and a Los Angeles manager to represent the new Pacific-Atlantic Line, are expected to be selected this week. Harry Brown, vice-president of Interocean Steamship Corporation, general agents for the new line, is due here this week for that purpose. Pacific-Atlantic Line is the newly projected service putting an American flag fleet on the run from the Pacific Coast to United Kingdom, routing the ships back here by way of the American Atlantic Coast. Older ships would start the run, but construction of four new ones is declared in contemplation.

Klaveness Line's new motorship Roseville, is due to sail from Antwerp for here late this week on her maiden voyage to enter the Pacific Coast-Oriental trade. She is a vessel of 9000 tons deadweight, rated at fourteen knots, and has 50,000 cubic feet of refrigeration space as well as 2000 tons of deep tanks. Two sister ships under construction for the same service are the Granville and the Fridtjof Nansen, the latter named after the Norwegian explorer. Three new ships already on the run are the Bonneville, Cornelville and the Pleasantville. Los Angeles Steamship Company, through Sudden & Christenson, represents the Klaveness Line locally.

The power plant, taken out of one of the customs boarding launches, will be sold at auction at Garbutt-Walsh's boat yards at 11 a.m., the 24th inst. It comprises a four-cylinder, four-cycle, sixty-five-horsepower San Francisco standard gas engine with four carburetors, an old propellor, and six copper gas tanks and fixtures.

State Societies

Illinois State Society dance and bridge party, Odd Fellows' Temple, Washington and Oak streets, 8:30 p.m.

"TIMES" THEATER GUIDE

MOTION PICTURES

Earl's, Eighth between Broadway & Hill.—"The Mad One." All right until Edmund Lowe decides on prison and Dolores Del Rio must suffer with him.

Boulevard, Washington at Vermont.—"This Mad World." Elsie Dinsmore grows up and goes to war and its all pretty hard, too. Kay Johnson is the star. Rathbone.

California, Main near Eighth.—"A Lady to Love." A capable, though censored, transcription of "They Knew What They Wanted." See performances of Vilma Banky and Edward G. Robinson.

Carthay Circle, Carthay Center.—"So This Is London." Will Rogers goes abroad again and finds London as funny as ever.

Chinese, 6925 Hollywood.—"Hell's Angels." It took Howard Hughes four years and $4,000,000 to produce the colossus of the air; and it was worth it.

Criterion, 1642 South Broadway.—"Rio Rose." An exciting and realistic drama of prison life featuring Wallace Beery and Chester Morris.

Egyptian, Hollywood Blvd.—"The Social Lion." Jack Oakie being very funny as a prizefighter who society's dragged into again.

Figueroa, Figueroa at Santa Barbara.—"The Arizona Kid."

Filmarte, 1228 North Vine.—"Peter the Pirate." Ten reasons why Filmarte's latest isn't worth your while.

First National Newsreel.—"The Man from Blankley's." John Barrymore lights his profile with a smile and the change is great.

Loew's State, Broadway at Seventh.—"Romance." The glamorous Garbo is strangely interesting when Clara Bow isn't present.

Million Dollar, Broadway at Third.—"True to the Navy." Clara Bow, for once, has more than she can handle.

Pantages, Hollywood at Vine.—"The Big Pond." The amiable Chevalier amuses, and all in good clean fun.

Paramount, Hill at Sixth.—"Love Among the Millionaires." Clara Bow as a singing hash slinger makes a rather hot dish.

Rialto, Whittier at Lorena.—"The Cuckoos." Much nonsense, some of it good, by Bert Wheeler and Robert Woolsey.

R.K.O., Hill at Eighth.—"She's My Weakness." This is "Tommy," renamed but still entertaining. Sue Carol and Arthur Lake.

R.K.O., Orpheum, Broadway at Ninth.—"Dixiana." Opens tonight.

Tower, Broadway at Eighth.—"The Second Floor Mystery." Grant Withers and Loretta Young in just another swoony cinema.

United Artists, 8Owr, nr. 9th.—"Anybody's War." A succession of gags, some of which are very funny, put over by the two Black Crows.

Uptown, Wilshire at Venth.—"True to the Navy." For once Clara Bow has more than she can handle.

Warners' Downtown, Hill at Seventh.—"Three Faces East." Good entertainment furnished by the war and Erie von Stroheim with Constance Bennett.

Warners' Hollywood, Hollywood Blvd. at Wilcox.—"The Way of All Men." An effective storm spectacle that just misses its point. With Douglas Fairbanks, Jr.

Westlake, 625 Alvarado.—"The Arizona Kid." Warner Baxter as another of those loveable bandits.

STAGE

Belasco, Hill at 11th.—"Rebound." Reviewed in today's Times.

El Capitan, Hollyw'd Blvd. nr. Highland.—"To the Ladies." The lighter side of domesticity provides entertainment as only George Kaufman can offer.

Hollywood Playhouse, 1733 N. Vine.—"Fata Morgana." Elsie Ferguson charms anew in this dramatic tale by Ernest Vajda. Douglas Dumbrille comes near to being a sensation as the boy.

Vine Street, Vine nr. Hollywood.—"Oh, Judge." Opens tonight.

VARIETIES

Follies, 4th and Main.—Burlesque.

Gunmen Shoot Prisoner Who Would Testify

NEW YORK, July 21. (Exclusive) It is unlikely that James De Sapio, arrested during a raid last May in which $1,000,000 in bogus bills and an elaborate printing plant were seized, will turn State's evidence against the gang, for De Sapio tonight is near death in a hospital with six bullets in him, the victim of unidentified gunmen.

He was shot this morning while on his way to Federal court at Brooklyn where he and six other asserted members of the gang were to be heard on charges of circulating counterfeit money. De Sapio, it is understood, had announced his intention of turning State's evidence.

The remaining six arrived at court and when Federal Judge Sheppard heard of De Sapio's attempted assassination he raised the bonds from $3000 to $50,000, and all six went to jail in default of the new bonds.

Gangsters Steal $80,000 in Rum

CHICAGO, July 21. (Exclusive)—Seven buccaneers in overalls tonight invaded the Libby, McNeill & Libby warehouse in the Union Stock Yards, herded fourteen employees into a small office, loaded forty barrels of rum on a truck and escaped after a running gun battle with a night watchman.

Based on current retail bootleg prices the haul's value is in excess of $80,000.

The rum is used in the manufacture of mince meat for pies and puddings.

FRANKS MEMORIAL CORNER-STONE LAID

CHICAGO, July 21. (Exclusive)—Mrs. Jacob Franks, mother of Bobby Franks, victim of the Loeb-Leopold murder, today attended the laying of the corner-stone of a memorial to her slain son. The memorial is in the form of a boy's clubhouse to be built on the West Side.

SLAIN INFANT FOUND AFLOAT IN SUITCASE

SEATTLE, July 21. (AP)—With a cord knotted around the neck, the body of a newborn baby girl was found in a cheap suitcase, floating in the harbor here today, by the crew of the Coast Guard cutter Hyak. It is the second case of apparent child murder discovered in Western Washington in two days.

WEATHER REPORT

[Official Report]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, July 21.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.91; at 5 p.m., 29.89. Thermometer for the corresponding hours showed 61 deg. and 70 deg. Relative humidity, 5 a.m., 87 per cent; 5 p.m., 67 per cent. Wind, 5 a.m., east, velocity 4 miles; 5 p.m., west, velocity 7 miles. Temperatures, highest, 76 deg.; lowest, 60 deg. Rainfall for season, none; normal to date, .01 of an inch; last season to date, none. Barometer reduced to sea level.

WEATHER CONDITIONS. — July 21: Showers and occasional thunderstorms have occurred during the past twenty-four hours at some points on the Gulf coast and in the northern and western lake region, and in Minnesota, Iowa, Nebraska and Kansas and in the Southern Rocky Mountain country. Rainfall was generally light to moderate, but at some points in Southwestern Colorado thunderstorms were accompanied by heavy rain. Intensely hot weather was experienced yesterday in the great central valleys and eastward to the Atlantic Coast. Washington, D. C., registered a maximum of 106 deg., the highest temperature ever recorded at that station. Temperatures were much above normal this morning from the Mississippi River to the Atlantic Coast, but were near the normal in other portions of the country. In Southern California fair weather prevailed yesterday, with temperature a little below normal. It was cloudy or foggy this morning from the sea to the mountains, but clear weather was reported east of the mountains. Temperatures were close to the normal. Fair weather will continue in Los Angeles and vicinity Tuesday, with moderate temperature. Gentle variable winds will prevail.

SUN, MOON AND TIDES.—Los Angeles, July 22: Sun rises 4:37 a.m., sets 7:01 p.m. Moon rises 1:17 a.m., sets 4:27 p.m. Los Angeles Harbor, July 22: High tides, 7:45 a.m. and 6:31 p.m.; low tides, 1:18 a.m. and 11:44 a.m.

LOCAL TEMPERATURES. — July 21: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	103	75
Los Angeles Harbor	76	60
Mt. Wilson	83	50
Pasadena	87	55
Pomona	85	57
Porterville	100	60
Redlands	90	55
Riverside	94	56
San Bernardino	93	58
Santa Ana	84	60
Santa Barbara	76	60
Sierra Madre	86	57

LOCAL FORECAST

For Los Angeles and vicinity: Fair Tuesday and Wednesday; fog or clouds Tuesday morning; somewhat warmer Wednesday.

STATE FORECAST

SAN FRANCISCO, July 21.—Weather forecast:

San Francisco and vicinity: Fair and mild Tuesday and Wednesday, with fog in the morning; moderate to fresh west winds.

Northern California: Fair Tuesday and Wednesday, with fog along the coast; high temperatures in the interior; moderate northwest winds off shore.

Sierra Nevada: Fair Tuesday and Wednesday; no change in temperature; gentle variable winds.

Sacramento Valley: Fair and warm Tuesday and Wednesday; gentle southerly winds.

San Joaquin Valley: Fair Tuesday and Wednesday; no change in temperature; gentle to moderate northwest winds.

Santa Clara and Salinas valleys: Fair and mild Tuesday and Wednesday, with fog in early morning; moderate to fresh northwest winds.

Southern California: Fair Tuesday and Wednesday, but fog in coastal districts Tuesday morning; somewhat warmer in the west portion Wednesday; moderate west winds.

ARIZONA FORECAST

PHOENIX (Ariz.) July 21.—Forecast for Arizona: Generally fair Tuesday and Wednesday, except probably showers northeast portion; warmer northeast portion.

CHINA WAR SHIFTED TO SHANTUNG

Gen. Chiang Pushes Up Tien-tsin-Pukow Railway to Capture Tsinanfu

PEIPING, July 21. (AP) — The storm center of civil war has shifted to Shantung. Chiang Kai-shek, having failed to make headway against Feng Yu-hsiang in Honan, is pushing up the Tien-tsin-Pukow Railway with the evident intention of recapturing Tsinanfu from the Shansi army.

Brisk preparations are in progress by the northern army to meet this threat. Reinforcements are being rushed down the railway, and Yen Hsi-shan has gone to Tsinanfu to take charge of the operations.

Meanwhile the Kuomintchun has again taken the offensive in South Honan, and renewed efforts are being made by the Shansi forces to dislodge the southern general, San Gu-chu, from his position astride the railroad between Tsinanfu and Tsingtao.

There is much excitement in political circles of North China over the impending arrival of Wang Ching-wei, leader of the left wing of the Kuomintang Party. He is due to reach Tien-tsin from Japan Wednesday.

According to a report from Japan, Nanking agents are planning to assassinate Wang the moment he lands.

Gas Tax Asked for Street Job

A resolution asking that the Board of Supervisors allocate $250,000 from gasoline tax funds to assist in the paving of Tenth street between Indiana street and Country Club Drive was introduced in the City Council yesterday by Councilman Ingram. It was referred to the Public Works and the County Affairs committees.

The Board of Public Works yesterday filed a report of City Engineer Jessup with the Council upholding Mayor Porter's recent action in vetoing the final ordinance for the paving of the western stretch of Tenth street. This is regarded as an unusual action on the part of the board. The report points out that the recommendations of the engineering bureau are in error and that the work can be done cheaper with a change in plans. The Public Works Committee this afternoon is scheduled to take up the veto.

VITAL RECORD

INTENTION TO MARRY

The following notices of intention to marry were issued yesterday. Name and age given.

ALBRITTON—PERRY, Cecil E. Albritton, 29; Dee A. Perry, 19.
BAILEY — MILAM, Louis L. Bailey, 23; Miriam Milam, 21.
BATES—HALL, Orvelle R. Bates, 21; Allene M. Hall, 21.
BELL—REEMAN, Opal K. Bell, 28; Fay R. Beeman, 18.
BEST—CARSON, Edwin L. Best, 21; Leonora E. Carson, 19.
BLACKFORD—MOORE, Alvin C. Blackford, 24; Winifred K. Moore, 22.
BOUDREAUX—ROGERS, Olivier M. Boudreaux, 22; Ruth Rogers, 20.
BRANCATO — ANAYA, Leo Brancato, 37; Virginia Anaya, 43.
BREWER — LUCY, Peter D. Brewer, 30; Florence I. Lucy, 33.
BRIDGFORD—NIKOLAS, Archie P. Bridgford, 31; Helen Nikolas, 31.
BROBST—REED, Theodore R. Brobst, 25; Lucile V. Reed, 21.
BROWN—CLARK, Mathew E. Brown, 26; Mildred L. Clark, 21.
BROWN—MUNROE, Samuel L. Brown, 29; Gladys M. Munroe, 24.
BURDICK — EDLEFSEN, Otis I. Burdick, 41; Lulu M. Edlefsen, 41.
CATON—MILLER, Charley Caton, 26; Alice Miller, 24.
COLCORD—SLAUSON, Charles H. Colcord, 21; Grace E. Slauson, 19.
COOK — POLSEY, Murl R. Cook, 37; Gladys R. Polsey, 32.
COVARRUBIAS—JIMENEZ, Manuel Covarrubias, 29; Lina E. Jimenez, 28.
COUNCIL—MALLEN, Clarence B. Council, 35; Jane H. Mallen, 37.
CRAWFORD — HILL, James A. Crawford, 28; Mabel J. Hill, 22
DAY—RASELLA, E. Howard Day, 21; Josephine Rasella, 21.
DRAY—HESS, Bert J. Dray, 26; Ines M. Hess, 26.
EGBERSEN—LOTRIDGE, Samuel Egresey, 72; Barbara Loiridge, 58.
ENSLEY—JENKINS, Richard M. Ensley, 30; Katherine Jenkins, 34.
ESTRADA—SANTOS, Guadalupe Estrada, 28; Ysabel Santos, 21.
FAUCETT—HANSHAW, Phillip H. Faucett, 28; Vera E. Hanshaw, 25.
FELDSAUS — BALKEMAN, Clarence C. Feldsaus, 21; Ruth A. Balkeman, 21.
FINCH — RASMUSSEN, Leo F. Finch, 32; Dorine M. Rasmussen, 29.

DEATHS

With Funeral Announcements.

ALARCON. Joseph Alarcon.
Funeral today at 3 p.m. at the chapel of Gus Alvarez & Moore.

ARATA. Services for Rudolph J. Arata will be held Wednesday at 11 a.m. from the Wee Kirk o' the Heather, Forest Lawn Cemetery, under direction of Ruppe Mortuary. (Santa Barbara papers please copy.)

BOURNE. Fred A. Bourne.
Remains at the Laurn R. Rice Funeral Home, 3633 East Slauson.

BRUSH. Noel Jennings Brush.
Funeral services Wednesday at 2 p.m. from the Wee Kirk o' the Heather, Forest Lawn Cemetery. Delmer A. Smith, director.

CARDIE. At 1564 Blanche street, Pasadena, William J. Cardie, July 18, and his wife, Edith Reynolds Cardie, July 21.
Services Tuesday at 3 p.m. from the chapel of Turner & Stevens Co., Matrenzo at Holly, Pasadena. Interment, Forest Lawn Cemetery.

DE FREEST. Services for Joseph William De Freest at Crease's, Highland Park, today at 2 p.m.

FERGUSON. July 20, 1930, Sarah J. Ferguson, wife of John M. Ferguson.
Funeral services will be held in the chapel of J. D. Faris & Co., corner Tenth and Flower streets, Wednesday, July 23, at 2 p.m.

GETTY. Alvin Getty, beloved husband of Mary I. Getty.
Services and interment, Grantsville, Md. Pierce Brothers, directors.

GOODMAN. Suddenly, near Ventura, Robert Goodman, Jr.
Remains in care of Edwards Brothers' Mortuary, 936 Venice Boulevard.

HAGSTROM. The funeral services of Mrs. Amanda S. Hagstrom will be held today at 10 a.m. from the chapel of W. A. Brown, 1815 South Flower street.

HAMPTON. July 19, at 1163 North Western avenue, Andrew J. Hampton, beloved husband of Martha Hampton and loving father of Mrs. L. H. Bennett, Mrs. C. R. White, Mrs. Sara Fox, Charles S., Duvall and E. J. Hampton.
Funeral services will be held today at 10 a.m. from the Wee Kirk o' the Heather, Forest Lawn Memorial Park. Oates, Crane & Earl, directors.

HILDORN. J. Hildorn.
Notice of funeral later. W. A. Brown, funeral director.

HODGES. In San Francisco, July 17, Walter L. Hodges, a native of Vermont, aged 64 years, husband of Agnes A. Hodges and father of Mrs. Wiley Weaver, Jr.
Services will be held Tuesday afternoon at 2 o'clock in Garrett Brothers' Mortuary, 921 Venice Boulevard.

HOUSTON. Fred T. Houston, beloved husband of Grace Cooper Houston and father of Marjorie Houston and Marion House.
Masonic services will be held today, July 22, at 2 p.m., from the chapel of Robinson & Adair, Inc., 817 Venice Boulevard.

HUGHES. Thomas Hughes.
Notice of funeral later by Pierce Brothers.

JENSCH. George L. Jensch, aged 41 years, son of Mrs. Louise Jensch; brother of Walter and Raymond Jensch and Mrs. Alma Miller.
Funeral notice later. Thomas L. Miller, funeral director.

JOHNSON. At Glendora, Cal., Mrs. Eva Johnson, beloved wife of J. I. Johnson.
Funeral

STRIFE IN CHIHUAHUA SUBSIDES

Revolutionary Party's Candidates Have Heavy Lead in Juarez District

EL PASO (Tex.) July 21. (AP)—Political strife which caused the deaths of two men and brought severe injuries to more than a score of others, subsided in Juarez, Chihuahua, today. The disturbance resulted from a special state election for Governor and members of the Legislature.

Victory, according to official returns from the Juarez district, apparently rests with the National Revolutionary party, Andres Ortiz, running for Governor, was reported to have a majority of 5692 to 269 over Manuel M. Prieto, representing the "Socialist League of Resistance."

Every voting place in the Juarez district was taken over by representatives of the National Revolutionary party when the polls were opened Sunday. The opposition vigorously opposed this in "Casilla" No. 1 and hand-to-hand fighting developed.

MILITARY LEADERS IN MEXICO SHIFTED

MEXICO CITY, July 21. (AP)—Important changes in the commands assigned to military leaders of various Mexican States were announced today. Matis Ramos has been made military chief of Chihuahua. Gen. Andres Figueroa, present chief at Jalisco, has become Undersecretary of War. He will be succeeded at Jalisco by Gen. Miguel Acosta of Vera Cruz. The Vera Cruz vacancy occasioned by Acosta's transfer will be filled by Gen. Eulogio Ortiz, now stationed at Chihuahua.

HUNTER TUMMY 'REFUELER' HERE

Hour of Endurance Flight Quartet Arrives

She Disclaims Credit for Her Part in Venture

Delivers Themselves Due to Beach City at 11 a.m.

Miss Irene Hunter, sister of the endurance-record brothers of Sparta, Ill., arrived in Los Angeles yesterday morning, but she can't understand why there should be any fuss made about her just because she missed the job of refueling the in-the-air, while the brothers were hanging up their 554-hour world-flying record for sustained flight.

The four Hunter brothers, Kenneth, John, Walter and Albert, the first two in the City of Chicago, in which they made the endurance record and the second two in Big Ben, the refueling plane, will arrive at 11 o'clock today at Los Angeles Municipal airport. Three Navy ships and six airplane craft will escort them. Mayor Porter will head the welcoming committee on hand to greet them.

Tomorrow afternoon the Hunter brothers will make their first appearance at the showing of "Hell's Angels" in Grauman's Chinese theater in Hollywood.

PROUD OF THEM

"My part wasn't anything," Miss Hunter said. "Anyone could have done it, and especially when it was my own brothers—well, you see what I mean. Why, there wasn't anything in the world that I wouldn't have done to help them and a great deal that I wanted to do but couldn't because it was physically impossible. At any rate, as long as all the rest of the family was in on the flight, I thought I should be in it."

And while she belittles her own part in the venture, Miss Hunter plainly radiates pride in those four brothers. At the same time she insists that there are other quarters where credit is due and she thinks no mother deserves the honors for the heritage that gave her brothers the endurance and determination to "stick it out."

SCIENTIFIC DIET

However, supplying three meals a day for the flyers was in itself no small part of the success of the flight, especially when it was done as Miss Hunter did it. She prepared the meals at a clubhouse on the landing field and instead of being the hit-and-miss affairs, they were planned strictly on scientific lines. It is her schooling Miss Hunter has had a study of dietetics, food values and such, and she realized, she said, that the boys would be in much better condition physically and even alert mentally, if she gave them light, but nourishing food.

Consequently, milk, fruits and vegetables were the principal things on their aerial menu, and once in a while when they asked for some delicacy dish to satisfy a sudden craving—well, who wouldn't indulge a little under such circumstances?

SHE TEACHES SCHOOL

Hovering for endurance flights, however, is only a side issue with Miss Hunter. Her real job is being a school-teacher and she has some very definite ideas on that subject, too.

The only manifestation of the strain on her nerves during the ensuing flight, Miss Hunter declared, was "a cranky disposition," but she thinks after a few more days in California that she won't be able to avoid being perfectly normal and like herself once more.

RIVERSIDE GETS PHEASANT SURPRISE

RIVERSIDE, July 21. (Exclusive) Late this afternoon when three airplanes descended at the Riverside airport attendants supposed it was just another party coming to take on oil and gas, but when Kenneth and John Hunter, record endurance fliers of Chicago, and their brothers, Walter and Albert, alighted there was plenty of excitement.

The Hunters flew to Riverside from Tucson, Ariz., and announced they will spend the night here, flying to Los Angeles tomorrow morning.

One of the planes is the City of Chicago, in which Kenneth and John Hunter established the world's record for remaining aloft. Another machine is Big Ben, the refueling machine, which Walter and Albert Hunter used in refueling the endurance plane.

Before landing at the airport in West Riverside the two endurance fliers circled over the city. Few people paid any attention to the maneuver, however, as no announcement had been

SHE HELPED MAKE SUCCESS OF FLIGHT

Miss Irene Hunter

CITY COOL AS NATION SWELTERS

Mercury's High Mark Yesterday Lowest July 21 Reading in Four Decades

With eastern and central portions of the United States sweltering under record heat waves, according to weather reports, Los Angeles and Southern California yesterday enjoyed moderate temperatures with the local thermometer registering 76 deg. maximum. The reading yesterday was the lowest for July 21 in forty-two years. The record of 49 deg. was registered on July 21, 1888.

The minimum temperature was reached at midnight with the thermometer reading 60 deg. The maximum of 76 deg. was reached at 1 p.m., according to H. B. Hersey, weather forecaster.

"There was nothing unusual about the weather except that it was the lowest reading in forty-two years," Col. Hersey said. "During many years the temperature has been down almost as low as this in July, but not nearly as ideal as this. Indications are that we will have similar weather conditions during the next few weeks."

Forecasts for today and tomorrow promise cool, cloudy daylight hours and foggy nights. Gentle breezes from the sea will combat the heat wave from the desert, according to the Weather Bureau.

Ban on Drilling Causes Board to Delay Oil Quiz

Because of the temporary restraining order issued Saturday by Superior Judge Hanby against the Playground and Recreation Commission granting permits to any applicant for oil drilling in public tidelands at Venice, the commission yesterday decided to call off its special session set for this afternoon for hearing propositions presented by two new applicants.

Protests of the opponents to oil drilling at the public beach also were to have been heard but the commission decided that in view of the court order it will be a waste of time to conduct such a hearing until the action, initiated by attorneys for Lewis Stone, film actor, is concluded.

The City Council yesterday adopted ordinances permitting Florence I. Dodge, E. B. Ganz, Ann Sherman, J. M. Larronde, John Polkinghorn, E. H. Carse, W. H. Whitsell, W. G. Dickinson, William Theis and John O. King to drill for oil in Venice.

NEW ORLEANIS MAYOR WILL ADDRESS CLUB

T. S. Walmsley, Mayor of New Orleans, who is studying methods used by Los Angeles in handling her harbor and traffic problems, will be the principal speaker at the Breakfast Club tomorrow morning. Entertainment will be offered by Hubert Walton, "Beverly Hill Billy" and Lou Traveller's orchestra. Judge Wilson will preside. Hosts will be Fred Weber and Charles H. Stillwell.

THRONGS FLOCK TO STYLE SHOW

More Than 7000 Buyers at Launching of Event

Los Angeles Being Hailed as Creator of Modes

Business Gains Swiftly as New Factories Open

More than 7000 wholesale and retail buyers of women's wearing apparel from 100 cities west of the Mississippi, and some from Chicago and New York, registered yesterday at the opening of the semiannual style show being conducted on the floor of the Biltmore by the Associated Apparel Manufacturers of Los Angeles. Besides the buyers, hundreds of persons visited the many fine shops and booths in which the products of fifty large local companies are being exhibited.

The style show will be continued today and tomorrow, from 9 a.m. until midnight. The feature of the convention tomorrow will be the style show and entertainment to be given in the evening at Shrine Auditorium. Dancing, singing and instrumental music and an exhibit of women's fancy and novelty apparel will feature the entertainment. More than 10,000 persons are expected to attend.

STYLE CENTER

"Los Angeles is the style center west of the Mississippi and fast is becoming the outstanding style city west of New York," said Joseph Zukin, president of the Associated Apparel Manufacturers. "Styles created here, especially in sports goods, are in increasing demand in New York and other eastern cities. Our business has developed to such an extent that buyers from all over the country come here to purchase style merchandise.

"Los Angeles is the dictator for women's and men's novelty attire. New factories are springing up daily and all of them are proving successful. Our market has tripled within the last two years. We did more than $60,000,000 worth of business in 1929 and expect a great increase this year."

MANY FACTORIES

According to Mr. Zukin, there are more than 400 factories in Los Angeles engaged in making apparel for men and women. These establishments employ about 30,000 persons and have an annual pay roll exceeding $20,000,000.

Ernest R. Little is vice-president and T. W. Pepler secretary of the organization headed by Mr. Zukin. The style show committee consists of Sam Bothmer, chairman, and Fred Siemen, treasurer. A. A. Normandin will be in charge of the entertainment at the Shrine Auditorium.

REHEARING ON STILLER CLAIM ASKED

Swedish Company Wants Case of Asserted Debt of Director Reopened

Maurice Stiller, late Swedish motion-picture director, owed the Aktbolaget Evensk Filmindustri 200,000 kronor, about $40,000, according to a petition on file yesterday in probate court, asking that Superior Judge Crail's action finally closing the case be set aside.

The petition states that Stiller died in Sweden in November, 1928, and was a resident of that country when he died. No claim was filed at the time against his property in California, it was stated, because the plaintiff asserts assurances were given that the California property would be transferred to Sweden for distribution. Meanwhile, however, four brothers, William Stiller of Los Angeles, Samuel and Simon Stiller of San Francisco and Abraham Stiller of Helsingfors, Finland, divided the property.

In 1926 Stiller directed a picture here for Paramount.

Mrs. Barber's Estate Valued at $350,000

Mrs. Julia H. Barber of Pasadena, who died the 16th inst. at the age of 80 years, left an estate of $350,000, according to a petition to probate her will, filed yesterday.

Two trust funds of $5000 each are created for Lincoln Clark IV and Frederic M. Hoblit, grandsons of the deceased. Lou H. Hoslick, Elizabeth K. Ewing, Amanda Frederick and Alvina Frederick get $1000 each, and two daughters, Carrolle Barber Clark and Louise B. Hoblit are residuary legatees.

COUNTY PARLEY TO BEGIN

Home Rule Group Will Begin Deliberations on Topic Tomorrow at Long Beach

The commission recently appointed under sanction of the Legislature to study the problem of enlarging home rule by counties in California will begin its deliberations in City Hall, Long Beach, at 10:30 a.m. tomorrow. Because of the importance of the subjects to be considered all the members of the Legislature located in Southern California have been invited.

Recommendations as to how the counties can better govern themselves, and at less expense, are expected to result from the meeting, although the findings of the commission probably will not disturb the county government in the six counties now operating under special charter.

The members of the commission, who serve without pay, are Jonathan S. Dodge, former chairman of the Board of Supervisors of Los Angeles county, acting chairman; R. W. Blackburn, president of the State Farm Commission of Thermal; Thomas M. Carlson, City Attorney of Richmond; Prof. E. A. Cottrell of Stanford University; Prof. S. C. May of the University of California; William J. Locke, former member of the State Legislature from Alameda, and Frank J. McCoy of Santa Barbara county. John N. Edy, City Manager of Berkeley, originally appointed chairman, resigned to become City Manager of Flint, Mich.

"EXECUTION" OF PETS HALTED

Wish of Dead Woman Meets With Snag

Court Action Saves Lives of Dogs and Cats
Miss Esther Church serves papers on Dr. G. A. White, reprieving animals from death. The three dogs are valued at $2350.

LIVES of three dogs and two cats, condemned by their dead owner, Mrs. Charles Waterman, because she wanted their company in "spirit land," were saved by order of the Superior Court yesterday when an agent of Attorney Griffith Jones dashed up to the veterinary hospital of Carr & White, 816 South San Pedro street, with an injunction against the proposed execution. Superior Judge Hazlett had signed a temporary restraining order, returnable the 31st inst.

Attorney Jones filed a suit for Miss Nancy L. White, who described herself as a "lover of pets" and who stated in her petition that she owns a "beautiful silver-tipped Angora cat" herself and just couldn't bear to think of the five animals being killed for a whim. Miss White stated in her petition that there is "no religious or scientific proof" of the psychic survival of animals after death and that the estate of the deceased would be "considerably depreciated" by the death of her valued animals.

Two of the dogs, Irish setters, are said to be worth $1000 each, and the other, a cocker spaniel, is asserted to be worth $350. The cats were not evaluated exactly, but their value is said to be "considerable."

Mrs. Winterman, who died Sunday in the Osteopathic Hospital, telephoned to the pet hospital, asking Dr. C. A. White to end the lives of her animals "in the quickest and kindliest way" as soon as she was dead. Besides Dr. White, Dr. W. R. Carr and Dr. Norman Sprague are named as defendants in the suit.

"Mrs. Winterman acted from humane motives," said Mrs. Rosamonde Rae Wright, president of the California Antivivisection Society and member of the International Organization for Protection of Animals from Cruelty. "She evidently was a student of animal psychology and appreciated the love which animals have for persons and environment," said Mrs. Wright. "Instead of parceling her pets out to persons who might not have given them the care and love to which they were accustomed, she felt that it would be best for them to pass on with her."

RESERVE CHIEF SPEAKER

Col. Edwin B. Mitchell will preside at the Army Officers' Mess at noon today at 540 South Broadway, according to announcement by Capt. Lyston Black. Col. Halsey E. Yates, the new executive officer of the First Reserve District, will speak. All army and reserve officers are invited.

PROMOTER GIVEN TERM ON ISLAND

Samuel Mooes Sentenced to McNeil Penitentiary for Desert Land Fraud

For selling arid mountain tops upon the representation that the land would benefit from Boulder Dam, Samuel Mooes, land promoter, now faces McNeil Island Federal prison. He appeared before United States District Judge James yesterday and was sentenced to fifteen months in prison on each of five counts, the sentences to run concurrently. Mooes, whose trial lasted two weeks, was accused of having obtained 24,000 acres of railroad land in the northeast part of Imperial county at 50 cents an acre and representing to about 2000 investors that the land would greatly increase in value because of asserted benefits from Boulder Dam. The land was sold by him at $5 to $7 an acre, testimony showed.

Asst. U. S. Attys. Redwine and Davis, who prosecuted the case, brought out in testimony that the land was for the most part 1000 feet above sea level and could not be benefited by the dam. Mooes was convicted by a jury on five counts of using the mails in a scheme to defraud.

ACTRESS PAYS WAGE CLAIM OF PARTNER

Joan Chalmers, vaudeville actress, yesterday appeared in Municipal Judge MacCoy's court and paid the clerk $40, asserted due Johnnie Collins, actor, on a labor claim against her. Collins complained that he was hired by the girl as a dancing partner in a Hollywood cafe and did not receive his salary. Judge MacCoy continued the case until tomorrow, indicating that he will dismiss it when Collins testifies he has received his money. Judge MacCoy also set aside a bail forfeiture of $50, ordered when Miss Chalmers failed to appear in court last Thursday for trial.

LONGER AND SLENDERER LINES FASHION'S UKASE

The diet and exercise program of former seasons will have to be pursued more strenuously than ever if madame and mademoiselle expect to keep pace with the mode of the moment.

This is the conclusion which follows the opening of exhibits of the Associated Apparel Manufacturers of Los Angeles at the Biltmore yesterday, wherein the predominating trend for fall styles is toward even higher and more definitely defined waistlines, Grecian form-fitting lines and the silhouette figure.

Acording to Viola S. Dimmitt, local manufacturer, this trend will be particularly evident in evening clothes, in which the form-fitting effects will be so pronounced that the well-known simile of "fitting like the paper on the wall" will almost be in order for the upper section of the dress. For the skirts, however, there will be more and more yardage, both in width and in length, even unto trains.

Satin, she said, is the most favored material for evening wear, beaded effects have come back, a great deal of lace will be used, capes still are in order and the old-fashioned effect is good, especially for the very young girl, what with puffed sleeves, square necklines and anything that is sweet, simple and girlish.

Chiffon continues to hold its own, both for afternoon and evening and evening wraps will be best when they are hip length and with sleeves, she said. Colors which lead the procession for evening are ecru, vanilla, chartreuse, peach, flesh, love pink and black always, but this season with contrasting colors.

In the realm of street clothes I. Teitelbaum of the Paramount company described the outstanding features for the coming season as intricate cuts, increased refinement and greater conservatism. Skirts will continue to fall four or five inches below the knees and waists are higher, he said. A material called travel print, a combination of silk and wool, will be much in evidence in suits and dresses for early fall. Pleats will supersede circular flares to a large extent in street clothes.

There will be a great deal of lingerie and lace used with black, tunic effects in skirts will be among the newest notes and suits with

(Continued on Page 2, Column 1)

VIENNESE SCIENTIST VISITS CITY

Dr. Serge Voronoff Tells How Gland Experiments Changed Animals

A new race of animals, endowed with qualities superior to those which nature gives them normally, is the ambition of Dr. Serge Voronoff, famous Viennese gland surgeon, who arrived in Los Angeles yesterday, on a world tour.

DR. SERGE VORONOFF

Dr. Voronoff has recently completed a series of experiments in India and Indo-China at the behest of the French government which leads him to believe that in the very near future modern stock raising will have its basis in his plan of gland rejuvenation.

At the Ambassador last night he explained the method by which he transplanted glands into bullocks and young rams and declared the result was that the animals yielded 25 per cent more meat than those left to grow normally and in the case of the rams, their wool yield was correspondingly larger.

"And what is more interesting," the noted surgeon said, "the progeny of these animals are equally as vigorous. The same methods applied to valuable breeding animals will mean untold wealth for stockmen and I hope to live to see the day when this means will be taken to increase the wealth of the world."

Dr. Voronoff said that arrangements are being made for him to lecture with motion pictures of his operations at one of the local hospitals some time before he leaves for San Francisco on Thursday. Yesterday he was the guest of Douglas Fairbanks for a tour of Hollywood studios.

Dr. Voronoff expressed great admiration for Zaro Agha, Turkish patriarch whose claim to an age of 156 years has made him famous. Zaro Agha Khan is a very good friend of mine," he said. "He told me he was coming to America to look for a wife. That is not a bad idea and while I am here in Hollywood—perhaps I shall do the same."

BOARD ENDS HEARING ON TAX PLEAS

Supervisors Deny Most of Applications for Cuts on Property Assessments

After being in session two weeks, hearing approximately 1500 protests from property owners relative to their taxes, the members of the Board of Supervisors, sitting as a Board of Equalization, finished their labors yesterday at 5 p.m. The number of protests to assessments this year is approximately 500 more than last, according to Supervisor Graves, chairman of the board.

Although a number of charity cases had their assessments adjusted, most of the claims presented to the board were denied as the figures of the Assessor were upheld. Just what the amount of the adjustments will total will not be known for several days, or until the figures are totaled by the County Assessor.

Masons Conduct Abraham Rites

Final rites for Emanuel G. Abraham were conducted yesterday afternoon at the Ruppe Mortuary parlors, West Washington street. Rabbi Dubin officiated, and the Masonic ritual was observed at the interment in the Jewish Cemetery.

A resident of the State for the past ten years, Mr. Abraham was well known in business circles here and in San Francisco. He also was known through business affairs in Albuquerque, N. M. He was a member of Star King Masonic Lodge, San Francisco, and of the Colorado Springs Lodge of Elks. He leaves a brother and sister in Milwaukee, and his widow, Rose Abraham of 701 South New Hampshire street.

McCONNELL SERVICES TODAY

Funeral services for Mrs. A. Lelia McConnell, wife of Rev. Alexander W. McConnell, retired Presbyterian pastor, will be conducted at 2 p.m. today at the W. A. Brown chapel, 1815 South Flower street. Interment will be in Forest Lawn Mausoleum.

FLINT DEATH PLOT CHARGED

Prosecutor Declares New Found Facts Convince Him Keaton Planned Murder

Asserting that his conclusion is based on new facts, unearthed within the past few days, Dep. Dist.-Atty. Burgess, in charge of the prosecution of Frank D. Keaton, slayer of Motley Flint, yesterday declared he is convinced that Keaton was and is sane and cold-blooded planned the murder of Flint.

"I believe that Keaton was perfectly sane and knew just exactly what he was doing when he went to Superior Judge Collier's courtroom a week ago and shot down Flint," said the prosecutor yesterday. "When Keaton goes to trial on August 1 before Judge Schauer I am going to ask the jury to convict him of first-degree murder.

Burgess refused to reveal what the new facts are, saying they will be presented to the jury at the proper time.

In preparing for the trial, the prosecutor yesterday made a personal survey of Judge Collier's courtroom and received a first-hand account of the shooting from the jurist, who was an eyewitness to Flint's death. Burgess also took statements from various other witnesses, and from the police who have been working on the case.

While the District Attorney's office, apparently, had discarded the theory that Keaton was insane, the three psychiatrists appointed by the court to make a mental examination of the slayer, yesterday con-

(Continued on Page 2, Column 6)

SHULER RADIO QUIZ PROMISED

Sykes to Lay Matter Before Federal Commission

Inquiry Slated for September Assembly of Board

Action Planned as Result of Legion Man's Letter

Official inquiry by the Federal Radio Commission into the broadcasting activities of Rev. R. P. Shuler will be undertaken at the September meeting of the board.

Announcement of this investigation, which will be held before the entire commission sitting at Washington, was made yesterday by Commissioner E. O. Sykes of Mississippi, who has been here for several days presiding at a hearing on restrictions proposed for the short-wave radio telegraph channels used in handling market news.

The decision of Commissioner Sykes came after receipt of a letter from George B. Lyon, former commander of the Los Angeles county council of the American Legion, requesting that the commission take official cognizance of the situation that has developed through the slaying of Motley H. Flint and the subsequent comment thereon broadcast by Shuler.

INQUIRY PROMISED

"I have not had opportunity to digest the Lyon request," said Commissioner Sykes, who left for Washington via San Francisco last night, "but from a brief resume of its contents I am certain that the uses of radio KGEF by the party to whom it is assigned will be placed before the commission at its September meeting.

"The communication is sufficient to place the entire matter before the commission at the Washington meeting where a full inquiry will be conducted. I have given the matter no personal study and cannot make any prediction as to the final action."

In his communication, Lyon points out that Shuler broadcastings have stirred up considerable dissension, and offers to present the commission with transcripts of some of Shuler's asserted statements.

The letter sets forth six points, and requests that Shuler be placed on a probationary basis with a penalty of revocation of license for violation of such terms of parole as may be laid down by the commission.

TEXT OF LETTER

The communication is as follows: Judge E. O. Sykes, Federal Radio Commission, Biltmore, Los Angeles:

Honorable Sir:

It had the honor recently to command the Los Angeles County Council of the American Legion, which represents 20,000 World War veterans.

As a member of this organization and of other veterans' organizations, and of various civic organizations of Los Angeles, I beg to submit to you and to other members of your commission the following facts:

First, Rev. Robert P. (Bob) Shuler, pastor of the Trinity Methodist Church in Los Angeles, operates a noncommercial radio station under the call letters KGEF.

Second, at least once each week for the past several years he has made nonreligious broadcasts, exclusively devoted to a discussion of political, economic and sociological affairs.

Third, in his criticism of events and persons his intemperance of thought and expression gives wide offense, especially to members of various patriotic bodies.

DANGER SEEN

Fourth, the reckless denunciations broadcast by Mr. Shuler over KGEF in the opinion of the undersigned and many others, are of a character which may dangerously inflame the passions of some elements of the population, and are apparently so hostile to established institutions of the government, such as the judiciary and other law-enforcing agencies, that, in the opinion of the undersigned, the public utterances of many of these addresses is contrary to public policy.

Fifth, it is respectfully submitted that if it is within the province of your honorable body, a judicial examination of these utterances should be made with a view to determining whether they menace the public peace and are calculated to corrupt faith and confidence in the State.

Sixth, it is respectfully requested that your honorable body take such steps as are within its powers, to the end that Rev. Robert P. Shuler may be admonished in regard to the proprieties in political discussion over the radio, and that he be placed on a definite probationary basis with a penalty of revocation of his radio license when he violates

(Continued on Page 2, Column 4)

The Lancer

by Harry Carr

WHETHER anybody wants to know or not, I am having a swell time this summer.

For years I have wanted to spend a summer at San Pedro. And now that the chance has come I find it even more entertaining than I had imagined.

WRITING HOURS

Every morning I get up early and walk down to the cliff that looks down into the harbor. At this hour the water is still and the battleships look like painted ships on a piece of painted glass.

After breakfast on a wide porch which we have turned into a Mexican patio I wrestle with the typewriter; and write a little piece explaining to the world how it ought to behave.

Then I drive down past Fort MacArthur to town, where I mail the piece and talk to the town folks about this and that.

THE BOOKS

Then I come back home and read for a while.

I am reading four books at once: "Unity of the World," by Ferrero; "Kristin Lavransdatter," by Sigrid Undset; "The Great Meadow," by Edith Maddox Roberts; "Card 13," a corking detective story by our own Lillian Ford.

LA SENORA LLEGA

Presently Senora Espinosa comes to get us cleaned up.

The senora has the dignity of an empress and is handsome and stately. To our great delight she doesn't speak English. It's a grand chance to practice Spanish.

The sounds that come out of the house to me are like this:

"Como se llama—"go"? Oh, shucks, yes. Vaya a—oh, heck—oh, yes—mercado y compre dos loaves of pan."

THE SHIPS THAT GO BY

After lunch I do some more writing.

Then by way of afternoon tea I take the two Scotty dogs, a newspaper page giving the schedule of ship sailings, a pair of powerful German army glasses and go down to the cliff in the car.

There we sit and watch the ships go by.

This is more fascinating than any theater. The west wind by now is kicking up the sea into whitecaps and the surf is breaking in a white fringe against the breakwater.

Tank ships, big freighters, white, stylish passenger ships—speed boats, making a white feather of foam on the wind-whipped waters of the bay—the huge gray ships of war—an endless procession going out to challenge the west wind.

THE MOVIES

In the evening we occasionally go to the movies, where my flesh crawls to hear the audiences gurgle over moronic rubbish like "Hell Harbor," and turn a comparative cold shoulder on "Young Man of Manhattan"—a charming, delicate, brilliant little story written with sparkling dialogue—the lovely Claudette Colbert, Charley Ruggles and Norman Foster. But it has no rides to the rescue, blood-curdling villains or punk jokes.

D. W. Griffith once said that the American public is 9 years old mentally. This was unwarranted flattery.

TRAFFIC SIGNALS URGED

A resolution asking that traffic signals be installed at the intersection of Westwood Boulevard and Wilshire Boulevard was introduced in the City Council yesterday by Councilman Webster. It was referred to the Police Commission and the Traffic and Street Lighting Committee.

AUNT HET

PROBATION PLEA ON BRIBE FILED

Krause Denied New Trial in Julian Action

Attorney Asserts Berman's Testimony Barred

Evidence Given Declared That of Accomplice

Denied a motion for a new trial after his conviction on a charge of bribery, Louis Krause, former associate of Jacob Berman, was permitted to file an application for probation by Superior Judge Wilson yesterday. The court fixed August 4, next, as the date for hearing on the probation matter.

The motion for a new trial was argued by S. S. Hahn, Krause's attorney, and was based upon the contention that the principal evidence given against the man was testimony of Jacob Berman, asserted accomplice. Testimony of an accomplice is barred under the California law.

Krause was convicted of bribing two jurors in the original Julian case two years ago.

PROBATION HEARING FOR GROVES SCHEDULED

John B. Groves, juror convicted of accepting a bribe to vote "not guilty" in the original Julian trial, is to appear before Superior Judge Wilson on August 4, next, for a hearing on his probation plea, according to an order issued by the court.

Groves was convicted of accepting a gift of $5000 cash and a large quantity of imported liquor.

HUNTER TUMMY 'REFUELER' HERE

(Continued from First Page)

made that the flyers were coming here.

Earlier in the day the flyers landed at Fly Field, Yuma, after they had become lost from two other planes en route from Tucson to Los Angeles.

The four airmen, along with Herbert Budd, their mechanic, and Harry Perkins, their manager, had left Tucson earlier in the day. For several hours John and Albert flew over Southern Arizona desert waste lands seeking a place to land. Finally, Yuma came in sight and a landing was made.

LONGER LINES, FASHION'S EDICT

(Continued from First Page)

separate blouses retain their past popularity.

Black tops the list in the color chart for fall, with Annapolis blue (a bright navy) brown with a red cast and date plum not far behind. Very few bright colors, Teitelbaum said, will be shown for the street for fall.

Wife Divorces Detroit Mate

Sending her to California for her health was only a trick to get rid of her, Mrs. Goldie Jacoborowitz asserted yesterday at trial of her suit for divorce from Samuel Jacoborowitz. The husband is a taxicab operator in Detroit. Superior Judge Collier granted the wife a decree and custody of her daughter, 14 years of age.

"He sent me to California for my health and said he would follow in two months," the wife testified. "At the end of the two months I wrote him, but my letter was returned by the postoffice folks, who were unable to find my husband. He moved without leaving a forwarding address."

HOME PLANNERS WIN AWARDS

Eastern Architects Receive Prizes

Designs on Display Here

Florence Schmidt with some of prize-winning home designs.

PRIZE awards of $1000 for the best architectural plans for small houses were awarded to Raymond J. Percival of Hartford, Ct., for the best five to seven-room house, and to S. Arthur Love, Jr., of Philadelphia, for the best eight to twelve-room house. The winning designs together with more than fifty other plans entered by nationally known architects in the third annual small-house competition conducted by the House Beautiful Magazine are now on display at the Architects' Building, Fifth and Figueroa streets.

In awarding the prizes judges based their decision on the following points: That the house is especially well conceived for its site; that the exterior expresses the plan with bold simplicity; that the interior details are consistent with the plan and the exterior; that the plan is economical in the disposition of its rooms.

Judges pointed out that fifteen architects from Southern California entered their plans, and that no other region represented in the contest made such a general showing of excellence. The prize winners last year, Gordon B. Kaufman and H. Roy Kelley, both of Los Angeles, received honorable mention at the present exhibition. The other California architects are Mrs. James Osborne Craig, Marston & Maybury, John Upton Clowdsley, Kirtland Cutter, Soule, Murphy & Hastings, Heth Wharton, Witmer & Watson, Dean & Dean, Henry Carlton Newton and Robert Dennis Murray, Frederick H. Reimers, Winchton Leamon Risley and Albert J. Schroeder.

The exhibition will remain on display until August 4, when it will be taken to Santa Barbara for display by the Community Arts Association.

BAINE FINDS BUSINESS BEST ON WEST COAST

Southern California business conditions are far superior to those in the South and in the East according to Col. Harry M. Baine, president of the Hollywood Boulevard Association, who returned yesterday from an extended trip on which he visited principal Texas cities, New Orleans and New York. Col. Baine was called on to discuss California before several board meetings of civic organizations and business groups, and states that a large proportion of those he interviewed have in mind visiting Los Angeles at their earliest convenience.

BLOW FROM FALLING BUCKET CAUSES SUIT

Struck on the head by a bucket of paint, released by a workman on a sign in front of the Temple Baptist Church, Fifth and Olive streets, Eleanor Livingston yesterday sued the Neale Rainbow Light Corporation for $10,710. The plaintiff asserts that W. H. Taylor, a party to the suit, on February 14, let the bucket fall thirty feet, causing serious injuries and a shock to plaintiff's system.

Wife Describes Threats of Mate to Kill Family

A dramatic tale of how she fought to save her own life and those of her six children was told yesterday by Mrs. Angelica Herrera of El Monte, following the arrest of her husband, Juan, by deputy sheriffs on assault charges.

Sunday afternoon, she said, Herrera took his family for an automobile ride and told her that he was going to kill them all by cutting their throats as soon as they reached an isolated spot. When he attempted to turn the car off the main road, Mrs. Herrera said, she became panic-stricken, leaped from the machine and dragged as many of the children as she could with her. Her screams attracted two passing motorists who notified the authorities and deputy sheriffs soon had the man in custody. They reported that they found a long knife concealed in his clothing.

The wife swore to a complaint yesterday and Herrera is held in the County Jail. The children's ages range from 1 to 13 years.

Miniature Golf Curfew Ordered By Supervisors

As a result of action taken by the Board of Supervisors yesterday devotees of miniature golf in the county, outside of the city, are facing a midnight curfew.

Following the introduction of a motion by Supervisor Wright the board instructed County Counsel Mattoon to prepare a county ordinance closing the dwarf courses in unincorporated county territory promptly at midnight. The measure will also provide for turning off radios at the grounds at 10 p.m.

The new ordinance will be acted upon at the next regular meeting of the board on Monday, according to Chairman Graves.

Phone Listings Will Show Gain

Southern California Telephone Company announces six new additions to local telephone prefixes. They are Kimball, TWinoaks, SYcamore, MIchigan, CLeveland and ADams. They will appear in the fall telephone directory, which goes to press August 1.

In addition to the new prefixes, the directory will feature an unusual color scheme on the cover and several thousand new names. Until the directory lists go to the printers on August 1, subscribers may make revisions, additions, changes in names and addresses to appear in both the alphabetical book and the supplemental volume of professional and business listings. Those who apply for service before the end of the current month will also be listed in the new directory.

WIFE SUES WOMAN FOR $50,000 BALM

For the loss of her husband's love, Mrs. Merleen Poyet yesterday sued Alice M. Farwell for $50,000, asserting that the defendant enticed her husband, Henry T. Poyet, away from his home. The petition, filed by Attorney S. S. Hahn, stated that the couple was married October 20, 1928, and separated a year later.

BURKHART SENTENCED TO DEATH

New Trial Denied Slayer of Wife, But Gets Time to Prepare Appeal

William Henry Burkhart, convicted of murdering his actress wife on the night of March 24, last, yesterday was denied a new trial by Superior Judge McComb and sentenced to be hanged.

The complaint against Burkhart accused him of luring his estranged wife to a bungalow at 6743 Franklin avenue for a reconciliation party. Both became intoxicated from wine tonic, officers assert, and Burkhart shot his wife to death late in the evening when she refused to return to him.

An eight-day stay of execution was granted by Judge McComb to permit the defendant an opportunity to prepare an appeal.

SHULER RADIO QUIZ PROMISED

(Continued from First Page)

the conditions of any parole, whose terms are laid down by your honorable commission.

If desired, I shall be glad to submit to your honorable body transcripts of some of the addresses delivered over the radio by Rev. Robert P. Shuler.

Recent events in this community have affected public optinion to such a degree that it would appear wise to give attention to this subject as soon as consistent.

Respectfully submitted,

[Signed] GEORGE D. LYON.

MASS MEETING CALLED TO DISCUSS SCHULERISM

Announcement of a mass meeting to be held at the Olympic Auditorium Friday night to discuss Shulerism was made yesterday by Leo B. Lesperance, 630 Subway Terminal Building, acting as temporary secretary of a citizens' committee. Identity of the 200 members of the committee sponsoring the gathering will be made known today, according to the initial announcement of the temporary secretary.

The formal notice of the mass meeting, after pointing out that the city is not confronted with an individual, but by a condition which must be examined and combatted, says:

PROBLEM SET FORTH

"The mass meeting Friday night will enable us to understand what we must fight and how we can constructively wipe it out. We have the assurance that numerous patriotic organizations, civic organizations, clubs and sectional improvement associations will be present. This meeting is not political in the usual sense. Nor is it sectarian nor denominational. We are assured that clergy of various churches will be present with representatives of their churches.

"This is purely a civic problem. It is a problem that affects our welfare; it hits our pocketbooks. It is a unique situation in the history of a city. There is no malice toward anyone. Something must be done to arrest the mischief that is hurting our business and our daily life."

NIX TELLS AIMS

City Prosecutor Nix, in his address last night over radio station KMTR, said he is not conducting his war of words on Shuler as an individual, but on what Shuler represents.

"What is Shulerism?" Nix asked. "I doubt," he continued, "whether the man himself quite understands what he stands for. To me, Shulerism is iconoclasm—destructiveness. If you analyze the many statements that are made by Mr. Shuler and by those who follow in his wake you find the whole tendency of their thought is to tear down. They seek material to destroy men and institutions. They see faults and flaws and shortcomings and stains and all those things that appear evil, and they sincerely seem to regard it as their duty to make a picture of these dark specks as black as possible."

BIGOTRY CHARGED

"These things, of course, are born of bigotry. To my mind," the speaker continued, "the thing that I call Shulerism is the very incarnation of bigotry. And, of course, bigotry is an absence of knowledge and of understanding and of a wide human sympathy. It is a narrowness of mind and viewpoint that is not consistent with the practical necessities of a world city with a cosmopolitan population of 1,250,000 persons. Bigotry in the quality that has smashed nations and ruined empires. In a sense, it is a mask of selfishness.

"I believe that the overwhelming majority of the clergy in this city are opposed to everything Shulerism represents. I think that the majority of people in this city are opposed to Shulerism in politics and social life. For Shulerism eventually means arrest of development. It means intolerance, it means the shutting of the mind to all those wonderful things which modern knowledge and the accumulation of scientific wisdom has brought to us through the ages."

TURNEY DECLINES NIX'S POST OFFER

Municipal Judge Turney twice has been offered the post of City Prosecutor which Lloyd Nix will leave August 15, but has declined it, Mayor Porter admitted yesterday. Turney now is contesting for Superior Judge Hardy's position.

Nix, in resigning, blamed the influence of Rev. R. P. Shuler, which Mayor Porter denies.

SCARS SHOWN JUDGE TO OBTAIN DIVORCE

Matrimony-scarred is what Roland B. Kissam, a bank employee, called himself yesterday when he offered his face as an exhibit in obtaining a divorce from Hazel Kissam. Superior Judge Anderson granted him a divorce on grounds of cruelty. "There is one of the scars," said Kissam, pointing out a mark on his head for the Judge's inspection. Kissam said his wife tried to choke him with his necktie, and cut his face near one eye with a tie-pin. Also, he added, she struck him on the face, cut his lip, slapped and womanhandled him until he lost weight.

MATE OF ACTRESS WOULD FIGHT CASE

Jean Harlow

DEFAULT ON WIFE'S SUIT UNDER FIRE

Husband of Jean Harlow Through Attorneys Seeks Divorce Action Change

A default to a hitherto uncontested divorce action of Jean Harlow, screen actress, filed under her legal name of Mrs. Harlean Carpenter McGrew, against her husband, Charles F. McGrew II, will be set aside by Superior Judge Edmonds if the motion of McGrew's attorneys, William J. McNichols and Josiah Coombs, is successful, it appeared from court records yesterday.

The motion to set aside the default probably will be opposed by Miss Harlow's attorneys, Hunsaker, Britt & Cosgrove. It was filed on grounds that the default was entered too soon.

Miss Harlow sued her husband after her separation in 1929, at which time she asserted she was to receive an allowance of $375 a month from a trust fund. This allowance was not paid, she asserts, charging that her husband's grandfather, Charles F. McGrew, whom she names codefendant in the suit, aided her husband in evading payment.

McGrew was profane and abusive, his wife asserts in her complaint. She cites numerous instances of his having been drunk and disorderly, once at her birthday party in Beverly Hills, once in a San Francisco hotel and on a steamer trip from New York to Los Angeles.

"FRIENDLY" BLACKMAIL NOTE SENT

Deputy Sheriffs Hunt for Sender of Letter Asking $50 from Couple

A "friendly" threat note, requesting a loan of $50 with which the writer could send his "wife and two starving babies back to Kansas" yesterday was turned over to the Sheriff's office by Mr. and Mrs. J. S. Baker of Santa Fe Springs. Although the missive was couched in friendly terms for the most part, it closed with threats of dire calamity if the writer's demands were refused.

"I have always gone straight," the letter said in part "and hope that I always will . . . but how would you like to see your babies starving?"

When deputies were assigned to investigate, they learned that the Bakers had received a similar note about three weeks ago, asking a loan of $85 for a similar purpose. The latest was postmarked Long Beach and bore the date the 20th inst. It was delivered yesterday morning and the authorities immediately were notified.

In explaining the reason for asking the lesser amount, the writer stated that he had made a few dollars since the first letter and could do with $50.

"If this amount is not received by Saturday," the letter concluded, "the boy and I will take what money we have and fix the tankhouse at Delano. Then I will come to your home and take care of that end."

The letter was signed E. C. Porter, general delivery, McFarland, Kern county, California. The Bakers said they know of no such person.

Two Injured in Plane Crash

Two Los Angeles men were slightly injured yesterday afternoon and their plane wrecked when the pilot landed the plane in soft earth on the school grounds at Laguna Beach. Edgar Kaiser, passenger, and Pilot Ducther received numerous bruises when the plane nosed over. The landing gear and propeller were carried away.

Kaiser chartered the plane, a Curtiss Wright, from the Grand Central Air Terminal yesterday afternoon in an attempt to overtake a train. He asked the pilot to make a landing at the Florence Lowe Barnes private landing field at Crescent Bay, near Laguna Beach, so that he could make a short visit with a friend. As the pilot circled the field he decided it was too small for a safe landing and turned his ship to the school grounds.

The Barnes field on which Ducther first attempted his landing was the scene of the fatal crash on July 6 of Dick Dodds, wealthy Los Angeles sportsman, whose plane fell in the ocean when he overflew the field.

STREET PARKING MAY BE BANNED

Downtown Change Hinges on Second-Street Test

Engineering Bureau Head Sets Forth Prospect

Gain for Business Men Seen Under Such Restriction

If the experiment in the traffic ordinance yesterday amended by the City Council, to prohibit parking on Second street from Hill to Los Angeles streets, works out as expected, vehicle parking on streets throughout the Los Angeles downtown district may be gradually prohibited. In the event of the Second-street test being successful plans for a general parking ban will be acted upon by the Traffic Engineering Bureau, R. T. Dorsey, its head, announced yesterday.

"The no-parking law on Second street will increase the number of cars passing in that street from 863 to approximately 1500 an hour. I believe that all the business houses on the thoroughfare will be greatly benefited by the increase," Dorsey said.

"The business man, who is the opponent to all such traffic prohibition measures, is fighting against his own good. Tests repeatedly have shown that once curb parking is prohibited the business man benefits. Our department has proved that only half the cars parked on a street transact business on that street."

"A plan whereby all the major traffic arteries running east and west in the business district gradually will be closed to parking, will in the future, be the only possible traffic system. It has been successfully shown that by no-parking ordinances traffic accidents have been materially reduced and traffic has been expedited," Dorsey said.

FLINT KILLING FACTS FOUND

(Continued from First Page)

tinued their tests on Keaton at the General Hospital, where the accused man has been confined since last Saturday.

D'ORR UNDECIDED

At the same time, Public Defender Vercoe and Deputy Public Defender Neeley, who so far have represented Keaton in court, went ahead with their plans for his defense. Atty. Paul Barksdale D'Orr, former counsel for Rev. R. P. Shuler, with whom Mrs. Miriam Keaton, wife of the slayer, conferred last week, declared yesterday that he had not yet been definitely retained to defend Keaton, but thinks something definite on the situation will be determined today.

The Shuler pamphlet, "Julian Thieves," which police say they found on Keaton shortly after the murder and which now is a part of the evidence, was still a much-discussed volume in connection with the Flint murder yesterday. Close observers of the situation see in the pamphlet, which contains several paragraphs sharply critical of Flint, evidence that the prosecution may advance it as a motive for the slaying. Dep. Dist.-Atty. Burgess and the Public Defender's office, though, would not comment officially on how they expect to treat the booklet at the trial.

COUNCIL DENIES PROTESTS

Protests were denied yesterday by the City Council against the improvement of Rosecrans avenue between the east city boundary and Vermont avenue and against the establishment of setback lines in Sixth avenue between Jefferson Boulevard and the Southern Pacific right of way. Assessments were confirmed for the improvement of Hanford avenue from First to Third streets.

SAD "GUN GIRL" TO BE GOOD

Rudell Heath, Out of Asylum, Gets Probation on Pledge to Go Home to Texas With Dad

Rudell Heath, Texas gun girl, arrested in Hollywood at various times for shooting at an asserted sweetheart, striking a motion-picture director with a milk bottle and biting another boy friend at three different times, has reformed and is returning to her father's ranch near Alto, Cherokee county, Texas, "to live among Christian people."

The decision to shake the dust of Los Angeles and Hollywood from her feet was announced by the 21-year-old girl when, after being released from the Norwalk State Hospital for the Insane, pronounced cured, she appeared before Superior Judge Hardy to answer to a charge of forgery.

After listening to the testimony of the father, Jim B. Heath, who promised to return his daughter to his farm, Judge Hardy released the girl under five years' probation with the understanding that she keep her promise to lead a Christian life.

Miss Heath appeared much improved in health since the day she was committed to the Norwalk Hospital on November 26, 1929. Contrary to her former custom, however, the girl declined to pose for photographs, announcing that she is leaving for Texas with her father by automobile at once.

The girl first figured in police reports in January, 1928, when she was accused of shooting at Fred Bohanan, her asserted sweetheart. She was fined $1.

A few months later she was arrested and charged with having accused of striking George [illegible] Gragg, motion-picture director, over the head with a milk bottle during an argument concerning a traffic accident.

Since then she has been arrested for attempting to kiss in the office of a physician's office, assaulting another "boy friend" and being held and for forgery.

Released on bail, Miss Heath left the city and fled to Oklahoma, where she was apprehended and returned for trial on the forgery charge. She pleaded guilty to the charge and then was granted a sanity hearing resulting in her incarceration in Norwalk.

WEBB WOULD SAVE BEACHES

Saving the beaches from the encroachment of the oil companies and preserving them for the use of the people is one of the gravest problems of the day, U. S. Webb, Attorney-General of California and candidate for re-election, told members of the Woman's City Club at their meeting in the Figueroa Playhouse yesterday.

BERMAN TO AS FOR DISMISS

Suppression of Charges be Moved

Prosecution Expected Conclude Today

Witnesses for Defense Disclosed

The prosecution's case [illegible] Jacob Berman, "bright boy" [illegible] Julian Petroleum Corporation [illegible] collapse, probably will be [illegible] Superior Judge Schauer's [illegible] today, where the defendant [illegible] trial charged with embezzlement [illegible] $3,000 from an investor and [illegible] of numerous stock certificates [illegible] John J. Hill, deputy Public [illegible] under, representing Berman, [illegible] to disclose the nature of the [illegible] tions or the names of the firm [illegible] names to be called in Berman's [illegible] half. It is understood, however, that after the prosecution rests the defense will require the rest of the day to present and argue motions for dismissal based on various technicalities.

Yesterday the principal witness was A. W. Shepard, a vice-president of the Sunset Pacific Oil Company, successor to the Julian Petroleum Company. He identified certain stock certificates in evidence as having come into his firm as [illegible] stimate stock.

The prosecution, headed by Deputy District Attorney [illegible] McSparney, charges that Berman [illegible] strained clerks in the transfer department of the Julian Petroleum Corporation to forge fictitious names to stock certificates and place them in circulation. In this manner, it is charged, the Julian firm's stock was overissued thousands of [illegible]

Police Officer Faces Charge of Drunken Drivi

Earl F. Chandler, 38 years o[illegible] for twelve years a member of the Los Angeles Police Department until yesterday a sergeant on the West Los Angeles station, today was stripped of his badge, suspended, and held on a charge of driving while intoxicated. Chandler was arrested by fellow officers of the West Los Angeles division after complaints of a reckless driver had been received. He was found lying face down on a lawn at 1250 Wellesley avenue while his wrecked car, which had collided with a parked car owned by H. E. Tracey, was in front at 11214 Texas avenue. The officer said to have thrust his fist through a window of the house at 1250 Wellesley.

When arrested, Chandler is alleged to have become violent. As the result that his hands were handcuffed behind his back. He was not in uniform, and was reportedly intoxicated until taken into the station. He was slightly injured in the accident.

He was arraigned before municipal Judge Ballard yesterday on a charge of drunk driving. He was ordered released on $500 bail pending his preliminary hearing, which was set for the 28th inst.

New Mausoleu Cost Announc as $1,000,0

Erection of a mausoleum in [illegible] ing an investment exceeding $[illegible] 000 will be started within a [illegible] months at Avalon Boulevard and Main street, it became known yesterday following the granting of a building permit by the county building department to Knoll Crest Gardens, backers of the project.

The company is said to have secured twenty-two acres of [illegible] among backers of the enterprise, Dr. T. W. Bishop, South Pasadena, P. C. Ruber and Mark Jones.

LOCAL MARKET WIN PRIZE FOR DISP

A $1000 prize has been awarded Young's Market, Seventh and Union streets, for the best window display of glass-packed foods in a nation-wide contest sponsored by the Glass Container Association of America. An additional prize of $200 accompanied the principal award for the same store's location among Pacific Coast entries. The purpose of the contest was to demonstrate through window displays the ocular appeal of food beverages packed appetizingly in glass containers.

RECITAL AT HERMOSA

Sibley G. Pease, Elks' Temple organist, will give a recital tonight at Hermosa Beach in St. Cross Episcopal Church, officially opening the organ just installed.

SHIP'S GUN

West Virginia Turret for All V

rested and charged with battery, accused of striking George W. Gragg, motion-picture director, over the head with a milk bottle during an argument concerning a traffic accident.

Since then she has been arrested for attempting to kick in the door of a physician's office, assaulting another "boy friend" and biting him and for forgery.

Released on bail, Miss Heath left the city and fled to Oklahoma where she was apprehended and returned for trial on the forgery charge. She pleaded guilty to one charge and then was granted a sanity hearing resulting in her incarceration in Norwalk.

WEBB WOULD SAVE BEACHES

Saving the beaches from the onslaught of the oil companies and preserving them for the use of the people is one of the gravest problems of the day, U. S. Webb, Attorney-General of California and candidate for re-election, told members of the Woman's City Club at their meeting in the Figueroa Playhouse yesterday.

New Mausoleum Cost Announced as $1,000,000

Erection of a mausoleum involving an investment exceeding $1,000,000 will be started within a few months at Avalon Boulevard and Slauson, it became known yesterday following the granting of a building permit by the county building department to Knoll Crest, Ltd., owners of the project.

The company is said to have acquired twenty-two acres of land. Among members of the enterprise are R. T. W. Bishop, South Pasadena; F. G. Risher and Mark Jones.

LOCAL MARKET WINS PRIZE FOR DISPLAY

A $1000 prize has been awarded Brown's Market, Seventh and Alvarado streets, for the best window display of glass-packed foods in a window-with contest sponsored by the Glass Container Association of America. An additional prize of $500 accompanied the principal award for the same store's leadership among Pacific Coast entries. The purpose of the contest was to demonstrate through window display the ocular appeal of foods and beverages packed appetizingly in glass containers.

RECITAL AT HERMOSA

Percy G. Pease, Elks' Temple organist, will give a recital tonight at Hermosa Beach in St. Cross Episcopal Church, officially opening the new pipe organ just installed.

BERMAN TO ASK FOR DISMISSAL

Suppression of Charges Will be Moved

Prosecution Expected to Conclude Today

Witnesses for Defense Not Disclosed

The prosecution's case against Jack Berman, "bright boy" of the Julian Petroleum Corporation before a referee, probably will be closed in Superior Judge Schauer's court today, where the defendant is on trial charged with embezzlement of funds from an investor and forgery of numerous stock certificates.

John J. Hill, deputy Public Defender, representing Berman, refuses to disclose the nature of the defense or the names of the first witnesses to be called in Berman's behalf. It is understood, however, that after the prosecution rests, the defense will require the rest of today to present and argue motions for dismissal based on various legal technicalities.

Heading the principal witness list is A. W. Shepard, a vice-president of the Sunset Pacific Oil Company, successor to the Julian Petroleum Company. He identified certain stock certificates in evidence as having come into his firm as legitimate stock.

The prosecution, headed by H. S. Whitehey, deputy District Attorney, charges that Berman induced clerks in the transfer department of the Julian Petroleum Corporation to forge fictitious names to stock certificates and place them in circulation. In this manner, it is charged, the Julian firm's stock was increased thousands of shares.

Police Officer Faces Charge of Drunken Driving

Red F. Chandler, 38 years of age, for twelve years a member of the Los Angeles Police Department and until yesterday a sergeant on duty at the West Los Angeles station, yesterday was stripped of his badge, suspended, and held on a felony charge of driving while intoxicated.

Chandler was arrested by fellow-officers of the West Los Angeles district after complaints of an intoxicated driver had been received. He was found lying face downward on a lawn at 1250 Wellesley avenue, with his wrecked car, which had collided with a parked car owned by E. E. Tracey, was in front of 1251 Texas avenue. The officer is said to have thrust his fist through a window of the house at 1250 Wellesley.

When arrested, Chandler is said to have become violent, with it would take his hands were handcuffed behind his back. He was not in uniform, and was not identified until taken into the station. He was slightly injured in the collision.

He was arraigned before municipal Judge Ballard yesterday on a charge of drunk driving. He was released on $500 bail pending his preliminary hearing, which was set for the 30th inst.

BLACKJACK POSSESSION ASSERTED

Glenn Rogers, Acquitted of Slaying Officer, Accused Now of Robberies

One charge of possession of a blackjack and two charges of robbery were filed yesterday against Glenn A. Rogers, 24 years of age, who was acquitted Saturday of a charge of murdering James Costello, Los Angeles police officer.

The complaint was issued by Dep. Dist.-Atty. Whitaker.

According to Whitaker, Rogers admitted on the witness stand that he had the blackjack in his possession at the time of his arrest.

The robbery charges accuse the youth of robbing L. Hanson, Los Angeles Railway conductor, of $40 on the night of December 7, 1929, and R. A. Fuller, another conductor, of $14.77 on the night of March 25, last, six days before Officer Costello was killed.

Firestone Tire Official Sights Business Gains

There is a pronounced note of optimism over the outlook for business conditions during the remainder of the year, declared L. R. Jackson of Akron, vice-president of the Firestone Tire and Rubber Company, who arrived in Los Angeles yesterday. Mr. Jackson is here to make a survey of the business situation on the Pacific Coast and to confer with officials of the Los Angeles Firestone factory.

"Every indication," he said, points to an increasingly healthy stimulus to business throughout the country, and I look for the Coast to be especially favored."

In reference to the tire industry, Jackson declared that it has scored a record of achievement that finds few parallels in American industry.

"In the seven years that have elapsed since the introduction of the balloon tire, the progress of the tire industry has gone to such an extent that tires now cost only 62 per cent as much as in 1923, they have 50 per cent more material in them, and give four times the mileage with one-tenth the trouble."

Girl's Story of Attack Results in Four Arrests

A 14-year-old girl's story of asserted attack nearly three weeks ago led to the arrest yesterday of four Mexican youths by deputy sheriffs. Two other youths are being sought.

The girl, Maria Guzman, is a foster daughter of Mr. and Mrs. Stanley Killian of 11815 Wilmington street, Watts. She said she was lured into a vacant house near the school which she attends by Bernave Gardena of 11716 Ingram street. Once inside, she declared, young Gardena and the other five attacked her. The others in custody are Nicholas Ledesma, 11654 Ingram street; Ralph Reyes of Ventura and Jesus Calderon of 1632 Columbus street. Deputy Sheriffs Bell and Brewster were assigned by Capt. Bright to round up those whose names are known by the asserted victim.

Asked why she had not informed her family of the occurrence before, the girl declared she was afraid of her assailants.

Yacht Builders to Open Branch

Ben Sweetland, sales director of Henry J. Gielow, Inc., New York, naval architects and designers of yachts, arrived in Los Angeles last night via Western Air Express. He is here for the purpose of establishing in Los Angeles general western offices for his firm.

"Yachting has become a major factor in the pastime and pleasures of Californians," said Sweetland upon his arrival. "Yachtsmen all over the world are beginning to regard Southern California waters as a veritable yachting paradise because of open water all the year around and because of the uniformity of sailing conditions.

Headquarters and general show rooms for the Gielow organization will be established by Sweetland and Arthur H. Downes, vice-president and manager of the California branch, in the S. Clyde Kyle sales salon, Wilshire Boulevard and Realtor Road.

SHIP'S GUN SCORE PERFECT

West Virginia Turret Crew for Third Year Sets Mark for All World to Shoot At

The battleship West Virginia sailed for Puget Sound yesterday afternoon with another record added to the many gunnery marks she has set in the last five years. Two "hash marks" now painted under the big white "E" on her No. 4 turret indicate that that turret's crew has fired a perfect score for three successive years in short-range battle practice.

Bank last week that it is believed that the ship has added the world's short-range record for turrets to the world's record for long-range battle practice she set in Caribbean waters two years ago.

All four of the big dreadnaught's sixteen-inch turrets fired such a near-perfect practice off Osborn Bank last week that it is believed that the ship has added the world's short-range record for turrets to the world's record for long-range battle practice she set in Caribbean waters two years ago.

Ensigns E. W. Herron and N. J. P. Frank, Jr., commanding No. 4 turret, and their crew, were personally commended yesterday by Vice-Admiral Richard H. Leigh, commanding the battleship divisions of the battle fleet, whose three-starred flag is carried by the West Virginia. Chief Turret Captain Wilson, who has held that berth in the fourth turret since the ship was commissioned in December, 1923, was particularly praised by Admiral Leigh.

The West Virginia now is commanded by Capt. C. W. Cole, who recently relieved Capt. E. T. Coutsten, Her gunnery officer is Lieutenant-Commander J. H. Buchanan.

CORRECTION

The Ralphs Grocery Co., in our advertisement in Sunday's Times, Pen-Jel was priced at 2 packages for 25c. The correct price should have been 2 packages for 25c.

DESIGNER RETURNS WITH PARIS IDEAS

Kathleen Kay

FASHIONS SALON TO BE OPENED

Miss Kathleen Kay Will Have Exclusive Shop on Wilshire Boulevard

Sometime in September Miss Kathleen Kay, formerly fashion creator for the Metro and Fox studios, will add another unit to the already famous fashion center on Wilshire Boulevard with the opening of an exclusive style shop to be known as the House of Kathleen Kay.

Miss Kay returned yesterday to Los Angeles from Paris, where she made her first purchases and studies of the collections of dress designs, and until the opening of her shop will be busily engaged in drafting new designs.

Long evening dresses are the present Paris mode, Miss Kay said, and declared that some of them had very long trains. There are a host of new colors to tempt the feminine eye, the designer said, and among them are numbered the new copper glow, September and peony shades.

Lina Basquette, motion-picture actress, will be associated with Miss Kay at patroness of the salon. Present plans call for an opening of the shop, which will be located at Wilshire Boulevard and St. Andrews street on September 15, but Miss Kay said that if all arrangements cannot be completed by that date she will hold a fashion show in one of the hotels or clubs.

MR. AND MRS. CARDIE TO BE BURIED TODAY

William J. Cardie, retired dry goods merchant of Cleveland, O., who died last Friday, and his wife, Mrs. Edith R. Cardie, who followed her husband in death the next day, will be buried in adjoining crypts in Forest Lawn Mausoleum today. Double funeral services will be conducted at 3 p.m. at the Turner & Stevens chapel in Pasadena. Mr. and Mrs. Cardie came to Southern California three years ago. She was recovering from an illness when the shock of her husband's death caused a relapse which resulted fatally. Their home was in Pasadena.

CANADIAN SOCIETY PLANS CELEBRATION

Canadians and other British will gather at the Odd Fellows Temple tomorrow evening under the auspices of the Canadian Society of Southern California to commemorate the admission in July, 1870, of the Province of Manitoba into the Dominion of Canada by royal proclamation signed by Queen Victoria. Miss Ann Thompson, native daughter of Manitoba, has been selected to reign as "queen" on this occasion. A feature of the evening will be a farewell to the officers of the Silvermaple on the eve of their departure for the Philippines.

CHEF WYMAN WILL PREPARE DESSERTS

Every woman interested in serving delicious desserts will wish to attend the Los Angeles Times' Free Cooking School at 2 p.m. today and watch Chef Wyman prepare a peach cream pie with an almond meringue, a coffee Bavarian cream with preserved ginger and a nut custard cake. She will also prepare an unusual salad, jellied crab and cucumbers, and show how to make the real Hungarian goulash. The class is held in the Southwest Building, 130 South Broadway.

BROKER'S PLEA DELAYS RECEIVERSHIP ACTION

Seven days for the filing of briefs were granted yesterday by Division Two, District Court of Appeal, at a hearing on the petition of E. K. Fleming, broker, for an alternative writ of prohibition to stay receivership proceedings in Superior Judge Doran's court. Fleming appeared on his own behalf and on behalf of the Stock and Bond Guarantee Company and E. K. Fleming & Co.

SCOTT ON AIR TOMORROW

Republican Leader's Radio Address in Behalf of Fitts Will Cover Entire State

Joseph Scott, Republican leader, will go on the air tomorrow night to deliver the first of a series of addresses by California leaders in the interest of Buron Fitts, Republican candidate for Governor. He will speak from 9 to 9:30 over the Don Lee chain, which includes stations KHJ at Los Angeles, KMJ at Fresno, KGB at San Diego and KFRC at San Francisco.

J. W. Buzzell, secretary of the Los Angeles Central Labor Council, will also take the air tomorrow night on behalf of Fitts, speaking from station KFWB from 8 to 8:10 o'clock.

CANDIDATE BUSY

Fitts will be in Southern California all of this week. He has three meetings on his schedule today and three tomorrow. Last night he addressed the combined Brotherhood of Churches at Glendale, addressing approximately 1000 people at the First Methodist Episcopal Church. Tomorrow noon the will speak to the All Veterans' League at a luncheon to be held at Boos Brothers Cafeteria, 648 South Broadway; Wednesday night, the Church Brotherhood meeting at the Figueroa Boulevard Church, Figueroa and Fifty-seventh streets, at 7:30 p.m.; at 8:30 p.m., Boosters' Club at Ocean Park.

Responding to inquiries received from several members of the teaching profession at the Southern California headquarters, Fitts's campaign manager yesterday reiterated his stand upon the question of the teachers' retirement salary law and tenure bill. Fitts in a letter to teachers declared:

"I am in favor of the retirement-schedule which shall be as just to our own teachers as any similar retirement provision for teachers in any State of the Union.

ACTION PLEDGED

"I am in favor of hte retirement-salary principle without reserve. As to the specific legislation necessary to approval of such a program of protection for those who give their lives in service to the boys and girls of the State, I believe that a schedule that is fair to the teachers and fair to those who must pay a part of the retirement salary—the taxpayers of California—must be worked out, and that in working it out the services of trained experts should be employed.

"If I am elected Governor of California I will approve and support a retirement-salary schedule that is actuarially sound and which meets the requirements I have stated."

BOY KIDNAPS HIMSELF TO FIND FATHER

Hitch-Hikes Into City and Enlists Police in Successful Search

Earle Pinchard, 11 years of age, knows little about court proceedings and cares less. After his parents were divorced he apparently was given into the custody of his mother, but he couldn't explain the matter. All that he was sure of yesterday when he walked into a police station here is that he had been living with his mother and stepfather in San Francisco but that he wanted to visit his father in this city.

He said that his mother and stepfather had started on a transcontinental motor trip and had taken him along but at Ventura he deserted them and hitch-hiked the rest of the way to Los Angeles. He arrived here yesterday morning and went at once to 1636 South Sierra Bonita avenue, where his father used to live.

Learning his father had moved he appealed to the police to aid him and while the police promised to help they put him in the Juvenile Hall for safekeeping meanwhile. Last night his father, R. S. Pinchard, who now lives at 3990 Mt. Washington Drive, recognized his son's picture in a newspaper and went at once to Juvenile Hall to claim him. The delight of father and son in their reunion was evident.

Trial Ordered With Denial of Probation Plea

Benjamin H. Zimmer, president of the Wiping Rag Corporation of California, was refused probation by Superior Judge Wilson yesterday and ordered to go to trial on four charges of forgery arising out of transactions with the Discount Corporation of California.

Zimmer had pleaded guilty to one charge of forgery and asked for probation. After denying the probation plea Judge Wilson sentenced the defendant to Folsom prison on the one forgery count and ordered him to stand trial on the other counts set forth in the indictment.

According to the report of H. D. Roberts, probation officer, Zimmer at present is at liberty on probation from Allegheny county, Pennsylvania. The probation officer also pointed out that officers of the Discount Corporation of California accuse him of defrauding them out of $48,504.83 by forging invoices and misappropriating certain funds which he had been permitted to collect for them.

Actress Winning Success as Diva

Hope Hampton, former motion-picture celebrity, is scoring new triumphs with each appearance before European opera goers, according to cabled reports received by David T. Babcock, president of the Los Angeles Grand Opera Association.

In the last few days she has sung at Liege, Belgium, Vichy and Aix-les-Bains, France, and goes on to Paris, according to the reports. Two of her recent appearances have been in "Manon," which will be her local role during the season in the Shrine Auditorium September 29 to October 13.

She will sing at Vienna, Monaco and San Sebastian, Spain, before returning to America.

FARIAS BEQUEATHS ESTATE TO FAMILY

The $100,000 estate of J. M. Farias, Palms pioneer, was left to his widow and six children, according to terms of his will, admitted to probate yesterday. The Security-First National Bank was named executor.

Rolph Speaks at Gathering of Clubwomen

James J. Rolph, Jr., long-time Mayor of San Francisco, spoke in behalf of his candidacy for Governor at the final session of the Woman's City Club yesterday afternoon at the Figueroa Playhouse.

Blaming the Young administration for business depression and unemployment in California, the candidate pledged himself to a program of lower taxation and betterment of business conditions. He referred to his nineteen years as Mayor of San Francisco as evidence of his qualifications for the Governorship.

Other speakers on the program were Milton K. Young, candidate for Governor on both the Republican and the Democratic tickets; Harry A. Chamberlin, candidate for lieutenant-governor; U. S. Webb, incumbent candidate for Attorney-General, and J. W. McKinley and Charles W. Lyon, candidates for State Senator.

Mrs. Robert D. Shields, club president, introduced the speakers.

Purse Snatchers Rob Women and Escape in Auto

Within an hour five more women were held up in daylight on Los Angeles' streets yesterday by two purse snatchers riding in an automobile.

The victims, all of whom were held up near their homes and lost sums from $2 to $40, are Mrs. Alice Palmer of 1217½ North Mansfield avenue, Mrs. Dora Luban of 2933 Ninth avenue, Miss Becky Goldman of 2531 South Mansfield avenue, Mrs. Michael Stevens of 1808 Rodney Drive, and Mrs. Matilda Cusick of 1208 South Marian street.

Chief of Detectives Taylor detailed a force of men to seek the purse-snatching hoodlums, who were described as youthful and well dressed.

SWIMMERS TRY TO BE GUARDS

Eighty Taking Hard Tests in Effort to Get One of Thirty County Jobs

Eighty candidates to fill thirty positions as county life guards are taking civil-service examinations, according to an announcement last night by Fred E. Wadsworth, county superintendent of recreation, parks and playgrounds.

In order to qualify successfully as a county life guard the candidate must be able to swim a mile and a quarter and stand up under a rigid physical examination immediately after. He also must be able to launch a dory in the surf, get in it and then make a direct landing on the beach without capsizing. It also is required that he be able to tow a 250-pound dummy through the surf a distance of seven-eighths of a mile, that he be able to swim one-half mile in a direct line through the breakers, or riptide, must understand first aid, must know how to handle a resuscitator, or inhalator and must have had five years of actual ocean experience.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example, they should be religiously observed.
—Abraham Lincoln.

Today's Bible Text

Finally, my brethren, be strong in the Lord, and in the power of His might. Put on the whole armor of God, that ye may be able to stand against the wiles of the devil.—Eph. vi, 10-11.

UNDER COVER

The designers of our fashions admit that there is a great margin to trade on, but they seem to be unanimous in the declaration that however scant skirts may be they must hereafter cover the knees. Not very many women have knees that are attractive, anyhow, and by covering them up the designers are doing their good deed for the day.

WATCH THE ROCKET

The rocket idea is being developed as a war weapon and they are showing how a company of infantry would be enabled to lay its own barrage by its use. Also rocket chambers may be filled with shrapnel so that deadly execution would be wrought with the enemy. If the rocket principle can drive a motor car at the rate of 500 miles an hour or carry a passenger to Mars it is nothing for children to play with.

ROCKET READINGS

Dr. Millikan and Daniel Guggenheim are backing Prof. Goddard of Clark University in his attempts to chart the space between planets. Liquid propellants will shoot rockets up vertically, which in turn will have electrical lungs and collect samples of air at varying altitudes. Thermometers and barometers will take the temperature and blood pressure of Mother Earth at various distances. A parachute will bring the stick down to earth gently and save the instruments.

NEGRO DEMOCRATS

Another Texas county sees the light and the Democratic organization within has decided to permit Negroes to vote in the party primary. Of course, the darkies in the South are presumed to have the right to vote, but until lately they haven't had the ghost of a chance in a Democratic primary. Whether they will have the hardihood to take advantage of the opportunity remains to be seen. There are not very many Democratic Negroes in the South anyhow. By letting them into the Democratic primaries they will at least have a voice in their local government.

SUCCESS

Several men of outstanding reputation in the Los Angeles business world have been interviewed recently by The Times on "Secrets of Success as Told by the Successful." One or two strong points project from their replies thus far.

Three out of five in recent statements put honesty at the head of the list. Another used the term "character," which amounts to the same thing.

Time was when many business men regarded sharp practice as essential to success. "The Sermon on the Mount" has been treated as a fanciful dream as far as practical results are concerned.

But today the hard-headed business man, so called, esteems honesty and integrity as chief characteristics. Ad men who have usually been regarded as playful with the truth at times are now preaching to their fraternity the necessity of absolute truth in their offerings. Other elements enter naturally, as: intelligence, ability to work and grin at the same time, personality, humanness, co-operation, determination, energy, health, temperance, self-confidence, ambition, aim, studiousness, necessity, loyalty. Most of these ingredients are found in successful careers. But the first and greatest of these is honesty.

One thing that has not been mentioned yet is courtesy. Thinking of the other fellow is part of it. Doing unto others as you would have others do to you is workable. The Golden Rule may even be more valuable than the foot rule—it may include it.

Trade may not realize it; but it has made tremendous advances in sloughing off the questionable. Service is fast becoming one of the big words with many flourishing firms. It is creeping into publicity everywhere. It is regarded as the best business.

At all events, we have to admit that business is on the upgrade. It is ethically better than it ever has been. Its preachments are almost evangelic at times. Ideals are being overtaken.

REGISTER, THEN VOTE

Next Saturday marks the final day on which it is possible to register for the primary election of August 26, which means that those who neglect to get their names on the voting lists on or before that day will have little chance to express an opinion on some very important matters. Principal among these is the Governorship of the State, which will be, for all practical purposes, settled at the primary. The Republican nomination for Governor is so nearly equivalent to election in this State that the chances for an upset in November are very slight.

Those who do not register before next Saturday, therefore, will have little say about how their State is to be run. The Governorship contest is particularly interesting this year because there is a strong Southern California candidate, and upon the result will hinge the question of whether this long-neglected portion of California will begin to receive the attention to which its wealth and population entitle it, or whether the dice shall continue to be cogged to favor the northern counties.

Hardly secondary in interest and importance are the Congressional, Supervisorial and judicial contests at the August primary. In most cases these, too, will determine who shall hold the office. The nonpartisan officers, a classification which includes Supervisors, the Sheriff and judges, may be elected at the primary, if they receive a majority of the votes cast and in the case of Congressmen and State legislators the Republican nominations will practically decide the issue.

It is necessary to state a party preference if the full suffrage is to be exercised, since voting on the nonpartisan offices alone is open to those who decline to make a party choice. While these nonpartisan offices are important, being the ones with which the ordinary citizen has the most contact, the nonpartisan citizen is practically ruled out from an effective say as to how the State and national governments are to be conducted. It is to every voter's interest, therefore, to express a party preference. Those who make a party choice, of course, have an opportunity to vote on the nonpartisan as well as the partisan nominations. Those who have hitherto registered without such a choice, or who wish to change a choice previously made known, may reregister this week and put themselves in a position to have full say in government.

Since registrations in California expire every two years, no one is registered who has not registered since January 1, last. All registrations made prior to that time were automatically canceled on that date.

If democratic government, in which nearly everyone professes to believe, is to be made to work properly, everyone must take part in it to the extent at least of registering, of informing himself as well as he can about the issues involved and of expressing a judgment upon them at every opportunity. Government operated by clique and faction is nearly always bad government and the blame for bad government rests upon the neglectful.

Citizens who neglect their duties are among the sufferers from the effects, but they are not the only sufferers. They penalize not only themselves, but all their neighbors. Both selfishness and altruism require, therefore, full participation at the polls. The first step is registration, which must be made on or before next Saturday.

THE OLDEST INHABITANT

A subdued glamour seems to cling to any oldest inhabitant. In the village he becomes an object of State-wide interest; in the State he grows into a national argument; in the nation he incorporates himself in the scientific papers of foreign societies. The fame of the oldest inhabitant in the world on such premises must reach beyond the stars.

The first-page notice accorded Zaro Agha, the Kurdish-Turk or Turkish-Kurd, who at the age of 156 has come to this country to be fitted with a good set of American teeth, is his, therefore, by all traditions since the days of Methuselah. Our national delight in any breaker of records insures him the role of a nine-days wonder—or as many days more as his passport permits. As an advertisement for the dentist allotted the contract for supplying him his first artificial molars, Zaro Agha should prove a gold mine.

Let us note at the start, however, that the venerable Kurd is not forgetful of the dignity his many years confer on him. He turned down a contract to appear in a flea circus at Atlantic City with as much indifference as would the ascetic Gandhi. And yet $2500 a week must have looked like big money to a man who had been portering in Istanbul for ninety-odd years or so. He must be unlike every foreign celebrity if he doesn't expect to go home again with something more to his credit than a set of American teeth.

Of course there will be many opportunities come to Zaro outside the fleacircus business. Syndicates will no doubt be after him for his views on hundreds of issues that he has never studied, from miniature golf to the effects of the tariff bill. Scientific associations will want him as a subject for voluminous reports. Nor will he be disregarded by the politicians as an example of what total abstinence can do for a man—what kind of an example will depend on whether the propaganda is intended for Kansas or New Jersey.

Yet the oriental patriarch should watch his step. Incautiously he boasted in a first interview that he was older than Uncle Sam. Senators Johnson and Moses may see in the presence here of an individual born before the dawn of freedom a threat to the safety of this unguarded republic. His admission here appears to have been somewhat irregular. If Hiram should demand the confidential correspondence between Washington and Angora by which his visit was arranged he might explode another of those fearsome duds of his on his awestruck fellow-citizens.

Then it cannot be forgotten that Thomas Parr, who for many centuries wore the laurels now assumed by the Turk from Kurdistan, has lately had his record considerably curtailed. It seems that the account of his life's length was much exaggerated. Let us hope that through his visit to these shores none of our American debunkers are tempted to inquire too closely into the birth certificate of Mr. Agha.

BABY DOLLS

Will Hays has too much to do to go around and play nurse girl to all the baby dolls that infest the headlines. While he is not looking, they run away from home and prattle in ways that must make the business blush.

The movies are a tremendous institution. The stars sustain about the same relation to film fans that teachers, preachers and statesmen do to their clientele. Every act is under scrutiny. Every word is weighed and the public doesn't like to have any of its idols play the fool.

Many of the movie people are the finest spirits of the city. There are actors who are the nobility of the earth. There are stars that shine with brilliancy and are a credit to the concern for which they work and to the city where they live and the country to which they give allegiance.

But some baby dolls, mostly minors in the business, do not take their jobs seriously and seem to think the first business of life is to throw a gin party or race through the streets in a maudlin, seminude condition. They ought to be let out for the good of the order. A pretty face and divine figure need something else to keep the balance. Character ought to be the prime test in filming well. A firm should have some guarantee that it will not be shamed by silly sisters. Character will make a beautiful face dependable through the years. And every star has the honor of his firm in his keeping.

Blacking a woman's eyes ought not to be much of a recommendation for a hero in pictures. There are some other qualities that are paramount.

The public has shown its displeasure in times past at unclean shows and show people. The legitimate stage is shot to pieces today partly because some playwrights and actors fail to estimate the tastes of the patrons. No genius has a right to be a law to himself. There have been roues who could not stage a comeback.

BABY SHOP

After the close of the baseball season Babe Ruth plans to open a hat shop for sports in Times Square, New York. He will autograph each headpiece. Home runs for hats!

OR PING-PONG

The New York State Athletic Commission has decided that foul blows are fair. The British press objects to the ruling and the Manchester Guardian suggests that gladiators appear in trunks with spikes. The Star opines that it does not send football teams to play against the padded, guarded and visored gladiators who indulge in what Americans call football. There was a time when the battles of England were won on the football fields of Oxford and Cambridge. Now they would do it by tiddle-de-winks.

GOATLESS AND COATLESS

The Shriners announced a goatless initiation in Al Malaikah Temple the other night. The sands were so hot that the ceremonial was not only goatless but coatless.

IT'S SELFISH WORLD

By James J. Montague

When grubs and slugs and other bugs
Assailed my cherry trees,
The robins flew the branches through
In swarms like buzzing bees,
And soon I found that on the ground
Like fleas by puppies shed,
The parasites and other mites
Lay impotent and dead.
And then I uttered kindly words
About the pleasant useful birds.

When caterpillars built their tents
Among my apple boughs,
The cat birds came to slay the same
With one great, loud carouse.
They toiled away throughout the day,
A vast and chattering brood,
And when they'd gone, upon the lawn
A host of worms were strewed.
And I was fulsome in my praise
Of cat birds and their helpful ways.

But when the cherries blushed, full ripe,
All in a summer day
Came greedy blocs of robin flocks
And took them quite away.
And when the apple cheeks were red
The cat birds—hungry souls—
Came full career from far and near,
And filled them full of holes.
Alas, these birds (too late I see)
Were working for themselves, not me.

The LEE SIDE O' L.A.

By Lee Shippey

LEE: I am inclined to doubt that Conan Doyle has sent back a message to his widow. If it is possible for anyone to send back messages from the next world the first messages surely will come from some woman who wishes to give instructions to her widower.—Maxim Wilde.

Used-Car Markets Menaced

A couple of years ago there were almost as many used-car markets as there are peewee golf courses now. Lately some of them have quit business to make room for miniature courses. And a man who knows a lot of "inside" tells us that this typical Southern California institution, the unroofed used-car market, is about to pass.

"When you turn in a used car of one of the cheaper makes now," he says, "it isn't put on the used-car market. Certain parts of it are salvaged and the rest is junked. The big manufacturers have seen the danger of saturating the country with used cars and wart to put none but shiny new cars on the streets and highways. So they are having the old bodies crushed into solid bales, so that nobody can ever tinker them up so they will run again. In a few years you won't be able to buy used cars except from individuals. Yesterday I turned in a car which the dealer told me frankly wasn't worth $50 to him, yet he allowed me $270 on it, in exchange for a new one. Today I told a friend, and he dashed around to see that dealer, wishing to buy my former car for $100 or $150. But already it had been junked. The manufacturers feel that every old bus taken off the roads makes room for a new one, and have instructed the dealers to lose no time. Soon the only last-year's cars you'll see on the streets will be those of makes too expensive to junk. The new policy may be expensive, but it will dress up the roads and make them a lot safer, too. It is often the car too decrepit to respond immediately which causes the accident."

Cheap Gas Brings Them Out

Had you noticed, by the way, that every gasoline war results in a lot of pedestrian casualties?

Passing of Life's Most Luxurious Feeling

When the used-car dealer goes out of business, our barber tells us, he will find himself in company with the shaving barber.

"People often sympathize with me because the safety razor has hurt the barber business so," he said, "but the fact is that a boss barber feels that he loses about 1 cent on each 25-cent shave. Fifteen cents of that quarter goes to the barber who does the work, the rule in barber shops being that the workman gets 60 per cent and the boss 40 per cent. About 9 cents of the boss's dime is used up in towel costs—one 3-cent towel, a couple of 2-centers and about three 1-centers. That's the cost for laundering them, and doesn't include replacement. There are also bay rum, powder and various cosmetics to pay for, in addition to the well-known overhead.

"But you rarely see a young man getting shaved in a barber shop nowadays. It's mostly the old sports who got into the habit years ago. Some of them have beards so stiff that only expert barbers can get them off, but most of them just like to stretch out in the chair and enjoy the soothing, refreshing ministrations of the barber. The young fellows start when their beards are soft and easy to cut, and are established in the habit of shaving at home by the time they reach manhood. Soon the barber colleges won't have to teach shaving any more, for every man will shave himself. They may not admit it, but a great many barbers have safety razors at home which they use in secret."

Reflection on Leaving a Barber Shop

There are none so dumb as those who can't stop talking.

Superhuman Self-Control

He that controlleth himself is greater than he that taketh a city. That isn't just the way the quotation should read, but that's what it means. And it will do well enough to illustrate the Solomon-like wisdom of a Long Beach girl who had two ardent suitors.

Yes, only two. But they were hers, even when the fleet was away. And it isn't every L. B. girl who can dig up even one suitor when the fleet's away.

She liked them both. It was hard to choose between them. Though she could have been happy with either with the other dear charmer away, she could not bear the thought of having her choice and picking the wrong one.

Both were doing well. Both were clever. Both were courageous, unselfish and sincere. Both had splendid ideals. And, what was more important to her, both were extremely appreciative of her finer nature.

"But one of them must have better command of himself," she decided. "That will be the one who will rise to greatness, while the other, with equally fine impulses, but with less perfect direction of them, will somehow miss it."

So she invited both of them to dinner and fed them fried chicken and corn on the cob.

All the rest of the evening she watched them keenly.

One of them was only human, but the other sat around all evening without once seeming to feel conscious of the chicken fibers and corn fibers stuck between his teeth.

Realizing that she had found one man in 1,000,000, the artful strategist the next day formally engaged herself to the man with perfect self-control.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Superheating the Police

SANTA MONICA, July 16.—[To the Editor of The Times:] Due to the fact that Harry Carr has a way of hitting a nail upon the head, nothing he has recently commented upon is so thoroughly to the point as his criticism in this morning's "Lancer" of the utter idiocy, lack of judgment, lack of humanity, exhibited in the type of uniform our police have to wear in such weather as this past week's.

During all the years that I have lived here, I cannot recollect a summer when we have not been visited with torrid days, between July and October. A fortiori, then, is it both sane and humane to adopt, during those months, the rule that those to whom Mr. Carr has given the cognomen of "corner cops" shall be clothed as he suggests, in white duck and sun helmets, or at least, in a material which enables a man's body to breathe.

However, that Mr. Carr's idea will die upon the circumambient air is a foregone conclusion, for the task set him by Sisyphus's Hadean friends was of an a-b-c simplicity, compared to an attempt to unwind the red tape which encumbers all civic efforts to better a wrong.

DELPHINE DELMAS BARNES.

A Word to the Mayor

LOS ANGELES, July 18.—[To the Editor of The Times:] I see you are at it again, Mr. Mayor. It is too bad you can't let your little playmates have a good time! But now that you have put the Bob on Nix hadn't you better put the Nix on Bob? If either of them want to keep their mouth shut it will be all right with me. Please don't get us all excited again.

Now, Mr. Mayor, if you have any more helpers or yelpers that you don't want just ring for that husky Councilman and he won't be a year about it and he won't call in any unmuzzled preachers to make up his mind for him. If we were to handcuff the police force and muzzle the talkative preachers we might make it safe for oil bathers in Venice. Now that another killer is sane enough to plead insanity, call in the sob sisters and let's go.

J. C. CRISLER.

Books Worth While

LOS ANGELES, July 18.—[To the Editor of The Times:] I observe that Harry Carr, who recently selected about twenty books for a correspondent as the starter for a library, objects to Carlyle's Essays and Thoreau's "Walden" on the ground that while they are improving, the improvement is of a painful order.

I can't for the life of me see what there is painful in the reading of Carlyle, with his incisive style and delightfully exaggerative way of putting things. As for Thoreau's "Walden," there is as much humor in it as there is in any work of Mark Twain, though of a much subtler nature.

As for Mr. Carr's doubts about Dr. Eliot having read all the books on his five-foot shelf, they are valid—Dr. Eliot did not have to read every line in them to know their worth as literature. Like Emerson, the Harvard educator doubtless read what there was in a book for him and lightly passed over the rest.

Mr. Carr is a humorist and I love to read him. But he never penned a more humorous statement than when he placed Dostoievsky's "Brothers Karamazov" at the head of his list of books for starting one's library.

BOOKWORM.

A Librarian's Suggestions

LOS ANGELES, July 19.—[To the Editor of The Times:] Lately there has been a give-and-take among certain book lovers. I have agreed and disagreed. Mr. Carr likes more Slavs than I can ejoy in mine. Hamsun, Ibsen and Undset take Scandinavian characters of the same rank—peasant, poet and aristocrat—that form the drama for the Russians. I prefer the taste left by the Scandinavians. Less poisonous. Lewis Browne's "This Believing World" is as valuable as Durant's "Story of Philosophy," I think.

Does nobody now read Winwood Reade's "Martyrdom of Man"? Very fascinating. I liked it better than the "Outline of History." Few books are packed fuller of human wisdom and puckish humor than James Stephens's "Crock of Gold." John Galsworthy and Edith Wharton seem to me singularly perceptive writers of our day. I'm not sure that their somewhat pessimistic sophistication is pleasing to Mr. Carr—with whom I joyously take hands through "The Great Meadow." I wonder if he liked Janvier's "Aztec Treasure House"—which I read and read to my son and read again. An excellently simple tale of adventure.

I rather wondered that the distinguished colyumist mentioned no poetry. "They had no poet, and they died." Besides the gods of old and Shakespeare on his throne—there are so many that make one ache with pleasure. Kipling, Stephen Phillips, Honsman—how can anyone do without them?

M. H. ALEXANDER.

Braille System on the Telephone

The dial telephone system makes it somewhat difficult for blind persons to make a telephone call, but on the instruments at a French hospital for blinded veterans, a special dial has been devised making use of the Braille.

DESERT VANDALS

BY J. M. SCANLAND

A great cry was recently made about the burning of a Joshua tree in the Mojave Desert by vandals. The Joshua tree in burning gives a bright, varicolored flame, brilliant and clear and that is why vandals most delight in touching fire to it.

It is the most picturesque and long-lived of all desert plants. A hoodlum, with a match, can destroy the work of nature of five centuries, or more. There was no necessity for burning this beautiful plant—the vandal reaped no benefit, except the degraded pleasure of seeing it burn. Such hoodlums should be placed where they can no longer destroy the beauties of nature.

There are vandals in Los Angeles, who cut down a magnificent palm in order to make room for a sickly rose bush that produces a pale flower which fades in a day. Others destroy a cactus hedge, and plant a bed of grass that is neither an ornament nor of any benefit. A historic adobe is marked for destruction by these vandals, under the impression that such an act is an "improvement."

Vandalism on our desert is nothing new. It has been going on for many years, both by travelers and desert dwellers. The travelers rest in a shade and, upon leaving, set fire to the plants "just to see them burn." The desert dweller, or the man who has built a shack or bungalow, cuts down the plants for firewood. He argues that they "belong to nobody, or to the first man who gets them." The bungalow man digs up plants and replants them on his so-called ranch for ornament and shade. And thus the destruction continues.

The Dalea, or "smoke tree," furnishes a refreshing shade, and it also makes a beautiful camp fire for the vandal. The mesquite, though full of thorns, is heavily laden with beautiful blossoms; the "desert willow," a wet plant in a dry soil, is covered with beautiful green leaves and flowers and is an ornament for a bungalow, also excellent firewood for the camper. There are many varieties of the mesquite bush. They furnish the edible mesquite bean, good for animals, both two-footed and four-footed.

There are hundreds of varieties of the cactus plant, the most noted being that of the "barrel" type. It is of larger growth than the others and is well named. The barrel contains about four quarts of clear, cool water, hence its name. The thirsty traveler or native merely cuts off the top of the plant and crushes the pulp, which contains the water. Or the traveler can carry the barrel along and cut it when he is thirsty. As travel on the desert increases, this plant becomes scarcer, for when cut down it is many years before another grows up in its place. This, it may be stated by way of diversion, is one of the many curiosities of the desert—a dry plant, miles from a water source, containing so much water. The desert dwellers use it for firewood, also in building their thatched huts.

BOUQUETS FROM EAST

However accustomed Californians are to receiving tributes to the charms of their country or people, they are always happy to accept such bouquets as those recently handed out by the book publisher, J. W. Lippincott, who said that more manuscripts were received from Los Angeles than any other city and that Los Angeles bid fair to become the literary center of the country. Or again, it is pleasing to read the opinion of Ernest Elmo Calkins after a visit to California written for the Atlantic Monthly: "You may deplore the Californian's attitude, you may think he boasts too much, that he talks like a prospectus, but you must admit that he has the goods!"

Now comes the well-known writer, Louis Bromfield, writing in the New York Times: "A few weeks of California made a booster of me . . . To me, personally, California, with all its extravagance, its boasting, its fantastic beauties, is a relief after four or five years of Europe. It is bursting with health and vitality. Lots of things are on the make out here . . . It's a fine feeling to be in a place where after a walk of twenty blocks, you don't return partly asphyxiated, partly deafened, wet to the knees and looking like a chimney sweep." He pays tribute, too, to the charms of the cosmopolitan character of Hollywood. "There are Russian, German, English, Spanish, Scandinavian actors, directors, composers and writers. You meet them everywhere gathered together in a way you could find nowhere else in the world."

Perhaps all three of these, our eastern friends, are well on the way to becoming Californiacs.

F. H. H.

STATE OF FRANKLIN

It is just 150 years ago that an effort was made to establish the State of Franklin and the residents of Jonesboro, Tenn., which was the center of the movement, are making some observances of the anniversary. It grew out of the disturbed conditions following the revolution when Congress was floundering around in the endeavor to put the government on a stable basis and the States were jealously guarding what was regarded as their "rights." The situation led to some dissatisfaction between two sections of the State of North Carolina and resulted in a secession movement when the State of Franklin was formed, named in honor of Benjamin Franklin. Separate government was organized and the State of Franklin managed to exist in a way for a few years, but gradually its adherents deserted or lost interest and Franklin disappeared. But the movement accomplished the proper representation of the section in the State government.

PEN POINTS

You can always tell a [illegible]. He says the weather is [illegible]. The native says it is [illegible].

If the apple made a face when it come as one of the party guess is that he squeezed the juice out and let it go at that.

People go crazy by trying to understand the [illegible]. So it's much safer to say that women are queer, and let it go at that.

Like attracts like, and divorce shows how [illegible] people are when they find out what they are like.

There was less daylight [illegible] couldn't get far enough [illegible] among strangers whose [illegible] didn't matter.

"I will stop at nothing," [illegible] fiction character. Probably [illegible] of those fellows trying to [illegible] guess Wall street. That's [illegible] they stop.

The Chinese have just one [illegible] after another, but they [illegible] care much. They have [illegible] many cooties in time of [illegible].

Americanism: Desiring [illegible] make money in order to [illegible] getting the habit and then [illegible] in order to make money.

A resort is a place where [illegible] pay a dime every hour or [illegible] something you could get [illegible] nothing at home.

Hereafter New York will [illegible] disqualify a fighter who [illegible] Future training will [illegible] guarding with the knee.

Description: "He's the kind [illegible] fellow who can't decline a [illegible] arette without adding that [illegible] has always lived a clean [illegible].

The jury must judge by [illegible] evidence. But the most [illegible] vincing evidence may be the [illegible] dent fact that the villain [illegible] lying.

The male of every species [illegible] more handsome than the female. What? Well, you notice that [illegible] men can get by without [illegible] camouflage.

Every community has at least [illegible] one man that nobody is against [illegible] except when he announces that [illegible] he isn't a candidate.

Love may be blind, but [illegible] knows how to "see" in the dark.

An ideal wife is she who never [illegible] burns her husband's money [illegible] his biscuits.

You get a bill of sale when [illegible] you buy a car and bills for [illegible] "keep" forever after.

Man wants little here below, [illegible] wants little and gets a lot, but [illegible] usually it's in a cemetery.

The honeymoon is in a tail [illegible] spin when he begins to think [illegible] her as expensive instead of [illegible].

It doesn't necessarily [illegible] that a man is stingy just because [illegible] he keeps his faults to himself.

A man who looks at a pretty [illegible] woman twice is very apt to look [illegible] at still another woman at least [illegible] three times.

PROFANITY

Through the village I go hiking, on my errands back and forth in vain, and I hear the men folks swearing in the mud and in the rain. They're not vicious, though they're not virtuous, though they hand out language very free, their speech might be cleaner if they'd stop to think a minute. They are cussing, all unknowing, it's a habit they've acquired, idly blanking, idly blanking everything that makes them tired. If the cuss words they are using were but modern, they would do; but there is no excusing choosing anything that's hoary and new. All profanity is hoary, it is bearded, it is old, it defaced the ancient story of the prehistoric tale. It was used by Flanders troopers, it is heard in storied Spain, and it's used by modern whoopers who drove mules across the plain. If the cuss words are profane from the mists of long ago, no matter how they're uttered they are fossils, as we know. I am wotting, I am wotting, profanity is wrong; it has no force or meaning, it's been said, alas, so long. Oft I meet the blithe young fellow coming merrily as he goes, using words of green and yellow, without repose, I suppose. He has no care nor sorrow, health is gleaming in his cheeks; why then should he strive to borrow these cuss words from the weeks? Here an old gray mule is kicking, underneath his yoke he's balking, as I pass him I am hearing some stale profanity, and I'm fearing some children playing by the streamlet's grassy brink, may be things I hear them saying make my whiskers curl and shrink. "What's the use of all this swearing that defies the sphefes?" asks the moralist, despairing, stuffing cotton in his ears.

Of Interest to Women

PEN POINTS

You can always tell a tourist. He says the weather is rotten. The native says it is unusual.

If the apple made Adam become as one of the gods, our guess is that he squeezed the juice out and let it set a while.

People go crazy by trying to understand the incomprehensible. So it's much safer to say that women are queer, and let it go at that.

Like attracts like. And divorce shows how disappointed people are when they find out what they are like.

There was less daylight spooning in buggies. In a buggy you couldn't get far enough to be among strangers whose opinion didn't matter.

"I will stop at nothing," says a fiction character. Probably one of those fellows trying to outguess Wall street. That's where they stop.

The Chinese have just one war after another, but they don't care much. They have just as many cooties in time of peace.

Americanism: Deciding to make money in order to live; getting the habit and then living in order to make money.

A resort is a place where you pay a dime every hour or an hour something you could get for nothing at home.

Hereafter New York will not disqualify a fighter who fouls. Future training will include guarding with the knee.

Description: "He's the kind of fellow who can't decline a cigarette without adding that he has always lived a clean life."

The jury must judge by the evidence. But the most convincing evidence may be the evident fact that the witness is lying.

The male of every species is more handsome than the female. What? Well, you notice that men can get by without camouflage.

Every community has at least one man that nobody is aware of except when he announces that he isn't a candidate.

Love may be blind, but it knows how to "see" in the dark.

An ideal wife is she who never burns her husband's money nor his biscuits.

You get a bill of sale when you buy a car and bills for the "keep" forever after.

Man wants little here below; wants little and gets a lot, but usually it's in a cemetery.

The honeymoon is in a tailspin when he begins to think of her as expensive instead of dear.

It doesn't necessarily prove that a man is stingy just because he keeps his faults to himself.

A man who looks at a passing woman twice is very apt to look at still another woman at least three times.

RIPPLING RHYMES by Walt Mason

PROFANITY

Through the village I go farming, on my errands punk and vain, and I hear the voters swearing in the sunshine and the rain. They're not wicked, they're not vicious, though their hand out language vile; and their speech might be delicious if they'd stop to think a while. They are cussing, all unthinking, it's a habit they've acquired; idly blanking, idly blinking everything that makes them tired. If the cuss words they are using were but modern, they might do; but there is no chance of choosing anything that's bright and new. All profanity is hoary, it is bearded, it is stale; it defaced the ancient story and the prehistoric tale. It was used by Flanders troopers, it was heard in storied Spain, and was used by modern whoopers who drove mules across the plain. All the cuss words are descended from the mists of long ago, and no matter how they're blended, they are fossils, as we know; I am wotting, I am weening, that profanity is wrong; it has little force or meaning, it's been used, alas, so long. Oft I hear the blithe young fellow cussing loudly as he goes, using words of green and yellow, without reason, I suppose. He has neither care nor sorrow, health is flowing in his cheeks; why then does he strive to borrow moldy cuss words from the Greeks? Here an old gray man is seated underneath his vine and tree; as I pass him I am treated to some stale profanity. Here I see some children playing by the streamlet's grassy brink, and the things I hear them saying make my whiskers curl and shrink. "What's the use of all the swearing that defiles this best of spheres?" asks the moralist, despairing, stuffing cotton in his ears.

BRIDE HOME FROM MOUNTAINS

Couple Will Make Home in Los Angeles

[Daniel Sheehan studios]
Mrs. Robert Price

MR. AND MRS. ROBERT PRICE have just returned from a delightful trip to the mountains beyond Palm Springs. They returned several weeks ago from their honeymoon, which was spent motoring along the coast as far north as Washington. They stopped for some time in Carmel. Mrs. Price, formerly Miss Bea Lively, daughter of Mrs. Maude Lively, chose Immanuel Presbyterian Church for her wedding. She wore an ensemble of cream lace and a corsage of orchids and lillies of the valley, while Mrs. Herbert E. Lively, matron of honor, wore flowered georgette and carried Irish Elegance rosebuds.

Mrs. Price attended Junior College, Los Angeles, and is a member of Delta Gamma Phi, while Mr. Price, son of Mr. and Mrs. William L. Price, formerly of Minneapolis, claims University of Minnesota as his alma mater.

They will make their permanent home here.

...ENAKA NEAL LEVY

Yachting Party

The last few days have passed pleasantly for Mr. and Mrs. George Rourke who, with a number of the younger married set, have been cruising in Catalina waters aboard the yacht Eols. Among those in the party were Mr. and Mrs. Alfred Dewey Davey, Mr. and Mrs. George Brashears, Dr. and Mrs. A. F. Raubenheimer, Mr. and Mrs. James R. Pitcher III, Miss Eleanor Donau and Lee Maynard Egan of Kansas City, a house guest of Mr. and Mrs. Rourke.

Birthday Party

Mr. and Mrs. Harold P. Gifford, 3308 Eleventh avenue, entertained with a delightful party recently in celebration of the birthday anniversary of Mr. Gifford's father, F. L. Gifford. Among the guests were Messrs. and Mmes. F. L. Gifford, J. Schot, N. Kendall, R. McKahan, C. Welke, R. Teschke and S. S. Palmer.

Married in Bay City

Miss Elizabeth Weidenkopfl became the bride of Richard L. Baker, Tuesday, in San Francisco. Following the wedding celebration Mr. and Mrs. Baker sailed for Central America, where they will remain indefinitely.

Honores at Luncheon

A charmingly appointed luncheon and shower were given recently at the Elks' Temple by Miss Edna Trombatore honoring Miss Phil Fumo, who is to become the bride of Patrick O. Perez Wednesday at the Sacred Heart Church. Guests who attended the affair were Mmes. Mary Fumo, Patrick Y. Perez, Henri N. Normandin, Vincent Fumo, D. C. Romano, Frank Longo, F. P. Stauffer, A. Testa, Milton Rosenfield, Romo Romoli, Robert Giorani, Jean Frumento, Nick Ricciardi, Victor Romano, Nick Testa and the Misses Cordelia Fumo, Mamiebelle Perez, Florence Johnson, Elvera Romano, Ophelia Guerrieri, Lind Melogli and Reba Flicker.

Hill-Nehls

Old-fashioned appointments were features of the wedding of Miss Althea Orpha Hill and Milton Stanley Nehls, celebrated recently at the St. James Episcopal Church, South Pasadena. The bride, who was given away by her father, Charles Wesley Hill, was attractively gowned in white satin, with a veil of Alencon lace over tulle and falling in a long train, fastened to a cap of the same lace with a cluster of orange blossoms. In lieu of a bridal bouquet she carried a prayer book with a shower of lilies of the valley falling from it. The bride's sister, Miss Lucille Martha Hill, as maid of honor, wore yellow chiffon and carried yellow roses and maidenhair fern. The bouquets carried by all of the bride's attendants were old-fashioned in their design. These attendants included Miss Rosabelle Nehls, sister of the bridegroom, Mrs. Jack Adams and Miss Lemuella Montgomery. The flower girl, Ruth Pfister, wore an old-fashioned frock and Donald Allen Hill, a nephew of the bride, who was the ringbearer, was in a tuxedo.

The best man was Jack Bruner while the ushers were Warren Pomeroy and the bride's brothers, Clifford and Charles Hill.

A reception was held following the ceremony at the home of the bride's parents. After a motor trip Mr. and Mrs. Nehls will reside in South Pasadena. The bridegroom's parents are Mr. and Mrs. R. R. Nehls of Alhambra.

Guests at Desert Home

The Alpha Upsilon Pi Sorority passed a recent week-end as the guests of Mr. and Mrs. Kemper Campbell at the desert home, Rancho Verde, Victorville. Mrs. Campbell is a sister of Dr. Lura Loops, an active member of the organization.

Bon Voyage Tea

More than 150 members of the younger set were guests at a 'farewell tea given Thursday by Miss Rosemary Weaver honoring Miss Marion Thomas, who is leaving the city Tuesday with her parents for a European trip. Those receiving at the affair were Miss Sylvia Weaver, Miss Madeline Thomas, Miss Patty Lou Lasck, Miss Margaret Ducommon and Miss Elisabeth Young. Miss Jane Wilson and Miss Nancy Bagg presided at the tea tables.

Bridal Party Are Guests

Mr. and Mrs. Myron Persons were hosts at a dinner-dance given recently at the Oakmont Country Club honoring Miss Marion Wasson Tuttle and her fiance, Edwin Randle of New York and Kentucky, with the members of the bridal party as guests, including Messrs. and Mmes. Curtis Wasson, Ried P. Wasson and Ingle Barr; the Misses Dorothy Allen and Erin Connor and George Medigovich and William Courtney.

Health and Diet Advice

By DR. FRANK McCOY
Author of "The Fast Way to Health"

PILES OFTEN CAUSE NERVOUSNESS

Piles or hemorrhoids and other such irritations are responsible for much suffering, not only to these local parts, but in the influence these disorders have upon the whole nervous system. There are few parts of the body where the nerves are so sensitive and from which so many reflex pains and irritations can come.

The most common rectal trouble is caused by an enlargement of the veins very much resembling varicose veins. These veins always enlarge through some interference with the normal flow of blood away from the rectum. The veins in this region seem especially liable to enlargement because they do not contain the usual valves which other veins contain to keep the blood from flowing backward.

When the portal circulation to the liver is congested the rectal veins must enlarge. Such a sluggish portal circulation may be caused by constipation, liver congestion, prolapsus of the abdominal organs, the use of strong cathartics, long-continued sitting or standing, straining through lifting, accumulation of gas, misplaced uterus or pregnancy.

By far the most important cause of piles is constipation. Those who are forced to strain to produce a bowel movement sooner or later will develop an irritation in this region and the pressure of impacted feces stops the flow of blood through the veins away from the rectum.

The internal piles probably affect the nervous system more than the external, although they are not so noticeable locally. At first, the internal veins are not visible, but as they grow larger when the bowels move, the piles may come down or protrude. The patient notices a feeling of heat, fulness, burning and stinging, and has the sensation of a foreign body in the rectum. In some cases the first symptom is bleeding, which is not excessive. It is not very painful at first, but as it becomes more and more inflamed it may become sore as a boil and cause the patient a great deal of distress.

When the lining is inflamed, rough material in the movement may cause the tender masses to bleed. The patient then has bleeding piles. When toxins accumulate, there may be intense itching.

HOUSEHOLD SUGGESTIONS

The New Radio

If the family is large, it is not wise to have the new radio installed in the room where the entire family congregates every night. The arguments this has brought about are without number. The sewing room, play room or upstairs den are happy suggestions, where one can hear plainly without confusion and anyone who really does not want to hear a certain thing has a chance of fulfilling his wish.

And Doesn't It Hurt?

If you should smash your fingernail badly, hold the hand up for at least an hour so that the blood drains out of the finger. This will prevent the blood from congealing at the smashed place and cause an ugly discoloration of the nail.

Successful Omelet

Be sure to use a small pan for omelet, one that will not allow the eggs to spread and the omelet to become thin and tough. The smallest pan obtainable is suitable for a two-egg omelet.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

EGRET GOES FISHING

When you are urged to take your fling,
Beware! There always is a string.
—Old Mother Nature.

EGRET GOES FISHING

Farmer Brown's Boy likes one kind of hunting. He says it is the greatest sport in the world and I am inclined to think that he is right. It is hunting with a camera.

"When you shoot a bird or an animal," says Farmer Brown's boy, "that is the end of it. You may have the skin mounted, but there it is, always just the same—a dead thing, no matter how life-like it may look. But when you hunt with a camera and get a successful picture of a bird or an animal it is just as interesting and sometimes even more interesting than if the subject had been killed and mounted. You see, in the photograph you have the surroundings as well as the subject; and, best of all, you know that that bird or animal isn't harmed, and that very likely you may see it again, and perhaps many times."

Now, of course, when Farmer Brown's boy got Egret the White Heron one of the first things he did was to make a photograph of it. He made a very nice portrait of Egret, but that wasn't enough. No sir, that wasn't enough. You see it was just a portrait. It might have been a mounted Egret, for all any one could tell from looking at the picture. Then Farmer Brown's boy made some pictures of Egret in the farmyard, but these didn't suit him. Whoever saw an Egret in a farmyard. The background was all wrong.

One day Farmer Brown's boy was looking over these pictures and an idea came to him. It came to him in that sudden way that ideas have of coming. "Why didn't I think of that before?" cried Farmer Brown's boy, jumping up and starting for the house.

When he came out he had his camera with him. He went out to the barn and got Egret. Then he started for the Smiling Pool. As he drew near the Smiling Pool Egret began to be excited. When he saw the water he began to struggle. Farmer Brown's boy soothed him as best he could. Then he attached a string to one of Egret's legs and put Egret down in the shallow water at the head of the Smiling Pool. What do you think Egret did? What would you have done in his place? Of course, you would! Egret did. He went fishing. Yes, sir, that's what he did—he went fishing.

Farmer Brown's Boy chuckled as he got busy with his camera

Farmer Brown's boy chuckled as he got busy with his camera and made photograph after photograph of Egret. Egret walked along in his stately fashion on the very edge of the water. He stood for a long time on one foot, his head tucked back between his shoulders. Then some minnows came within reach and Egret came to life with great suddenness. After he got tired of fishing he went hunting frogs. All this time Farmer Brown's boy was busy with his camera. He was getting pictures of Egret just as Egret would be in his natural surroundings.

As for Egret, he was perfectly happy. That was what he had longed for ever since Farmer Brown's boy had caught him. It was a wonderful thing for him, and, just as if he had known what Farmer Brown's boy wanted, he did everything that a Heron would do hunting or fishing.

When at last Farmer Brown's boy started to get him to take him home Egret wasn't ready to go. He started to run. He had forgotten that string that Farmer Brown's boy had put on one leg. So it was that he didn't run far, for Farmer Brown's boy was holding the other end of the string. After that, Farmer Brown's boy took Egret fishing just as often as he could, for he knew just how much it meant to Egret.

YOUR BABY and MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers helps on weaning and feeding the child from 1 week to 2 years, mental care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, silver and boda and cradle cap. Before asking a personal question about one of these subjects it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

TOILET PROBLEM SOLVED BY EARLY TRAINING

We agree whole heartedly to the contention in the letter which follows, for we, too, feel that when the child has been habited to a soiled or wet condition for a year or more it is very difficult to make him understand that this sort of conduct is entirely out of order. The many letters I have had from foreign mothers, who train their infants from the sixth week on, convince me that it is purely a matter of habit, and that children learn this early far more easily than they do later. There is usually a lapse during the actual eruption of teeth, and another at the negativistic period, but these are temporary if the baby's habits have been good up to this time.

"I feel the urge to write you about the article on toilet habits because I wish these poor mothers would realize the chief trouble is that they begin too late," writes Mrs. M. T. J. "The time to begin training is at five or six weeks.

"Everyone knows that immediately the child is born he knows that if he howls enough someone will pick him up, so why not aid him to form really useful habits? In Europe this particular problem is delt with in summary manner (not the whole of Europe, of course.)

EARLY HABIT-FORMING

"A child of a few weeks can be held out in the hands after feeding or bathing and a small drink of water, or the trickle of water poured from a glass will produce results. After the habit is formed, the interval can be lengthened to one hour.

"When my neighbors have marvelled that my 5 months old baby had no accidents, they also admitted that they hadn't the time to train their children. They shortsightedly overlook the fact that it takes more time to wash wet and soiled clothing than it would to train the child. If there is an infant and runabout, too, the labor is tremendous.

"With children as old as those in your article, the process is a long and tedious one, for they have become so used to wet and soiled clothing. The matter of wetting the bed solves itself, too, if children are trained in daytime.

"A good deal can be done for bed-wetting. We can help older children by whispering in their ears while asleep: 'Herbert (or whatever his name is) does not wet the bed. (Don't laugh, this works, too. It is very innocent magic and justifiable under the circumstances."

GOOD SUGGESTION

This form of suggestion is equally as usable for other bad habits, nail biting, lipsucking, etc. It is offered in my own leaflet on methods of helping bed-wetting (which any reader may have for a self-addressed stamped envelope,) so, of course, I wouldn't think of laughing. It is a good, sound suggestion, helpful and curative.

But we must utter the warning that it is far easier to train the small baby to be clean than dry. Both states are admirable, and the first is well within the powers of any mother who makes the necessary effort.

Small Quantities

Buy medicines in small quantities as some lose their strength as they grow older and others grow stronger through keeping. Either way is dangerous.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

PEACH ICE CREAM

Two quarts of ripe peaches, one cupful of sugar, a few of the peach stone meats, one quart of rich milk, or cream, one-half teaspoonful of lemon extract, and one-half teaspoonful of vanilla extract. Peel the peaches, cut them fine, and mash them quickly with a wooden masher, then add one cupful of sugar, and a few of the peach stone meats that have been blanched and chopped fine. Place the mixture in a sauce pan, cover tightly, and allow to stand until the sugar has dissolved. Combine the cream and extracts, place in the freezer and when half frozen, strain the peach pulp through a coarse cloth, and stir it into the cream, then freeze until solid.

GREEN CORN CREOLE STYLE

Two cupfuls of cooked corn kernels cut from the cob, one cupful of tomato soup, four tablespoonfuls of butter, one teaspoonful of salt, four tablespoonfuls of flour, one tablespoonful of onion juice, two tablespoonfuls of chopped green peppers, one tablespoonful of chopped parsley. Melt the butter, add the chopped pepper, and cook until tender, add the flour, and stir until well blended, slowly add the tomato soup, and stir until smooth, then add the seasonings and the corn, heat thoroughly, and serve at once.

RICE AND FISH LOAF

One cupful of boiling water, one-half cupful of cold water, one-half cupful of chili sauce, one small onion chopped fine, one medium-sized green pepper chopped fine, two cupfuls of cold cooked rice, one cupful of tuna, one-half teaspoonful of salt, one package of lemon gelatine. Dissolve the gelatine in the cold water, add the boiling water, and stir until dissolved, add the chili sauce, and salt, allow the mixture to chill and when slightly thickened, fold in the rice, onion and fish. Turn into a loaf pan, and chill until firm. Slice and serve with a tartar sauce.

PEACH PRESERVES

Take five pounds of peeled, and quartered cling stone peaches, make a syrup with three and a half pounds of sugar, and three cupfuls of boiling water. Cut five of the peach stones, remove the kernels, and chop, place the peaches in a sauce pan and cook until the fruit is clear and transparent, let stand in the syrup over night to become firm, then add the peach kernels. Pack in jars, and process at the simmering point for twenty minutes. a small stick of cinnamon, or a small piece of ginger may be added to the preserves, while they are cooking and removed before canning.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

KEEP MOUNTAINS CLOTHED IN CHAPARRAL, CLUB TOLD

"Preservation and cultivation of our chaparral are more vital to the continued prosperity of Southern California than is the maintainance of forest areas in other parts of the world," declared Francis Fultz, assistant director of the vocational department of the Board of Education, in an address given yesterday at the City Club.

Discussing "Elfin Forests of the Southland," Mr. Fultz, who was charge of the reforesting division of Los Angeles city schools, said that the funds being expended in protecting our young forests are well spent and probably of greater value than money spent in "trying to persuade nature what she ought to do."

"The mountains are our natural reservoirs, receiving the rains and snows and distributing the waters among the lowlands when it is most needed," said the speaker. "We have about 150 species of chaparral, thirty of them being of primary importance but all of them useful. There is great need for an extended campaign of education in the schools and among the people, generally, to teach the importance of preserving our chaparral and in warning the public of dangers from fires."

Explaining the cause of the great growth of underbrush in the Southland, Mr. Fultz said that the methods of Nature, employed in the East are reversed in the Southwest. "Nature opening shop here at the time she closes shop in the East. Soil, sunlight and moisture here in the Southland assure this section of adequate natural growth of vegetation but the cooler weather in winter hardens the wood while giving us an ample supply of dwarf trees."

BIDS OPENED FOR MOTOR INSURANCE

Supervisors Get Tenders for Liability Coverage on County Automobiles

Twenty-two bids for the contract to supply liability insurance for motor vehicles owned by Los Angeles county and the flood-control district, also for employees' automobiles used in their work, were opened late yesterday by the Board of Supervisors. After being read, the bids, along with several protests from various individuals and companies relative to the manner in which they were advertised, were referred to Supervisor Wright, chairman of the budget committee, and County Auditor Payne.

The insurance is being sought in compliance with the new law passed by the last Legislature providing that the State and counties cover their motor vehicles and those of their employees on a mileage basis, with liability insurance.

Los Angeles county will provide the insurance for 831 county-owned cars and 1559 employees' cars that are on a mileage basis. The flood-control district has eight motor vehicles and eighty-six on a mileage basis.

Newsreel Shows Destruction of Mammoth Still

Destruction by dynamite of a $300,000 liquor still is among the unusual photographic "shots" to be seen in the latest issue of the Times-Universal Newsreel, now being shown in leading Southern California theaters. The task was accomplished by prohibition officers at Clark's Landing, N. J., recently, and is described in detail by Graham McNamee, the talking reporter.

Besides the explosion the film includes views of a lawn fete given to wounded World War veterans by President and Mrs. Hoover, the pilgrimage of thousands to a Harlem shrine in search of miracle cures, a wrestling match by champions of Iceland, the transfer of $10,000,000 from one bank to another at Toledo, and a head-on collision between two locomotives at Los Angeles.

The schedule may be obtained by phoning Newsreel Book at REpublic 3171 and inquiring about Newsreel No. 58.

BELL RINGER ARRESTED

Even a playwright has his youthful moments and, besides, what harm is there in ringing a few door bells if one enjoys it? The question was asked of deputy sheriffs by Will Carliton, 45 years of age, following his arrest early yesterday morning on a charge of being drunk. It was on Compton avenue, between Sixtieth and Seventieth streets, that Carliton is said to have indulged the whim that cost him his liberty. He gave his address as 1451 West Avenue Forty-seven.

DROWNING LEADS TO WARNING

Swimmer's Death Points Danger of Attempts to Reach Fishing Barges

SANTA MONICA, July 21. (Exclusive)—Fishing-barge concessionaires today joined police and lifeguards in requesting that surfbathers be cautioned against attempting to swim to craft at anchor as the result of the drowning here yesterday of Alexander Letrov of 2151 Judson street, Los Angeles. Letrov lost his life because he misjudged the distance of the four-master, Star of Scotland, the vessel being one and three-quarter miles from the beach. The body has not been recovered.

Letrov struck out for the barge with William Berger of 550 North St. Louis street, and Joe Simon of 1956 City View street, Los Angeles. At the end of the Lick Pier, Simon tired and returned to shore, but the other two continued seaward. Fifty feet from the barge, Letrov collapsed and sank. Berger gained the boat, sped to shore in a service dory and notified life guards, who searched for the body unsuccessfully for hours.

Authorities say the barge swim is a dangerous lure to bathers because the vessel appears to be a much shorter distance from the beach.

Fund Sought So City May Buy Paintings

The Los Angeles Art Commission yesterday presented a resolution to the City Council asking for the appropriation of $650 for the purchase of two paintings, "The Medicine Man of the Sioux Indians," and "The Sun Dance Bustle," from Katherine Leighton, well-known local artist.

The resolution points out that a previous appropriation for the same amount was filed too late for the purchase order to be issued during the fiscal year ending June 30, last; that the regular price of the paintings is $1000 each, except to the city, and that they will be a valuable and first part of a permanent municipal collection to be obtained from local artists.

The commission explains that the artist has agreed to exchange "The Medicine Man of the Sioux Indians" for any other Indian painting by her except those in galleries.

OWNERSHIP-OF-WIFE DOCTRINE PROTESTED

Ownership of his wife was asserted by Gordon W. Brayley, it was testified yesterday by Mrs. Erna Brayley, seeking a divorce in Superior Judge Collier's court. "He told people he owned me and could strike me in the face if he wanted to," Mrs. Brayley asserted. Judge Collier granted her a decree. The Brayleys were married at Ventura April 14, last, and separated the 4th inst.

OIL COMPANY FILES APPEAL

Shell Concern Fights Order to Open Its Books

Action Result of Woman's Suit for Damages

Leasing Agreement Terms Declared Violated

Whether Mrs. Josephine Cook is to be permitted to examine the books of the Shell Oil Company was a question raised yesterday before the District Court of Appeal.

Mrs. Cook, appearing in a $348,-291 oil royalty suit against the company, was authorized to examine the company's records by the Superior Court. The concern sought to prevent what it described as a "wholesale inspection of its private and confidential records" by an appeal to the Appellate Court.

The oil company avers that the action was founded on "nothing more substantial than avaricious speculation and the greedy hope of damages."

Mrs. Cook contended in her suit that the company had failed to fulfill terms of an oil lease in the Signal Hill field. She declared that she was damaged to the amount set forth by the asserted action of the company in allowing wells on nearby property to drain oil and gas from premises in which she had an interest.

Child Causes Police Hunt by Taking Stroll

Lost for about two hours yesterday morning when he slipped away from his nursemaid, Harold Harris, 5-year-old Beverly Hills boy, was found by police and returned to his mother about 1 p.m. yesterday.

The boy, who is the son of Lieut. and Mrs. Harold R. Harris, went on a sightseeing excursion, according to the police, after he escaped the notice of his nursemaid while on a morning walk at Swall Drive and Pico Boulevard in Beverly Hills. Police were called by the distracted mother after the disappearance was reported by the maid and the youthful wanderer was found walking along one of the tree-lined Beverly Hills streets.

Arata Funeral Set Tomorrow

Funeral services for Rudolph J. Arata, prominent for many years in civic and business life, who died Sunday, will be conducted tomorrow at 11 a.m. in Wee Kirk o' the Heather, Forest Lawn Memorial Park.

Mr. Arata, who was 67 years of age, was president of the Nourishine Manufacturing Company. He was born in Santa Barbara of a prominent pioneer family. A brother is master at San Luis Obispo.

He leaves his widow and married daughter, two brothers and two sisters, all of Los Angeles.

EASTERN ACTRESS READY FOR TALKIE

Margaret Schilling

Margaret Schilling, stage and radia player is the newest Broadway actress to enter the talkies.

Miss Schilling, who has been signed by Warner Brothers, arrived in Los Angeles yesterday and was handed a script of the production in which she will make her debut.

Sigmund Romberg, composer, selected Miss Schilling for the feminine lead in the screen story written by himself and Oscar Hammerstein II.

'Prince' Faces Theft Charges

"Prince" Alexander Light, arrested following the collapse of his attempted staging of "Hamlet" at a downtown hotel, went on trial yesterday before Municipal Judge Carrell on charges of operating a school without a permit. The trial, unfinished, will be resumed this morning. Following it Light is to be tried by a jury in Municipal Judge Sheldon's court on charges of petty theft in connection with the asserted school.

Deputy City Prosecutor Hamilton called Clara M. Fogelsong, 151 South Commonwealth avenue, and Rose Culbertini, a stenographer, as his chief witnesses. Both declared that they paid the "Prince" money for instruction in Shakespearean drama in his "school." Light is also charged with the theft of $156 from Mrs. Foglesong, which she said she paid him for instruction.

WOMAN SURVIVES EFFECTS OF POISON

Mrs. Benjamin Blank, 28 years of age, was taken to Hollywood Hospital last night after swallowing poison, according to police. Dr. Christenson announced her condition to be not dangerous and said she will soon be able to leave the hospital.

BAR CAMPAIGN HEAD GREETED

Louis Guernsey Welcomed by Committee Members

Drive for Candidates Said to be Bearing Fruit

Association Personnel Has Made Rapid Gains

Favorable reports on the judiciary campaign of the Los Angeles Bar Association were made yesterday by members of the organization's judiciary campaign committee to Louis G. Guernsey, chairman, recently returned from an automobile trip to the East. The meeting was held at the Alexandria.

Following the meeting, Chairman Guernsey expressed the belief that the candidates supported by the organization as a result of balloting association members will be nominated at the approaching election.

MEMBERSHIP GAINS

"We feel that we are doing a civic duty," said Guernsey in commenting on the campaign.

Committee members also reported that the membership of the association has gained rapidly recently. No members have been lost and many new members have joined.

Guernsey was meeting with the committee for the first time since his return to Los Angeles and the gathering took on the flavor of a welcoming celebration.

SOUTHLAND FAVORED

Guernsey said that his trip convinced him that conditions in Los Angeles are better than in most parts of the country.

Present besides Guernsey were Norman A. Bailie, president of the Bar Association; Andrew Francisco, Mrs. Edna Plummer, Lawrence L. Larrabee, Judge Weyl and Mrs. Stella E. Bryant, manager of the judiciary campaign committee.

Wife Loses Life in Auto Crash

Mrs. Betty Parks, 31 years of age, of 1235 Westmoreland avenue, was killed yesterday when an automobile driven by her husband, O. W. Parks, crashed into the curbing at Wilshire Boulevard and Westholm avenue, West Los Angeles.

Parks told officers he swerved to avoid an obstruction in the road and that the impact with the curbing threw Mrs. Parks from the car, causing injuries which resulted in her death within a few minutes. The body was removed to the Price Daniel funeral parlors.

WIFE'S NOTE CITED TO OBTAIN DIVORCE

"Paul, I am leaving you today. Don't try and find me. I just can't love you. I am going to Frisco. Vera." So ran a letter introduced yesterday at the trial of the divorce suit of Paul Abbott against Vera Abbott. Superior Judge Bowron granted a decree to the husband on grounds of desertion. The Abbotts were married June 22, 1919, and separated February 18, 1927.

VON STROHEIM GOING TO EUROPE

Claudia Dell Assigned Leading Role in Prison Film; Jessie Royce Landis Signs With Paramount; James Rennie Given Role in "Illicit"

BY GRACE KINGSLEY

Eric Von Stroheim, whose genius as a director and writer gave us "Foolish Wives," "Greed," "The Merry Widow" and many other brilliant productions, is leaving Hollywood for Europe, departing Sunday night for New York, whence he will sail within a week for the other side.

Eric von Stroheim

It is primarily the illness of his mother that is calling Von Stroheim to Vienna. He has not seen his parents for twenty-one years.

"At times I had no money on which to travel and at other times I had money but no time," he said last night.

Mrs. Von Stroheim and Eric, Jr., will accompany the director to Europe. This will be Mrs. Von Stroheim's first trip abroad.

The director has some important plans for directing pictures when he returns, and while he positively would not state what the plans are, one suspects they are in connection with Universal, as he has spent many hours recently with the Laemmles, Sr. and Jr., and with Paul Kohner.

In the meantime, he has acknowledged that he means to have a look around at production in Europe, and that he had received several offers from foreign concerns, including UFA in Berlin.

WARNERS GIVE LEAD TO CLAUDIA DELL

Prison stories concerning women are a novelty, and Warner Brothers are to be one of the first film concerns to produce such a picture.

"Bad Women" is the title, and Michael Curtiz will direct.

Claudia Dell has been signed for the star role, but so far no leading man has been selected.

Most of the work will be done at the studio, but some scenes will doubtless be shot at one or another of the State penitentiaries. In any event the picture is to be a special.

STAGE FAVORITE SIGNS WITH LASKY

Jessie Royce Landis, whose last appearance in Los Angeles was with Otis Skinner in "The Honor of the Family" three years ago, yesterday returned to express her fine dramatic talents in a new medium.

The actress has been signed by Paramount as the leading woman in George Bancroft's new starring picture, a sea story, which goes into production at once at the Hollywood studios under the direction of Rowland V. Lee.

JESSIE ROYCE LANDIS

When Miss Landis appeared at the Figueroa Playhouse with Otis Skinner local critics were most enthusiastic about her work.

Miss Landis was signed for the Bancroft picture following invitational tests made at the New York studio. She will remain in Hollywood only for this one picture and possibly for another to follow, since she is scheduled to open on Broadway in October in "Solid South," Richard Bennett's new play.

B. P. Schulberg Remains

B. P. Schulberg is under a long-term contract as general manager of west coast production for the Paramount Publix Corporation, and he will remain with the company for several years to come, according to the assurances of Jesse Lasky made yesterday.

Lasky made the statement following persistent reports that Schulberg is planning to leave the organization or be transferred to another post.

"Mr. Schulberg is thoroughly satisfied with his position in the corporation," said Lasky. "He has made an enviable record for himself and for our Hollywood studios, and I am happy to say that there is no foundation for these rumors."

Neil Hamilton Plays Lead

There are two male leads in "The Cat and the Canary," which Universal is producing as a talking picture; and we were apprised of the fact yesterday that Neil Hamilton has been selected to play one of these leads. The other actor has not been chosen.

NEIL HAMILTON

Lilyan Tashman has a featured role, but the main feminine lead has not been selected.

Others in important roles are Theodore Von Eltz, Blanche Frederici, and Elizabeth Patterson. A Spanish version of the picture will also be made, and George Melford has been signed to direct.

Zanuck Stays at Home

Darryl Zanuck is not to be allowed to enjoy his usual European outing this year, we learned yesterday. Warner Brothers are just starting out on a busy [illegible] Zanuck, who is an executive producer, finds it necessary to be in Hollywood to attend to official duties.

James Rennie Given Role

It looks as though [illegible] panies are going to [illegible] while busy and that he will [illegible] a chance to return [illegible] some time.

He was to have played the "Captain Blood" [illegible] but that production was postponed. However, he has been engaged by Warner [illegible] play the leading male [illegible] "Illicit."

INA CLAIRE IN VARIED MOODS

Comedienne Ranges from Gay to Serious

'Rebound' Presents the Case of Troubled Wife

Dialogue's Humor Pleases; Company Good

BY EDWIN SCHALLERT

With approximately that eclat which surrounds a picture premiere, Ina Claire was last night introduced in her first Coast-staged production.

A street crowd that almost required the restraining ropes, not to speak of the milder attentions of the police, and a first-night assemblage such as turns out for the more brilliant events, was present to bid welcome to the star upon her appearance in "Rebound" by Donald Ogden Stewart. That is, the audience did the welcoming and the street crowd came to glimpse the audience.

The public interest was duly rewarded by Miss Claire herself. In a role that ranged both to the light and to the serious she personally was beheld to great advantage. There were the sparkle, the crispness and the gay staccato of word always associated with her, gleaming at their very best in a play that affords latitude, at least, for such animated and ebullient attributes.

Also, in a final scene she mellowed her portrayal with the display of tears. A touch of pathos of this sort is rather unusual from her. And it invested her interpretation with contrast.

Miss Claire is an eminently clever comedienne. Indeed, it is a question whether her equal has come to the stage of recent years. The spirit of sheer joy enters into her work. She knows how to infect the humor of a line with the gayety of a laugh. She tosses everything off lightly, and any plaintive note that she may achieve is generally by inference rather than any actual stress.

STAR ENLIVENS PLAY

All this is patently a pleasure for those who look on, while seeking an evening or an afternoon of entertainment. And that is what "Rebound" primarily offers with Miss Claire in its stellar role.

For Mr. Stewart's play, one can remark that it is often exceedingly bright. The mood in two acts is highly effervescent. Occasionally there is a too industrious shaking up of the concoction to keep up this effervescence, but the interest seldom lags.

The piece does let down, however, in the final scene, when the mode, so to speak, is changed from the major to the minor key. One finds the playwright wandering a bit in search of a close, and arriving finally at the theory that it is very bad for a woman "to beg for love." Which may or may not seem apropos to the merrier events that have gone before.

"Rebound" as a title acquires various meanings in this play. First it typifies the marriage of the heroine (on the verge of spinsterhood) to the man who has received his conge from an engagement to another lady. Later it becomes a sort of symbol for his returnto this former romance, much to the distraction of his wife. Lastly, it might be said to characterize her own rebounding from the unhappiness her husband has caused her—her assumption of the mask of merriment that brings hgr spouse back to her.

BEST WHEN FRIVOLOUS

Surely here is a varied enough pattern for a play, but Mr. Stewart should never have become quite so touched by it all, since he best wears the light and frivolous air, which pervades the opening stanzas.

His comedy is rare, indeed, when he is poking fun at the business of telephoning across the Atlantic, and at the French which the American tourist in Paris attempts to use on the natives.

Nothing is more delightful, perhaps, than that acute moment when Miss Claire, seeking to procure her husband's shoes, asks an attendant to bring deux chasseurs—nothing less this than a couple of huntsmen.

You will enjoy this rollicking side of the Stewart dialogue, which is in character.

The production is decidedly competent in the major roles, with much to praise in the sympathetic impersonation of the slight inamorata of the heroine played by Robert Williams, from the New York cast. The applause rang warmly after his final scene. He offers both comic zest and sincerity.

Manifestly much local attention was drawn to Corinne Roas, who was seen in the portrayal that she had given in the East, the role of the sister to Miss Claire.

One of the finest bits of acting was done by Walter Walker in the second act as the permanently touring father of the heroine. He, too, is from the original company.

Moon Carroll appropriately enacted the part of the cloying "other woman," while Lex Lindsay commendably presented the allured husband. Joseph de Stefani, Harold Minjer, Veda Buckland and Pierre D'Ennery appeared.

"Rebound" is most to be enjoyed for the playing by Miss Claire, and other cast members, and the bright moments of the dialogue.

Drama Veteran Plays Role in 'To the Ladies'

William H. Turner, as a fresh youth from the shores of Erin and with a brogue as thick as his native stew, won the unique and unchallenged title of being the best Irish Uncle Tom in America.

That was back in 1880. Today Turner, a seasoned veteran of the drama, is happily cast in the role of a bombastic Irish politician in the banquet scene of "To the Ladies," starring Glenn Hunter at El Capitan Theater.

"Uncle Tom was my first part in America," Turner says. "The engagement was what they called a 'turkey stand' in those days. That is, a play which is revived for just Thanksgiving Day. The chap who was to have played Uncle Tom became indisposed at the last moment and I was rushed into the part. I had never played it before—but I'm sure my dialect was original."

Tonight It's "Oh, Judge"

Mary Hutchinson

Attractive ingenue of "Follow Thru" note, plays a similar role in the new musical farce which makes its bow this evening at the Vine-street Theater. Bernard Granville, Rodney McLennan and Marie Wells are prominently cast.

GALA PREMIERE TONIGHT

Radio's dramatic mardi gras spectacle, "Dixiana," starring Bebe Daniels, will be given its first world premiere at the Orpheum Theater tonight. Celebrities of filmland will augment the group of Radio's stars expected to attend the event.

The story of "Dixiana" is set against the background of the early New Orleans period. In the absence of Gov. Long of Louisiana, who was expected to be present tonight, and as a fitting tribute to the occasion, Mayor T. S. Walmsley of New Orleans, will attend the premiere.

Among the scores of notables will be Amos 'n Andy, radio artists. Personal appearances will be made by all members of the cast, including Everett Marshall, Bert Wheeler, Robert Woolsey, Ralf Herolde, Dorothy Lee, Joseph Cawthorn, Jobyna Howland and Raymond Maurel.

Broadway between Eighth and Ninth streets will be in gala array this evening. The street will be festooned in colorful pennants and streamers.

"RAFFLES" NEXT FILM AT ARTISTS

Screen Vehicle Starring Colman Called Successor to "Bulldog Drummond"

"Raffles," Samuel Goldwyn's latest film starring Ronald Colman, in many respects could be billed as a successor, if not a sequel, to "Bulldog Drummond." The world premiere showing begins tomorrow morning at the United Artists Theater.

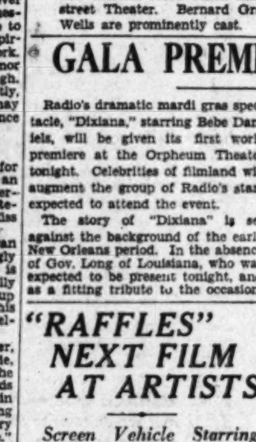
Colman is again seen as the smooth and polished gentleman—a society favorite and athlete. Crime and women fascinate him. His latest burglary is being committed as this modernized version of the old melodrama, "The Amateur Cracksman," opens.

Colman's role was made famous on the stage in America by Kyrle Bellow, in England by Sir Gerald Du Maurier, and in silent pictures by John Barrymore and House Peters. Kay Francis is Colman's leading lady. Together with David Torrence, she heads an outstanding supporting cast. Two newcomers among the latter are said to give exceptionally fine portrayals. They are Bramwell Fletcher and Frances Dade.

ACTRESS COFEATURED

Dorothy Lee is cofeatured opposite the Wheeler-Woolsey team in "Half Shot At Sunrise," an R.-K.-O. production. This is the second picture in which Miss Lee supported the two noted comedians.

CRITERION WILL SCREEN "ROMANCE"



Gavin Gordon

"Romance," Greta Garbo's latest starring vehicle, comes to the Criterion Theater Thursday, continuing its successful local engagement which started at Loew's State Theater last week.

Chief in support of Greta Garbo is Gavin Gordon, who has been recruited from the stage for the film role. Gordon has been a popular figure on the metropolitan stage for more than eight years, it is reported. He will be remembered as a successful and talented leading man at the former Morosco Theater here. He was recently signed to a long-term contract by Metro-Goldwyn-Mayer. Clarence Brown directed "Romance."

"MERTON OF MOVIES" GIVEN IN PASADENA

Play by George Kaufman, Marc Connelly Enjoys Fine Performance

BY KATHERINE T. VON BLON

"Merton of the Movies," from those delectable Americans, George S. Kaufman and Marc Connelly, now running at Pasadena Community Playhouse, essays and succeeds admirably in extracting hilarious comedy at the expense of the ubiquitous prophets of the cinema and those budding geniuses from which the public has suffered these many years.

Ten years ago this was virgin soil for the comedy writers, indeed, practically unexploited territory, for the movies were conducted upon farcical rather than business lines. The Kaufman-Connelly team with little hyperbolic emphasis realizes magnificently the mirth-provoking situation. Their comic propensities are at their best here and they resort to every expedient of the theater to assist them in their jocosity.

The fact that the movies have been satirized unmercifully by the inner circle, those most in "the know," and still are taken more or less seriously by the hoi polloi, and even admitted to have a certain power by the most radical of the intelligentsia, but goes to prove the subtlety of their fascination. Pantomime has ever been declared one of the greatest of arts and it was this which made the motion picture an art form. The talking picture has taken something sublime from the old silent, and it is a moot question whether it has contributed anything so vital as the quality it has disturbed.

"Merton of the Movies" was written during the silent regime, but Hollywood still swarms with palpitating anguished Mertons, seeking escape from the drab terror of small midwestern towns.

They dream of worlds to conquer, yet remain in the parenthetical positions of waitresses and perhaps grocery boys. It is certain that all these forlorn hopers are not as fortunate as Merton, who unwittingly plunges from the pinnacle of he dreams of "Hamlet" to find himself a king of comedy.

Franklin Provo, 16-year-old boy, plays the leading part with intensity and pathos and an unconscious humor which is delightful. Betty Jenks, one of the playhouse ingenues, displays a certain charm and naivete, but seems not quite hardened enough for the part. As the temperamental director, Thomas Henry, a young Hollywood actor, gives an amusing and convincing characterization. Margaret Tupper in a bit portrays the spoiled and vitrolic star with good effect, and Patrick McCann is properly egotistical. Mrs. James N. Hawks is good as the landlady.

Molinari Leads at Hollywood Bowl Tonight

Tonight at the Hollywood Bowl Bernardino Molinari, the celebrated Italian conductor, takes up his baton for the first concert of his four weeks' engagement with the Bowl orchestra.

The conductor has been in Los Angeles two weeks, arranging his program and rehearsing with the various artists that will appear with him during his extended engagement. Mme. Elsa Alsen will be the first soloist on a program with Molinari. She will sing two Wagnerian numbers Friday night.

The program arranged for this evening follows:

Fingal's Cave ..... Mendelssohn
Erotica, Symphony No. 3 ..... Beethoven
Suite for Strings ..... Corelli
Overture to the opera "William Tell" ..... Rossini

Whispers in the Wings

BY MURIEL BABCOCK

ARTHUR GREVILLE COLLINS, the producer of "Fata Morgana" with Elsie Ferguson at the Hollywood Playhouse, is casting a discerning eye about for another play to follow his current production.

He wants very much, he told me yesterday, to do a brand-new piece which Ernest Vajda, the author of "Fata Morgana," is now polishing up. This, a modern and sophisticated drama with an American locale (New York of today,) is said by those who have had a peep at the manuscript to be an excellent play. It is as yet unnamed.

It may or may not follow "Fata Morgana" into the Playhouse. Incidentally that drama, one of the definite successes of the summer, gives no indication of departing for quite some weeks. Collins wants eventually to take it to San Francisco.

Lonsdale and Colman

A couple of weeks ago came a story that Ronald Colman might return to the New York stage this fall in a play by Noel Coward. Yesterday, somebody, who is supposed to know about these things, said that Colman, Frederick Lonsdale and Sam Goldwyn had been in conference about a play for Mr. Colman.

At any rate, it seems pretty likely that the English player will fulfill his ambition—that of again performing on the stage—some time this coming year. He has not appeared there since "La Tendress," in which Miss Ruth Chatterton starred.

John Steven McGroarty's Plays

Casting and preparatory work for four plays of John Steven McGroarty to be given in the Grove Theater at Tujunga, beginning August 9, next, and continuing through four weeks, is well under way. Edwin N. Wallack will stage and direct with Mr. McGroarty.

Three of the plays comprise a trilogy dealing with early California. The first, "El Dorado," the story of the '49ers, has never before been performed. It has been linked with Mr. McGroarty's "Osceola," the story of the Indians in this country, and "La Golondrina," a tale of the Spanish era. The fourth is the drama "Babylon."

Players already cast include Don Wood, Diane Esmond, Hanley Stafford, James Neil, Elvin Eaton, Paul Anhalt, William Moran, Gladys Heaney, La Verne Mohr, Marian Bowes and Virginia Mohr. There will be any number of others. Casting is now going on at Mr. Wallack's office at the Harrison-Wallack School of Dramatics.

Zoe Akins in New York

Zoe Akins, who has been writing pieces for Paramount, notably those in which Ruth Chatterton performs, is off to New York where she will confer with William Harris, Jr., on the casting of her new play, "The Greeks Had a Word for It." She will be gone from four to six weeks, but probably will not linger long enough to see the play opened, an event of the early fall. This, however, is not an unusual occurrence in Miss Akins's career. She had her first view of "The Love Duel," which she adapted for Ethel Barrymore, almost a year after it was launched. Not, in fact, until Miss Barrymore brought it to the Mason Theater here.

Talk of "Jimmie's Women"

Myron C. Fagan, who wrote "Nancy's Private Affair," just finished at El Capitan Theater;" The Little Spitfire"and others, came to town Saturday from New York with word that his newest effort "ill pobaby be done on the Pacific Coast this fall. It is "Jimmie's Women" which had forty-four weeks on Broadway not long ago. He recently tried out still aonther vehicle, "Peter Flies High," in Springfield, Mass., and seems to thing pretty highly of its chances for success. It broke all records in Springfield.

Dorothy Gish Not Coming

James Rennie, husband of Dorothy Gish, is authority for the statement that Miss Gish, despite all rumors to the contrary, probably will not get to Los Angeles this summer.

She tells him by long-distance telephone and letter that rehearsals for "The Director General," in which she is to be presented by Jed Harris on Broadway, are due to start immediately. The play will be one of the early season productions.

The New Maude Adams Play

From New York—of all places when John Colton is right here in Hollywood—comes a report on the new play which he has prepared for Maude Adams's return to the stage this fall. The story goes that the play, "That's the Way With Them," is in five episodes. Miss Adams will act as a woman of her own age—which is 57—and in one episode she will be called upon to visit Mussolini, in another, King George.

Mr. Colton himself is discreetly silent about the matter.

"On the Level" Opens Thursday

"On the Level," an action drama, will begin its first local run Thursday at the Boulevard Theater. It is called a romance as well as a thriller, a comedy, as well as a melodrama.

Victor McLaglen, virile Fox star, and the charming Fifi Dorsay enact the leading roles. Lilyan Tashman again brings her sirenic talents to bear as a scheming enchantress.

Irving Cummings directed from an original story by William K. Wells. William Harrigan, Arthur Stone, Mary McAllister, Leila McIntyre, Ben Hewlett, R. O. Pennell and Harry Tenbrook are seen in support. Tonight's performances conclude the run of "This Mad World."

PLAYER RECOVERS

Having entirely recovered from a minor operation, Sue Carol will begin work in an R.-K.-O. production within a few days.

GREEK THEATER NEARING FINISH

Structure at Griffith Park to be Ready Next Month

General Construction Work Complete and Accepted

Electrical Installation and Seating Will be Pushed

Completion of Orosel & Kitchen's contract for construction of the Greek Theater in Griffith Park, on the firm's bid of $131,742, was accepted by the Park Commission in a special session yesterday. Work on electrical and seating contracts is to be completed within two or three weeks and by the middle of August the theater will be ready for public use.

Funds to the amount of $121,000 were left for the construction of the theater by the late Griffith J. Griffith, father of President Van Griffith of the Park Board, and donor of the park, who also left $730,000 for construction of an observatory and hall of science on Mt. Hollywood, in the park, on which work is to be started in the near future.

Separate contracts cover the electrical work, costing $28,496; seats, $3168; iron work and bolts, $3123, and lumber for seats, $3723. A total of $188,000 has been spent on the theater to date, the additional cost being covered by appropriations from park department funds.

The theater will seat 4300 persons, has a garage for forty-two cars of players, quarters for an emergency hospital, a kitchen and free parking space in the vicinity for 2500 cars of patrons.

A committee composed of Commissioners Griffith, Socha and Sanfeldt has been appointed by the board to arrange with the Security Bank and Trust Company, trustees of the Griffith estate, for the formal opening of the theater. The form of ceremony has not been decided.

NUDE POSING OF MATE CITED IN DIVORCE PLEA

Nude posing in windows was charged against her husband by Mrs. Violet Thomaschefsky, who yesterday obtained divorce from Herman Thomaschefsky of Glendale. Superior Judge Tappaan granted the decree. Mrs. Thomaschefsky set forth that her husband was sentenced to 180 days in jail for posing without clothing. The Thomaschefskys were married September 11, 1929, and separated February 17, 1930.

WOMAN DEPUTY ON WAY WITH PRISONER

Mrs. Nettie Drew and Charge

There is no reason why a woman cannot be a good deputy sheriff, if she has a strong will and a well-oiled .45 gun, says Mrs. Nettie Drew of Eureka.

She came to Los Angeles yesterday to get Harland Cox, who is wanted by Humboldt county authorities on a charge of failure to provide for a wife and minor children. He was arrested several days ago when he was found at the Monte Nido Inn by Capt. J. B. Fox of the Sheriff's fugitive detail.

Back in Humboldt county Mrs. Drew acts as jail matron, but all the regular deputies were busy, she said, so she volunteered to make the trip.

"What would you do if a prisoner got rough with you?" she was asked.

"I'd shoot him!" she replied.

SON BORN TO GALLAGHERS

A baby boy has been born to Mr. and Mrs. Richard (Skeets) Gallagher, widely known stage and screen couple, the father announced yesterday. The event occurred Sunday night at Cedars-of-Lebanon Hospital, the child weighing eight pounds at birth. No name has been chosen.

WOMAN TO CONDUCT IN BOWL MUSIC

Mlle. Antonia Luisa Brico, Native Daughter of State, Will Direct Orchestra

Not since Leginska appeared in America several years ago has a woman been privileged to conduct any of the great orchestras of this country.

However, according to Glenn M. Tindall, manager of the Hollywood Bowl Association, a new woman orchestra leader will be introduced at the Bowl next week.

Friday night, August 1, will serve as the debut of Mlle. Antonia Luisa Brico as conductor of a symphony orchestra in this country. Although Mlle. Brico is scheduled to appear in San Francisco later in the season, Hollywood Bowl claims the honor of having "discovered" her.

Mlle. Brico is a native daughter of California. She graduated from the University of California in 1923, after which she studied with Sigismund Etojowski in New York. Later Mlle. Brico went abroad and was admitted to the school for orchestra conductors in Berlin. She was graduated from that school last year with high honor, and conducted an orchestra in Berlin with success.

The woman conductor will take the place of Bernardino Molinari, current Bowl guest conductor, for the one evening.

Robbery Victim Causes Arrest of Young Bandit

Late yesterday afternoon, as crowds surged past the Alexandria Shoe Shop at 214 West Fifth street, a 19-year-old bandit, well dressed, and flourishing a small automatic, robbed M. Elliott, clerk, of approximately $200. Elliott followed the youth to a motion-picture theater at Fifth and Broadway and caused his arrest by Traffic Officer Elmer Gee. The money and gun were found in his possession.

He gave the name of Jack Yellvington and his address as 413 Whittier Boulevard, and said he is a former inmate of the Ione reformatory.

SUSPECT ORDERED EAST

Accused of conspiracy to violate the National Prohibition Act, Bruce Stokes waived a hearing yesterday and was ordered by United States Commissioner Head to be removed to Springfield, Mo., for trial.

HER MUSICAL DEBUT TO BE MADE HERE

Mlle. Antonia Luisa Brico

Briegleb Starts on Vacation Trip

Rev. Gustav A. Briegleb, pastor of St. Paul's Presbyterian Church, started last night on a month's vacation taking him to Chicago, Baltimore, New York and other cities. He left at 8:20 p.m. for San Francisco.

While in Chicago he will broadcast each afternoon on the 28th, 29th and 30th inst., and on the night of the 31st inst. deliver the graduating address at Moody Bible Institute. He is to preach at Baltimore on August 3 and proceed to New York. Thence he will go by steamer to New Orleans, returning to Los Angeles in time to vote in the gubernatorial election.

EXTENSION MOVE VOTED

The general ordinance calling for the condemnation of land to extend Washington street east of Santa Fe avenue was adopted yesterday by the City Council.

ASSESSMENTS PASS COUNCIL

Silver Lake Boulevard Protests Denied

Project Gives Pasadena Short Cut to Wilshire

Eight-Year Contest for Extension Wins

More than a year after it had first taken similar action, the City Council yesterday again denied appeals and confirmed assessments for the opening and widening of Silver Lake Boulevard between Glendale Boulevard and Virgil avenue. This is the last link of a projected eighty-foot highway which will provide Pasadena and the northeastern section of the city with a short cut to the Wilshire district and the west beaches by way of Virgil avenue and Beverly Boulevard.

The assessments for this opening and widening project total $521,111. They were first confirmed on June 18 of last year after the Council had ordered a slight modification of their spread which transferred $15,767 from 225 lots and placed that sum as an additional assessment on seven lots owned by the Playground and Recreation Commission.

EIGHT-YEAR FIGHT

Although the majority of property owners in the district, under the leadership of the Vermontshire Association, have been fighting for the project during the past eight years, there has been an almost equally vigorous opposition from a minority, which carried the fight to the courts after the first confirmation of assessments.

Last January Superior Judge Tappaan granted an injunction against the collection of the assessments. The following month the Council ordered a new spread of assessments.

After hearing on May 5, last, on the new assessments, the Council ordered them revised in order to place a heavier burden on lots along that stretch of Silver Lake Boulevard within the limits of the present project which are already paved. It was this revised assessment which was finally confirmed by the Council yesterday by a vote of 10 to 4, the negative votes being cast by Williams, Randall, Jacobson and McAllister.

One of the immediate results of the Council's action, unless the opposition again succeeds in overturning it in court, will be to release almost $200,000, which property owners have paid into the assessment bureau since June, 1929. They have, of course, lost the interest on their money and it has not been possible to apply the funds to pay the condemnation awards for which they were collected until the final confirmation of the assessments.

CHIEF OBJECTIONS

Among the chief arguments of the opponents of the project has been that there was no allocation of city funds to it, although it is part of a major highway plan. To meet this objection, the City Council yesterday adopted a motion of Councilman Randall's which pledges it to allocate city funds toward the cost of the paving of the widened highway and also to devote city funds to the cost of two grade separations made necessary by the project. They are to be at Sunset Boulevard and Temple street. The cost of these grade separations is not yet known but there is now before the Council a resolution introduced last May by Councilman Williams asking the city to appropriate $450,000 to build them.

As has been the case whenever the Silver Lake project has been before the Council, yesterday's consideration of it was marked by verbal clashes between the opposing camps in the Council. The chief incident yesterday was a somewhat impassioned objection by Randall to what he termed "a sneer" directed at him by Councilman Burns, although it sounded more like a groan and was induced by Burns's impatience with Randall for continuing to orate on the issue after it had been settled. The incident was closed with some vigorous rapping of the gavel by Council President Sanborn.

Jury Committee Considers Plan for Dam Survey

Members of the grand jury committee appointed to select a group of representative engineers to survey the abandoned San Gabriel dam site, spent yesterday in conference regarding the matter without coming to a decision.

Frederic I. Morris, grand jury foreman, said that the committee will continue to meet daily until the group of engineers has been chosen.

The survey was asked by the grand jury to determine the truth or falsity of charges that contractors who started the dam excavations were paid for 273,000 yards of excavation which was never accomplished. The asserted overcharge, private investigators assert, amounts to approximately $800,000.

Paralysis Cases Show Decrease

Another slump in the number of infantile paralysis cases over the week-end was reported to the health department yesterday, the total from Saturday noon to Monday noon being five cases, a total of 106 cases and eight deaths for the present month, compared with eighty-four and six deaths for the month of June.

For the twenty-four-hour period ending Saturday noon the increase was nine cases.

McGROARTY WILL GO ON AIR TOMORROW

John Steven McGroarty will be on the air tomorrow in honor of the pioneer day celebration to be held at Santa Monica prior to the opening of the summer festival season of Mr. McGroarty's plays, beginning August 9 at Tujunga in the green Verdugo hills. Mr. McGroarty will be heard on the following stations: KNX, 9:10 a.m.; KFWB, 10:45 a.m.; KECA, 12 noon; KFI, 12:30 p.m., and KFOX, 3:45 p.m.

MUSICIANS TO APPEAL WAGE CASE

Twelve Girls Turn Down Labor Bureau Award Against Studio

Twelve girl motion-picture aspirants told their troubles to sympathetic ears yesterday. They appeared before Deputy State Labor Commissioner Barnes, who, after a hearing in the Labor Bureau offices in the Subway Terminal Building, decided that the girls' efforts as musicians were worth $5 a day, except for their leader, whose talents were appraised at $7.50 a day.

Soundcraft Studio officials, against whom the girls complained, were agreeable to this settlement. However, the girls asserted that they were entitled to more money and refused the settlement, stating they would carry the matter to the courts. Miss Peggy Russell, band leader, was spokesman for her associates. They asserted they had rehearsed four days and also made sound recordings.

SUIT FILED OVER INSURANCE POLICY

Charging fraud was used to induce Mary Thomas, who died the 16th inst., to change the beneficiary of her $2000 life insurance policy, Florence Thomas, sister and former beneficiary of the deceased, yesterday sued for an injunction to restrain the Aetna Life Insurance Company from paying the policy to Ellen Dodge. It is asserted in the petition, filed by Attorney William Bronsten, that "undue influence" was used by the defendant to change the policy.

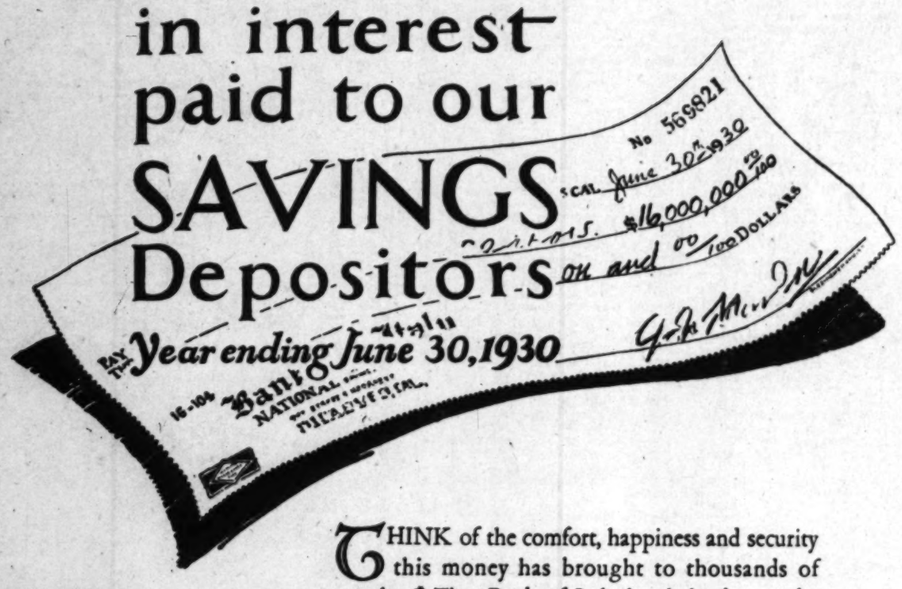
SIXTEEN MILLION DOLLARS in interest paid to our SAVINGS Depositors for the Year ending June 30, 1930



Convenient Installment LOANS ON REAL ESTATE

This bank makes installment loans, repayable on monthly or other periodic basis

THINK of the comfort, happiness and security this money has brought to thousands of people. ¶ That Bank of Italy has helped to make Californians thrift-conscious is evidenced by the sixteen millions of dollars in interest paid to savings depositors during the year ending June 30, 1930. This monumental sum represents the definite reward of economy, prudence, self denial, foresight. ¶ For many years the Bank of Italy has expended large sums of money in advertising to encourage saving. That this effort has met with a heavy response is revealed by the fact that the savings deposits of the institution now total over *half a billion dollars.*

Shamrock V Goes to Sea

PALMOUTH (Eng.) July 21. (AP)—Shamrock V, Sir Thomas Lipton's fifth and probably final hope of recapturing the America's Cup, today embarked on her great adventure in American waters. The challenger, proud and beautiful despite the cropping of her mast to meet rugged weather conditions during her voyage of approximately a month, passed the Lizard, outermost point of her path, at 4:30 o'clock this afternoon and shaped her course for the open sea. In the fresh northwesterly wind she made good time.

Canzoneri in Win Over Bass

PHILADELPHIA, July 21. (AP)—Tony Canzoneri, slugging New Yorker, won a ten-round decision over Benny Bass, Philadelphia, recognized in a number of States as junior lightweight champion, in the feature bout at the Phillies' ball park tonight. Bass' title was not at stake. He weighed 125 3-4 and Canzoneri 130 1-4.

There were no knockdowns, and the fight was slow and uninteresting.

THIRTY-FIFTH FOR BAMBINO

Gotham Athletes Trounce Cleveland, 7 to 3

CLEVELAND, July 21. (AP)—Edwin Wells won his eighth game of the year. Babe Ruth cracked out his thirty-fifth home run and Gehrig and Rice added circuit drives as the Yankees defeated Cleveland, 7 to 3, today.

Ruth's over-the-fence drive came in the third with a team-mate on base, and Miller on the mound, while Rice connected in the sixth while Miller was still pitching. Gehrig found the range against Bean in the eighth for his twenty-eighth homer of the season.

Just a Little Light on the Subject

Jack Lelivelt leads his Angels against the Sacramento Senators as night baseball makes its debut in Los Angeles. The above photo was taken before all of the lights had been adjusted to give the best results but it gives a general idea of how bright the field is under the rays of 136 giant floodlights. The smiling chap doffing his cap is none other than Skipper Lelivelt who led the Angels to victory in the first half of the Coast League race.

PRIMO CARNERA ORDERED HOME

Immigration Officials Tell Big Italian to Vacate

OMAHA (Neb.) July 21. (AP)—Primo Carnera, Italian fighter, and his French manager, Leon See, have been ordered by Washington immigration officials to vacate American shores immediately, Frank Paccassi, business manager for the pair, said here today.

Pacarzi revealed the contents of a telegram forwarded here to See and Carnera from Byron H. Uhl, assistant commander of Ellis Island, New York, informing the pair that immigration officials had denied their request for a six months' extension of their legal stay in the United States which terminated recently.

Carnera and his manager, he said, applied for the extension while here last week for the Carnera-Bearcat Wright fight. He said they are now en route from Cleveland to Montreal, Can., and the telegram arrived here after their departure from Omaha. They were confident of obtaining the time extension of the American stay, Paccassi said.

MANAGER SAYS PRIMO TO JOIN ITALIAN ARMY

OMAHA (Neb.) July 21. (AP)—The ring career of Primo Carnera, giant Italian heavyweight fighter, has run its course, according to Frank Paccassi, business manager of the pair.

Paccassi tonight stated Carnera has a year to serve in the Italian army and must now return to his native land to don the uniform. The business manager revealed the managers of Carnera had made an agreement with Premier Mussolini of Italy for a six months' exten-

SERAPHS AND SOLONS TO MIX UNDER ARC LIGHTS

Record Crowd Expected to Turn Out for Game; Thomas, Horne to Pitch in Series Opener

BY BOB RAY

Put on your hat, lock up your flat and come on out under the arc lights at Wrigley Field this evening and see night baseball make its local debut. Jack Lelivelt's Angels and the Sacramento Senators will furnish the excitement under the lights and a record-breaking crowd is expected to be on hand for the festivities. The game starts at 8:30 o'clock.

The Angels held a special workout under the klieg last night to try to familiarize themselves with the antics of a baseball under the rays of 136 giant lights. It marked the first time the Seraphs had ever worked under the arcs, but this night baseball is nothing new to Buddy Ryan's Solons, who have performed in four series of the nocturnal pastime. Naturally this will give the Solons a bit of an edge.

Fay Thomas, Sacramento speed-ball pitcher, is expected to be on the mound for the visitors. Skipper Lelivelt has Carroll Yerkes, Beryl Horne and Win Ballou all available for hurling duties for the Angels. Ballou was recovering from an attack of flu and remained home when the Angels left for Oakland last week and it's quite possible that he'll get the call for he's had plenty of rest. A fast-ball pitcher figures to have an edge under the lights, however, so that angle would favor Horne's working.

CAPACITY CROWD

Present indications are that there'll be a sellout tonight for reservations have piled in thick and fast. Preparations have been made

LLOYD NORSTROM LEADS IN WESTERN GOLF PLAY

BY PAUL MICKELSON

CHICAGO, July 21. (AP)—A strapping Nordic from Davenport, Iowa, Lloyd Norstrom, argue his way into the western amateur golf championship today, and then as rebuttal shot a sparkling 72 to snatch the lead in the first eighteen-hole drive for the qualifying medal.

When Norstrom, a rank outsider in championship calculations, came up to the first tee today, he was advised his entry had not been received. After a long argument he was permitted to compete and in his alternate anger and joy he came within one stroke of taming old man par in his 6702-yard stronghold of yawning traps, bunkers and tees. He toured the first nine in 38, but came back with 34, despite a four-putt green on the short twelfth.

The championship course then threw up such a stubborn resistance scores for the first half of the qualifying test were the highest in the tournament's history. Only forty-five of the 215 were able to fracture 80, while the others either ripped up their cards or posted scores that ranged upward to more than 100 strokes. Tonight it looked like a pair of 80's had a big chance to qualify for the mach play to open Wednesday.

Cyril Tolley and E. Phillip Perkins, two English stars who stand out as certain contenders, were successful, however. Tolley landed in a three-way tie with Don Armstrong, Aurora, Ill., and Johnny Lehman, Chi-

ALEXANDER GETS RELEASE

Veteran Pitcher Let Go by Dallas Steers for Failing to Keep in Shape

DALLAS (Tex.) July 21. (AP)—Grover Cleveland Alexander, one of the greatest pitchers of all time, probably has donned a uniform for the last time in organized baseball.

Going to the mound as a relief pitcher for the Dallas Steers Sunday at Wichita Falls, the 43-year-old veteran threw three straight balls, wrenched his left knee and walked to the bench. It was his swan song. Announcement Alex was being given his outright release came today from Bob Tarleton, vice-president of the Dallas club.

For reasons best known to himself, Tarleton failed to notify Alexander of his release, leaving overland for Houston after advising sports writers of his action. Mystified, Alex expected to leave for Houston tonight to interview his employer and get the matter settled.

"I don't consider myself released until Tarleton notifies me," old Pete said when told the club's announcement. "I can't say what my future plans are until he tells me I'm through. I have always heard baseball was a funny business and this proves it."

Alex revealed he had received nu-

Ferguson Scores Smashing Win Over Cantwell, Medalist, in Santa Monica Golf Play

RANCHO YOUTH TAKES BEATING

George Arseneau is Upset by P. Rooney

Coleman Brothers Advance to Second Round

Jelliffe and Schraeder to Play This Week

BY THE GOLPHER

Lorimer Perry Ferguson of the Girard Country Club sprang a surprise in the first week of match play at the third annual Santa Monica Bay district championship when he scored a smashing 6-and-5 victory over young Bud Cantwell of Rancho in the championship flight.

L. R. FERGUSON.

Cantwell had won medal honors with a brilliant 67 last week but could not cope with Ferguson's deadly shooting in his first round engagement.

George Arseneau, another Clover Field favorite, fell before P. Rooney, 5 and 4, in a match that was considerable of an upset.

The Coleman brothers, Lester and Chester, each advanced to the second round without much trouble, the former winning by default, while Chester disposed of Hall.

Bill Jelliffe and Francis Schraeder, two star divot diggers, are slated to play twice this week, their first round match having been postponed because of Jelliffe's participation in the city championship, which kept him busy until Sunday when he won the title.

The defeated sixteen in the championship flight now make up the second flight, according to Manager George Basil. This flight will be played at handicap.

The longest match of the first round occurred in the sixth flight when J. MacDonald and E. Hinshaw went twenty-three holes before the latter won.

Following are results of first-round matches:

CHAMPIONSHIP FLIGHT

Ferguson defeated Cantwell, 6 and 5.
Hine defeated Valdez, default.
Scott defeated Eckles, 1 up.
Keeney defeated Silversale, 4 and 3.
Rooney defeated Arseneau, 5 and 4.
Bell defeated Goddard, 3 and 2.
C. Coleman defeated Hall, default.
Jelliffe vs. Schraeder, to play.
Schmidt defeated Warner, default.
Reynolds, Jr. defeated Wilson, 1 up.
C. Coleman defeated Ainge, 3 and 2.
Schaeffer defeated Koenig, 7 and 6.
Hanna defeated Kerr, 1 up, 22nd.
Russiero defeated Johnson, 5 and 4.
Dugan defeated Deats, 1 up.
Hicks defeated Martin, 1 up, 21st.

NONQUALIFIERS' FLIGHT

De Lapp defeated Noe, 2 and 1.
Williams defeated Anderson, 4 and 3.
Hitkins defeated Pallandino, 2 up.
Thomas defeated Mathewson, 3 and 2.
Donahue defeated Hafer, default.
Yamato defeated Graham, 2 and 1.
Williams defeated Deuel, 1 up.
Dunn defeated Macomber, 4 and 3.

SECOND FLIGHT

La Chance won from R. Tobin, 4 and 3.
D. Crane won from T. O'Donnell, 4 and 2.
Johnson won from Newell, 7 and 5.
Davies won from Ward, 2 up.
Burns won from Boston, 1 up, 19th.
Derwin won from Kenmore, 1 up, 19th.
Cornett won from Petersen, 1 up.
Brooks won from Wilcox, 6 and 5.

THIRD FLIGHT

Dyer won from Abeles, 4 and 3.
Ryan won from Palland, 4 and 3.
Snell won from Wren, 2 and 1.
Gail won from Baker, 3 and 2.
Richards won from Davidson, 3 and 2.
Foster won from Lindamood, 4 and 3.
Dr. Rooney won from Mazur, 2 and 1.
Al Crane won from Pepp, 3 up.

FOURTH FLIGHT

Johns won from Moran, 4 and 3.
Maas won from Nielson, 4 and 3.
D. Tobin won from Lane, 4 and 3.
Fisher vs. Douglas, will play Monday.
Daniels won from Buffum, default.
Spaulding won from Savitz, 1 up.
Speller won from Oliver, 2 and 1.
Fleming won from Fraser, 1 up, 19th.

FIFTH FLIGHT

Waterbury won from Ingvoldstad, 5 and 3.
Milsenberger won from Downey, 6 and 5.
Smurch won from Mekanson, 3 and 2.
D. Brown won from Wynne, 3 and 2.
Wright won from Bonner, 1 up, 19th.
Kraas won from Dickinson, 1 up, 19th.
J. Mann won from Gibbs, 6 and 5.
Shaw won from Coe, 2 and 1.

SIXTH FLIGHT

Richmond won from Lowry, 1 up.
Dimmitt won from Kavanaugh, 1 up.
Fleimoto won from Austin, 4 and 3.
Brown won from Cooper, 2 up.
Parsell won from Bedford, 3 and 2.
Phelps won from Des Noyers, 1 up.
Hinshaw won from MacDonald, 1 up, 19th.
Donovan won from Campbell, 3 and 1.

SEVENTH FLIGHT

Cherniss won from Bainnum, 4 and 2.
Braunbright won from McBride, 2 and 1.
Phillips won from Hannaford, 2 up.
Powers won from Reid, 1 up.
Stremple won from Henn, 2 up.
W. Brown won from Mikesell, 5 and 4.
Wright won from Parker, 3 and 2.
Grainger won from Burton, 2 and 1.

EIGHTH FLIGHT

Paul, Jr. won from Krueger, 5 and 4.
J. Mann won from Wilson, 3 and 2.
Winder won from Dopler, 1 up.
O. Brown won from Lippitt, 4 and 4.
James won from MacLean, 2 and 1.
Young won from Marshall, 4 and 2.
Stone won from Augustine, 2 up.
Richardson vs. Mayhew, to play.

NINTH FLIGHT

Watts won from Dixon, 4 and 3.
Berry won from Richinson, default.
Cochrane, bye.
Clark won from Stowe, 1 up.
Sisien won from McMullen, 4 and 3.
Black, bye.
Austin, bye.
Carcher won from Rosemont, 1 up.

GABE AND KING IN TIMES GOLF FINALS

Billy Gabe and Arthur W. King advanced to the finals in the Times Golf Association midsummer tournament over the Fox Hills west course yesterday morning. Gabe defeated Claude Tramblie, 1 up in nineteen holes and King won, 5 and 4, over Howard Van Arsdale. Finals will be played over the same course next Monday, the winner taking a set of Hagen compact irons as a prize.

In the consolation flight played over the Montebello course Phil McCleary finished on top, three strokes under A. Judson.

NEW MINIATURE COURSE WILL OPEN TONIGHT

Something new in miniature golf is promised players tonight when the Pee Wee Portable course at 940 Sunset Boulevard opens to the public. It's said to be a new kind of golf, eighteen holes in one.

QUINTERO-JONES MATCHED

SAN FRANCISCO, July 21. (AP)—Manuel Quintero, South American welterweight, and Gorilla Jones, Akron (O.) Negro, were matched today by Frank Schuler of the Dreamland Athletic Club for a ten-round bout here August 8. Schuler also said he was dickering for a Tom Heeney-Frank Campbell heavyweight match, August 15.

Yankee Track Stars Upset

STOCKHOLM, July 21. (AP) Two of America's barnstorming track and field athletes met defeat on the second day of a three-day international meet here today. C. Pendleton of the United States finished third to the German sprinters, H. Koerning and Erwin Gillemeister, in the 200-meter dash. The time was 21.7s. In the 120-yard high hurdles, Sten Petersson of Sweden defeated Steven Anderson of the University of Washington, in a close finish, with E. Sjoestedt of Finland third. The time was 15.1s.

TILDEN LOOMS AS YANK HOPE

Big Bill Stands Out in Net Clash With French

PARIS, July 21. (AP)—After eleven years big Bill Tilden stands tonight as the brightest hope the United States has to regain the Davis Cup from the French in the challenge round opening here Friday.

BILL TILDEN.

After surmounting the difficulties that arose through his writings for an American newspaper syndicate the Davis Cup committee named Big Bill to the No. 1 role in the singles play only to have Tilden, who accepted "despite my better judgment," turn an ankle this afternoon in practice. Late this evening, however, doctors decided after consultation America's premier player would be fit for the opening of the series.

"In 1919, with Bill Johnston, I went to Australia and brought back the Davis Cup," Big Bill said as soon as the doctors' verdict was announced. "It is my fondest hope to bring it back to the United States after eleven years and then, believe me, some one else can defend it. I am through."

Early in the day official notice came from New York America's No. 1 ranking player for the past ten years had been selected for the task of regaining the cup he helped win in the first place. That settled the issue for a few hours.

TURNS ANKLE

Then later in the afternoon while playing with Karel Kozeluh, Czech professional, Tilden turned his ankle, limped away to a waiting automobile and the big question mark in world tennis was again unanswered until the doctors' verdict tonight.

The announcement Tilden had been elected to the team, after statements he would not play because of his contract with an American newspaper syndicate, came only as a mild surprise to the French tennis public, which had been expecting it for several days.

Later, when the faithfuls watching practice at the Roland Garros Stadium saw Tilden go after a high lob from Karel Kozeluh's racquet, slip, fall and writhe in pain, they were more skeptical. Some unkind souls among the French fans went so far as to say that Tilden, after winning his victory in the committee rooms and having selection to the team presented to him on a silver platter by the United States Lawn Tennis Association, would weep no bitter tears if prevented by accident from trying conclusions on the courts again with his old nemesis, Henri Cochet.

The Associated Press correspondent accompanied Tilden from the courts and he can vouch for the fact Big Bill's ankle was swollen.

The team as presented to the French stands as Tilden, George Lott, Wilmer Allison and John Van Ryn. France will pin its faith for the cup defense on Cochet, their ace; Jean Borotra, Jacques Brugnon and Christian Boussus.

PRIMO CARNERA ORDERED HOME

(Continued from Ninth Page)

sion of the date on which Primo was to enter the army, but that this time had now elapsed and he must return to Italy at once.

"After a year in the Italian army, Primo won't be worth a darn. This is the final curtain to Primo's career," Paccassi lamented as he told of efforts made to match the fighter with Dempsey and Young Stribling.

Pacassi's statement that Carnera was to join the Italian army came close on the heels of his announcement today that United States government authorities had denied Primo and his manager, Leon See, an extension of their stay in the United States.

He revealed the government decision upon receipt of a telegram from Byron H. Uhl, assistant commissioner of Ellis Island. The telegram, addressed to See, advised him of the decision and ordered See and his fighter to prepare to vacate American shores.

Paccassi immediately got in touch with See at Steubenville, O., where Carnera was to box an exhibition bout tonight. See, he said, told him he and Primo would leave for New York following the exhibition tonight, and would sail for France the latter part of the month.

Americans Win at Vancouver

VANCOUVER (B. C.) July 21. (AP) American stars advanced without much difficulty in the first round of play in the Western Canadian lawn tennis championships today.

FAVOR GEORGE OVER PANTHER

Don and Joe Malcewicz to Clash Tomorrow

Youngster Boasts Strong Mat Defense

Wycoff Picked to Win Over Nick Lutze

Don George, the flying head scissor exponent, has perfected a defense against the backward body slam hold which Joe Malcewicz hopes to put the young mat star to sleep with when they clash at the Olympic tomorrow night in the final feature event of Lou Daro's wrestling program.

DON GEORGE

The former national amateur mat king refused to reveal how he expects to beat the mat panther's favorite grip, but he feels confident it will prove effective. The only two other grapplers who have been able to stop Malcewicz from using his favorite hold on them have been Everette Marshall and Nick Lutze. Among those who have failed to escape the hold in local bouts have been Ed Lewis, Marin Plestina and Joe Stecher, three of the greatest veterans in the game.

Since leaving here after his Marshall battle, Malcewicz has had forty-seven matches, tweeting many of the best youngsters in the East who were being rated as possible sensations. The many and various defenses these had worked out to use against the Utican's backward slam all failed to work. Malcewicz was too fast on his feet, and a streak in executing his winning hold.

Although George is favored to win tomorrow night, his chances of a victory will lie in his ability to stop the Utican's backward slam, mat experts point out. To do this the young mat star must show more speed than he has in any of his past matches here.

In his final workout yesterday, George is reported to have displayed enough speed to keep Malcewicz on the defense. He weighed 215 pounds, and was in the best of condition. Malcewicz, at 200 pounds, appeared to be as formidable as ever. He is regarded as the strongest wrestler of his weight in the game.

This match, as well as the finish bout between Lutze and Lee Wycoff, which will precede it, are expected to be packed with speed and scientific spectacular wrestling. Little, if any roughing, is anticipated.

Wycoff, the lanky 215-pounder from Missouri, who made such sensational showings against both George and Marshall, is being picked to tie Lutze into knots with toe holds. Wycoff has shown more ability with toe holds than any grappler since Frank Gotch. Lutze has been training quietly at Venice during the past three weeks. He expects to surprise his many followers as well as the flashy Wycoff tomorrow night.

Steve Strelich, the "Terrible Swede," will meet Joe Stamaty, Greek light-heavyweight champion, in the opener.

ALEX RELEASED BY DALLAS CLUB

(Continued from Ninth Page)

merous offers to pitch exhibition games for semiprofessional teams and intimated he would consider them if the release stuck. He said he would head for Chicago first.

Tarleton assigned no reason for his summary action, which followed by several days his decision to give Alexander "one more chance." He suspended the veteran a week ago for breaking training, but took him back on probation with the understanding he be in shape to pitch against Wichita Falls Sunday. More than 4000 fans turned out in expectation of seeing the noted star.

"I am in good condition and wanted to start the first game," Alex said today. "But they told me I would work the second; instead they threw me as a relief in the first and the third time I wound up I stepped into a hole about a foot deep and hurt my knee. Every pitch was agony after that and I was unable to start the second game; that hardly was my fault."

Sunday's appearance was the fifth for Alexander since he joined the Steers at a reputed salary of $1800 a month.

CANZONERI IN WIN OVER BASS

(Continued from Ninth Page)

ing, the fans frequently yelling for more action.

Canzoneri had Bass holding as early as the third round, when he opened a slight cut over the Philadelphian's eye with a vicious right swing.

The ninth was Bass' best round. In this session he landed several hard blows which had Canzoneri wobbly. The New Yorker went into a clinch until he recovered and came back strong in the final round. Bass tried for a knockout in the tenth, but he appeared tired and weak and was unable to penetrate Canzoneri's defense.

Ray Miller, veteran Chicago junior lightweight, made short work of Frankie Hayes, Philadelphia, in the six-round semi-wind-up, winning in one minute and forty seconds.

OANA RECALLED BY SAN FRANCISCO CLUB

MIAMI (Ariz.) July 21. (AP)—Manager Mickey Shader of the Globe Bears said today Sullick, an outfielder with the San Francisco Seals of the Coast League, will replace Henry Oana in the Bear outer garden. Oana has been recalled by the Seals.

RABBIT PUNCHES

BY PAUL LOWRY

THE TILDEN CASE

AFTER all the pow-wow it looks as if Bill Tilden's original declaration about not playing in the Davis Cup matches against France may stick.

And right after Bill had relented and agreed to save the day for his country.

But injured ankles on old men of 38 don't respond to treatment as they do on kids of 20.

Bill has the old fighting spirit and says his fall on the court in a practice match against Kozeluh won't keep him from participating, but it looks like a case of willing spirit and weakened flesh.

And it will occasion no surprise if the American committee finally asks Bill not to play after asking him to forsake writing a few days and wield the racket for Old Glory.

Young George Lott in perfect shape will be a much better bet against the Frenchmen than Tilden with a bum ankle.

At least the experience will do Lott a lot of good. Tilden is on the downgrade. Lott is coming up.

* * *

A RECORD MOB

A CROWD of 25,000 persons at the ball park tonight.

If you don't believe it show up and help swell the total.

They haven't had a mob like that on hand for the Wrigley Field diamond orgies since the orchard was opened five years ago this fall.

But it'll be packed, jammed to the guards tonight.

And all because of night baseball.

Like the miniature golf courses that are spreading over the Southland like an octopus, night baseball has the Pacific Coast owners in its deadly grip.

It may not last, but the promoters are going to give it a whirl.

Over $30,000 of Bill Wrigley's money has been spent to make Wrigley Field bright as day—at night.

Ball players are not overly keen about night baseball, but the fans are in cities where it has been tried, and that is what interests the club owners.

At Sacramento, first city in the Coast League to try it out, night baseball has attracted twice the attendance of the day brand.

Sunday afternoon games have been the lightest attended of any in the capital city.

* * *

LOOK OUT FOR JONES

HERE'S a warning to all golfing friends of Mr. Howard Harding Jones, the esteemed professor of football at the University of Southern California.

Mr. Jones yesterday hied himself to Palos Verdes for a practice round preceding the annual invitation tourney at that inviting seaside course.

And Mr. Jones, who is now teaching his fourth football course of the summer, contrived to shoot a 78 with only a single round of practice since his return from Logan, Utah.

Included in his score was a birdie or two and a sizzling shot that lived up to all the things ordinarily done by the clan of Jones.

This particular shot was a 90-yard mashie niblick to the fifth hole which sailed true as an arrow and trickled into the cup.

It was just an eagle 3.

TOWNSEND IN KNOCKOUT WIN

(Continued from Ninth Page)

to pull himself together and come to his feet at the nine count.

He tried desperately to clinch and hold until his head cleared, but the blond chunk of fighting machinery from the Far Northwest was not be denied.

He smashed Medill to the floor again, and still again—both times for the nine count.

With the courage of a lion Medill got up once more, but he was only staving off the inevitable.

Townsend scented the kill and stepped in with a terrific right to the body. It was a sickening blow, and he followed it almost immediately with another right to the head.

Medill's knees buckled, his weight sagged and he sank to the floor, rolled over on his face and was counted out.

It was the finish to a sensational fight and vindicated Townsend's reputation that he always wins rematches.

He has done this at the Olympic three times in a row—first with Wildcat Carter, then Armando Santiago and lastly Medill.

Two weeks ago Medill won from here to Halifax and back. Townsend only took two rounds and the gamboleers were given a terrific ride. They had made Townsend a two-to-one favorite.

Last night the same gentry got it in the neck again. Medill was the favorite and Townsend was the winner before the bout hardly got under way.

The semi-wind-up between Jimmy Hanna and Les Rammage was a six-round draw. Rammage won the first two rounds by outspearing Hanna with a long left. Hanna outsocked Rammage to win the next two, and the last two frames were give and take without much giving.

Sammy Seaman and Chalky Wright, colored, fought six hot rounds to a draw with Chalky having the best of the early stages of the bout and Sammy the last three rounds. Chalky looks like a good prospect. Last night's bout was his introduction to Olympic patrons.

Marcelino Lomelli easily defeated Richie Parr in four rounds, and Steve Hamas knocked out Hugh Shropshire in the first minute of the second round.

The attendance was not a knockout, but the stayaways missed a thriller in the main event. Both Medill and Townsend weighed 142½ pounds. Abe Roth referred.

SAN QUENTIN NINE WRECKED BY "TRADES"

SAN FRANCISCO, July 21. (Exclusive)—Now the San Quentin prison baseball team has been wrecked. Its captain and star outfielder, George Malcarne, 27 years of age, San Francisco robber, and its equally scintillating first baseman, Atley G. Burns, 25, Los Angeles burglar, have been "traded up the river." As a result, the thousands of supporters of the team in the prison walls have been violently aroused in protest.

Not even the universal draft controversy, the trading of Goose Goslin for Manush and Crowder, has caused bitterer antipathy than has been stirred against the "owners" of the San Quentin team—the State Prison Board.

Malcarne and Burns, being two-time offenders, have been sent to Folsom, in return for two non-athletic prisoners, it was revealed today. Malcarne and Burns played their **last game for San Quentin Sunday.**

NORSTROM IS GOLF LEADER

(Continued from Ninth Page)

cago, with a 73, two over par, while Perkins scored a 75.

Tolley burned up the course with a sparkling 35, one under par, on his outward journey and had a fine chance for the lead until he muffed three shots outright on the par four fourteenth hole and needed six strokes before he holed out. His backward total was 38, three over par. Perkins was more consistent. He tallied 37 out and 38 in.

Charles Chick Evans of Chicago, eight times holder of the western crown, played within easy striking distance of the qualifying limit after the initial round with a 75. Evans shot even par for the first nine but his putter failed him on the way back and he required thirty-nine strokes more, or four over par.

Keefe Carter, Oklahoma City, former western champion, and Bob McCrary, Des Moines, Iowa, trans-Mississippi champion for the last two seasons, ran into difficulties in the first nine but came back with a brilliant brand of golf to score 77s.

Gibson Dunlap, Los Angeles, also took a 77, while Dick Martin, Chicago, Big Ten champion, required 78 strokes.

Other leaders with 75s were Rudy Kneeper, Chicago, one of the golfing stars of eight years ago; Ira Couch, Chicago, former western junior champion; Lew Levinson, a dark horse from Chicago; Nelson Ruddy, Cincinnati; Earle Berryhill, Colorado Springs, Colo., and George Dawson, one of the best players in the Chicago district.

The weather was perfect for golf with the temperature down and a cooling northeasterly wind stroking the course.

SHEELY LEADS COAST BATTERS

Seal Slugger on Top of League Averages

Severeid of Stars Close Behind Earl

Schulmerich Drops Down to Third Place

Earl Sheely has arrived at the top in the Coast League batting averages after fifteen weeks of hard effort. The veteran first baseman has compiled a batting mark of .402, competing in all of San Francisco's 107 games. Sheely has registered one or more safe hits in seventeen successive games, and has hit safely in all but one of the past twenty-eight games. Sheely also is the leading manufacturer of safe hits with 170 to his credit.

EARL SHEELY

Hank Severeid is runner-up in batting with an average of .398. Wesley Schulmerich is in third place with the fine average of .389. Johnny Bassler follows with .375. Ernest Lombardi has climbed to fifth place with .371. Three catchers are listed among the first five swatsmiths of the league, a most unusual circumstance.

Dave Barbee banged out his twenty-third home run of the season, serving as a pinch hitter, and bringing victory to Hollywood in the final game of the series with Portland. Barbee is now the home-run king of the circuit. Johnny Vergez and Earl Sheely are pressing Barbee closely for the home-run honors.

Wingo and Holland are tied for two-base hit honors, with thirty-three each. Fred Haney leads in stolen bases with twenty-eight. Francis Sigafoos and Ray French have each been to bat 461 times.

San Francisco holds the team batting honors with .314. Hollywood has scored 675 runs.

The following figures include all games played up to today:

EDDIE SHEA WINS

PEORIA (Ill.) July 21. (AP)—Eddie Shea, Chicago featherweight, knocked out Kay McIntyre of Los Angeles in the first round of a ten-round bout tonight, a left to the jaw finishing McIntyre after 1m. 30s.

MILLER RULES FAVORITE

Benny Picked to Defeat Manuel Le Mon in Friday Night at Hollywood Arena

Benny Miller, Brooklyn-avenue's contribution to the welterweight situation, will rule a top heavy favorite to defeat Manuel Le Mon, Friday night at the Hollywood Legion Stadium.

Benny figures to be too potent a hitter and much too fine a boxer for the newcomer to stand up with, the experts point out.

BENNY MILLER

Le Mon has made a real nice record out in the smaller clubs but he is practically an unknown to local fight followers. He has beaten Young Harry Wills, Frankie Forbes and others who have done fairly well around the Los Angeles clubs. His handlers look for him to pull a surprise on Miller. They box ten rounds.

Jimmy Alverado and Red Humphries clash in the semi-wind-up in a scheduled six-rounder. Humphries is making another start at the stadium. He quit the ring for almost a year. Bob Patrick, brother of the light-heavyweight Tom, battles Young Papke in the special event. That is also a six-rounder. Pepke is getting to be quite a card at the Legion club. He won his last three fights by thek nockout route.

Two four-rounders complete the card arranged by Tom Gallery.

Fox Collects at Arrowhead

Skimming over the water at a speed unofficially clocked at close to sixty miles an hour, Frank Fox drove his 360-horsepower Chris-Craft into first place in the free-for-all event of the resident speedboat race program at Lake Arrowhead Sunday. J. J. Woestman was second in the six-mile event with Vai Brothers third. The free-for-all climaxed a bill of four events.

J. J. Woestman won the first event, a race for Chris-Crafts. J. M. Goss was second and Vai Brothers third. The race was a ten-mile affair.

Billy and Jack Blackburn, 14 and 11 years of age, sprung a surprise on the more seasoned pilots in the two-mile nine to twelve-horsepower outboard motor race. Billy McIntyre was second, Dean McCumber third.

In the other race, a two-mile spurt for four-cylinder, twelve to thirty-two horsepower outboards, B. J. Bastanchury won first place with J. J. Woestman second and Bud Stillens third.

Cups put up by the Arrowhead Lake Company were awarded the winners by L. S. Gilham.

Trojan Bosses Perform Today

Coach Howard Jones and Dean Cromwell of the University of Southern California will become rivals on the athletic field for one day when they each will head strong teams during the sports carnival of the annual Trojan summer session men's picnic to be held at Brookside Park tomorrow.

Over 600 visiting professors from all parts of the country, resident faculty members, and summer session students are expected to attend this year's stag outing.

Staid college professors will lay aside their dignity for the occasion and will compete against each other in a series of contest that will include tugs-of-war, horseshoes, baseball, volleyball, tennis, relays, and dart throwing contests.

Following the sports carnival the pedagogues will exchange their track suits for chef uniforms and will prepare a T-bone steak dinner for the S. C. summer session students.

H. E. JORDAN WINNER OF HANDBALL HONORS

H. E. Jordan won the annual handball championship of the Commercial Club, and a handsome twenty-four-inch individual silver trophy, Saturday night. In the three final games of the elimination tournament which started June 16 with thirty-two players, and in which thirty games were played, he defeated Sid Sampson by scores of 21-14 and 21-15. Sampson winning the first frame, 21-10.

Sampson also wins a silver trophy for second place in the tournament, and the trophies will be presented both victors at a banquet by club members Wednesday evening.

Frank O'Doul Boosts Lead

[BY THE ASSOCIATED PRESS]

With the pitchers having the best of the argument only two of the league ball's big six were able to advance yesterday, O'Doul, the leader, making a five-point gain and Cuyler adding two to his batting average.

O'Doul's activities against Pittsburgh pitching consisted of three hits in four times at bat, sending his average to .402.

Gehrig connected twice, one a homer, in three official trips to the plate, and ended his day's work with .387. Klein, Stephenson, Simmons and Ruth lost ground, although the latter poled out his thirty-fifth home run of the season. The standing:

	G.	AB.	H.	P.C.
O'Doul, Phillies	79	317	127	.402
Klein, Phillies	77	312	116	.372
Stephenson, Cubs	77	291	99	.340
Simmons, Athletics	78	305	99	.325
Gehrig, Yankees	79	313	98	.313
Ruth, Yankees	83	295	101	.342

SEALS IN HIGH COMPRESSION POWER

MOTORITE is refined to meet the high speed requirements of the new high compression motors.

It is the oiliest oil known.

It has a great capacity for carrying away and giving up heat.

It resists dilution by giving up stray gasoline in the form of vapor.

It is entirely free from acid forming properties.

It forms NO hard carbon.

It seals in high compression giving 200 EXTRA miles of lubrication.

Refill with MOTORITE. Only 25¢ a quart at any UNION Station.

Tune in Union Oil Radio Program every evening between 5:00 and 5:30 over Station KFI

Cubs Go Into First Place as Brooklyn Splits Double-header

SON HERO OF BRUIN WIN

Feature Games as Robins, Cards Divide

Bingle Gives Reds Victory

Beats Pirates in 7-to-2 Contest

NEW YORK, July 21. (AP)—Hack Wilson's big bat coupled with Pat Malone's steady pitching gave the Chicago Cubs a 6-to-0 decision over the New York Giants today. It was the second shutout handed the Giants this year, the other being by Dazzy Vance of the Robins.

Wilson poled out his twenty-eighth and twenty-ninth home runs of the season, Chaplin, the Texas leaguer, batted safely in the fourth and sixth innings and Malone held the Giants to five hits and did not issue a base on balls during the eight innings he worked. He retired in the eighth because of the intense heat and Charley Root finished the game. Eddie Brandt got the hit off the ball which coupled with the two runs scored five runs. Parmelee relieved Chaplin at the end of the eighth, forced the sixth man across the plate with three consecutive walks, preceded by a single. The score:

EVEN STEPHEN

BROOKLYN, July 21. (AP)—The Phillies relinquished the National League leadership to the Chicago Cubs today, dividing a double-header with the Cardinals while the Cubs were taking a single contest from the New York Giants. The first contest went to the Robins 5 to 1, but the Cardinals came back to the mound to win a 17-to-10 decision. Five home runs rattled the war clubs of the batsmen, the contest turned into a slugging contest. Circuit drives by Frisch, Bottomley and Watkins moved all of the Card's base runners worthless when Hendrick poled out a pinch-hit home run in the ninth with two men on and won the game.

Brooklyn added another four bagger in the second game while Lee continued to baffle the Brooklyn cause.

Reds Release Allan DeHoog

SAN FRANCISCO, July 21. (AP)—Tommy Heath, young catcher from Ventura, and Allan DeHoog, left-handed pitcher, were released today by the San Francisco Missions. DeHoog formerly twirled for Occidental College.

PHILLIES BEST

PHILADELPHIA, July 21. (AP)—Clever pitching by Lester Sweetland today enabled the Phils to take in the Pirates 7 to 2.

The Shottonmen hammered Kremer for three runs in the first and added four more in the fifth.

Two home runs, one by Southern and another by Whitney with O'Doul on base, gave the Phils their first trio of tallies. A base on balls for Sweetland, singles by O'Doul and Hurst, a double by Klein and a triple by Whitney accounted for the final quartet of counters. Traynor's double after singles by Grantham and Comorosky accounted for the Pittsburgh markers. The scores:

Rosenbloom May Box House Here

Morrie Cohan, Pasadena boxing promoter, has practically closed for the appearance of Maxie Rosenbloom, world's light-heavyweight champion, in a bout with Mack House at Ascot Legion Speedway late in August.

The match will be definitely on if House is successful in his battle with Chuck Wiggins at Pasadena Thursday night. Cohan lined up the services of the champion through negotiations with Maurice Cain, Rosenbloom's western representative.

While Cohan has been operating a successful small club in Southern California, a House-Rosenbloom match would mark his first start as a promoter of open-air ventures. Dick Donald took Ascot when the place seemed jinxed and staged some great open-air shows there, later moving to Wrigley Field. Months ago the old speedway passed into the control of the Glendale American Legion and has been a success from the start. With the grounds and stands greatly improved the place should be entirely suitable for boxing purposes.

Rosenbloom has never showed in the West. He holds victories over such boxers as Leo Lomski, Joe Anderson, Ace Hudkins, Yale Okun, Ted Kid Lewis, Charley Belanger and Jimmy Slattery, from whom he won the title.

House and Wiggins are in great shape for their bout Thursday night and Pasadena fans are stringing with the colored heavyweight to win over the veteran.

NIGHT BALL IN DEBUT TONIGHT

Senators and Angels Clash in Series Opener

(Continued from Ninth Page)

to handle a record throng but the Angel management requests all who can to come early to prevent a last-minute jam on the stiles.

The lights were tried out for the first time Sunday night. The field looked bright enough to the writer but the officials said that when all the lights were adjusted so as to produce the best results the diamond would be considerably lighter.

The Angels will be without the services of Fred Haney, their third-sacker, tonight, Art Parker taking his place. Haney's wife and mother-in-law were seriously injured in an auto accident near Santa Maria last week.

The Sacramento club won its last four games to take its opening second-half series from the Seals last week. Some of the Sacramento players are complaining that the night ball is getting them down. Last Saturday night's game at Sacramento was a fifteen-inning affair that lasted three hours and fifteen minutes. The players weren't able to leave the park until after 12 o'clock and then they were forced to get up at 6 o'clock to make the trip to Stockton in time for the morning game. Then they rode fifty miles back to Sacramento for the afternoon contest and they were still tired from their efforts when they arrived here yesterday.

The Angels started the second half by dropping the odd game to the Oaks at Oakland last week. Curiously enough the three Seraph victories were won by Bill Peters and Augie Walsh, the two stepchildren of the mound staff. Peters relieved and won one of the games and started and won the second game Sunday, while Walsh turned in his second straight well-pitched game to win a 6-to-3 victory. Augie couldn't get started at all this year until the final game of the first half when he turned in a shutout.

Ed Baecht dropped two heartbreakers to the Oaks, both times the Angels only getting three hits for him because of the effective hurling of Bill Henderson, the Oaks' recently acquired right-hander from the Yankees. Angel players say Henderson has a terrific fast one, but they believe they'll beat him the next time he faces them, despite the fact that they got but six hits off him in two games.

The Coast League becomes three-fourths a night circuit tonight with both Portland and Seattle taking up the nocturnal pastime this evening. The Hollywood Stars and Indians inaugurate night baseball in Seattle, while the Missions and Ducks put on Portland's first night game. The only day game on today takes place at San Francisco, where the Seals and Oaks will do their best to struggle through nine innings without the aid of floodlights.

Tidball Gains Second Round in Net Match

NEW YORK, July 21. (AP)—Favorites fought their way into the third round of the metropolitan lawn tennis turf championships today.

Francis T. Hunter, second ranking American star and seeded No. 1 in the tournament, set the pace with a fifteen-minute 6-0, 6-0, victory over Selden G. Noyes, Brooklyn.

Youngsters from the Pacific Coast continued to monopolize most public interest. Ellsworth Vines, Pasadena, and Jack Tidball, Los Angeles, came through impressively. Vines revealed a sure-fire back hand in defeating Ted Burwell, Charlotte, N. C., 6-4, 4-6, 6-3.

Tidball uncovered an abundance of stroke production against Gustave Boehmer, Jr., St. Louis, whom he defeated, 6-3, 6-4.

Donald Cram, Vanderbilt University, seeded No. 5, toyed with James M. Green, California, to win, 8-6, 6-2. Keith Gledhill, Santa Barbara, national junior champion, took the measure of Hugh McDiarmid, New York, 7-5, 7-5.

One of the leading seeded competitors, Julius Seligson, informed the committee he was ill and could not compete.

In other first-round matches Henry M. Culley, Santa Barbara, defeated Harold Blaurer, New York, 2-6, 9-7, 6-3. E. W. Feibelman, New York, defeated William O'Laughlin, Pittsburgh, 6-0, 6-2, and Edward W. Burns, New York, defeated Walter Arnesburgh, Texas, 6-1, 6-1.

In second-round matches Tidball defeated Walter Swaybill, New York, 6-4, 8-6; Feibelman defeated Jerry Bartosh, Los Angeles, 6-3, 2-6, 6-2, and Phil Neer, San Francisco, defeated Walter B. Evans, Montclair, N. J., 6-4, 4-6, 6-3.

BIG HALIBUT HOOKED OFF OCEAN PARK PIER

While snagging for herring from Ocean Park fishing pier Mrs. Bert Albert, wife of a Santa Monica radio announcer hooked a ten-pound halibut on her slender snag line which she safely brought to gaff after careful and skillful maneuvering.

The big barge Billings operating from this pier is catering to capacity crowds of fishermen. Barracuda bonito, calico bass, sculpin and mackerel are being caught in large numbers.

NEW ENDURANCE RECORD CLAIMED

Frank "Bunty" Lawrence, 17-year-old local tennis player, yesterday claimed a new kind of an endurance record when he batted a tennis ball against a practice board 519 times without a miss. "Bud" Campbell, tennis professional at the Ambassador, where the novel record was made, counted every hit, and avers the total to be authentic. The feat took about four hours. Lawrence is a son of Vincent Lawrence of talkie dialogue fame.

Mack Hillis is Suspended

PORTLAND (Or.) July 21. (AP)—Once more the official ax has fallen on the tanned neck of Mack Hillis, second baseman for the Portland Beavers. Thomas L. Turner, president, announced today Hillis has been indefinitely suspended without salary for violating club rules when the team was playing in Los Angeles last week. Less than two months ago he was fined $100 for breaking training.

Hillis started the game Saturday but after dropping a pop fly was benched and failed to appear in the line-up of yesterday's double-header.

MOLLILOU FAILS TO END RACE

Dr. Swift's Yawl Makes Hawaii But Does Not Cross Finish Line

HONOLULU, July 21. (AP)—The yacht Mollilou, one of the entries in the trans-Pacific race starting from San Pedro on the 4th inst., arrived in Honolulu Harbor at 10:10 o'clock last night, but did not cross the finish line.

The yacht's crew last night mistook the lighthouse on the northern side of Oahu Island for the lighthouse on the southern side of Molokai Island and sailed around Oahu. Becalmed yesterday morning, her arrival here was delayed.

Dr. Floyd Swift of Santa Barbara, owner and skipper, said the trip was uneventful, except when the yacht's supply of fresh water had been lost through a leak. The water tank was empty four days out of San Pedro, but six five-gallon reserve tins of fresh water supplied the eight persons aboard for the rest of the trip.

Mrs. Swift was aboard the yacht, and served as cook.

Local Tennis Stars Depart for Net Play

Dorothy Workman and Carolyn Babcock, first and second ranking Southern California junior tennis stars, leave tonight at 6 o'clock on the California Limited for the East, where they are to take part in six tournaments.

Miss Workman holds the Southern California title, which Miss Babcock won last year, and the latter recently won the Dudley Cup scholastic crown, and was a finalist in the Ojai tournament.

Their schedule, as announced by Perry T. Jones, secretary of the Southern California Tennis Association, which is sponsoring the tour, is as follows:

July 28 — Seabright invitational, Seabright, N. J.

August 4—Maidstone invitational, East Hampton, Long Island.

August 11—Eastern grass court championships, Westchester Country Club, Rye, N. Y.

August 18—Women's national championships, West Side Tennis Club, Long Island.

August 25—Mixed doubles tournament, in conjunction with the men's national doubles, Longwood Cricket Club.

September 1—Girls' national championships, Philadelphia Cricket Club, St. Martin, Pa.

The two players will return to Los Angeles in time to compete in the annual Pacific Southwest tournament. Jones is to handle the annual affair this year as tournament manager.

HELEN MARLOWE DEPARTS TODAY

Helen Marlowe, youthful University of Southern California tennis star and holder of the national girls' hard-court championship, also leaves tonight over the Santa Fe for Seabright, N. J., where she will open her eastern tennis campaign next Monday in the Seabright invitational. The Trojan miss will be accompanied on the trip by her sister Mercedes, who will team up with her in doubles play, and her mother, Mrs. G. E. Marlowe.

Following the New Jersey tournament, Miss Marlowe will participate in the Maidstone invitational at East Hampton, Long Island, the week of August 4; the eastern grass championships at Rye, N. Y., the week of August 11; the national women's championships at Forest Hills the week of August 18; the national mixed doubles at Boston, Mass., the week of August 25 with Ellsworth Vines of Pasadena as her partner, and the national girls' championship at Philadelphia the week of September 1.

NEWTON, GAVUZZI TAKE RACE LEAD

SHERBROOKE (Que.) July 21. (AP)—The team of Arthur Newton, South African, and Peter Gavuzzi, Southampton, Eng., won the second lap of the international relay race today, the fifty-five-mile jaunt from Granby to Sherbrooks. Their time was 5h. 15m. Joie Ray, Chicago veteran, who once burned up one-mile fields, and his partner, John Salo, Passaic, N. J., finished second in 5h. 32m. The teams held the same positions on the basis of elapsed time for the two laps of the race which started Sunday from Montreal.

CROUCH TO COACH

GLENDALE (Ariz.) July 21. (AP)—F. Robert Crouch of Bisbee, former University of Arizona star fullback, and for the last two years a member of the Olympic Club gridiron squad of San Francisco, has signed to coach the Glendale High School football team this year.

TIGERS SMASH LOOP LEADERS

Detroit Slugs Out Easy Win Over Mackmen

Boston Conquers Chicago in Speedy Contest

Five-Run Rally Enables Browns to Score

DETROIT, July 21. (AP)—The Tigers slugged out a 7-to-6 victory over the world's champion Athletics today, getting eleven hits off George Earnshaw, seven of which were good for extra bases.

Charlie Oehringer tripled with Johnson on base in the fifth and then stole home. His double in the ninth frame started the rally which won the game. Two Detroit players helped the Athletics score three of their runs. Johnson, Koenig and Dykes also hit triples. The score:

FAST BATTLE

CHICAGO, July 21. (AP)—Boston broke up the three-game winning streak of the White Sox today, winning the final game of the series, 3 to 1, behind Horace Lisenbee's fine pitching.

Lisenbee restricted the Sox to five hits, three by Carl Reynolds and one each by Smead Jolley and Greg Mulleavy. The game was the fastest of the season at Comiskey Park, requiring only one hour and twenty-four minutes. The score:

BROWNS BEST

ST. LOUIS, July 21. (AP)—The St. Louis Browns, aided by a five-run rally in the sixth, took their second successive game of the series from Washington here today, 6 to 4.

Stewart, who went the route for the Browns, allowed ten hits but scattered them. The home club bunched its five hits and took advantage of nine passes. The Senators lost no ground in the league race as the Athletics also lost. The score:

Time of game—2h. 2m.

BRYAN GRANT GOING HOME TO TAKE REST

ATLANTA (Ga.) July 21. (AP)—L. E. Grant, uncle of Bryan Grant, national clay-court tennis champion, said today he had been notified by his nephew he was "coming home to rest."

The young Atlanta star was ordered to take a rest by a Kansas City doctor after his strenuous play in the clay-court tournament.

"Bryan is not ill," his uncle said, "but is simply coming home to rest. He will not play in the Denver tournament as he had planned."

The terrific heat of the southern tournament and the Kansas City tournament sapped the strength of the player, his uncle said.

REPORT YELLOWTAIL DUE HERE THIS WEEK

HERMOSA BEACH, July 21.—Yellowtail are expected to be in this vicinity this week according to Capt. J. M. Andersen, skipper of the big Olympic fishing barge. The recent spell of hot weather was just what was needed to bring the big fighting fish up from the coast of Baja California to Santa Monica Bay.

So far this year not a great many of yellowtail have been caught, but Capt. Cliff Garner of the Hermosa live bait boats has brought in the majority of the known catches.

Tilden and the Davis Cup

BIG BILL TILDEN has been in a number of dramatic spots since he began to manipulate a tennis racket twenty or more years ago, but he has come to the climax of them all this week.

As conqueror of the field at Wimbledon he has a chance to be the leading factor in bringing the Davis Cup back to this country when the situation looked to be on the hopeless side a few months ago. It was not until Big Bill started storming his way through European courts from Italy to England that any one conceded the United States even an outside reach for the bowl that La Coste and Cochet took away some years ago.

This chance developed extra possibilities when Cochet ran into a series of sour spots before and during Wimbledon. Since then Cochet has been hard at work in a battle to regain his old touch and timing, and the ultimate destination of the cup depends largely upon his return to form.

Tilden's entry into the battle lines increases public interest enormously. It adds the old human touch of the veteran near the end of the road making one more stand, just at the spot where he looks to be near his best. Tilden is still the outstanding personality in tennis, where his great record and his long series of arguments and debates have always kept him in the headlines and have either made friends or enemies in the big galleries that come to watch him play. There is nothing negative about the lanky Philadelphian. He has them for him or against him, but never watching from a neutral sector.

Certain Elements

Elements affecting the next Davis Cup contest

A CHUCKLE FOR EVERYBODY

TARZAN AND THE LOST EMPIRE

By Edgar Rice Burroughs

The following morning Lukedi came to the hut with another gourd of milk. He pointed to the doorway of the hut. "Look," he said, "from here you can see them placing the stake to which you are to be bound, and the boys are in the forest gathering fagots. "Go to your chief," said Tarzan, "and tell him I am not from the Lost Tribe. He must treat me as a friend."

As the youth reached the doorway of the hut, there suddenly arose a great commotion in the village. Tarzan heard men issuing orders. He heard children crying and the pounding of many naked feet upon the hard ground. Then the war drums boomed and he heard the clashing of weapons and loud shouting. The guards who were at the doorway sprang to their feet.

Copyright, 1930, by Edgar Rice Burroughs, Inc. All rights reserved.

Within the hut, Lukedi shrank back with a cry of terror. "They come! They come!" he cried. Tarzan saw the guards disappear and run off to join the other warriors. Lukedi, trembling all over, ran to the far side of the hut where he crouched in gibbering fear. "Who come?" Tarzan asked. "The warriors of the Lost Tribe!" Lukedi shrieked.

Tarzan looked out of the hut upon a milling mass of brown bodies, waving spears, and terrified women and children. He saw the Bagegos fleeing in all directions. Strange figures passed before his eyes in pursuit. For a time there was silence, only a hurrying of feet, an occasional command, and a wild scream of terror.

GASOLINE ALLEY

Silver Lining Now Visible

MME. OCTAVE IS TRYING TO RAISE THE $300,000 CASH WHICH SHE MUST TURN OVER TO SKEEZIX BY THE CODA WILL SETTLEMENT. THERE ARE OTHER MONEYS SHE MUST PRODUCE AND SHE IS FINDING THAT EVEN WITH A LEGACY OF THREE MILLION DOLLARS ALL IS NOT GOLD THAT GLITTERS TO BE.
HOW IT MUST HURT OCTAVE TO RAISE MONEY TO TURN OVER TO US. SHE MUST WANT THE STEAMSHIP LINE PRETTY BADLY. WE WERE FRIENDS FOR YEARS, BUT FRIENDSHIP DOESN'T SEEM ABLE TO STAND THE STRAIN OF A WILL SETTLEMENT.
OF COURSE THE FIRST CONSIDERATION IS FOR SKEEZIX AS THE MONEY AND LANDS WERE LEFT TO HIM. BUT TO DO WELL BY HIM, WE MUST DO WELL BY OURSELVES, WHICH MEANS EDUCATION FOR YOU, TOO, CORKY, HONEY
A SWELL LOOKING MILLIONAIRE YOU ARE, WALT. I'VE BEEN BRAGGING YOU UP BUT NOBODY'LL BELIEVE ME. WHAT'S THE MATTER — GOT A CARLOAD OF BLUE CHIPS AND CAN'T CASH 'EM!
YES DOC, SAY WAIT I'VE GOT TO SAY SOMETHING TO WALT AND I'LL BE RIGHT WITH YOU

THE GUMPS

Advice to the Lovelorn

By Sidney

IF I COULD ONLY PEEP INTO THE FUTURE AND SEE HOW OUR MARRIAGE WILL TURN OUT — SOMETIMES I'M UNDECIDED — I HESITATE —
YOU KNOW THE WHEELS OF FORTUNE ARE NOT MEANT TO ROLL BACKWARD —
I HATE TO RUSH THINGS — THERE'S AN OLD SAYING — GO WISELY AND SLOW — THEY STUMBLE THAT RUN FAST —
SEE HOW THE SKILLFUL LOVER SPREADS HIS TOILS —
SAY — IF YOU CAN'T DECIDE ON WHAT TO DO — DECIDE ON WHAT NOT TO DO — AND YOU'LL BE RIGHT — THEN YOU CAN FIGURE OUT JUST WHAT YOU SHOULD DO — BUT DO IT! MAKE UP YOUR MIND —
AND IT'S ALL RIGHT TO STOP TO THINK — AND TO THINK — BUT WHEN IT COMES TIME TO STOP THINKING — AND GO INTO ACTION —
I DON'T BLAME YOU FOR WANTING TO BE RIGHT IN THIS CASE — AND EVEN THEN IF YOU DO YOU'RE RISKING ONLY HALF

Exit Baby Doll

By Wal

DID 'N' LITTLE GIRL COME 'ROUND? HAS LITTLE NIECE, SHE WAS EXPECTIN'?
YEP! LILLY GAL, SHE COME, HOSSY PA!
?
GOOD! I'M ANXIOUS T' SEE HER! I BROUGHT HER A BABY-DOLL T' PLAY WITH! HEY — PEACHES! WHERE ARE YA?
WHERE I AM, UNCLE LEM — I'M PEACHES! DID YOU SAY YOU'D BROUGHT ME A BABY-DOLL? WHERE IS HE? I SUPPOSE "BABY-DOLL" IS GAY WHITTY FOR "BOY-FRIEND" ISN'T IT?
IS HE LIGHT OR DARK, SHORT OR TALL? HAS HE GOT A CAR? CAN HE STEP?

In Wake of "Times" Cameraman on Trail of World's News of the Day

Tuxedo or Vest Needed With This New Shirt worn by Prof. LeRoy Bowman of Columbia University to luncheon given by Mrs. Madge Barnewell, wife of former Alabama bishop, in exclusive New York hotel. Mrs. Barnewell inspects new warm-weather jacket. (P. & A. photo.)

Tujunga Postmistress, Miss Nana M. Halferty, Became Bride of R. E. Chapman, Pendleton, Or., in aerial ceremony over Oakland last Sunday. Nat W. Friend, center, Oakland postmaster and ordained minister, officiated. Above picture shows Chapman slipping ring on bride's finger. Marriage took place during State Postmasters' Convention. (A. P. photo.)

Dr. Georgine Sweet, president of Australian Y.W.C.A., will pass through here en route to Honolulu to Pan-Pacific Women's Conference. (A. P. photo.)

The World's Oldest Man, Zaro Agha, 156-year-old Turk, keeps fit by going through a daily round of calisthenics. He has a neck hold on his trainer in above picture. He has outlived ten wives. (P. & A. photo.)

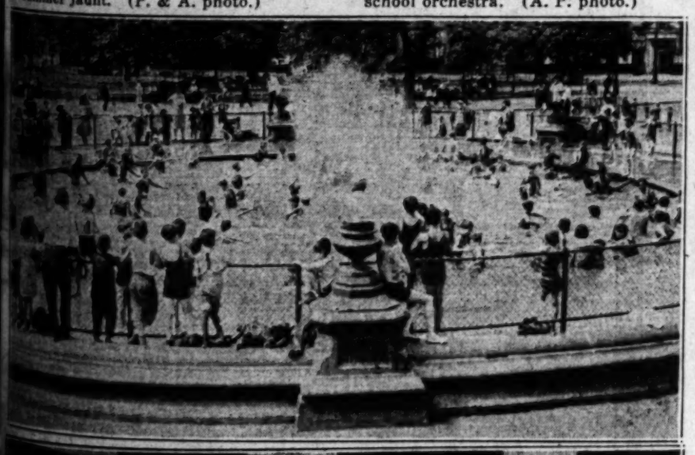
Hiking Over Thousands of Miles of Canadian forests and praries is Miss Katherine Trevelyan's, daughter of Sir Charles Trevelyan, Minister of Education for England, idea of a summer jaunt. (P. & A. photo.)

With a Pot of Glue and 2500 match sticks Arthur Groverman, 16-year-old Washington (D. C.) high school senior made a violin. It has a good tone, good enough for Arthur to use it in his school orchestra. (A. P. photo.)

Seven Years' Service as Mascot for the Washington fire department has brought exemption from a dog license or tax for Al Smith, shown above perched at the wheel of a fire truck with a fireman friend. Only other exempt dogs in Washington are White House pets. (P. & A. photo.)

Automobiles Will be Up in the Air in New York when the West Side elevated, first section of a $14,000,000 project, is opened next October. The above construction view shows the broad steel structure at Bethune street. (P. & A. photo.)

What the Well-Dressed feminine football fan will wear to games next fall already has been designed. This is a seal sport coat trimmed in leopard fur. (A. P. photo.)



Summer Heat in Many Parts of the East has left in its wake a list of deaths and prostrations, but some New Yorkers, the two above photos illustrate, are keeping their temperatures down. Kiddies splash away the warm hours in public fountains without police interference, while five misses play hockey on a synthetic ice rink and get a few pointers from Irving Jaffee, Olympic skater. (A. P. photos.)

Since American Youth Suddenly Became endurance-contest conscious tree-sitting and bicycle riding have lost their novelty, so 10-year-old Joe Sebook of Chicago took his two ponies out of pasture and is riding to a non-stop mark. He's asleep in the above picture. (P. & A. photo.)

His Chances to Win the International Air Races that started yesterday from Detroit, Mich., depend primarily on this homemade low-winged monoplane of Edgar D. Todd, Pueblo, Colo. The racers will drop in at Los Angeles Metropolitan Airport next Sunday. (A. P. photo.)

These Crumbling Walls of Historic Mission San Diego de Alcala, San Diego, are being reconstructed with the purpose of giving the building the same appearance as it had in 1769. It will take more than $60,000 to restore the structure, the first of twenty-one missions established by Father Junipero Serra. (A. P. photo.)

INSURANCE FUNDS

Money is now available as in the past several years for attractive loans acceptable to us and on real estate in Los Angeles and immediate vicinity.

Our supply from the East where accumulations in large quantities are always seeking investment and at lower rates than can be had in the West, where so much money is needed for development.

A 6% loan after commission is added means only 6 3-5% to the borrower over a five-year period.

FREE INSPECTION
of your property. Telephone us the address.

100% A YEAR

is a high return, but such is not only possible, but soundly feasible under our equipment investment plan. This is a highly developed branch of modern merchandising in connection with old established music stores located in the principal cities of the Pacific Coast, twelve now operating in Los Angeles county. None of your time required. Your investment fully secured by patent-protected equipment; your income assured through monthly profit checks from equipment trustee. Do not answer this unless you have $1800 of available cash. Only nine more units to be allotted on this basis at this time for installations in San Francisco, Pasadena, San Diego and San Jose. Address W. box 242, Times Office, stating fully your ability to qualify for the next allotment. By so doing you will save your time as well as that of our organization.
